

# Washington State Health Benefit Exchange

## Report to the Legislature

December 2016

# Report to the Legislature

The Exchange is required to submit a financial report on a monthly basis to the Legislature and Health Care Authority (2ESHB 2376). **This report includes:**

- A report of all expenses;
- Beginning and ending fund balances by fund source;
- Any contracts or contract amendments signed by the Exchange; and
- An accounting of staff required to operate the Exchange broken out by full time equivalent positions, contracted employees, temporary staff, and any other relevant designation that indicates the staffing level of the Exchange.

The monthly report reflects the financial information, staffing levels and all changes to contracts as of November 2016. The monthly report reflects total funding, including both appropriated and non-appropriated funds.

The Exchange was awarded extended use of Federal implementation grant dollars beyond the December 31, 2016 deadline to the end of the state fiscal year, June 30, 2017. The grant dollars are restricted to specific projects originally requested under the scope of the grant. The Exchange also received approval in November from CMS of a Medicaid cost allocation plan that recovers a favorable Medicaid share for staffing and operational activities.

In light of these two changes, the overall agency budget was recast to incorporate Federal grant dollars and appropriately allot for Medicaid. During the reallocation process, vacancy savings from July through October were applied to a positive end-of-year projection. This repurposing of vacancy savings will stabilize the budget for any future unanticipated receipts or budget needs as the Exchange moves through Open Enrollment. The revised budget anticipates approval of the maintenance-level decision package that adjusts fund source to reflect the current Medicaid cost allocation.
