

RCW 70A.15.4070 Transportation demand management—Technical assistance. (1) The department of transportation shall provide staff support to the commute trip reduction board in carrying out the requirements of RCW 70A.15.4060.

(2) The department of transportation shall provide technical assistance to regional transportation planning organizations, counties, cities, towns, state agencies, as defined in RCW 40.06.010, and other employers in developing and implementing commute trip reduction plans and programs. The technical assistance shall include: (a) Guidance in single measurement methodology and practice to be used in determining progress in attaining plan goals; (b) developing model plans and programs appropriate to different situations; and (c) providing consistent training and informational materials for the implementation of commute trip reduction programs. Model plans and programs, training, and informational materials shall be developed in cooperation with representatives of regional transportation planning organizations, local governments, transit agencies, and employers.

(3) In carrying out this section the department of transportation may contract with statewide associations representing cities, towns, and counties to assist cities, towns, and counties in implementing commute trip reduction plans and programs.
