

RCW 71.24.500 Written guidance and trainings—Managed care—Incarcerated and involuntarily hospitalized persons. The authority shall periodically publish written guidance and provide trainings to behavioral health administrative services organizations, managed care organizations, and behavioral health providers related to how these organizations may provide outreach, assistance, transition planning, and rehabilitation case management reimbursable under federal law to persons who are incarcerated, involuntarily hospitalized, or in the process of transitioning out of one of these services. The guidance and trainings may also highlight preventive activities not reimbursable under federal law which may be cost-effective in a managed care environment. The purpose of this written guidance and trainings is to champion best clinical practices including, where appropriate, use of care coordination and long-acting injectable psychotropic medication, and to assist the health community to leverage federal funds and standardize payment and reporting procedures.
