

RCW 70A.15.4090 Transportation demand management—Intent—State leadership. The legislature hereby recognizes the state's crucial leadership role in establishing and implementing effective commute trip reduction programs. Therefore, it is the policy of the state that the department of transportation and other state agencies, including institutions of higher education, shall aggressively develop substantive programs to reduce commute trips by state employees. Implementation of these programs will reduce energy consumption, congestion in urban areas, and air and water pollution associated with automobile travel.
