

RCW 82.02.050 Impact fees—Intent—Limitations. (1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development;

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) (a) (i) Counties, cities, and towns collecting impact fees must, by September 1, 2016, adopt and maintain a system for the deferred collection of impact fees for single-family detached and attached residential construction. The deferral system must include a process by which an applicant for a building permit for a single-family detached or attached residence may request a deferral of the full impact fee payment. The deferral system offered by a county, city, or town under this subsection (3) must include one or more of the following options:

(A) Deferring collection of the impact fee payment until final inspection;

(B) Deferring collection of the impact fee payment until certificate of occupancy or equivalent certification; or

(C) Deferring collection of the impact fee payment until the time of closing of the first sale of the property occurring after the issuance of the applicable building permit.

(ii) Counties, cities, and towns utilizing the deferral process required by this subsection (3) (a) may withhold certification of final inspection, certificate of occupancy, or equivalent certification until the impact fees have been paid in full.

(iii) The amount of impact fees that may be deferred under this subsection (3) must be determined by the fees in effect at the time the applicant applies for a deferral.

(iv) Unless an agreement to the contrary is reached between the buyer and seller, the payment of impact fees due at closing of a sale must be made from the seller's proceeds. In the absence of an agreement to the contrary, the seller bears strict liability for the payment of the impact fees.

(b) The term of an impact fee deferral under this subsection (3) may not exceed eighteen months from the date of building permit issuance.

(c) Except as may otherwise be authorized in accordance with (f) of this subsection (3), an applicant seeking a deferral under this subsection (3) must grant and record a deferred impact fee lien against the property in favor of the county, city, or town in the amount of the deferred impact fee. The deferred impact fee lien, which must include the legal description, tax account number, and address of the property, must also be:

(i) In a form approved by the county, city, or town;
(ii) Signed by all owners of the property, with all signatures acknowledged as required for a deed, and recorded in the county where the property is located;
(iii) Binding on all successors in title after the recordation;
and

(iv) Junior and subordinate to one mortgage for the purpose of construction upon the same real property granted by the person who applied for the deferral of impact fees.

(d) (i) If impact fees are not paid in accordance with a deferral authorized by this subsection (3), and in accordance with the term provisions established in (b) of this subsection (3), the county, city, or town may institute foreclosure proceedings in accordance with chapter 61.12 RCW.

(ii) If the county, city, or town does not institute foreclosure proceedings for unpaid school impact fees within forty-five days after receiving notice from a school district requesting that it do so, the district may institute foreclosure proceedings with respect to the unpaid impact fees.

(e) (i) Upon receipt of final payment of all deferred impact fees for a property, the county, city, or town must execute a release of deferred impact fee lien for the property. The property owner at the time of the release, at his or her expense, is responsible for recording the lien release.

(ii) The extinguishment of a deferred impact fee lien by the foreclosure of a lien having priority does not affect the obligation to pay the impact fees as a condition of final inspection, certificate of occupancy, or equivalent certification, or at the time of closing of the first sale.

(f) A county, city, or town with an impact fee deferral process on or before April 1, 2015, is exempt from the requirements of this subsection (3) if the deferral process delays all impact fees and remains in effect after September 1, 2016.

(g) (i) Each applicant for a single-family residential construction permit, in accordance with his or her contractor registration number or other unique identification number, is entitled to annually receive deferrals under this subsection (3) for the first twenty single-family residential construction building permits per county, city, or town. A county, city, or town, however, may elect, by ordinance, to defer more than twenty single-family residential construction building permits for an applicant. If the county, city, or town collects impact fees on behalf of one or more school districts for which the collection of impact fees could be delayed, the county, city, or town must consult with the district or districts about the additional deferrals. A county, city, or town considering additional deferrals must give substantial weight to recommendations of each applicable school district regarding the number of additional deferrals. If the county, city, or town disagrees with the recommendations of one or more school districts, the county, city, or town must provide the district or districts with a written rationale for its decision.

(ii) For purposes of this subsection (3) (g), an "applicant" includes an entity that controls the applicant, is controlled by the applicant, or is under common control with the applicant.

(h) Counties, cities, and towns may collect reasonable administrative fees to implement this subsection (3) from permit

applicants who are seeking to delay the payment of impact fees under this subsection (3).

(i) In accordance with RCW *44.28.812 and 43.31.980, counties, cities, and towns must cooperate with and provide requested data, materials, and assistance to the department of commerce and the joint legislative audit and review committee.

(4) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

(5) (a) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After the date a county, city, or town is required to adopt its development regulations under chapter 36.70A RCW, continued authorization to collect and expend impact fees is contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

(i) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time;

(ii) Additional demands placed on existing public facilities by new development; and

(iii) Additional public facility improvements required to serve new development.

(b) If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible. [2015 c 241 § 1; 1994 c 257 § 24; 1993 sp.s. c 6 § 6; 1990 1st ex.s. c 17 § 43.]

***Reviser's note:** RCW 44.28.812 expired January 1, 2022.
