

RCW 82.04.448 Credit—Manufacturing semiconductor materials.

(Contingent effective date; contingent expiration date.) (1) Subject to the limits and provisions of this section, a credit is authorized against the tax otherwise due under RCW 82.04.240(2) for persons engaged in the business of manufacturing semiconductor materials. For the purposes of this section "semiconductor materials" has the same meaning as provided in RCW 82.04.240(2).

(2) (a) The credit under this section equals three thousand dollars for each employment position used in manufacturing production that takes place in a new building exempt from sales and use tax under RCW 82.08.965 and 82.12.965. A credit is earned for the calendar year a person fills a position. Additionally a credit is earned for each year the position is maintained over the subsequent consecutive years, up to eight years. Those positions that are not filled for the entire year are eligible for fifty percent of the credit if filled less than six months, and the entire credit if filled more than six months.

(b) To qualify for the credit, the manufacturing activity of the person must be conducted at a new building that qualifies for the exemption from sales and use tax under RCW 82.08.965 and 82.12.965.

(c) In those situations where a production building in existence on the effective date of this section will be phased out of operation, during which time employment at the new building at the same site is increased, the person is eligible for credit for employment at the existing building and new building, with the limitation that the combined eligible employment not exceed full employment at the new building. "Full employment" has the same meaning as in RCW 82.08.965. The credit may not be earned until the commencement of commercial production, as that term is used in RCW 82.08.965.

(3) No application is necessary for the tax credit. The person is subject to all of the requirements of chapter 82.32 RCW. In no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. No refunds may be granted for credits under this section.

(4) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been claimed is immediately due. The department must assess interest, but not penalties, on the taxes for which the person is not eligible. The interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, is retroactive to the date the tax credit was taken, and accrues until the taxes for which a credit has been used are repaid.

(5) A person claiming the credit under this section must file a complete annual tax performance report with the department under RCW 82.32.534.

(6) Credits may be claimed after the expiration date of this section, for those buildings at which commercial production began before the expiration date of this section, subject to all of the eligibility criteria and limitations of this section.
