

RCW 77.85.020 Consolidated report on salmon recovery and watershed health. (1) Beginning December 2010, the recreation and conservation office shall produce a biennial report on the statewide status of salmon recovery and watershed health, summarize projects and programs funded by the salmon recovery funding board, and summarize progress as measured by high-level indicators and state agency compliance with applicable protocols established by the forum for monitoring salmon recovery and watershed health. The report must be a consolidation of the current reporting activities, including the salmon recovery funding board and the forum on monitoring salmon recovery and watershed health, on the status of salmon recovery and watershed health in Washington state, in accordance with *RCW 77.85.250(8). The report shall also include a high-level status report on watershed planning efforts under chapter 90.82 RCW as summarized by the department of ecology and on salmon recovery and watershed planning as summarized by the Puget Sound partnership. The report's introduction must include a list of high-level questions related to the status of watershed health and salmon recovery to help decision makers and the public respond to salmon recovery and watershed health management needs.

(2) The department, the department of ecology, the department of natural resources, and the state conservation commission shall provide to the recreation and conservation office information requested by the office necessary to prepare the consolidated report on salmon recovery and watershed health. [2009 c 345 § 4; 2007 c 444 § 2; 2005 c 309 § 3; 1998 c 246 § 4. Formerly RCW 75.46.030.]
