

RCW 70.87.245 Material lift mechanic license. A material lift mechanic license to perform conveyance work on material lifts subject to WAC 296-96-05010 may be granted to any person who possesses the following qualifications:

(1) The person: (a) Must be employed by an elevator contractor that complies with subsections (2) and (3) of this section; (b) must have successfully completed the training described in subsection (2) of this section; and (c) after successfully completing such training, must have passed a written examination administered by the department that is designed to demonstrate competency with regard to conveyance work on material lifts;

(2) The employer must provide the persons specified in subsection (1) of this section adequate training, including any training provided by the manufacturer, ensuring worker safety and adherence to the published operating specifications of the conveyance manufacturer; and

(3) The employer must maintain: (a) A conveyance work log identifying the equipment, describing the conveyance work performed, and identifying the person who performed the conveyance work; (b) a training log describing the course of study applicable to each conveyance and identifying each employee who has successfully completed the training described in subsection (2) of this section and when such training was completed; and (c) a record evidencing that the employer has notified the conveyance owner in writing that the conveyance is not designed to, is not intended to, and should not be used to convey workers. [2003 c 143 s 3.]
