31 of this section to evaluate each program that admits children to
32 inpatient substance use disorder treatment upon application of their
33 parents. The evaluation must be done at least once every twelve
34 months. In addition, the authority shall randomly select and review
35 the information on individual children who are admitted on
36 application of the child's parent for the purpose of determining
37 whether the child was appropriately placed into substance use
38 disorder treatment based on an objective evaluation of the child's
39 condition and the outcome of the child's treatment.

1 (16) Any settlement agreement entered into between the department
2 and licensed or certified behavioral health ((~~service providers~~))
3 agencies to resolve administrative complaints, license or
4 certification violations, license or certification suspensions, or
5 license or certification revocations may not reduce the number of
6 violations reported by the department unless the department
7 concludes, based on evidence gathered by inspectors, that the
8 licensed or certified behavioral health ((~~service provider~~)) agency
9 did not commit one or more of the violations.

10 (17) In cases in which a behavioral health ((~~service provider~~))
11 agency that is in violation of licensing or certification standards
12 attempts to transfer or sell the behavioral health ((~~service~~
13 ~~provider~~)) agency to a family member, the transfer or sale may only
14 be made for the purpose of remedying license or certification
15 violations and achieving full compliance with the terms of the
16 license or certification. Transfers or sales to family members are
17 prohibited in cases in which the purpose of the transfer or sale is
18 to avoid liability or reset the number of license or certification
19 violations found before the transfer or sale. If the department finds
20 that the owner intends to transfer or sell, or has completed the
21 transfer or sale of, ownership of the behavioral health ((~~service~~
22 ~~provider~~)) agency to a family member solely for the purpose of
23 resetting the number of violations found before the transfer or sale,
24 the department may not renew the behavioral health ((~~service~~
25 ~~provider's~~)) agency's license or certification or issue a new license
26 or certification to the behavioral health service provider.

27 (18) Every licensed or certified outpatient behavioral health
28 agency shall display the 988 crisis hotline number in common areas of
29 the premises and include the number as a calling option on any phone
30 message for persons calling the agency after business hours.

31 (19) Every licensed or certified inpatient or residential
32 behavioral health agency must include the 988 crisis hotline number
33 in the discharge summary provided to individuals being discharged
34 from inpatient or residential services.

35 NEW SECTION. Sec. 3. A new section is added to chapter 71.24
36 RCW to read as follows:

37 The department shall develop informational materials and a social
38 media campaign related to the 988 crisis hotline, including call,
39 text, and chat options, and other crisis hotline lines for veterans,

1 American Indians and Alaska Natives, and other populations. The
2 informational materials must include appropriate information for
3 persons seeking services at behavioral health clinics and medical
4 clinics, as well as media audiences and students at K-12 schools and
5 higher education institutions. The department shall make the
6 informational materials available to behavioral health clinics,
7 medical clinics, media, K-12 schools, higher education institutions,
8 and other relevant settings. The informational materials shall be
9 made available to professionals during training in suicide
10 assessment, treatment, and management under RCW 43.70.442. To tailor
11 the messages of the informational materials and the social media
12 campaign, the department must consult with tribes, the American
13 Indian health commission of Washington state, the native and strong
14 lifeline, the Washington state department of veterans affairs,
15 representatives of agricultural communities, and persons with lived
16 experience related to mental health issues, substance use disorder
17 issues, a suicide attempt, or a suicide loss.

18 **Sec. 4.** RCW 43.70.442 and 2020 c 229 s 1 and 2020 c 80 s 30 are
19 each reenacted and amended to read as follows:

20 (1)(a) Each of the following professionals certified or licensed

37 (b) The requirements in (a) of this subsection apply to a person
38 holding a retired active license for one of the professions in (a) of
39 this subsection.

1 (c) The training required by this subsection must be at least six
2 hours in length, unless a disciplining authority has determined,
3 under subsection (10)(b) of this section, that training that includes
4 only screening and referral elements is appropriate for the
5 profession in question, in which case the training must be at least
6 three hours in length.

7 (d) Beginning July 1, 2017, the training required by this
8 subsection must be on the model list developed under subsection (6)
9 of this section. Nothing in this subsection (1)(d) affects the
10 validity of training completed prior to July 1, 2017.

11 (2)(a) Except as provided in (b) of this subsection:

12 (i) A professional listed in subsection (1)(a) of this section
13 must complete the first training required by this section by the end
14 of the first full continuing education reporting period after January
15 1, 2014, or during the first full continuing education reporting
16 period after initial licensure or certification, whichever occurs
17 later.

18 (ii) Beginning July 1, 2021, the second training for a
19 psychologist, a marriage and family therapist, a mental health
20 counselor, an advanced social worker, an independent clinical social
21 worker, a social worker associate-advanced, or a social worker
22 associate-independent clinical must be either: (A) An advanced
23 training focused on suicide management, suicide care protocols, or
24 effective treatments; or (B) a training in a treatment modality shown
25 to be effective in working with people who are suicidal, including
26 dialectical behavior therapy, collaborative assessment and management
27 of suicide risk, or cognitive behavior therapy-suicide prevention. If
28 a professional subject to the requirements of this subsection has
29 already completed the professional's second training prior to July 1,
30 2021, the professional's next training must comply with this
31 subsection. This subsection (2)(a)(ii) does not apply if the licensee
32 demonstrates that the training required by this subsection (2)(a)(ii)
33 is not reasonably available.

34 (b)(i) A professional listed in subsection (1)(a) of this section
35 applying for initial licensure may delay completion of the first
36 training required by this section for six years after initial
37 licensure if he or she can demonstrate successful completion of the
38 training required in subsection (1) of this section no more than six
39 years prior to the application for initial licensure.

1 (ii) Beginning July 1, 2021, a psychologist, a marriage and
2 family therapist, a mental health counselor, an advanced social
3 worker, an independent clinical social worker, a social worker
4 associate-advanced, or a social worker associate-independent clinical
5 exempt from his or her first training under (b) (i) of this subsection
6 must comply with the requirements of (a) (ii) of this subsection for
7 his or her first training after initial licensure. If a professional
8 subject to the requirements of this subsection has already completed
9 the professional's first training after initial licensure, the
10 professional's next training must comply with this subsection
11 (2) (b) (ii). This subsection (2) (b) (ii) does not apply if the licensee
12 demonstrates that the training required by this subsection (2) (b) (ii)
13 is not reasonably available.

14 (3) The hours spent completing training in suicide assessment,
15 treatment, and management under this section count toward meeting any
16 applicable continuing education or continuing competency requirements
17 for each profession.

18 (4) (a) A disciplining authority may, by rule, specify minimum
19 training and experience that is sufficient to exempt an individual
20 professional from the training requirements in subsections (1) and
21 (5) of this section. Nothing in this subsection (4) (a) allows a
22 disciplining authority to provide blanket exemptions to broad
23 categories or specialties within a profession.

24 (b) A disciplining authority may exempt a professional from the
25 training requirements of subsections (1) and (5) of this section if
26 the professional has only brief or limited patient contact.

10 under chapter 18.06 RCW; and

11 (xiv) A person holding a retired active license for one of the
12 professions listed in (a)(i) through (xiii) of this subsection.

13 (b)(i) A professional listed in (a)(i) through (vii) of this
14 subsection or a person holding a retired active license for one of
15 the professions listed in (a)(i) through (vii) of this subsection
16 must complete the one-time training by the end of the first full
17 continuing education reporting period after January 1, 2016, or
18 during the first full continuing education reporting period after
19 initial licensure, whichever is later. Training completed between
20 June 12, 2014, and January 1, 2016, that meets the requirements of
21 this section, other than the timing requirements of this subsection
22 (5)(b), must be accepted by the disciplining authority as meeting the
23 one-time training requirement of this subsection (5).

24 (ii) A licensed pharmacist or a person holding a retired active
25 pharmacist license must complete the one-time training by the end of
26 the first full continuing education reporting period after January 1,
27 2017, or during the first full continuing education reporting period
28 after initial licensure, whichever is later.

29 (iii) A licensed dentist, a licensed dental hygienist, or a
30 person holding a retired active license as a dentist shall complete
31 the one-time training by the end of the full continuing education
32 reporting period after August 1, 2020, or during the first full
33 continuing education reporting period after initial licensure,
34 whichever is later. Training completed between July 23, 2017, and
35 August 1, 2020, that meets the requirements of this section, other
36 than the timing requirements of this subsection (5)(b)(iii), must be
37 accepted by the disciplining authority as meeting the one-time
38 training requirement of this subsection (5).

39 (iv) A licensed optometrist or a licensed acupuncture and Eastern
40 medicine practitioner, or a person holding a retired active license

1 as an optometrist or an acupuncture and Eastern medicine
2 practitioner, shall complete the one-time training by the end of the
3 full continuing education reporting period after August 1, 2021, or
4 during the first full continuing education reporting period after
5 initial licensure, whichever is later. Training completed between
6 August 1, 2020, and August 1, 2021, that meets the requirements of
7 this section, other than the timing requirements of this subsection
8 (5)(b)(iv), must be accepted by the disciplining authority as meeting
9 the one-time training requirement of this subsection (5).

10 (c) The training required by this subsection must be at least six
11 hours in length, unless a disciplining authority has determined,
12 under subsection (10)(b) of this section, that training that includes
13 only screening and referral elements is appropriate for the
14 profession in question, in which case the training must be at least
15 three hours in length.

16 (d) Beginning July 1, 2017, the training required by this
17 subsection must be on the model list developed under subsection (6)
18 of this section. Nothing in this subsection (5)(d) affects the
19 validity of training completed prior to July 1, 2017.

20 (6)(a) The secretary and the disciplining authorities shall work
21 collaboratively to develop a model list of training programs in
22 suicide assessment, treatment, and management. Beginning July 1,
23 2021, for purposes of subsection (2)(a)(ii) of this section, the
24 model list must include advanced training and training in treatment
25 modalities shown to be effective in working with people who are
26 suicidal.

27 (b) The secretary and the disciplining authorities shall update
28 the list at least once every two years.

29 (c) By June 30, 2016, the department shall adopt rules
30 establishing minimum standards for the training programs included on
31 the model list. The minimum standards must require that six-hour
32 trainings include content specific to veterans and the assessment of
33 issues related to imminent harm via lethal means or self-injurious
34 behaviors and that three-hour trainings for pharmacists or dentists
35 include content related to the assessment of issues related to
36 imminent harm via lethal means. By July 1, 2024, the minimum
37 standards must be updated to require that both the six-hour and
38 three-hour trainings include content specific to the availability of
39 and the services offered by the 988 crisis hotline and the behavioral
40 health crisis response and suicide prevention system and best

1 practices for assisting persons with accessing the 988 crisis hotline
2 and the system. Beginning September 1, 2024, trainings submitted to
3 the department for review and approval must include the updated
4 information in the minimum standards for the model list as well as
5 all subsequent submissions. When adopting the rules required under
6 this subsection (6)(c), the department shall:

7 (i) Consult with the affected disciplining authorities, public
8 and private institutions of higher education, educators, experts in
9 suicide assessment, treatment, and management, the Washington
10 department of veterans affairs, and affected professional
11 associations; and

12 (ii) Consider standards related to the best practices registry of
13 the American foundation for suicide prevention and the suicide
14 prevention resource center.

15 (d) Beginning January 1, 2017:

16 (i) The model list must include only trainings that meet the
17 minimum standards established in the rules adopted under (c) of this
18 subsection and any three-hour trainings that met the requirements of
19 this section on or before July 24, 2015;

20 (ii) The model list must include six-hour trainings in suicide
21 assessment, treatment, and management, and three-hour trainings that
22 include only screening and referral elements; and

23 (iii) A person or entity providing the training required in this
24 section may petition the department for inclusion on the model list.
25 The department shall add the training to the list only if the
26 department determines that the training meets the minimum standards
27 established in the rules adopted under (c) of this subsection.

28 (e) By January 1, 2021, the department shall adopt minimum
29 standards for advanced training and training in treatment modalities
30 shown to be effective in working with people who are suicidal.
31 Beginning July 1, 2021, all such training on the model list must meet
32 the minimum standards. When adopting the minimum standards, the
33 department must consult with the affected disciplining authorities,
34 public and private institutions of higher education, educators,
35 experts in suicide assessment, treatment, and management, the
36 Washington department of veterans affairs, and affected professional
37 associations.

38 (7) The department shall provide the health profession training
39 standards created in this section to the professional educator
40 standards board as a model in meeting the requirements of RCW

1 28A.410.226 and provide technical assistance, as requested, in the
2 review and evaluation of educator training programs. The educator
3 training programs approved by the professional educator standards
4 board may be included in the department's model list.

5 (8) Nothing in this section may be interpreted to expand or limit
6 the scope of practice of any profession regulated under chapter
7 18.130 RCW.

8 (9) The secretary and the disciplining authorities affected by
9 this section shall adopt any rules necessary to implement this
10 section.

11 (10) For purposes of this section:

12 (a) "Disciplining authority" has the same meaning as in RCW
13 18.130.020.

14 (b) "Training in suicide assessment, treatment, and management"
15 means empirically supported training approved by the appropriate
16 disciplining authority that contains the following elements: Suicide
17 assessment, including screening and referral, suicide treatment, and
18 suicide management. However, the disciplining authority may approve
19 training that includes only screening and referral elements if
20 appropriate for the profession in question based on the profession's
21 scope of practice. The board of occupational therapy may also approve
22 training that includes only screening and referral elements if
23 appropriate for occupational therapy practitioners based on practice
24 setting.

25 (11) A state or local government employee is exempt from the
26 requirements of this section if he or she receives a total of at
27 least six hours of training in suicide assessment, treatment, and
28 management from his or her employer every six years. For purposes of
29 this subsection, the training may be provided in one six-hour block
30 or may be spread among shorter training sessions at the employer's
31 discretion.

32 (12) An employee of a community mental health agency licensed
33 under chapter 71.24 RCW or a chemical dependency program certified
34 under chapter 71.24 RCW is exempt from the requirements of this
35 section if he or she receives a total of at least six hours of
36 training in suicide assessment, treatment, and management from his or
37 her employer every six years. For purposes of this subsection, the
38 training may be provided in one six-hour block or may be spread among
39 shorter training sessions at the employer's discretion.

1 **Sec. 5.** RCW 71.24.890 and 2021 c 302 s 102 are each amended to
2 read as follows:

3 (1) Establishing the state (~~(erisis-call-center)~~) designated 988
4 contact hubs and enhancing the crisis response system will require
5 collaborative work between the department and the authority within
6 their respective roles. The department shall have primary
7 responsibility for establishing and designating the (~~(erisis-call~~
8 ~~center)~~) designated 988 contact hubs. The authority shall have
9 primary responsibility for developing and implementing the crisis
10 response system and services to support the work of the (~~(erisis-call~~
11 ~~center)~~) designated 988 contact hubs. In any instance in which one
12 agency is identified as the lead, the expectation is that agency will
13 be communicating and collaborating with the other to ensure seamless,
14 continuous, and effective service delivery within the statewide
15 crisis response system.

16 (2) The department shall provide adequate funding for the state's
17 crisis call centers to meet an expected increase in the use of the
18 call centers based on the implementation of the 988 crisis hotline.
19 The funding level shall be established at a level anticipated to
20 achieve an in-state call response rate of at least 90 percent by July
21 22, 2022. The funding level shall be determined by considering
22 standards and cost per call predictions provided by the administrator
23 of the national suicide prevention lifeline, call volume predictions,
24 guidance on crisis call center performance metrics, and necessary
25 technology upgrades. In contracting with the crisis call centers, the
26 department:

27 (a) May provide funding to support crisis call centers and
28 designated 988 contact hubs to enter into limited on-site
29 partnerships with the public safety answering point to increase the
30 coordination and transfer of behavioral health calls received by
31 certified public safety telecommunicators that are better addressed
32 by clinic interventions provided by the 988 system. Tax revenue may
33 be used to support on-site partnerships;

34 (b) Shall require that crisis call centers enter into data-
35 sharing agreements, when appropriate, with the department, the
36 authority, and applicable regional behavioral health administrative
37 services organizations to provide reports and client level data
38 regarding 988 crisis hotline calls, as allowed by and in compliance
39 with existing federal and state law governing the sharing and use of
40 protected health information, including dispatch time, arrival time,

1 and disposition of the outreach for each call referred for outreach
2 by each region. The department and the authority shall establish
3 requirements that the crisis call centers report the data identified
4 in this subsection (2)(b) to regional behavioral health
5 administrative services organizations for the purposes of maximizing
6 medicaid reimbursement, as appropriate, and implementing this chapter
7 and chapters 71.05 and 71.34 RCW including, but not limited to,
8 administering crisis services for the assigned regional service area,
9 contracting with a sufficient number of licensed or certified
10 providers for crisis services, establishing and maintaining quality
11 assurance processes, maintaining patient tracking, and developing and
12 implementing strategies to coordinate care for individuals with a
13 history of frequent crisis system utilization.

14 (3) The department shall adopt rules by (~~July~~) January 1,
15 (~~2023~~) 2025, to establish standards for designation of crisis call
16 centers as (~~crisis call center~~) designated 988 contact hubs. The
17 department shall collaborate with the authority and other agencies to
18 assure coordination and availability of services, and shall consider
19 national guidelines for behavioral health crisis care as determined
20 by the federal substance abuse and mental health services
21 administration, national behavioral health accrediting bodies, and
22 national behavioral health provider associations to the extent they
23 are appropriate, and recommendations from the crisis response
24 improvement strategy committee created in RCW 71.24.892.

25 (4) The department shall designate (~~crisis call center~~)
26 designated 988 contact hubs by (~~July~~) January 1, (~~2024~~) 2026. The
27 (~~crisis call center~~) designated 988 contact hubs shall provide
28 crisis intervention services, triage, care coordination, referrals,
29 and connections to individuals contacting the 988 crisis hotline from
30 any jurisdiction within Washington 24 hours a day, seven days a week,
31 using the system platform developed under subsection (5) of this
32 section.

33 (a) To be designated as a (~~crisis call center~~) designated 988
34 contact hub, the applicant must demonstrate to the department the
35 ability to comply with the requirements of this section and to
36 contract to provide (~~crisis call center~~) designated 988 contact hub
37 services. The department may revoke the designation of any (~~crisis~~
38 ~~call center~~) designated 988 contact hub that fails to substantially
39 comply with the contract.

1 (b) The contracts entered shall require designated (~~crisis call~~
2 ~~center~~) 988 contact hubs to:

3 (i) Have an active agreement with the administrator of the
4 national suicide prevention lifeline for participation within its
5 network;

6 (ii) Meet the requirements for operational and clinical standards
7 established by the department and based upon the national suicide
8 prevention lifeline best practices guidelines and other recognized
9 best practices;

10 (iii) Employ highly qualified, skilled, and trained clinical
11 staff who have sufficient training and resources to provide empathy
12 to callers in acute distress, de-escalate crises, assess behavioral
13 health disorders and suicide risk, triage to system partners for
14 callers that need additional clinical interventions, and provide case
15 management and documentation. Call center staff shall be trained to
16 make every effort to resolve cases in the least restrictive
17 environment and without law enforcement involvement whenever
18 possible. Call center staff shall coordinate with certified peer
19 counselors to provide follow-up and outreach to callers in distress
20 as available. It is intended for transition planning to include a
21 pathway for continued employment and skill advancement as needed for
22 experienced crisis call center employees;

23 (iv) Train employees on agricultural community cultural
24 competencies for suicide prevention, which may include sharing
25 resources with callers that are specific to members from the
26 agricultural community. The training must prepare staff to provide
27 appropriate assessments, interventions, and resources to members of
28 the agricultural community. Employees may make warm transfers and
29 referrals to a crisis hotline that specializes in working with
30 members from the agricultural community, provided that no person
31 contacting 988 shall be transferred or referred to another service if
32 they are currently in crisis and in need of emotional support;

33 (v) Prominently display 988 crisis hotline information on their
34 websites and social media, including a description of what the caller
35 should expect when contacting the crisis call center and a
36 description of the various options available to the caller, including
37 call lines specialized in the behavioral health needs of veterans,
38 American Indian and Alaska Native persons, Spanish-speaking persons,
39 and LGBTQ populations. The website may also include resources for

1 programs and services related to suicide prevention for the
2 agricultural community;

3 (vi) Collaborate with the authority, the national suicide
4 prevention lifeline, and veterans crisis line networks to assure
5 consistency of public messaging about the 988 crisis hotline; (~~and~~

6 +v)) (vii) Develop and submit to the department protocols
7 between the designated 988 contact hub and 911 call centers within
8 the region in which the designated crisis call center operates and
9 receive approval of the protocols by the department and the state 911
10 coordination office;

11 (viii) Develop, in collaboration with the region's behavioral
12 health administrative services organizations, and jointly submit to
13 the authority protocols related to the dispatching of mobile rapid
14 response crisis teams and community-based crisis teams endorsed under
15 section 9 of this act and receive approval of the protocols by the
16 authority;

17 (ix) Provide data and reports and participate in evaluations and
18 related quality improvement activities, according to standards
19 established by the department in collaboration with the authority;
20 and

21 (x) Enter into data-sharing agreements with the department, the
22 authority, and applicable regional behavioral health administrative
23 services organizations to provide reports and client level data
24 regarding 988 crisis hotline calls, as allowed by and in compliance
25 with existing federal and state law governing the sharing and use of
26 protected health information, including dispatch time, arrival time,
27 and disposition of the outreach for each call referred for outreach
28 by each region. The department and the authority shall establish
29 requirements that the designated 988 contact hubs report the data
30 identified in this subsection (4)(b)(x) to regional behavioral health
31 administrative services organizations for the purposes of maximizing
32 medicaid reimbursement, as appropriate, and implementing this chapter
33 and chapters 71.05 and 71.34 RCW including, but not limited to,
34 administering crisis services for the assigned regional service area,
35 contracting with a sufficient number or licensed or certified
36 providers for crisis services, establishing and maintaining quality
37 assurance processes, maintaining patient tracking, and developing and
38 implementing strategies to coordinate care for individuals with a
39 history of frequent crisis system utilization.

28 The attainment of an endorsement allows the mobile rapid response
29 crisis team or community-based crisis team to become eligible for
30 performance payments as provided in subsection (10) of this section.

31 (2) The authority's standards for issuing an endorsement to a
32 mobile rapid response crisis team or a community-based crisis team
33 must consider:

34 (a) Minimum staffing requirements to effectively respond in-
35 person to individuals experiencing a significant behavioral health
36 emergency. Except as provided in subsection (3) of this section, the
37 team must include appropriately credentialed and supervised staff
38 employed by a licensed or certified behavioral health agency and may
39 include other personnel from participating entities listed in

1 subsection (3) of this section. The team shall include certified peer
2 counselors as a best practice to the extent practicable based on
3 workforce availability. The team may include fire departments,
4 emergency medical services, public health, medical facilities,
5 nonprofit organizations, and city or county governments. The team may
6 not include law enforcement personnel;

7 (b) Capabilities for transporting an individual experiencing a
8 significant behavioral health emergency to a location providing
9 appropriate level crisis stabilization services, as determined by
10 regional transportation procedures, such as crisis receiving centers,
11 crisis stabilization units, and triage facilities. The standards must
12 include vehicle and equipment requirements, including minimum
13 requirements for vehicles and equipment to be able to safely
14 transport the individual, as well as communication equipment
15 standards. The vehicle standards must allow for an ambulance or aid
16 vehicle licensed under chapter 18.73 RCW to be deemed to meet the
17 standards; and

18 (c) Standards for the initial and ongoing training of personnel
19 and for providing clinical supervision to personnel.

20 (3) The authority must adjust the standards for issuing an
21 endorsement to a community-based crisis team under subsection (2) of
22 this section if the team is comprised solely of an emergency medical
23 services agency, whether it is part of a fire service agency or a
24 private entity, that is located in a rural county in eastern
25 Washington with a population of less than 60,000 residents. Under the
26 adjusted standards, until January 1, 2030, the authority shall exempt
27 a team from the personnel standards under subsection (2)(a) of this
28 section and issue an endorsement to a team if:

29 (a) The personnel assigned to the team have met training
30 requirements established by the authority under subsection (2)(c) of
31 this section, as those requirements apply to emergency medical
32 service and fire service personnel, including completion of the
33 three-hour training in suicide assessment, treatment, and management
34 under RCW 43.70.442;

35 (b) The team operates under a memorandum of understanding with a
36 licensed or certified behavioral health agency to provide direct,
37 real-time consultation through a behavioral health provider employed
38 by a licensed or certified behavioral health agency while the team is
39 responding to a call. The consultation may be provided by telephone,

1 through remote technologies, or, if circumstances allow, in person;
2 and

3 (c) The team does not include law enforcement personnel.

4 (4) Prior to issuing an initial endorsement or renewing an
5 endorsement, the authority shall conduct an on-site survey of the
6 applicant's operation.

7 (5) An endorsement must be renewed every three years.

8 (6) The authority shall establish forms and procedures for
9 issuing and renewing an endorsement.

10 (7) The authority shall establish procedures for the denial,
11 suspension, or revocation of an endorsement.

12 (8) (a) The decision of a mobile rapid response crisis team or
13 community-based crisis team to seek endorsement is voluntary and does
14 not prohibit a nonendorsed team from participating in the crisis
15 response system when (i) responding to individuals who are not
16 experiencing a significant behavioral health emergency that requires
17 an urgent in-person response or (ii) responding to individuals who
18 are experiencing a significant behavioral health emergency that
19 requires an urgent in-person response when there is not an endorsed
20 team available.

21 (b) The decision of a mobile rapid response crisis team not to
22 pursue an endorsement under this section does not affect its
23 obligation to comply with any standards adopted by the authority with
24 respect to mobile rapid response crisis teams.

25 (c) The decision of a mobile rapid response crisis team not to
26 pursue an endorsement under this section does not affect its
27 responsibilities and reimbursement for services as they may be
28 defined in contracts with managed care organizations or behavioral
29 health administrative services organizations.

30 (9) The costs associated with endorsement activities shall be
31 supported with funding from the statewide 988 behavioral health
32 crisis response and suicide prevention line account established in
33 RCW 82.86.050.

34 (10) The authority shall establish an endorsed mobile rapid
35 response crisis team and community-based crisis team performance
36 program with receipts from the statewide 988 behavioral health crisis
37 response and suicide prevention line account.

38 (a) Subject to funding provided for this specific purpose, the
39 performance program shall:

1 (i) Issue establishment grants to support mobile rapid response
2 crisis teams and community-based crisis teams seeking to meet the
3 elements necessary to become endorsed under either subsection (2) or
4 (3) of this section;

5 (ii) Issue performance payments in the form of an enhanced case
6 rate to mobile rapid response crisis teams and community-based crisis
7 teams that have received an endorsement from the authority under
8 either subsection (2) or (3) of this section; and

9 (iii) Issue supplemental performance payments in the form of an
10 enhanced case rate higher than that available in (a)(ii) of this
11 subsection (10) to mobile rapid response crisis teams and community-
12 based crisis teams that have received an endorsement from the
13 authority under either subsection (2) or (3) of this section and
14 demonstrate to the authority that for the previous three months they
15 met the following response time and in route time standards:

16 (A) Between January 1, 2025, through December 31, 2026:

17 (I) Arrive to the individual's location within 30 minutes of
18 being dispatched by the designated 988 contact hub, at least 80
19 percent of the time in urban areas;

20 (II) Arrive to the individual's location within 40 minutes of
21 being dispatched by the designated 988 contact hub, at least 80
22 percent of the time in suburban areas; and

23 (III) Be in route within 15 minutes of being dispatched by the
24 designated 988 contact hub, at least 80 percent of the time in rural
25 areas; and

26 (B) On and after January 1, 2027:

27 (I) Arrive to the individual's location within 20 minutes of
28 being dispatched by the designated 988 contact hub, at least 80
29 percent of the time in urban areas;

30 (II) Arrive to the individual's location within 30 minutes of
31 being dispatched by the designated 988 contact hub, at least 80
32 percent of the time in suburban areas; and

33 (III) Be in route within 10 minutes of being dispatched by the
34 designated 988 contact hub, at least 80 percent of the time in rural
35 areas.

36 (b) The authority shall design the program in a manner that
37 maximizes the state's ability to receive federal matching funds.

38 (11) The authority shall contract with the actuaries responsible
39 for development of medicaid managed care rates to conduct an analysis
40 and develop options for payment mechanisms and levels for rate

1 enhancements under subsection (10) of this section. The authority
2 shall consult with staff from the office of financial management and
3 the fiscal committees of the legislature in conducting this analysis.
4 The payment mechanisms must be developed to maximize leverage of
5 allowable federal medicaid match. The analysis must clearly identify
6 assumptions, include cost projections for the rate level options
7 broken out by fund source, and summarize data used for the cost
8 analysis. The cost projections must be based on Washington state
9 specific utilization and cost data. The analysis must identify low,
10 medium, and high ranges of projected costs associated for each option
11 accounting for varying scenarios regarding the numbers of teams
12 estimated to qualify for the enhanced case rates and supplemental
13 performance payments. The analysis must identify costs for both
14 medicaid clients, and for state-funded nonmedicaid clients paid
15 through contracts with behavioral health administrative services
16 organizations. The analysis must account for phasing in of the number
17 of teams that meet endorsement criteria over time and project annual
18 costs for a four-year period associated with each of the scenarios.
19 The authority shall submit a report summarizing the analysis, payment
20 mechanism options, enhanced performance payment and supplemental
21 performance payment rate level options, and related cost estimates to
22 the office of financial management and the appropriate committees of
23 the legislature by December 1, 2023.

24 (12) The authority shall conduct a review of the endorsed
25 community-based crisis teams established under subsection (3) of this
26 section and report to the governor and the health policy committees
27 of the legislature by December 1, 2028. The report shall provide
28 information about the engagement of the community-based crisis teams
29 receiving an endorsement under subsection (3) of this section and
30 their ability to provide a timely and appropriate response to persons
31 experiencing a behavioral health crisis and any recommended changes
32 to the teams to better meet the needs of the community including
33 personnel requirements, training standards, and behavioral health
34 provider consultation.

35 **Sec. 10.** RCW 82.86.050 and 2021 c 302 s 205 are each amended to
36 read as follows:

38 suicide prevention line account is created in the state treasury. All
39 receipts from the statewide 988 behavioral health crisis response and

1 suicide prevention line tax imposed pursuant to this chapter must be
2 deposited into the account. Moneys may only be spent after
3 appropriation.

4 (2) Expenditures from the account may only be used for:

18 endorsement activities in section 9 of this act, up to 30 percent of
19 which is dedicated to mobile rapid response crisis teams and
20 community-based crisis teams endorsed under section 9 of this act
21 that are affiliated with a tribe in Washington.

22 (3) Moneys in the account may not be used to supplant general
23 fund appropriations for behavioral health services or for medicaid
24 covered services to individuals enrolled in the medicaid program.

20 financial obligations, market conditions, and other relevant issues.
21 When developing the recommendations, consideration must be given to
22 national experts, such as the AgriSafe network and other entities;

23 (e) Identify ways to promote a better informed and more involved
24 community on topics related to the behavioral health crisis system by
25 increasing public access to and participation in trainings on the
26 topics identified in (b) and (c) of this subsection (3), including
27 through remote audiovisual technology;

28 (f) Establish suggested protocols for ways to sustain the
29 collaboratives as new mobile rapid response crisis teams and
30 community-based crisis teams endorsed under section 9 of this act,
31 co-responder teams, and crisis facilities are funded and
32 operationalized;

33 (g) Discuss funding needs to sustain the collaboratives and
34 support participation in attending the trainings; and

35 (h) Offer a potential timeline for implementing the
36 collaboratives on a region-by-region basis.
