- (2) The contract or agreement may provide:
- (a) For purchasing the capability of a project to produce or transmit electric power, in addition to actual output of a project;

 - (c) That payments are not subject to reduction, whether by offset or otherwise; and
 - (d) That performance is not conditioned upon performance or nonperformance of any party or entity.
- (3) Pursuant to authority granted under this section, irrigation districts may contract or enter into agreements with one or more:
- (a) Agencies of the United States government;

- (4) If an irrigation district enters into a contract or agreement under this section to create a legal entity or undertaking with an investor-owned utility or a private commercial or industrial entity, that contract or agreement must provide that the irrigation district be severally liable only for its own acts and not jointly or severally liable for the acts, omissions, or obligations of an investor-owned utility or a private commercial or industrial entity. No action in connection with a common facility may be binding upon any

irrigation district unless authorized or approved by resolution of its board.

(5) This section may not be construed in any manner that abridges any other powers of an irrigation district conferred by law. [2017 c 63 s 2; 2009 c 145 s 4.]
