

RCW 79A.05.335 Authority of commission to use facilities and resources for interpretation. The legislature finds that the parks and recreation lands owned and managed by the commission are a significant collection of valuable scenic, natural, cultural, and historical resources for the citizens of Washington state. The legislature further finds that if citizens understand and appreciate the scenic, natural, cultural, and historical resources present in Washington's state parks, they will be inspired to conserve this important legacy for future generations. Therefore, the commission may use its facilities and resources to provide scenic, natural, cultural, or historical resource interpretation throughout the state parks system.
