The study team, which documented evidence of disparity in the treatment of juvenile offenders of color throughout the system, provided recommendations to the legislature on December 15, 1992. The study recommends cultural diversity training for juvenile court and law enforcement personnel, expanded data collection on juvenile offenders throughout the system, development of uniform prosecutorial standards for juvenile offenders, changes to the consolidated juvenile services program and funding formula, dissemination of information to families and communities regarding juvenile court procedures, and examination of juvenile disposition standards for racial and/or ethnic bias.

It is the intent of the legislature to implement the recommendations of this study in an effort to discourage differential treatment of youth of color and their families who come in contact with the juvenile courts in this state, and to promote racial and ethnic sensitivity and awareness throughout the juvenile court system."
