**RCW 77.65.010 Required licenses—Exemption.** (1) Except as otherwise provided by this title, a person must have a license issued by the director in order to engage in any of the following activities:

- (a) Commercially fish for or take food fish or shellfish;
- (b) Deliver from a commercial fishing vessel food fish or shellfish taken for commercial purposes in offshore waters. As used in this subsection, "deliver" means arrival at a place or port, and includes arrivals from offshore waters to waters within the state and arrivals from state or offshore waters;

(c) Operate a charter boat or commercial fishing vessel engaged in a fishery;

(d) Engage in wholesale buying, selling, dealing, processing, or brokering of raw or frozen fish or shellfish;

(e) Sell his or her commercially harvested catch of fish or shellfish to anyone other than a licensed wholesale fish buyer within or outside the state; or

(f) Act as a food fish guide or game fish guide for personal use, except that a charter boat license is required to operate a vessel from which a person may for a fee fish for food fish in state waters listed in RCW 77.65.150(4)(b).

(2) No person may engage in the activities described in subsection (1) of this section unless the licenses required by this title are in the person's possession, and the person is the named license holder or an alternate operator designated on the license and the person's license is not suspended.

(3) A valid Oregon license that is equivalent to a license under this title is valid in the concurrent waters of the Columbia river if the state of Oregon recognizes as valid the equivalent Washington license. The director may identify by rule what Oregon licenses are equivalent.

(4) No license is required for the production or harvesting of private sector cultured aquatic products as defined in RCW 15.85.020 or for the delivery, processing, or wholesaling of such aquatic products. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing requirements established by this subsection applies only if the aquatic products are identified in conformance with those rules. **Effective dates—Intent—1997 c 58:** See notes following RCW 74.20A.320.

**Finding—Intent—1993 c 340:** "The legislature finds that the laws governing commercial fishing licensing in this state are highly complex and increasingly difficult to administer and enforce. The current laws governing commercial fishing licenses have evolved slowly, one section at a time, over decades of contention and changing technology, without general consideration for how the totality fits together. The result has been confusion and litigation among commercial fishers. Much of the confusion has arisen because the license holder in most cases is a vessel, not a person. The legislature intends by this act to standardize licensing criteria, clarify licensing requirements, reduce complexity, and remove

inequities in commercial fishing licensing. The legislature intends that the license fees stated in this act shall be equivalent to those in effect on January 1, 1993, as adjusted under section 19, chapter 316, Laws of 1989." [1993 c 340 s 1.]

**Captions not law—1993 c 340:** "Section headings as used in this act do not constitute any part of the law." [1993 c 340 s 57.]

**Effective date—1993 c 340:** "This act shall take effect January 1, 1994." [1993 c 340 s 58.]

**Severability—1993 c 340:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1993 c 340 s 59.]

**RCW 77.65.020 Transfer of licenses—Restrictions—Fees—Inheritability.** (1) Unless otherwise provided in this title, a license issued under this chapter is not transferable from the license holder to any other person. This may not be deemed to prohibit the granting or enforcement of a security interest in any such license.

(2) The following restrictions apply to transfers of commercial fishery licenses, salmon delivery licenses, and salmon charter licenses that are transferable between license holders:

(a) The license holder shall surrender the previously issued license to the department.

(b) The department shall complete no more than one transfer of the license in any seven-day period.

(c) The fee to transfer a license from one license holder to another is:

(i) The same as the license renewal fee if the license is not limited under chapter 77.70 RCW;

(ii) Three and one-half times the renewal fee if the license is not a commercial salmon license and the license is limited under chapter 77.70 RCW;

(iii) Fifty dollars if the license is a commercial salmon license and is limited under chapter 77.70 RCW; or

(iv) Five hundred dollars if the license is a Dungeness crab-coastal fishery license.

(d) In addition to the fees under (c) of this subsection, an application fee of one hundred five dollars applies to all commercial license transfers.

(3) A commercial license that is transferable under this title survives the death of the holder. Though such licenses are not personal property, they shall be treated as analogous to personal property for purposes of inheritance, intestacy, and enforcement of security interests pursuant to Title 62A RCW. Such licenses are subject to state laws governing wills, trusts, estates, intestate succession, and community property, except that such licenses are exempt from tax liens. The surviving spouse, estate, or beneficiary of the estate may apply for a renewal of the license. There is no fee for transfer of a license from a license holder to the license holder's surviving spouse or estate, or to a beneficiary of the estate.

(4) Transfer of a license under this section is subject to the approval of the department according to any rules the department may

adopt. Any transfer of a license issued under this chapter without the written consent of each person holding a security interest in the license is void. **RCW 77.65.030 Commercial licenses and permits—Application deadline—Exception.** The application deadline for a commercial license or permit established in this chapter is December 31st of the calendar year for which the license or permit is sought. The department shall accept no license or permit applications after December 31st of the calendar year for which the license or permit is sought. The application deadline in this section does not apply to a license or permit that has not been renewed because of the death or incapacity of the license or permit holder. The license or permit holder's surviving spouse, estate, estate beneficiary, attorney-in-fact, or guardian must be given an additional one hundred eighty days to renew the license or permit. (3) An application submitted to the department under this chapter shall contain the applicant's declaration under penalty of perjury that the information on the application is true and correct.

(4) Upon issuing a commercial license under this chapter, the director shall assign the license a unique number that the license shall retain upon renewal. The department shall allow a license holder to operate up to one hundred crab pots for each license.

(5) Two persons owning separate Dungeness crab—Puget Sound fishery licenses may operate their licenses on one vessel if the license holders or their alternate operators are on the vessel.

(6) As used in this section, to "operate" means to control the deployment or removal of fishing gear from state waters while aboard a vessel or to operate a vessel delivering food fish or shellfish taken in offshore waters to a port within the state. [2013 c 288 s 2; 2005

boat operators in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point, as long as the Oregon vessel does not take on or discharge passengers for any purpose from any Washington port, the Washington shore, or a dock, landing, or other point in Washington. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

(6) A salmon charter license under subsection (1)(b) of this section may be renewed if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. *Limitation on commercial herring fishing: RCW 77.70.120.*

**RCW 77.65.210 Nonlimited entry delivery license—Exceptions—**

**Fees.** (1) Except as provided in subsection (2) of this section, a person may not use a commercial fishing vessel to deliver food fish or shellfish taken for commercial purposes in offshore waters to a port in the state without a nonlimited entry delivery license. As used in this section, "deliver" and "delivery" mean arrival at a place or port, and include arrivals from offshore waters to waters within the state and arrivals ashore from offshore waters. As used in this section, "food fish" does not include salmon. As used in this section, "shellfish" does not include ocean pink shrimp, coastal crab, coastal spot shrimp, or fish or shellfish taken under an emerging commercial fisheries license if taken from offshore waters. The annual license fee for a nonlimited entry delivery license is two hundred sixty dollars for residents and six hundred forty-five dollars for nonresidents, and an additional thirty-five dollar surcharge for both residents and nonresidents to be deposited in the rockfish research account created in RCW 77.12.702. The application fee for a nonlimited entry delivery license is one hundred five dollars.

(2) Holders of the following licenses may deliver food fish or shellfish taken in offshore waters without a nonlimited entry delivery license: Salmon troll fishery licenses issued under RCW 77.65.160; salmon delivery licenses issued under RCW 77.65.170; crab pot fishery licenses issued under RCW 77.65.220; food fish trawl—Non-Puget Sound fishery licenses, and emerging commercial fishery licenses issued under RCW 77.65.200; Dungeness crab—coastal fishery licenses; ocean pink shrimp delivery licenses; Washington coastal spot shrimp pot fishery licenses issued under chapter 77.70 RCW; and emerging commercial fishery licenses issued under RCW 77.65.220.

(3) A nonlimited entry delivery license authorizes no taking of fish or shellfish from state waters. [2018 c 235 s 6; 2017 3rd sp.s. c 8 s 26. **RCW 77.65.380 Ocean pink shrimp—Defined.** Unless the context clearly requires otherwise, as used in this chapter "ocean pink shrimp" means the species *Pandalus jordani*. [1993 c 376 s 2. Formerly RCW 75.28.720.]

**Findings—1993 c 376:** "The legislature finds that the offshore Washington, Oregon, and California commercial ocean pink shrimp fishery is composed of a mobile fleet, fishing the entire coast from Washington to California and landing its catch in the state nearest the area being fished. The legislature further finds that the ocean pink shrimp fishery currently uses the entire available resource, and has the potential to become overcapitalized. The legislature further finds that overcapitalization can lead to economic destabilization, and that reductions in fishing opportunities from licensing restrictions imposed for conservation needs and the economic well-being of the ocean pink shrimp industry creates uncertainty. The legislature further finds that it is [in] the best interest of the ocean pink shrimp resource, commercial ocean pink shrimp fishers, and ocean pink shrimp processors in the state, to limit the number of fishers who make landings of ocean pink shrimp into the state of Washington to those persons who have historically and continuously participated in the ocean pink shrimp fishery." **RCW 77.65.390 Ocean pink shrimp—Delivery license—Fees.** An ocean pink shrimp delivery license is required for a commercial fishing vessel to deliver ocean pink shrimp taken for commercial purposes in offshore waters and delivered to a port in the state. As used in this section, "deliver" and "delivery" mean arrival at a place or port, and include arrivals from offshore waters to waters within the state and arrivals from state or offshore waters. The annual license fee is three hundred dollars for residents and six hundred eighty-five dollars for nonresidents. The application fee is one hundred five dollars. (2) "Emerging commercial fishery" means the commercial taking of a newly classified species of food fish or shellfish, the commercial taking of a classified species with gear not previously used for that species, or the commercial taking of a classified species in an area from which that species has not previously been commercially taken. Any species of food fish or shellfish commercially harvested in Washington state as of June 7, 1990, may be designated as a species in an emerging commercial fishery, except that no fishery subject to a license limitation program in chapter 77.70 RCW may be designated as an emerging commercial fishery.

**RCW 77.65.610 Crewmember license—Requirements—Rule making—Fee—Exemptions.** (1) (a) An individual age sixteen and older who works on board any vessel while operating in a commercial fishery regulated by the state must obtain a crewmember license from the department. However, an individual on the vessel designated as the primary or alternate operator on the commercial fishing license and an individual on the vessel licensed and working as a geoduck diver or geoduck tender do not also need a crewmember license. Crewmembers working for licensed charters or guides are not required to have a crewmember license.

(b) A crewmember license is required for each individual who participates in the operation of the vessel or the harvest. For the purposes of this section, the term "harvest" includes participation in tending, deploying, retrieving, or baiting fishing gear, harvesting, or placing fish or shellfish in holds.

(c) Each individual required to have a crewmember license as set forth in this section must have in their possession at least one piece of identifying documentation as specified in RCW 46.20.035(1) (a) through (f) that contains the signature and a photograph of the individual and produce the documentation at the request of a fish and wildlife officer or ex officio fish and wildlife officer.

(2) A crewmember license must be purchased in the name of the individual working as the crewmember. The license holder may use the

license aboard any commercial fishing vessel, except an albacore tuna crewmember license is only valid for participating in the albacore tuna fishery or baitfish lampara fishery. A crewmember license purchased by a crewmember may not be transferred to another individual.

(3) Up to two crewmember licenses may be purchased and held by a commercial fishing license holder for use by any individual working on the vessel named in the commercial fishing license, as long as the individual is not prohibited from obtaining a crewmember license. Each crewmember license held by a commercial fishing license holder covers one crewmember per trip, but the same crewmember license may be used to authorize a different individual to act as a crewmember on a subsequent trip. The commission may adopt fishery specific rules that:

(a) Increase the number of crewmember licenses that may be held by a commercial fishing license holder;

(b) Pertain to the issuance, period of validity, use, possession, and display of the licenses.

(4) The fee for an annual crewmember license is thirty-five dollars for residents and one hundred ten dollars for nonresidents. The fee for an annual albacore tuna crewmember license is thirty-five dollars for residents and nonresidents. Additional application fees and surcharges do not apply except that if the license is purchased through the automated licensing system the fees authorized in RCW 77.32.050 apply.

(5) The licenses must be available through the automated licensing system and transaction fees and dealer fees apply, except as provided in subsection (4) of this section. The annual crewmember license is valid for a calendar year.

(6) Family members of the commercial license holder or alternate operators are exempt from the requirements of this section. For purposes of this section, family members include children, grandchildren, spouse, parents, or siblings of the commercial license holder. [2021 c 46 s 1; 2017 3rd sp.s. c 8 s 15.]
