**ESSB 5940 Data Requirements**

<b>ESSB 5940 Section 4</b>	<i>Language from Legislation</i>
Subsection (2)	School districts and their benefit providers shall annually submit, by a date determined by the office of the insurance commissioner, the
2.a	Progress by the district and its benefit providers toward greater affordability for full family coverage, healthcare cost savings, and significantly
2.b	Compliance with the requirement to provide a high-deductible health plan option with a health savings account
2.c	An overall plan summary including the following:
2.c.i	The financial plan structure and overall performance of each health plan including:
2.c.i.A	Total premium expenses
2.c.i.B	Total claim expenses;
2.c.i.C	Claims reserves; and
2.c.i.D	Plan administration expenses, including compensation paid to brokers
2.c.ii	A description of the plan's use of innovative health plan features designed to reduce health benefit premium growth and reduce utilization of
2.c.iii	Data to provide an understanding of the employee health benefit plan coverage and costs
2.c.iv	Data necessary for school districts to more effectively and competitively manage and procure health insurance plans for employees. The data
2.c.iv	Describe efforts and achievements to help districts to manage their health benefits programs
2.c.iv.A	A summary of benefit packages offered to each group of district employees, including covered benefits, employee deductibles, coinsurance,
2.c.iv.B	Aggregated employee and dependent demographic information, including age band and gender, by insurance tier, and by benefit package
2.c.iv.C	Total claim payments by benefits package, including premiums paid, inpatient facility claims paid, physician claims paid, pharmacy claims
2.c.iv.D	Total premiums paid by benefits package
2.c.iv.E	A list of large claims, defined as annual amounts paid in excess of one hundred thousand dollars, including the amount paid, the member
Subsection (3)	Annually, school districts and their benefit providers shall jointly report to the OIC on their health insurance related efforts and achievements
3.a	Significantly reduce administrative costs for school districts
3.b	Improve customer service
3.c	Reduce differential plan premium rates between employee only and family health benefit coverage
3.d	Protect access to coverage for part-time K-12 employees

District	Description of District Allocation of Internal Administrative Expenses	Enrollment		Staff Cost Allocated to Employee Benefits		
		Employees	Members	Total	PEPM	PMPM
<b>Omak School District</b>	<p>Our district has four staff members who deal with the administering of medical benefits: Human Resource Director, Payroll Officer, HR/Payroll Assistant, and Office Receptionist. Below is how we calculated the dollar amount for each position:</p> <ul style="list-style-type: none"> <li>• Human Resource Director: 50 hours spent on administering medical benefits X \$27.04 per hour = \$1,352.00. \$1,352 x 36.57 percent for benefits = \$494.43. Total salary spent on administering medical benefits for the 11/12 fiscal year = \$1,846.43.</li> <li>• Payroll Officer: 136 hours spent administering medical benefits x \$19.85 per hour = \$2,699.00. \$2,699 x 48.33 percent for benefits = \$1,304.43. Total salary spent on administering medical benefit for the 11/12 fiscal year = \$4,003.43.</li> <li>• HR/Payroll Assistant: 40 hours spent administering medical benefits x \$17 per hour = \$680.00. \$680 x 51.3 percent for benefits = \$348.84. Total salary spent on administering medical benefits for the 11/12 fiscal year = \$1,028.84.</li> <li>• Office Receptionist: 21.12 hours spent on medical benefits x \$15 an hour = 316.80. \$316.8 x 55 percent for benefits = \$175.63. Total salary spent on administering medical benefits for the 11/12 fiscal year = \$492.43.</li> </ul> <p>— HR Director: \$1,846.43            — Payroll Officer: \$4,003.43            — HR/Payroll Asst: \$1,028.84            — Office Receptionist: \$ 492.43            — Total: \$7,371.13</p>	105	110	\$7,371	\$5.85	\$5.58
<b>Onalaska School District</b>		94	174	\$0	\$0.00	\$0.00
<b>Onion Creek School District</b>	N/A	11	23	\$0	\$0.00	\$0.00
<b>Orcas Island School District</b>	There is an internal administrative cost but it would be difficult to calculate. As a small district we do not have FTE dedicated to only benefits administration. I wear many hats and benefits administration is part of my responsibilities and the time I spend on that has increased every year. There is certainly a cost to the district but I am unable to quantify.	81	162	\$0	\$0.00	\$0.00

District	Description of District Allocation of Internal Administrative Expenses	Enrollment		Staff Cost Allocated to Employee Benefits		
		Employees	Members	Total	PEPM	PMPM
<b>Riverside School District</b>	During the fall open enrollment period, payroll spends an average of 20-30 hours working on insurance administration. During the school year, payroll spends 2-4 hours a month on dependents/new hire enrollments, billing statements, etc.	158	241	\$3,202	\$1.69	\$1.11
<b>Riverview School District</b>	In calculating the district's internal administrative costs, we have included varying percentages of base salary plus benefits for the district Payroll & Benefits Coordinator, HR Coordinator and Director of Business and Operations. Costs for the Payroll & Benefits Coordinator are calculated at 33% , based on responsibilities including enrollment and ongoing staff education and assistance regarding benefits and providers, annual benefits fair, bill reconciliation and payment processing, pooling management, participation in the district benefits committee and budgeting process. Costs for the HR Coordinator are calculated at 15%, based on budgeting responsibilities, calculation of benefits while staff is on leave and communication of benefits to new and prospective employees. Cost for the Director of Business & Operations are calculated at 7% based on involvement in managing the procurement process, district benefits committee and broker management, bargaining association negotiations and other association issues relating to benefits, district budgeting processes and tracking and analyzing current and projected legislation.	293	293	\$49,395	\$14.05	\$14.05

Innovation	Number of Districts Using
Communicate to employees that healthy behaviors can reduce health benefit costs.	235
Encourage our employees to know their *numbers* (cholesterol, body mass index, blood pressure, and blood glucose levels).	241
Include case-management and utilization-management programs.	231
Know the health risks of our population of employees.	106
Offer a communication plan to target chronic conditions (for example, diabetes and depression).	241
Offer a focused disease-management program.	122
Offer a high-risk maternity program or maternity education program.	219
Offer a Nurse Line service.	255
Offer a website to employees which includes health tools and resources.	281
Offer a wellness program.	251
Offer centers of excellence for high-cost services such as transplants.	226
Offer financial incentives for employees to lose weight.	38
Offer financial incentives for employees to stop smoking.	64
Offer incentives to encourage our population to improve their health.	210
Offer our employees an opportunity to complete biometric screenings.	207
Offer our employees an opportunity to complete health-risk assessments.	274
Provide wellness coaching to our employees.	244
Send out wellness newsletters and/or post wellness messages on site.	256
Our district has a benefits strategy that includes improving the health of our employees.	127
Our district has specific health plan goals for our employees.	48
Our health plan administrator/insurer or other third party works with us to find ways to reduce our health plan costs.	259
Our health plan administrator/insurer provides us information on health care cost and trends.	256
To reduce unnecessary health services at least one of our health plans includes a co-payment for emergency room services.	284
To reduce unnecessary health services at least one of our health plans includes a co-payment for inpatient hospital admissions.	280
To reduce unnecessary health services our pharmacy program requires higher co-payments for brand-name drugs where a generic drug is available.	287
We contract with an independent third party to provide wellness services to our employees.	56
We contract with our health plan to provide wellness services to our employees.	226
We have a benefits budget that includes a wellness promotion component.	53
We offer a *consumer-driven* health plan with a Health Savings Account.	199
We offer a plan design with a network of providers (hospitals and professionals) and higher benefits for use of in-network providers.	282
We participate in a health plan coalition.	192

Carrier 4	<b>Administrative Cost Reduction</b>	<p>Kaiser Permanente is committed to administrative simplification and responsible stewardship of our assets. In our care delivery model, doctors, nurses, and specialists work collaboratively to provide the right care at the right time, keeping care costs low. Our doctors, hospitals, medical offices, pharmacies, labs, and health plan are all part of one organization. This makes it easier for us to coordinate care for lower costs and better results.</p> <p>As an integrated health care delivery system we know that we are a more efficient and effective health plan. Further, because our health care teams can share information easily, we are also collectively smarter and this built in collaboration among experts leads to better health care outcomes. Information is shared across the hall and across the state. One shared electronic medical record means every physician, nurse, pharmacist, and other member of the care team can pull up a member’s entire medical history, lab test results, and list of prescriptions. The results of our collaborative efforts are clear:</p> <ul style="list-style-type: none"> <li>? Less likely to repeat tests—our physicians are 12 percent less likely to repeat tests or procedures than physicians at other large practices, lab utilization decreases of up to 7%, and overall decrease of up to 14% in radiology tests</li> <li>? Paper medical record costs - reductions in by as much as 64%</li> <li>? Reducing costly hospital readmissions—one out of five hospitalizations among Medicare patients results in a readmission within 30 days of discharge. We developed a transitional care program across all our regions that reduced hospital readmission for members with heart failure by 30 percent—saving \$12 million and an estimated 410 lives</li> <li>? Complete information sharing—primary care physicians and specialists can view each other’s treatment notes in real time via the member’s electronic medical record. This allows for a thorough and accurate exchange of information, which can help keep members healthier</li> <li>? Higher medical benefit ratio—our June 1, 2012, final medical benefit ratio filing for 2011 group plans was above the thresholds established by the Affordable Care Act—a minimum of 85 percent of premium revenue for large groups and 80 percent for small groups</li> </ul>

Carrier	Category	Efforts and Achievements
	<p><b>Cost Savings</b></p>	<p>The primary ways Kaiser Permanente controls costs are by engaging members to participate in their own health, and by reducing waste—helping healthy members stay healthy and motivating those with unhealthy habits to make positive lifestyle changes, eliminating unnecessary procedures and reducing paper costs. Unlike traditional health care providers, we offer a fundamentally different approach to care. Our health plan, doctors, hospitals, medical offices, pharmacies, labs, and more are all part of one organization. Because our doctors are salaried and measured according to how well they raise the bar for member health, our model frees doctors to focus on patients—not the itemization of services or the collection of claims. Their personalized, dedicated approach to member health is supercharged with the incredible tools and information within Kaiser Permanente HealthConnect®. This award-winning system is at the fingertips of every caregiver in every one of our facilities. Our investment in our industry-leading electronic health record (EHR) system is not only our most effective member engagement tool; it also reduces overutilization and maximizes information sharing. All Kaiser Permanente providers can securely access this system and view a member’s previous test results and other physician notations, which help reduce duplication of lab tests, unnecessary medical visits, redundant utilization of services, and pharmacy errors.</p> <p>In 2012, a comparison of health plans across the United States, AON Hewitt reported that Kaiser Foundation Health Plan of the Northwest is the most cost-efficient plan across all markets we serve. Nationally, Kaiser Permanente is 11% more cost-efficient than the average HMO and 16% more cost-efficient than all plans in the markets it serves.</p> <p><b>Member Engagement</b></p> <p>We emphasize keeping members engaged and healthy, with a strong focus on prevention. An important way we do this is by offering a broad range of programs to promote good health and encourage members to fully participate in their own health care. We offer comprehensive disease management programs, healthy lifestyles program, health education classes and self-care programs, and decision-support tools that empower consumers. The results of these programs include:</p> <ul style="list-style-type: none"> <li>• Among participants in HealthMedia Care® for Diabetes online program, productivity increased 5% after just 30 days in the program. Projected savings is several thousand dollars per year per participant</li> <li>• Approximately 54% of members participating in the HealthMedia Breathe® program report that they’ve quit smoking</li> <li>• Of the members surveyed who completed the HealthMedia Balance® weight management program, 56% lost weight after participating for six months</li> </ul>

	<b>Customer Service</b>	<p>Member, patient, and customer perceptions, experiences, and requests drive Service Quality improvement initiatives for our Membership Services. One of the pillars of our Operating Plan is "People and Culture" with a vision to create a culture of high performance that epitomizes partnership and mutual support with a focus on care and service to members. With this vision come four goals and the aspiration of having a flexible, agile, empowered work force. Performance is measured by the People Pulse work unit index defined by specific measures.</p> <p>To meet these goals we have implemented a number of service excellence initiatives in the areas of service behavior standards, recognition, performance management, and leadership education. Ownership and accountability for work environment satisfaction reside in every individual but are emphasized in the accountabilities of leaders.</p> <p><b>Outcomes Measurements &amp; Benchmarks</b></p> <p>We are committed to measuring and tracking the satisfaction of our members so that we may continue to improve the quality of care and service we provide. We conduct various internal surveys as well as participate in the National Committee for Quality Assurance's (NCQA) Consumer Assessment of Health Plans Survey (CAHPS) to evaluate member satisfaction with health care and service.</p> <p>The results of both internal and external surveys are disseminated throughout the organization and are used to monitor performance and target areas of improvement. We participate in the annual Consumer Assessment of Health Plans (CAHPS) Study and consistently meet or exceed regional and national averages on a broad range of survey questions pertaining to member satisfaction with the Health Plan, Plan physicians, member services, and access to care.</p>

Carrier 5	<b>Administrative Cost Reduction</b>	<p>We recognize that the rising cost of health care is one of the most serious challenges facing Americans today. UnitedHealthcare has risen to meet this challenge through innovative solutions that address both medical cost and quality of care. We believe that helping our members get the best care is the best way we can address cost.</p> <p>By utilizing a comprehensive range of tools and resources, our strategic account administration team will work with Snoqualmie Valley School District to design customized solutions. Your priorities provide the framework to guide the process.</p> <p>Here are some examples of how UnitedHealthcare is leading the industry in addressing medical costs, while at the same time promoting the health of our members:</p> <p><b>ENHANCING QUALITY ACROSS THE ENTIRE SYSTEM</b></p> <p>By building on our provider relationships and centering our efforts on the best providers, we have achieved a broad national network that is the largest, individually owned network in the nation. But the data is clear that there are differences in the way individual physicians and hospitals deliver care, and these differences result in wide variations in both the quality and cost of care delivered to consumers. Building on this knowledge, we support health care professionals with the right tools, such as the best available scientific guidance and performance feedback. To enhance and incent high-quality, efficient health care in our networks, we offer the UnitedHealth Premium program to all of our customers and members at no additional charge.</p> <p><b>HELPING PEOPLE LIVE HEALTHIER LIVES THROUGH TAILORED CLINICAL SOLUTIONS</b></p> <p>Our organizational mission is to help people live healthier lives—to identify opportunities to improve their health earlier rather than after a medical event. Our goal is to be able to identify members with health risks sooner, help them keep chronic conditions under control and have more information about that individual available to us when they need our help.</p> <p>Through our eSync technology platform, we are able to integrate data from numerous sources, such as medical and behavioral health claims, pharmacy data, lab results and health assessments. This means we can create a whole-person view of each member to get a clear picture of his or her health status. eSync then helps us identify opportunities for intervention before a major health event occurs. Intervening early can influence as much as half of overall costs.</p>

---------	----------	--------------------------

- \* A clinical prospective review program that uses internal flags to review suspect claims prior to payment
- \* A recovery team that investigates possible overpayments related to abuse and fraud and recovers funds lost through those practices
- \* A compliance program that ensures adherence to local, state and federal laws related to potential fraud matters and how they are handled

**HOSPITAL BILL AUDITS**

Our hospital audit vendor receives a monthly claim payment extract for inpatient and outpatient claims that exceed \$10,000 in billed charges. The vendor runs those claims against its database and selects those that are candidates for audit. Selection is based on diagnosis, type of services rendered and previous billing history with a facility. In an up-front review of the claim information against a copy of the hospital bill, the audit vendor may detect a hospital billing error.

Other claims may be subjected to an in-depth review of all charges against the hospital's medical records. This is referred to as a line-by-line review of billed charges. Our vendor will schedule and complete the audit.

The vendor collects the refund, deducts its fee for services and sends the net refund amount to us. The fee is contingent upon recovery.

**HIGH-DOLLAR CLAIM NOTIFICATION PROCESS**

The high-dollar claim notification process notifies various business areas and the customer, as appropriate of high-dollar claims. It includes an additional operational review of claim payments of \$250,000 or more before the payment is released, and payment notification at the \$250,000 level.

Designated representatives from the production (claim) department's Development and Standards, and Quality organizations ensure that benefits are paid according to existing policies and procedures, and audit the claim using established audit criteria. After this review, an Operations High-dollar Claim Review Committee reviews the proposed claim payment to confirm that claim payment is reasonable and accurate according to benefit plan guidelines, contracts with physicians and other health care professionals, industry guidelines and our reimbursement policy.

Online claim payment information is always available through Employer eServices.

		<p><b>OVERPAYMENT RECOVERY</b></p> <p>We have a comprehensive internal recovery program. In addition to our team of employees dedicated exclusively to recovering overpayments, we can recover overpayments from physicians and other health care professionals by offsetting future payments. To supplement our internal recovery efforts, we use a number of vendors to maximize recovery. Recovered dollars are returned to the customer's bank account.</p> <p><b>CREDIT BALANCE RECOVERY</b></p> <p>Credit balance recovery is a component of overpayment recovery performed by an external vendor. Credit balance recovery is performed by AIM Healthcare, part of OptumInsight, a UnitedHealth Group company. AIM performs on-site reviews of positive balances or credits existing on customer accounts and is responsible for identifying, validating and recovering the overpayments on our behalf. AIM retains a percentage of the recovered amount as reimbursement for the cost of this service.</p> <p><b>COORDINATION OF BENEFITS (COB)</b></p> <p>During enrollment, we ask for other coverage information for both employees and their dependents. We load this information into our claim system. Then, if during claim processing, an indicator states that other coverage is applicable to any dependent, our system denies that dependent's claim and requests a primary insurance statement for the dependent. We request an update to other coverage status every 12 months. If complete coordination of benefits (COB) information is not provided on the enrollment application, we may send an inquiry letter to the member requesting the information we need.</p> <p><b>RETURN ON INVESTMENT (ROI)</b></p> <p>We measure each return on investment (ROI) annually and can compare Snoqualmie Valley School District's savings over time with a year-over-year savings analysis. A change in health plans will not impact Snoqualmie Valley School's ROI calculations unless the benefits offered to your members change as well. If the benefits change, changes in ROI calculations and other longitudinal data tracking will be accounted for through actuarial adjustments based on benefit or other changes. We currently utilize a participant/non-participant methodology for measuring the effectiveness of integrated programs.</p>

---------	----------	--------------------------

For Disease Management evaluations, we utilize a pre-post approach that is consistent with the Care Continuum Alliance (formerly known as the Disease Management Association of America) guidelines. We would be happy to have further conversations regarding the overall measurement approach for Snoqualmie Valley School District.

**NETWORK SAVINGS**

We offer our customers and members three levels of reimbursement programs. While our traditional discounts save expenses on network services, we also have two non-network strategies that lower the costs of non-network and out-of-area claims.

**FIRST TIER - TRADITIONAL DISCOUNTS**

Our traditional networks are broad with easy access and benefit designs that encourage members to use our network services whenever possible, resulting in the highest possible claim savings. Our contracting process capitalizes on both our national strengths and our local market knowledge and expertise to achieve our national network goals. Our contracting efforts are designed to:

- \* Increase access by maintaining a large number of physician and other health care professionals in a variety of specialties
- \* Establish positive and supportive physician relationships that promote delivery of quality health care to all of our members
- \* Reimburse physicians only for those services actually rendered and only for services that are medically appropriate
- \* Achieve the most favorable price through fixed, negotiated rates

**SECOND TIER - PHYSICIAN SHARED SAVINGS PROGRAM**

The Physician Shared Savings Program (SSP) makes up the second-tier level of discounts in our discount program by enhancing our traditional participating network. It includes both wrap network discounts and claim-specific negotiations. We have contracted with Multiplan, First Health Group, Viant and other non-logo networks, which have thousands of physicians contracted nationally for vendor wrap. SSP discounts can apply regardless of the member's benefit level. This means that SSP may apply to non-participating claims, including radiology, anesthesiology, pathology and laboratory services (RAPL), regardless of benefit level. Through these programs, a discount may be applied when a member accesses a wrap network physician.

**Washington State Office of the Insurance Commissioner**  
**K-12 School District Data Collection Project**  
**Exhibit A19a**  
**Efforts and Achievements by Carrier**  
**Calendar Year 2012**

Carrier	Category	Efforts and Achievements
---------	----------	--------------------------

ADVANTAGES TO EMPLOYERS

- \* The programs are easy to administer. Discounts are automatically applied when a claim is processed and are noted on the member's explanation of benefits (EOB), eliminating any need for employer intervention.
- \* Plan changes are not required.

ADVANTAGES TO MEMBERS

- \* Members who receive services from these programs benefit from reduced coinsurance dollars for their discounted fees.
  - \* Physicians and other health care professionals participating in the SSP vendor's network are prohibited from balance billing members when their contractual discount is taken (\*).
  - \* Members will not receive a separate SSP provider directory, but electronic access to the SSP vendor directory is available to the member through myuhc.com. Savings are applied post-service when an SSP physician or other health care professional has been used.
  - \* Easy-to-read billing identifies when an SSP physician and other health care professional was accessed that resulted in cost savings.
  - \* Special claim forms are not required when a member accesses the SSP physician or other health care professional.
- (\*) There may be situations in which the SSP providers are not paid per the SSP, but are instead paid like other non-network providers. In such cases, the member's out-of-pocket cost will be the same as if discounts were not available through the SSP.

THIRD TIER – MAXIMUM NON-NETWORK REIMBURSEMENT PROGRAM

In addition to our SSP program, our Maximum Non-Network Reimbursement Program (MNRP) offers yet another alternative to help reduce the impact of rapidly rising, uncontrolled non-network expenses. Instead of basing non-network reimbursement on uncontrolled, charge-based prevailing fees, we reimburse plan expenses according to standards established by the federal government (such as Medicare). Members retain the freedom of choice to access either network or non-network health care services, but realize they may carry a more significant financial responsibility when using non-emergency, non-network services, thereby creating a member incentive to use our broad, discounted network.

Under this approach:

**Washington State Office of the Insurance Commissioner**  
**K–12 School District Data Collection Project**  
**Exhibit A19a**  
**Efforts and Achievements by Carrier**  
**Calendar Year 2012**

Carrier	Category	Efforts and Achievements
---------	----------	--------------------------

- \* Reimbursement for non-emergency, non-network physicians and other health care professionals is based on a percentage of the published rates allowed by Medicare for the same or similar services. These standards are cost-based payment methodologies established by the Centers for Medicare and Medicaid Services (CMS). Medicare’s payment methodologies are widely understood and accepted by physicians and other health care professionals.
- \* The program applies only to non-emergency services that are provided by non-network physicians and other health care professionals. However, it does not apply when non-network services are coordinated and approved by UnitedHealthcare as covered network services, or to any other non-network services that are considered payable as a network benefit.
- \* If no Medicare rate exists for a particular service, then the eligible charges will default to 50 percent of billed charges.
- \* This program can be administered alongside our Shared Savings Program (SSP), with the Medicare-based reimbursement levels applying only where savings are not obtained under that program.

We make information available in a variety of ways to assist employees in understanding how the program works. This includes written consumer materials, conversations with customer service representatives, consumer activation messaging on health statements and information on myuhc.com.

**RESULTS SHOW MNRP WORKS**

For employers with MNRP, the rate of total cost trend on average slowed 1 percent to 2 percent within the first year. We expect additional savings beyond the first year. These savings can be attributed to a combination of change in employee behavior from non-network physicians to network physicians, and to lower reimbursement to non-network physicians. For employers who experience high non-network utilization, savings can be significantly higher.

This program is not only reducing the impact of escalating non-network cost trend, but is also encouraging physicians to join our network. It is just one more component of our commitment to providing practical, affordable products and services, along with extensive network access to quality care.

	<b>Customer Service</b>	<p>Like Snoqualmie Valley School District we believe that a key to reducing medical costs and producing better outcomes starts with member engagement – and the role of the customer service representative has become more and more important to influencing member behaviors and decision making. When members call us, it’s important that we give them prompt answers to benefits and claims questions. But this connection to the member is also a valuable moment to guide them to better health.</p> <p>That’s where customer service representatives (CSRs) can help.</p> <p>This Enhanced Service Model, available to members from 8 a.m. to 8 p.m., Monday through Friday, combines expert service with meaningful advising for a complete member service experience.</p> <p><b>SERVICE</b></p> <p>Managing a claim or benefits problem or resolving a billing dispute can be a huge stressor for members. These issues are often too complex for members to sort out on their own, or even discuss with their doctor. They want to call an expert who will work through these issues immediately. Equipped with powerful technology, resources and key contacts, our experienced customer service representatives can alleviate that stress by taking ownership of the problem and resolving nearly all issues during the first call.</p> <p>Depending on the situation, the CSR will:</p> <ul style="list-style-type: none"> <li>* Call providers or billing agencies for members to resolve claims issues or obtain additional information to pay a claim.</li> <li>* Work directly with our internal business partners to resolve inquiries not resolved on the phone.</li> <li>* Follow-up with members to report on status or resolution of an inquiry.</li> </ul> <p>On another level, our Web-based suite of technology capabilities help our CSRs deliver a more personalized and effective customer care experience to your members.</p> <p>For example, the CSR is ready to:</p> <ul style="list-style-type: none"> <li>* Offer personalized messages to educate members on ways to improve health or reduce costs.</li> <li>* Give a snapshot view of all products members can use to their advantage.</li> <li>* Use an advanced knowledge management system to better answer members’ questions.</li> </ul>

**Efforts and Achievements by Carrier**  
**Calendar Year 2012**

Carrier	Category	Efforts and Achievements
---------	----------	--------------------------

CSRs have special navigational access to claim and benefit information, reducing the amount of time the member stays on the phone. However, we think it's important to note that we don't limit talk time, as we believe the member determines how long the call lasts based on their questions and concerns.

For an additional cost, our CSRs can also respond to inquiries via secure messaging through the myuhc.com Message Center. Members can send messages 24 hours a day, seven days a week, and receive a response within one business day.

Having an advocate who assumes full ownership of member issues, and takes responsibility for fast resolution of inquiries translates to satisfaction. CSR caller satisfaction scores are currently averaging 95.00 percent.

**ADVISING**

With member behavior driving 50 percent of health care utilization, we must use every touch point possible to engage members in their health and well-being. In addition to providing expert service, we believe the customer service representative's role is to advise members on how to maximize their health care investment and improve their health care decision making abilities, which ultimately affects the health of your bottom line.

To that end, all of our CSRs work to:

- \* Educate members on various health- and financial-related topics, including network doctors, generic drug utilization, UnitedHealth Premium provider designations, and ways to optimize CDHPs.
- \* Promote educational campaigns to improve enrollment or utilization of value-added programs, such as online wellness services or certain procedures like mammography screening.
- \* Engage our medical directors or nurses to resolve clinical concerns; or even tap financial experts to resolve a member's questions or problem. They can even help make an appointment with a physician.

We know that health benefits offerings are complex and the system is often difficult to navigate. Helping members understand their benefits and how best to use them results in better health, lower out-of-pocket expenses and savings for your employees.

**KNOWING SNOQUALMIE VALLEY SCHOOL DISTRICT**

To deliver exceptional service performance, we feel it's imperative to talk to you directly, learn your company culture,

**Washington State Office of the Insurance Commissioner**

Carrier	Category	Efforts and Achievements
---------	----------	--------------------------

know your service objectives, and discern the specific needs of your employees. Your account management team (AMT) will meet with you to review the specifics of your benefits plan, plan set-up, special processing provisions, and most importantly, your members’ needs, your culture and your specific directives. To tailor a service strategy, we pay close attention to:

- \* Past experiences (likes, dislikes, service issues, expectations)
- \* Employee demographic factors (age, sex, race, marital status, income level, education)
- \* Geographic factors (locations, urban/suburban, rural)
- \* Behaviors (lifestyle choices, attitudes)
- \* Your industry dynamics (products, markets, competitors, work force)

From there, we tailor a service strategy to your satisfaction, and execute a training plan for our customer service representative team—one that focuses on how you like to do business.

**ANOTHER ADVANTAGE**

We offer a significant differentiator in providing our enhanced service model, as our CSRs are trained to identify and triage members calling with clinical issues. When the call begins, they use their extensive training and experience to determine if a clinician needs to be engaged. CSRs are taught to recognize spoken cues from the member, and are experienced in asking the right questions and bringing up discussion points that may reveal clinical needs or trigger referrals to the appropriate clinical program (e.g., care or disease management, etc.) In addition to verbal cues, CSRs are trained on an enhanced technology platform equipping them with information promoting personalized and effective interactions.

We believe that this triage role is vital to optimizing health care. In the advocacy role, the CSR is a key point of contact in supporting the fluid transfer of members to the optimal resource.

By leveraging technology, people and time to connect with each member on a personal level, we expect to become the industry leader at driving behavior change. We have seen that behavior change brings about better, long-term, sustainable results across the health care spectrum, and improves member health while lowering the cost of health care.

OUR CUSTOMER SERVICE REPRESENTATIVE TEAM

To help members make better health care decisions and utilize benefits effectively, you need a team skilled in listening, responding and influencing. We have assembled a team of remarkable CSRs nationwide whose focus on building rapport and managing relationships is as important as their knowledge of benefits, policies and procedures. Our team members have withstood a rigorous selection process and a comprehensive 14-week training program that focuses on extensive soft-skill, product and process training. They will also have been trained on your culture, your people and your plan, and we will tie their compensation to your satisfaction, with a quarterly bonus program that is weighted on member satisfaction and quality. All of their training and performance objectives will be aligned with your strategy and your expectations of us.

ONE STOP POSSIBLE WITH INTEGRATED TECHNOLOGY

We have a history of using innovative technology, alongside our people, to connect better with members and drive behavior change. CSRs access an integrated systems platform, so they can instantly answer questions on a broad set of benefit programs and services. We are currently resolving 93.24 percent of calls while the member is on the telephone with us, by accessing a myriad of information online, including medical, pharmacy, FSA, and HRA data, as well as all other relevant benefit- and claims-related information. We can also support interfaces to many external programs and health care professionals.

We also maintain a dedicated Snoqualmie Valley School District section of our online resource tools, so we can easily reference the nuances of your culture, preferences, benefits, programs, special services and all training materials specific to your plan.

To enable our customer service representatives to communicate effectively with a diverse group of members, we use a tool called Behavioral Analytics. This innovative new technology analyzes the caller's voice and predicts caller dissatisfaction or distress. The tool allows us to personalize our call handling, based on each unique member's needs and attitudes. We also use the results to provide ongoing training and coaching for our customer service representative staff. The results are higher levels of member satisfaction and greater first-call resolution.

By leveraging technology, people and time to connect on a personal level with each individual, we aim to fully engage

members in their health. Engagement and behavior change will bring about better health for your employees and your bottom line.

We ranked highest in satisfaction among self-funded customers according to the latest J.D. Power and Associates survey.

In the words of our members, our Enhanced Service Model is changing the customer service experience:

Snoqualmie Valley School District will receive customer service provided by our customer service representative team based in all six of our customer care sites. This will enable us to serve your members needs in a more efficient manner.

All member calls are taken in the United States. Our customer care centers are located in the following locations:

- ? Buffalo, New York
- ? Chico, California
- ? Green Bay, Wisconsin
- ? Greensboro, North Carolina
- ? Kingston, New York
- ? San Antonio, Texas

In times of heavy call volume, our team members are available to assist and ensure that high service standards are maintained no matter where the call is answered. All of our customer service representatives have access to complete member information and desktop reference tools that put your specific benefits information at their fingertips to ensure informed service for all calls.

**STATISTICS**

Our current national customer care statistics are:

- ? Average Speed to Answer = 31 seconds
- ? Abandonment Rate = 1.7 percent
- ? First-call Resolution (FCR) = 93.24 percent
- ? Call Quality = 98.5 percent
- ? Ratio of CSRs to Members = 1:12,154

	<b>District Management of Health Plans</b>	<p>Below are just of few the efforts we have in place to manage health benefits.</p> <p><b>UTILIZATION MANAGEMENT</b></p> <p>Our utilization management program focuses on helping members receive the right care in the right setting at the right time by evaluating the quality, continuity, timeliness and outcomes of health services. Our medical directors and nursing staff work closely with health care providers to ensure treatment plans are consistent with evidence-based guidelines, are clinically appropriate, cost effective and optimize health care outcomes.</p> <p><b>PRIOR AUTHORIZATION</b></p> <p>We require prior authorization of certain services and procedures to identify gaps in care, confirm available benefits, assess for inpatient care management and discharge needs, identify readmissions, apply medical policy and coverage review of certain services and procedures, prevent delays in care and promote delivery of the physician’s treatment plan. For services requiring advance notification, we authorize the service as well as the treatment setting.</p> <p><b>CLINICAL COVERAGE REVIEW (CCR)</b></p> <p>Clinical coverage review encompasses pre-service review and medical claims review (retrospective review). We provide pre-service review for services that require advance notification and prior authorization. Medical claim review provides post-service clinical review of claims using medical policies and benefit plan documents. We review claims for coding appropriateness, reimbursement and claim code edits. Our CCR team also reviews appeals related to adverse determinations. CCR sends the case to the appropriate medical director (not previously involved in the case, in the same specialty). Medical directors may determine the case requires external physician review.</p> <p><b>ADMISSION NOTIFICATION</b></p> <p>We require hospitals, skilled nursing facilities and acute rehabilitation facilities to notify us within 24 hours of all inpatient facility admissions or by next business day for weekend admits. For emergency admissions where a member/enrollee is unstable and not capable of providing coverage information at the time of admission, the facility should notify UnitedHealthcare as soon as the information is known and communicate the extenuating circumstances.</p> <p><b>CARDIOLOGY PRIOR AUTHORIZATION PROGRAM</b></p> <p>We require cardiac prior authorization for:</p> <ul style="list-style-type: none"> <li>? Diagnostic catheterization</li> <li>? Electrophysiology (EP) implants: defibrillators and pacemakers</li> </ul>

Carrier	Category	Efforts and Achievements
		<p><b>RADIOLOGY PRIOR AUTHORIZATION PROGRAM</b></p> <p>We require radiology prior authorization for:</p> <ul style="list-style-type: none"> <li>? Advanced outpatient imaging</li> <li>? Positron emission tomography (PET) Scans</li> <li>? Computerized tomography (CT) Scans</li> <li>? Nuclear medicine</li> </ul> <p><b>INPATIENT CARE MANAGEMENT</b></p> <p>Inpatient care management (ICM) nurses perform on-site or telephonic review. Nurses evaluate all cases assigned early on the same business day and determine the frequency of review at that time.</p> <p><b>CONCURRENT REVIEW</b></p> <p>Concurrent review is a component of inpatient care management to ensure a hospital stay is proceeding as planned. Nurses complete an initial assessment to determine the goal length of stay, which determines the frequency of review and/or referral to other care management programs. Nurses use Milliman Care guidelines, internal protocols, and our proprietary risk-scoring tool to prioritize reviews.</p> <p><b>DISCHARGE PLANNING</b></p> <p>Nurses work with the attending physician and hospital to coordinate the timely delivery of hospital services. The inpatient care management team assists with the arrangements for alternative services or programs, as appropriate, and facilitates discharge and/or transition to a lower level of care at the appropriate time during the course of care. Members may also be enrolled in transitional case management for ongoing care or to holistically address a particular condition as part of notification or during discharge planning.</p> <p><b>TRANSITIONAL CASE MANAGEMENT</b></p> <p>Our Transitional Case Management program serves as a bridge between the hospital and home for members at high risk of readmission. Designed to ensure that post-discharge plans and home health care needs are being met, Transitional Case Management supports members with the greatest needs in order to avoid preventable hospital readmissions.</p> <p><b>ESYNC TECHNOLOGY PLATFORM</b></p> <p>eSync employs a technologically advanced solution and logic set to promote a healthier culture and long-term health care value for all consumer populations, from the most healthy to those at the greatest risk. This robust platform allows us to synchronize wellness, behavioral and clinical programs across the spectrum of care.</p>

Carrier	Category	Efforts and Achievements
		<p>The eSync Platform is a proprietary technology platform through which we synchronize health care management and deliver personalized health-management solutions. This platform encompasses the processes to:</p> <ul style="list-style-type: none"> <li>? Identify and segment population</li> <li>? Execute clinically-robust and highly personalized health management programs</li> <li>? Engage and activate at the consumer and provider level</li> <li>? Monitor and measure outcomes</li> </ul> <p>Our proprietary rules engine, or intelligence, that synchronizes an array of claims data (medical, laboratory and pharmacy) against Evidence-Based Medical Guidelines to identify opportunities to improve health care, prescription medication savings opportunities and safety issues. The rules engine is the part of the eSync Platform that identifies opportunities to engage the population to use the right provider, seek the right care, take the right medications and live the right lifestyle. More specifically, eSync drives the following:</p> <ul style="list-style-type: none"> <li>? Total population monitoring and holistic member view. Constant monitoring and synchronization of population data to build a holistic view of each member using a combination of pre-adjudicated medical claims, pharmacy data, lab results and leading clinical indicators as well as behavioral and worklife elements.</li> <li>? Proactive health management: <ul style="list-style-type: none"> <li>? Identification of opportunities for intervention relating to more than 50 states, such as heart failure, breast cancer, epilepsy, osteoporosis and depression. Disease monitoring gaps, medical management considerations, medication adherence and interaction alerts, provider and treatment choice options, lifestyle enhancement opportunities, and money saving tips are all used to help members make better informed decisions.</li> <li>? Because we are capturing incurred claim data, rather than adjudicated claim data, we have access to actionable information in as little as five days, where the industry average is 120 days. And, most importantly, because almost 65 percent of our value drivers are proactive, identifying opportunities before a major health event occurs, we can focus on prevention and not simply gaps in care.</li> <li>? Quantification and prioritization of opportunities for intervention using value drivers that evaluate the expected impact on utilization, spending and required effort to close gaps. We can prioritize and focus on those opportunities with the biggest potential clinical and cost impact. Value drivers focus on linking members with the right providers, the right treatments, the right medications and the right lifestyle choices. Members are guided to the optimal care providers and facilities for their unique care needs, including UnitedHealth Premium designated physicians and facilities as well as over</li> </ul> </li> </ul>

	<b>Cost Savings</b>	Providence Health Plan has invested in preventive care and chronic care management to improve on health care outcomes, implementation of interventions to prevent inpatient hospital readmissions, early adoption of voluntary patient safety reporting, initiatives in place to reduce complaints and potential medical errors, the Health Plan includes a comprehensive array of health and wellness promotion and preventive services through our Fit Together program and a best-in-class
	<b>Customer Service</b>	Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon, hours of operation 8:00 am to 5:00 pm PST, toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translation services available, automated voice response system and call tracking software for real time and historical activity. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a variety of self service options and tools.
	<b>District Management of Health Plans</b>	Providence Health Plan has best-in-class medical and care management services designed to achieve the Triple Aim (better care, better patient satisfaction at a lower cost). Through our care management programs and provider contracting efforts, we have the best regional PPO medical trends per recent surveys conducted by various consulting firms. In addition, our pharmacy management program has been recognized nationally as having the highest generic adoption rate and realizing reduced pharmacy costs and trend through our pharmacy benefit management efforts. Our pharmacy trend has been, and continues to be, the lowest in our regional market for several years. PHP will work with the districts and their producers or consultants to identify benefit design strategies to help meet budget goals and mitigate future cost increases.
	<b>Part-Time Employee Coverage Protection</b>	We allow coverage for part-time employees, if the employer requests it. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
<b>Carrier 7</b>	<b>Administrative Cost Reduction</b>	Integration of operational and administrative function into the GHC parent organization eliminates redundancy and controls administrative costs.
	<b>Cost Savings</b>	Pre-authorization requirements and large-case management services
	<b>Customer Service</b>	KPS continues to maintain levels of customer service for all customers that earned consecutive 'highest-rated' awards from OPM for the FEHB program.

- Rapid Improvement Event Program
- Sponsor/Champion Program
- Consultant Development Program
- Experiential learning in Lean/Six Sigma tools and approaches for Leaders

A number of managers have become Lean certified through creating systems improvements in scheduling, back office process design, and interdepartmental communication.

Our Major focus in 2012 and 2013 has been to improve the service experience by enabling more care inside our own system and by improving access. We were able to achieve breakthrough performance changes in both areas.

Specific examples of internalizations that have also improved service are Ventricular Assist Device, Retinal Surgery, Oncology in the Salem area, and Dialysis Access.

on a protected website with click-through graphics and comparisons. This initiative saved over \$30M in 2012. Since the inception of this initiative in 2006, it has saved KPNW over \$150M.

We have several advantages inherent to our model which facilitate appropriate clinical and financial incentives to optimally manage specialty care, hospital care, ancillary care, and home health care. Our physician payment model is a combination of salary and variable compensation. The variable compensation is based on achieving key service, access, quality, resource stewardship, and productivity targets. Outcomes are tracked, reported and managed regularly using transparent data. We are able to deliver all of the elements listed within the current Kaiser Permanente delivery system. Our “glue” is our electronic medical record that is built around the patient with all elements of the delivery system using this singular tool. Our strength is the integration of our delivery system. We are one entity, so we have solved the financial issue around incentives for coordination and cooperation.

Northwest Permanente P.C. (NWP) is an integrated medical group that includes Primary Care and Specialty Care together under one organizational umbrella. All providers are salaried with pay for performance incentives which are balanced between Quality/Evidence-Based Medicine, Service, Productivity and Resource Stewardship. This reimbursement model creates appropriate alignment to deliver high-quality affordable care. We do not have an incentive payment model that results in perverse incentives to over-treat and compromise our commitment to evidence based medicine. We not only embed evidence-based guidelines into our electronic medical record, we design our referral process around the proper scope of practice between primary and specialty care. The electronic referral process is mutually worked by both primary and specialty care and uses evidence based medicine, and expert consensus opinion. This process discourages unnecessary variation in care for common conditions.

We use shared decision making to determine when a specialist or test is needed, but remain focused on the voice of the customer through the process. We ensure through our electronic systems that we do not duplicate tests. We have significantly reduced our re-admission rates through our transitions in care process which connects patients to primary care and pharmacy upon discharge.

Evidence-based guidelines are embedded into our electronic medical record. We have established agreements on

evidence, and indications to allow primary care referrals to specialty care and specialist referrals to outside consultants for unusual circumstances. We track referrals regularly to monitor appropriate utilization and staffing needs. We track imaging utilization down to the individual provider level for critical imaging services in order to support evidence-based ordering.

The Kaiser Permanente Dental Care Program (KPDCP) has demonstrated with multi-disciplinary clinical teams, care coordination and integration with our medical services, that we are totally committed to fully integrate our dental capability within this total health model. Our Dental Care Program envisions a future where our dental and medical providers work side-by-side at a heightened level to coordinate our members' care. When both medical and dental plans are with Kaiser Permanente, members have access to:

- Services in one convenient location, or nearby: doctors, dentists, optometrists, pharmacy and lab.
- The ability to fill prescriptions at a Kaiser Permanente pharmacy located near, and sometimes, at the same location as the dental office.
- An integrated care model with our dental offices having access to pertinent member electronic medical information to help identify preventive screening gaps and provide member reminders for medical tests that are due.
- Electronic medical records dentists can access with the most updated list of medications and allergies. This ensures the unparalleled safety for patients that are receiving care in our integrated model
- Screenings at dental appointments to check for signs of diabetes, high blood pressure, and oral cancers with direct referrals made to a Kaiser Permanente medical physician when risks are identified.
- Use of Kaiser Permanente medical Tumor Registry TRAK electronic system for all oral tissue biopsies performed in the dental care program. This registry records biopsy results and tracks cases to ensure follow-up is appropriate and timely.
- Tobacco use screening for patients over the age of 13 at every exam appointment, and offered referral assistance to health coaches for those members who want assistance in quitting smoking.

We partner with community providers, including OHSU, Salem Hospital, Providence St. Vincent, and starting in the fall 2013, Legacy Salmon Creek Medical Center, along with others to provide care to our members. Our relationships with strategic hospital partners and providers are designed to closely mirror our Kaiser Permanente integrated care model. For example, Northwest Permanente hospitalists and specialists are part of the hospitals' medical staff, and retain the

---------	----------	--------------------------

responsibility of managing Kaiser Permanente members onsite at the contracted hospitals. Maximum integration of the hospitals' and IT systems to ensure timely exchange of clinical data in support of patient care is an essential component of our relationships with our hospital partners. Northwest Permanente physicians actively collaborate with other physicians and hospital administration on joint quality improvement projects, and routinely share best practices to improve, not just the health of KP members, but the health of the community of patients served by the hospital.

Performance-based payment models are included in the contracts with our strategic hospital partners as well as our medical group partner, The Portland Clinic. We collaborate closely to select measures that will positively impact quality, patient satisfaction, and safety, and that have the greatest potential for positively impacting the care of the entire patient population served by the hospital or clinic. Selected hospital metrics include readmission rates, patient falls, surgical site infection rates, and patient satisfaction with care received at that hospital.

We set yearly inpatient utilization targets using PDR (patient day rate) and track them regionally and by medical office. We have a focused approach to optimizing inpatient care and utilization which we call IQM (inpatient quality management).

The key elements of IQM are:

- Ensure patients receive the right care in the right place, at the right time, with the right person.
  - o Hospitalists make all medical admission decisions and determine appropriateness. If the patient needs a specialty admission, the specialist makes the decision (this approach contrasts with many systems in which admission decisions are made primarily by ED clinicians).
- Systems to ensure an appropriate “pause” to be sure all providers agree on the planned admission.
- Systems to ensure exceptional communication between hospitalists, Emergency Department (ED) clinicians, and specialists.
- Care coordinators are paired with ED, hospitalist teams and specialty teams.
- The admission teams are expected to plan the length of stay.
- Formal IQM rounds 3 days/week at Kaiser Sunnyside Medical Center (KSMC) to identify any system issues that are delaying necessary care.

Carrier	Category	Efforts and Achievements
---------	----------	--------------------------

- Our Skilled Nursing team is linked in with KSMC care coordinators to optimize timely placement of patients to Skilled Nursing Facilities.
- Our IQM rounds focus on the most common issues that delay care and result in lack of optimal care (uncontrolled pain, unidentified palliative care issues, long lengths of stay, family and social issues). We also track short length of stays to determine if there were potential alternatives to admission.

The core elements we track and monitor to ensure we deliver excellent inpatient care include:

- Patient Day Rate across the region and by medical office building.
- Hospital Consumer Assessment of Healthcare Providers and Systems (HCAHPS) scores. The HCAHPS survey is a national, standardized, publicly reported survey of patients’ perspectives of hospital care. We believe that as we improve communication and patient engagement, our HCAHPS scores improve and IQM improves. HCAHPS scores are individually measured by hospitalists and part of their performance evaluations. We have a dedicated team of physicians who are dedicated to ongoing improvements in physician communication with hospital staff, patients and families.
- Readmission rate is tracked overall for all hospitals and down to the individual clinician level when appropriate. We have a Transitions team that reviews all readmissions to identify potentially avoidable readmissions.
- Length of Stay is tracked to individual hospitalists and by specialty department and in selected circumstances to the individual specialist.
  - o Hospital acuity adjusted mortality
  - o TJC measures
- Our pathology department leads efforts to ensure appropriate laboratory testing utilization.
- Productivity targets set against national and local hospital benchmarks and departmental level tracking of performance utilizing Action OI national hospital database (Action OI (operational improvement) from Truven Health Analytics, formerly Thomson Reuters, is a database that contains operational benchmarks for the hospital industry).

We have systems in place to ensure that the patients get the appropriate timely follow up in both primary and specialty care. Also, similar to the after-visit summary given to patients after every visit, the patient receives a personalized hospital discharge summary that is part of their global electronic medical record. This includes information about his or her hospital

course, instructions, medications, follow-up plans, as well as whom to call.

Our dedicated preventive approach provides a remarkable combination of lower-cost, higher-quality care. Because we're set up differently, we're aligned to better deliver what matters to you: improved health, better clinical outcomes, more value, and consistent service.

Our integrated care has both the mission and the ability to focus on prevention. It's an approach that helps keep your employees healthier and your costs lower, because it costs less to prevent chronic conditions than it does to treat them. This focus on prevention helps keep our members healthier—and as a result, members incur fewer costs in the more expensive treatment categories, such as procedures, surgeries, and hospital admissions.

**Customer Service**

**Uniform Medical Plan:**

The Health Care Authority has industry standard customer service requirements in place with our contracted Third Party Administrator (TPA). The standards are measured and subject to financial penalties and a corrective action plan if the goals are not met.

**Group Health:**

-Group Health's Quality Assurance Program utilizes call monitoring to measure, manage, and improve the Quality performance of individual representatives and the call center overall. Customer Service representatives calls are randomly recorded and monitored to use them as a performance evaluation tool and determine if representatives are meeting Quality standards. to ensure consistency in scoring, supervisors and leads who monitor the calls meet to calibrate on a weekly basis.

-Monthly we review calls escalated to our leads and misquoted benefits to determine coaching opportunities for each representative.

-we use our documentation of the reason for the Customer contact to identify trends so we can provide scripting, training,

Arlington School District	<b>Part-Time Employee Coverage Protection</b>	SD reduced required 3.5 hours for medical to 2 hours per day. Premera works with enrollee to get coverage when full time hours have decreased.
	<b>Premium Differential Reduction</b>	SD is negotiating with bargaining groups currently. Premera introduced lower plans such as Easy Choice and HDHP.
	<b>Administrative Cost Reduction</b>	The District has evaluated the health care plans and has requested and marketed the plans and received proposals in each of the past three years to confirm that administrative costs on the carriers is competitive.
	<b>Cost Savings</b>	APS offers all of the WEA plans including the lower cost EasyChoice options. APS also offered an Health Savings Option to employees beginning in 2012.
	<b>Customer Service</b>	APS holds an annual benefits fair for employees which is well attended. Providers from each of the major health care insurance companies attend and provide information to employees. The HR Benefits Specialist also schedules "drop-in" meeting times at each of the District's facilities. APS also provides a benefits website that consolidates all plans available to our employees. The District is committed to providing additional communications throughout the year to provide proactive services
	<b>Part-Time Employee Coverage Protection</b>	APS continues to offer healthcare benefits with prorated allocations for employees who work a minimum of 17.5 hours per week.
	<b>Premium Differential Reduction</b>	The District has an established Benefits Committee which is made up of representatives from each of the following groups: teachers, administrators, classified and exempt. This committee met and agreed upon a moderate movement towards reducing the differential between employee and full family coverage. Additionally Arlington Public Schools (APS) offers low cost options via the EasyChoice and CIGNA health plans.
Asotin-Anatone School District	<b>Administrative Cost Reduction</b>	We do not have any administrative costs at this time.

District	Category	Efforts and Achievements
Auburn School District	<b>Cost Savings</b>	We work closely with our our broker, our insurance committee and with AON/Hewitt to insure we are offering the most cost effective coverage for our area. We are continually looking at alternative solutions that may offer a better cost savings to our employees
	<b>Customer Service</b>	In 2011-12 we implemented a Health Benefit Fair in which we invited all of our insurance carriers, as well as local vendors, such as Costco or the Asotin Health Department to set up a booth for staff. We allow time on one of our half days in the fall for staff to meet with insurnace companies, local vendors and the health district to get information on open enrollment, personal questions, and even get a flu or whooping cough vaccine on site. This year we will expand on this by offering free blood screening checks and various other wellness tools to make it easy for our staff to adopt healthier lifestyles.
	<b>Part-Time Employee Coverage Protection</b>	We offer all benefits to all employees who work 4 hours or more 5 days a week during the school year. (20 hours a week.) This is beyond the federal minimum of 30 hours per week. This is part of our union agreements for both groups (certificated and classified)
	<b>Premium Differential Reduction</b>	Since all our plans are composite only we do not have differential between employee only and full family. An employee can select from a variety of plans that will meet both their financial needs as well as their benefit needs.
	<b>Administrative Cost Reduction</b>	ASD purchases medical plans through the WEA benefits program. The WEA program is an efficiently run program with low administrative cost to the District for the management and maintenance of these plans. In addition, the WEA has recently taken steps to reduce the overall administrative costs to districts even further by streamlining the enrollment process through their new online enrollment
	<b>Cost Savings</b>	ASD has made progress by aggressively negotiating lower premiums on their Group Health medical plan, making strategic benefit plan alterations, and by offering an HSA-Qualified High Deductible Health Plan so that employees may cover family members at significantly lower premiums.

<b>District</b>	<b>Category</b>	<b>Efforts and Achievements</b>
<b>Bainbridge Island School District</b>	<b>Administrative Cost Reduction</b>	In fall of 2012, BISD formed a benefits committee made up of bargaining group representatives and district administration, for the purpose of evaluating the cost of the benefits plans and considering the possibility of consolidation of the plans for better administrative efficiency.
	<b>Cost Savings</b>	BISD has made progress by aggressively negotiating lower premiums on their Group Health and KPS medical plan offerings, making strategic benefit plan alterations, and by offering an HAS-Qualified High Deductible Health Plan so that employees may cover family members at significantly lower premiums.
	<b>Customer Service</b>	Our district offers employees both a Benefits Website and a Benefits Helpline. The website contains summaries, comparisons, forms and cost information as well as links to carrier information for all of the District's benefit plans in one place. It is widely accessed by employees and their family members. The helpline is very popular and used by employees and their families for assistance with choosing a medical plan, calculating costs, learning about HSA's and much more! BISD works collaboratively with bargaining groups to support employees with claims and eligibility issues. In addition, when questions about benefits arise, BISD works with the benefits broker and the Insurance Committee to create one-page, easy-to-read newsletters that are specific to the BISD population's needs and concerns.
	<b>Part-Time Employee Coverage Protection</b>	Part-time employees' access to coverage has not changed in recent years. Part-time employees remain eligible for the same benefits as full-time employees when they work at least 4.0 hours a day or 20 hours per week. Medical insurance is optional and the district contribution for part-time employees is prorated based on the number of hours worked. Part-time employees can choose to enroll in medical as long as they have sufficient salary each month from which the employee's share of the costs (if applicable) may be deducted and paid to the carrier on a twelve-month basis. BISD and bargaining groups are aware that for part-time employees working 30 hours per week or more, full implementation of the 3:1 premium sharing as required by ESSB 5940 may subject the district to penalties under the Shared Responsibility Provision of the Affordable Care Act.

Battle Ground School District	Administrative Cost Reduction	<p>A. Our district has added a Benefits Website for employees to use to get answers to basic questions, get forms and links to the carriers</p> <p>B. Premera has been a leader in implementing ?Lean? thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in ?Lean? workshops so they can incorporate them into their own business. ? including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA?s administrative costs have been under 6% for over 10 years.</p> <p>C. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area. Kaiser: 2012 initiatives included finding efficiencies across various administrative areas by reducing manual processes and process improvement. Administrative initiatives saved \$9.6M in 2012 and KP Information Technology initiatives saved \$9.7M</p> <p>Kaiser Permanente Northwest (KPNW) has adopted a Lean Six Sigma management system and has been building the capability since 2006. This innovative approach includes National Labor Management Partnership at the frontline level. This system is based on the attributes of high-performing organizations and incorporates features of quality management systems?including Lean, Six Sigma, and the Institute for Healthcare Improvement?s Model for Improvement.</p> <p>KPNW currently has a Greenbelt and Blackbelt program for our leaders and entire organization with 15 certified Blackbelts and 45 certified Greenbelts. In addition our National Improvement Institute program has trained over 400 frontline teams. Annual advanced skill training in process improvement is provided to our frontline teams for continuous development of these skill sets.</p>

	<p><b>Customer Service</b></p> <p><b>Part-Time Employee Coverage Protection</b></p> <p><b>Premium Differential Reduction</b></p>	<p>The primary focus of the Bremerton Benefits Committee is educating employees about their benefit plans; what is covered, how to access it, and how to appropriately use the benefits. This education encourages cost-saving activities such as using generic drugs over brand name drugs, utilizing mail order for maintenance prescriptions and using urgent care facilities instead of the emergency room when appropriate. In addition to cost savings, this education also reduces claim issues thus improving the overall opinion of the benefit programs as employees maximize the benefits of their plan. Regarding billing, eligibility or claims issues, Plan Administrators Inc., acts as an intermediary working directly between the employee/patient and the respective carrier. Plan Administrators Inc., assists individuals by providing quick and effective resolution to a claim which reduces the administrative burden to the Bremerton administration and payroll staff</p> <p>Not Applicable. Bremerton abides by current State and Federal regulations regarding providing access to K-12 employees.</p> <p>The WEA/Premera Association plans provide set rates for all districts throughout the State. These association plans do not allow districts to participate in the rating or have a say in how premiums are weighted. Bremerton must rely on the association to fully adopt this mandate. For non-association carriers, the option to weigh premiums by increasing the employee only premiums and reducing the employee family premiums is a discussion topic for the upcoming renewal. The benefit committee will review the pricing options and work to reduce the rate differential between employee only and employee family rates. Bremerton's primary concern regarding weighing the non-association plan premiums is this cost shifting while lowering the cost for the employee and family will increase the cost for the employee only coverage. This factor could make the employee only rate too expensive, thus making it an unrealistic medical offering. Furthermore, the 3:1 pricing model is not mathematically possible considering the mandatory coverages (dental, vision, life and disability) are removed from the state allotment first and then the remaining amount is used for medical. This factor needs to be addressed and understood. Placing blame on any district for not reaching this</p>

The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business - including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area.

Burlington-Edison School District	Administrative	N/A
	Cost Reduction	
	Cost Savings	We are contracting with carriers who promote generic drug use through a lower cost prescription. Our insurance broker is continually analyzing the market for coverage options. We are also looking into a multi-district benefits consortium in an attempt to increase our purchasing power to secure better rates and coverage.
	Customer Service	We follow our approved policies and procedures for determining employee eligibility and enrollment procedures to ensure consistency. Our benefits broker provides support to our employees with coverage and benefits questions.
	Part-Time Employee Coverage Protection	All employees who work a minimum of 18.75 hours/week are eligible for medical coverage.
Camas School District	Premium Differential Reduction	Every employee with medical pays some out pocket. Certificated employees with full family coverage received additional funds toward medical premium.
	Administrative Cost Reduction	We have not made any progress towards reducing administrative costs. The increase in plan offerings, new reporting requirements, and new federal health care requirements have significantly increased the time spent administering health care for our district and its employees.
	Cost Savings	Each year we evaluate our offerings and present information to our unions. To date, we have not negotiated any changes to our plans. We have expanded benefit choices with lower costs within the Premiera suite of offerings.
	Customer Service	We have not made any progress towards the improvement of management, delivery, and administration of employee health benefits as most of what we do is dictated by the insurance carriers and federal and state laws related to the administration of benefits. I can only see increases in time spent in the future.
	Part-Time Employee Coverage Protection	Classified employees who work 20 hours or more per week and Teachers who work 17.50 hours or more per week are eligible for coverage, even if they only work a partial year.

<b>District</b>	<b>Category</b>	<b>Efforts and Achievements</b>
<b>Castle Rock School District</b>	<b>Administrative Cost Reduction</b>	Do not have administrative expenses as described in this survey.
	<b>Cost Savings</b>	Meet annually with Kaiser to review costs & look at other health provider company rates. Review with district committee choosing best plans with lowest premiums for the year. Plans include copayments for emergency room services, monitor controlled medical substances to provide protection for members & an open drug formulary to provide choices for members & ensure drugs are cost effective.
	<b>Customer Service</b>	Hold annual benefit fair. Premera & Kaiser provide a website with access to employee benefits, costs. Premera & Kaiser do surveys regarding member satisfaction & work on making changes to improve. Premera & Kaiser send periodic newsletters to employees with information on their plans & articles on living a healthier lifestyle. Kaiser provides yearly health analysis report which includes health risk
	<b>Part-Time Employee Coverage Protection</b>	CBA's & board policy offer coverage to all employees who average 17.5 hours or more per week at FTE coverage. WEA Select Plans added lower cost options including EasyChoice Plans & HDHP Plan.
	<b>Premium Differential Reduction</b>	.5% has been assessed to all employees as mandatory out of pocket cost. WEA Select Plans added lower cost options including EasyChoice Plans & HDHP Plan.
<b>Centerville School District</b>	<b>Administrative Cost Reduction</b>	As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost
	<b>Cost Savings</b>	This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment.

	<p data-bbox="604 440 814 776"><b>Customer Service</b></p> <p data-bbox="604 781 814 1052"><b>Part-Time Employee Coverage Protection</b></p> <p data-bbox="604 1057 814 1198"><b>Premium Differential Reduction</b></p>	<p data-bbox="821 440 1929 776">District employees enjoy both a Benefits Website and a Benefits helpline. The benefits website contains information for all the Districts benefit plans in one convenient place and is widely accessed by both employees and their family members. It contains summaries, comparisons, calculators, forms and links to information and resources provided by the insurance carriers. The helpline is available for employees and their families when they have questions about their District benefits. During the most recent Open Enrollment periods, in a period of 30 work days, the benefits helpline took a large number of phone calls on a wide variety of topics. Satisfaction with the helpline and website is extremely high. CKSD works collaboratively with bargaining groups to support employees with claims and eligibility issues. In addition, when questions about benefits arise, CKSD has worked with our benefits broker and the IAC to create newsletters that are specific to the CKSD population's needs and concerns.</p> <p data-bbox="821 781 1929 1052">Part time employees access to coverage has not changed in recent years. Part time employees remain eligible for the same benefits as full time employees when they meet the Districts definition of eligibility. Medical insurance is optional and the district contribution for part time employees is prorated based on the number of hours worked. Part time employees can choose to enroll in medical as long as they have sufficient salary each month from which the employees share of the costs, if any, may be deducted from their paycheck. CKSD and bargaining groups are aware that for part time employees working 30 hours per week or more, full implementation of the 3:1 premium sharing as required by ESSB 5940 may subject the district to penalties under the Shared Responsibility Provision. In addition to efforts in making family coverage more affordable, in 2012 the WEA re-tiered one of the plan offerings (Easy Choice Plan) to reduce the differential between the employee-only and full family coverage. CKSD currently offers this plan design to employees. We continue to examine in detail, various proposals to make progress toward a 3:1 premium sharing ratio for employees.</p>

<b>Cheney School District</b>	<b>Cost Savings</b>	QHDP and HSA offered. Lower cost Easy Choice plan available.
	<b>Customer Service</b>	New employee orientation offered annually. Employee benefit fair held at the beginning of each year. Emails and medical packet provided to all employee groups with medical rates and comparisons. <i>Make sure our medical websites are available to employees</i>
	<b>Part-Time Employee Coverage Protection</b>	Extra pooling dollars added to some of our employee groups. Low dollar threshold for employer provided coverage.
	<b>Premium Differential Reduction</b>	1% required in all employee groups. Premera Easy Choice options available. High deductible plan is offered along with a Health Savings Account.
	<b>Administrative Cost Reduction</b>	We worked with our insurance consultant to switch from a % of premium commission to a flat per member per month fee that will limit future increases in commission costs, and not provide an <i>automatic increase in commission every time the premium increases</i>
	<b>Cost Savings</b>	We offer an array of benefit plan options that intends to meet all employees needs related to both cost and benefits. We offer opportunities for our employees to meet one-on-one with benefits specialists prior to enrollment to ensure that employees are making the most cost effective decision to <i>meet their needs</i>
	<b>Customer Service</b>	Our benefits committee features representatives from each employee group at the district, along with administration and the district's benefit consultant. This group acts as a sounding board for employee needs, and allows for educational communication to be planned. We also provide the opportunity for each of our employees to receive one-on-one counselling about the benefit options available to them. We provide a benefits handbook with contact information for each service provider, along with summaries of each of the plans available to them. Our benefits fair provides employees with an opportunity to interact with benefit carriers and consultants to become more familiar with their plan offerings. We also provide periodic communications on helpful benefit topics, along with wellness
	<b>Part-Time Employee Coverage Protection</b>	We continue to provide coverage to part time employees, with eligibility requirements of .5 FTE for Certificated, Admin, or Non-represented employees, and 20 hours per week for classified staff. This eligibility requirement is lower than the federal requirement. Part time employees receive benefit allocations from the state, and are also eligible to participate in the pooling process in their respective

<b>Cle Elum-Roslyn School District</b>	<b>Administrative Cost Reduction</b>	The district does not purchase consulting services for administration of health care programs.	
	<b>Cost Savings</b>	The district has engaged both union bargaining groups in discussions regarding affordable choices and researching options available from other providers beyond WEA plans. Information has also been provided for the PEBB insurance plans. Representatives of each bargaining unit and administration have met in an effort to collaboratively work together to work toward reduction of premiums while	
	<b>Customer Service</b>	Employees have been provided information regarding health care options available and projected premiums.	
	<b>Part-Time Employee Coverage Protection</b>	Due to financial restraints the district provides an insurance benefit based on FTE. Due to the school calendar, part-time employee benefits are based on 1,440 hours for a 1.0 FTE.	
	<b>Premium Differential Reduction</b>	Due to collective bargaining, the district has not "dictated" any required changes to coverage. However, as progress is made toward more affordable health care, a collaborative effort will continue to reduce the differential between employee only and full family coverage. Impacting the differential is the allocation of insurance dollars as a benefit for the employee. Additional family coverage is at the discretion of the employee. Due to the pooling of benefits, the district provides an insurance benefit based on FTE. Pooling dollars are applied to the employee first, with any unused dollars becoming part of the pool. The district has not provided an additional allocation beyond the state contribution

	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	The district offers all part-time employees the option of taking medical insurance.  The district uses pooling.
<b>Evaline School District</b>	<b>Administrative Cost Reduction</b>	Evaline offers benefits through WEA. We do not pay a fee for them to administer our benefits, create our plan summary or providing enrollment portal through Aon Hewitt
	<b>Cost Savings</b>	Plan/rate offerings through WEA Select
	<b>Customer Service</b>	Upon hire and during open enrollment, employees are given benefit eligibility information and rate sheet.
	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	Part time staff are offered Health Care benefits based on Blue Cross work hours eligibility. Employees have the option to waive coverage.  WEA plan offering - tier rate system with multiple plans offered with different deductibles/co-pay and coverage level rates.
<b>Everett School District</b>	<b>Administrative Cost Reduction</b>	We already have low administrative expenses. We try to continue to provide the best information at the lowest costs to our employees in this rapidly changing environment to make the most informed decision for their individual family coverage needs
	<b>Cost Savings</b>	1-Real-time access to consumer decision-support resources to help enrollees understand and direct their health care needs. 2-Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. 3-Awareness in health and weight loss with our Wellness Program offerings.

District	Category	Efforts and Achievements
Evergreen School District (Clark)	<b>Customer Service</b>	1-We are continually improving our activities in our Wellness Program offerings. 2-Open enrollment benefit fairs to have representatives on hand to explain benefits to the employees and their families. We include flu shots for those that want them. 3-Offer the supplemental programs that the employees are looking for at affordable costs.
	<b>Part-Time Employee Coverage Protection</b>	1-We offer our plans to benefit FTE .333 which is a lower FTE than the state provides to their employees. We continue to try and offer options for all employees needs.
	<b>Premium Differential Reduction</b>	1-We already meet this requirement with all of our plan offerings for the percentages that the legislature has required of school districts.
	<b>Administrative Cost Reduction</b>	The district is in the process of hiring a new insurance broker, the goal is to outsource much of the open enrollment process as possible, and also to streamline the insurance choices to one set for the whole district
	<b>Cost Savings</b>	All groups have offered alternate high deductible plans this fiscal year and have set a minimum, but this is a work in progress
	<b>Customer Service</b>	The district is looking for consistency with insurance choices within the insurance plan as well as implementing affordable plans options for all
	<b>Part-Time Employee Coverage Protection</b>	The district is continuing to work on this, we are offering the programs. The teacher and office clerical groups are prorating the benefit dollars. This is a collective bargaining issue for us.
Evergreen School District (Stevens)	<b>Premium Differential Reduction</b>	This was addressed through our insurance carriers last year, but is a work in progress as we determine the minimum deduction definitions for future years. We are working on this with our bargaining groups. And we are also looking for the continuing information from the state
	<b>Administrative Cost Reduction</b>	Due to the very small size of our District, we do not have any administrative costs directly associated with offering a full benefits package. We plan to continue to offer a full sweet of benefits and do not see the need for any additional administrative expenses in the near future

District	Category	Efforts and Achievements
<b>Federal Way School District</b>	<b>Premium Differential Reduction</b>	Evergreen has been fortunate to be able to cover all employee's medical insurance premiums via pooling dollars. During 11-12, no employee's needed coverage for a full family which aided in the ability to pool excess dollars to cover all medical premiums.
	<b>Administrative Cost Reduction</b>	FWPS' administrative expenses for health care are nominal. The only commission income on medical insurance is for Group Health HMO, which is set at 0.3%, or in FY 11-12 \$14,312.78. This structure is being converted to a flat per employee amount
	<b>Cost Savings</b>	During Calendar Year 2012, the District added a high deductible plan as an option for employees.
	<b>Customer Service</b>	We hold a benefit fair each year in an outreach effort to educate employee on the changes in coverage and what choices they can make to reduce their costs. In addition, Benefit Booklets are prepared and posted on the web site. In Calendar Year 2012 these booklets were also mailed home to every eligible employee due to the significant changes. In addition to a standing Benefits Committee, District staff are often invited to various union meetings to discuss and various benefit offerings.
<b>Ferndale School District</b>	<b>Part-Time Employee Coverage Protection</b>	Classified employees working a minimum of 20 hours per week during the school year are eligible for medical coverage. Certificated employees working 1/2 time or more are eligible for medical coverage. While state funding formulas translate the difference between certificated and classified "FTE" (1440 hours vs 2080 hours) as a 1.152 adjustment, classified staff in FWPS for benefit purposes are treated
	<b>Premium Differential Reduction</b>	We added a high deductible medical plan in 2012-13 along with a medical spending account. We continue to pool the employer benefit dollars allocated to each group. We have worked to educate employees on the impact of their choice of coverage so people do not cover more than they need to.
	<b>Administrative Cost Reduction</b>	We have worked with carriers and our consultants to reduce administrative costs within both our fully-insured and self-insured plans, with the exception of Premera Blue Cross that doesn't provide the district with a summary of administrative costs so it is not possible to have an impact on those plans.
	<b>Cost Savings</b>	We have implemented the following steps: <ol style="list-style-type: none"> <li>1. Consumer Driven High Deductible Health Plan with an optional Health Savings Account offered as of 10/01/12.</li> <li>2. Use of purchasing consortium/Interlocal to purchase some benefits at a lower cost across several districts.</li> <li>3. No longer offering the highest cost Premera PPO1</li> </ol>

	<b>Administrative Cost Reduction</b>	<p>As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost</p>
	<b>Cost Savings</b>	<p>We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment</p>
	<b>Customer Service</b>	<p>We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translation services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a</p>
	<b>Part-Time Employee Coverage Protection</b>	<p>We offer benefits to part time employees who work 20 hours or more per week. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.</p>

Goldendale School District	<b>Premium Differential Reduction</b>	We have completed a Memorandum of Understanding with our union representatives to make a good faith effort to comply with ESSB 5940.
	<b>Administrative Cost Reduction</b>	As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost
	<b>Cost Savings</b>	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment
	<b>Customer Service</b>	We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translation services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a
	<b>Part-Time Employee Coverage Protection</b>	We offer benefits to part time employees who work 20 hours or more per week. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
	<b>Premium Differential Reduction</b>	We are scheduling meetings with BCI Group, our benefits consultant, and our union representatives to discuss ESSB 5940 provisions and compliance.

	<b>Part-Time Employee Coverage Protection</b>	<p>A. We have continued to work with all purchasing/bargaining groups to determine the appropriate eligibility requirements to meet their specific group's benefits needs. This goal is not necessarily consistent with Reducing the Differential between employees covering and not covering dependents above. Simply put, when eligibility hours for benefits are reduced, there is a negative impact on pooling, thus increasing the cost for those employees attempting to purchase coverage for themselves and dependents.</p> <p>B. WEA Select Plans - when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program.</p> <p>C. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.</p>
	<b>Premium Differential Reduction</b>	<p>A. We have done the following: 1. Implemented minimum premium contribution for all employees, effectively increasing the employee only cost and reducing the cost for covering dependents. 2. No longer offering the highest cost, Premera PPO 1 Plan as an option, since it was discontinued on 10/01/2012 by Premera BC. This change increased pooling dollars available across all bargaining groups. It should be noted that since this tracking was only required as of passage of ESSB 5940 in 2012, the first year our district will have accurate data will be the 2012-13 plan year.</p> <p>B. WEA Select Plans - Passed on lower increases to dependents than to employee only tiers for the past two years.</p> <p>C. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.</p> <p>D. WEA Select Plans - used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage.</p>

Hockinson School District	<b>Administrative</b> <b>Cost Reduction</b>	<p>Premera has been a leader in implementing "lean" thinking since 2005, with a goal to improve quality, improve the member experience while eliminating wasted time and work effort, improve efficiency while lowering expense. Premera uses this method to continue to evaluate and improve internal/external processes. Through "Lean" Premera has reduced overall administrative costs from 8.8 % in 2005 to 6.3% in 2012.</p> <p>Kaiser 2012 initiatives included finding efficiencies across various administrative areas by reducing manual processes and process improvement. Administrative initiatives saved \$9.6M in 2012 and KP Information Technology initiatives saved \$9.7M</p> <p>Kaiser Permanente Northwest (KPNW) has adopted a Lean Six Sigma management system and has been building the capability since 2006. This innovative approach includes National Labor Management Partnership at the frontline level. This system is based on the attributes of high-performing organizations and incorporates features of quality management systems including Lean, Six Sigma, and the Institute for Healthcare Improvement's Model for Improvement.</p> <p>KPNW currently has a Greenbelt and Blackbelt program for our leaders and entire organization with 15 certified Blackbelts and 45 certified Greenbelts. In addition our National Improvement Institute program has trained over 400 frontline teams. Annual advanced skill training in process improvement is provided to our frontline teams for continuous development of these skill sets. Our Major focus in 2012 and 2013 has been to improve the service experience by enabling more care inside our own system and by improving access. We were able to achieve breakthrough performance changes in both areas.</p> <p>Specific examples of internalizations that have also improved service are Ventricular Assist Device</p>

	Cost Savings	<p>1) The district has formed an insurance committee to evaluate plans and vendors to ensure they were providing the best cost savings to our members.</p> <p>2) Premera Blue Cross has worked hard in the area of "Provider Contracting" to ensure there are a high number of "in network" provider's which has allowed for a higher number of enrollees and higher discounts. Premera also works with many large employers which provides better cost sharing benefits. Evidence-based medical initiatives that allow Premera to provide efficient and cost effective care as well as identifying appropriate alternative care based on the member's needs. Thy also provide real-time access to consumer decision support. Provider Advisory Groups to monitor policies and procedures for cost and care efficiencies. Implemented Member 360 dashboard a proprietary tool that uses more than just claims to identify member with specific healthcare needs to make sure the enrollee is receiving cost effective care in an appropriate setting.</p> <p>3) Kaiser:  Expanded onsite wellness partnerships. Has continued to improve pharmaceutical costs by effective and timely conversions to generic products, working it providers to ensure appropriate usage and prescribing patterns and leveraging lower cost formulary products when appropriate. Provide data on physician prescribing patterns by provider name, location and specialty for specific targeted drugs. This initiative saved over \$30M in 2012. Since the inception of this initiative in 2006 it has saved KPNEW over \$150M. Northwest Permanente P.C. (NWP) is an integrated medical group that includes Primary Care and Specialty Care together under one organizational umbrella. All providers are salaried with pay for performance incentives which are balanced between Quality/Evidence-Based Medicine, Service, Productivity and Resource Stewardship.</p> <p>We have significantly reduced our re-admission rates through our transitions in care process which connects patients to primary care and pharmacy upon discharge.</p> <p>ò Tobacco use screening for patients over the age of 13 at every exam appointment, and offered referral assistance to health coaches for those members who want assistance in quitting smoking.</p>

<b>Hood Canal School District</b>	<b>Part-Time Employee Coverage Protection</b>	The district makes sure there are lower cost options available to part time employees. Premera and Kaiser willingly work with part time employees to see which plans will provide them with the best possible coverage for the least amount of premium and out of pocket costs.
	<b>Premium Differential Reduction</b>	The district works closely with each vendor to reduce the differential between employee only and full family coverage. Rather than lowering cost differentials to favor family coverage, Kaiser uses cost saving efforts to keep the total rate package affordable.
	<b>Administrative Cost Reduction</b>	WEA Select Plans/Premera passed on lower increases to dependents than to employee only tiers for the past two years. They have also added lower cost options such as the Easy Choice plan that have lower premiums and many first dollar benefits as well as the HDHP plan. In addition, Premera plans used the projected savings from the dependent eligibility audit to apply towards the dependent tiers. Premera has been a leader in implementing "lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal and external processes; and Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over ten years.
	<b>Cost Savings</b>	Premera has the following included in all WEA medical programs: Premera has the highest number of providers "in network" in the state; the volume of enrollment in Premera assists in negotiating higher discounts locally and nationally; plans include copayments for emergency room services (waived if admitted), inpatient hospital admissions; and an open drug formulary that provides choices for members and their physicians while being prudent and ensuring the drugs are cost and care effective.
	<b>Customer Service</b>	Premera provides a website with access to information about the employee benefits, which includes a cost estimator to help determine what provider may require less out-of-pocket costs for the employee; the website provides educational information about wellness programs and their plan benefits; Premera does independent surveys to measure member satisfaction and puts a focus on making changes to improve satisfaction; Premera offers workshops which include customer service, and claims and billing processes; the Premera sales team provides year-round servicing and is available

Kahlotus School District	<b>Cost Savings</b>	Educated on SHB5940 and then all agreed to eliminate WEA Blue Cross Plan 5 effective 10/1/12. 7/2012-Met with benefits committee with each union representation present to eliminate Blue Cross Plan 1 (mandatory). Effective 10/1/13 will eliminate one dental plan.
	<b>Customer Service</b>	Each year, we review our current plan offerings, particularly our health plans to ensure they are meeting our employees' needs. The District conducts annual benefits fair. In addition we have available the Benefits website. The website contains information for all benefit plans; benefits cost estimator, forms and links to insurance carriers. In cooperation with our bargaining groups through the Employee Advisory Committee, we meet as needed (3 to 4 times annually) to review various plan
	<b>Part-Time Employee Coverage Protection</b>	The District maintains an eligibility threshold of 20 hour/week (minimum) which exceed the new federal standard for access to health care, and also exceeds the access provided in many other school districts.
	<b>Premium Differential Reduction</b>	The District has worked with Propel Insurance Brokerage to review Group Health and WEA plans in an effort to keep cost affordable. Group Health and WEA plans in 2012-13 decreased the premium differential between single coverage and full family coverage so that progress toward the state 3:1 goal was made. Effective 10/1/12 the District eliminated WEA Plan 5 (District Cadillac plan). District continues to make process towards the goal of 3:1 ratio between the payroll deduction for Employee plus Family coverage and Employee Only coverage by implementing a tier system charging higher out-of-pocket employee share for higher cost medical plans.
	<b>Administrative Cost Reduction</b>	Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes.
	<b>Cost Savings</b>	Premera / WEA Select Plans have the largest number of providers "in network" in the state.

Klickitat School District	<b>Premium Differential Reduction</b>	The District contracts with VEBA/HRA to periodically review medical plans for cost saving measures to employees.
	<b>Administrative Cost Reduction</b>	We have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90% - 91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost
	<b>Cost Savings</b>	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment
	<b>Customer Service</b>	We provide an annual open enrollment group meeting, one-on-one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service representatives are trained to answer all calls with 92% of calls answered at the point of service. Translation services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a
	<b>Part-Time Employee Coverage Protection</b>	We offer benefits to part time employees who work 25 hours or more per week. We will also be compliant with PPACA pertaining to coverage for part-time employees.
	<b>Premium Differential Reduction</b>	We are scheduling meetins with BCI Group, our benefits consultant, and our union representatives to discuss ESSB 5940 provisions and compliance.

District	Category	Efforts and Achievements
Lake Washington School District	<b>Part-Time Employee Coverage Protection</b>	The district offers a variety of health plans with varying rates and coverage levels for employees to choose from. We pool unused allocations to help reduced the out-of-pocket costs to cover dependents.
	<b>Premium Differential Reduction</b>	The district has bargained a minimum amount employees are required to pay for employee only coverage. Unused allocation dollars are pooled to help reduced the cost to employees for dependent coverage.
	<b>Administrative Cost Reduction</b>	Premera has instituted an online enrollment system to enhance efficiency and reduce paperwork. We have added one position to the payroll department in order to implement and monitor compliance with SR 5940 and federal Health Care Reform.
	<b>Cost Savings</b>	1. Per the requirements of SB 5940 we are offering a HDHP/HSA as of 10/01/2012; 2. Premera eliminated PPO 1 Plan as of 10/01/2012.
	<b>Customer Service</b>	1. We provide a comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contract information and post this on our staff portal; 2. We have an employee benefits and wellness fair which allows all employees to learn the most efficient way to access their benefits and learn how to stay healthy; 3. Premera has instituted an online enrollment system to enhance efficiency and reduce paperwork; 4. We provide articles in employee newsletter notifying employees of changes in plans, enrollment processes, and links to information on-line on staff portal; 5. Our health carriers provide telephone and online customer service and support for all members.
Lakewood School District	<b>Part-Time Employee Coverage Protection</b>	Our current bargaining contracts provide coverage to all employee who are at least .5 FTE (20 hours per week for classified and 17.5 hours per week for certificated). Certificated substitutes are offered benefit coverage after working at least 6 months consistently for a minimum of 70 hours a month.
	<b>Premium Differential Reduction</b>	1. We are working towards the requirement of implementing a minimum premium cost for each employee. This will increase employee only cost and reduce full family cost; 2. Annually we evaluate alternative carrier and plan designs for all health plans; 3. Premera restructured the 12-13 premiums to provide greater affordability for full family coverage; 4. Premera eliminated PPO 1 Plan as of 10/01/2012.
	<b>Administrative Cost Reduction</b>	Working with carriers and consultants to reduce plans

<b>Lind School District</b>	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	Our current contract establishes that employees working a minimum of 3 hrs/day are eligible for benefit coverage.  No efforts at this point. We do pool benefits so everyone in the pool may receive some extra benefit dollars however.
	<b>Administrative Cost Reduction Cost Savings</b>	No administrative expenses are charged at the District level; Premera Blue Cross has reduced overall administrative costs to under 6% for over 10 years.  WEA Select Plans - offered lower cost plan options; pooling excess dollars; an open drug formulary that provides choice for members and their physicians while ensuring drugs are cost and care effective; provider contracting "in network "
	<b>Customer Service</b>	The District provides all health information to employees immediately upon their return to the job in August, including a spreadsheet comparing last year's plans and premiums to current year plans and premiums, so they are able to make a prudent choice. Premera provides a website with access to information about the employee benefits - this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits. Premera also does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction. Semi-annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions.
	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	When a full-time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. Added lower cost options, such as the EasyChoice plan that have lower premiums, along with the HDHP Plan. Lind School District has not reduced any employee hours as of this date.  WEA Select Plans - passed on lower increases to dependents than to employee only tiers for the past two years; added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.

	<b>Administrative Cost Reduction</b>	<p>We have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91\$ of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost</p>
	<b>Cost Savings</b>	<p>We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment</p>
	<b>Customer Service</b>	<p>We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translations services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a</p>
	<b>Part-Time Employee Coverage Protection</b>	<p>We offer benefits to part time employees who work 20 hours or more per week. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.</p>

Mead School District	Premium Differential Reduction	All employees pay 10% out of pocket for health plan to be included in the benefits pool
	Administrative Cost Reduction	None at this point, trying to understand increasingly complex requirements in which to comply
	Cost Savings Customer Service	Offered the HDHP with H.S.A., and researching self funding options for Dental and Vision Benefit Communications through the internal schoology site, and additional discussion and education of district insurance committee to all represented and non represented employees.
	Part-Time Employee Coverage Protection	All employees >= 1/2 time are eligible for coverage.
	Premium Differential Reduction	Employer contributes additional funds to the employee benefits pool. Also eliminated the highest cost plan
Medical Lake School District	Administrative Cost Reduction	We found that our administrative costs are lower than many districts. No progress was made to lower costs during 2011-12.
	Cost Savings	We offer an array of benefit plan options that intends to meet all employees needs related to both cost and benefits. We offer opportunities for our employees to meet one-on-one with benefits specialists prior to enrollment to ensure that employees are making the most cost effective decision to meet their needs.
	Customer Service	Our benefits committee features representatives from each employee group at the district, along with administration and the district's benefit consultant. This group acts as a sounding board for employee needs, and allows for educational communication to be planned. We also provide the opportunity for each of our employees to receive one-on-one counseling about the benefit options available to them. We provide a benefits handbook with contact information for each service provider, along with summaries of each of the plans available to them. Our benefits fair provides employees with an opportunity to interact with benefit carriers and consultants to become more familiar with their plan offerings. We also provide periodic communications on helpful benefit topics, along with wellness

Mercer Island School District	<b>Part-Time Employee Coverage Protection</b>	We continue to provide coverage to part time employees, with eligibility prorated according to their FTE. Part time employees receive benefit allocations from the state, and are also eligible to participate in the pooling process in their respective bargaining groups.
	<b>Premium Differential Reduction</b>	We believe we made progress toward increasing the affordability of coverage through requiring a mandatory employee contribution for each employee electing medical benefits. This contribution ranged from 2-10%, depending on bargaining group, and generally went to help offset the out-of-pocket cost of those employees with the greatest need. Prior to the enactment of legislation, our average ratio in the 2011-12 school year was 15:1 family to single-employee pertaining to the out-of-pocket cost of medical. After instituting the mandatory employee contribution, that ratio dropped to 9.5:1, even while medical premiums increased approximately 6%.
	<b>Administrative Cost Reduction</b>	A. The District currently has no administrative expenses so no progress is required. B. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business. " including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. C. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area.

Mill A School District	<b>Part-Time Employee Coverage Protection</b>	Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program when a full time employee's hours are decreased
	<b>Premium Differential Reduction</b>	WEA Select Plans passed on lower increases to dependents than to employee only tiers for the past two years, added lower cost options such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP plan
	<b>Administrative Cost Reduction</b>	As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost
	<b>Cost Savings</b>	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment
	<b>Customer Service</b>	We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translation services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a

Mossyrock School District	<b>Part-Time Employee Coverage Protection</b>	At this time we have part time employees that do not want full time. "They want their summers off" Should we have to supplement them with health insurance so they can have their leisure time?
	<b>Premium Differential Reduction</b>	This is a question for our insurance carriers. As an example Employee only pays \$617.95 on Plan 2, Employee, Spouse and Child(ren) pays \$1,398.40 it is a savings for the family when a family consists of at least 3 people. The cost for each person is \$466.13. The cost for employee and spouse is \$1,166.15 or \$583.08 per person. We offer at least 4 plans for an individual to select from.
	<b>Administrative Cost Reduction</b>	we do not have administrative costs
	<b>Cost Savings</b>	The Blue Cross Easy Choice Plans meet the state benchmark plans of 15% contribution from full-time employees and 85% paid by the employer.
	<b>Customer Service</b>	feel that we we already offer an exemplary delivery model. Our employee bargaining units select the carrier from who we purchase coverage. It's all up to them.
	<b>Part-Time Employee Coverage Protection</b>	Every employee regardless of being full-time or part-time are offered access to health care coverage. Benefits are offered on an FTE basis ensuring equity to all employees.
<b>Premium Differential Reduction</b>	We have offered excess benefit pooling for many years which greatly benefits those purchasing family coverage.

Mount Vernon School District	Administrative Cost Reduction	<p>District- Currently Premera/WEA has added work to admin office hrs with adding a new TPA (AON Hewitt) A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business. " including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. B. BlueCard provides significant savings to Premera employees traveling or residing outside the</p>

North Kitsap School District	<b>Administrative Cost Reduction</b>	<p>Negotiation with insurance carriers during the renewal process is a key factor in assisting reducing district overhead and administrative costs. Plan Administrators Inc., has established strong relationships with insurance carriers throughout the marketplace and extensively negotiates the most competitive pricing which includes lowering administrative costs at each renewal. In addition to the yearly bidding process described above, North Kitsap has removed unnecessary increases in overhead by switching from a commission basis to a fee-for-service basis for Broker services. The fee-for-service model pays the broker an established fee which is not adjusted when the district receives a rate increase. The broker will not receive an unnecessary pay increase each year just because the district receives a rate increase.]North Kitsap has also offered self-funded vision through Northwest Administrators Inc., aka NBN. With a low monthly administrative fee and net broker commissions, North Kitsap has been able to build strong reserve levels while simultaneously offering competitive</p>
	<b>Cost Savings</b>	<p>Each renewal season, Plan Administrators Inc., conducts an extensive market analysis of all of North Kitsap's coverages and uses all competitive data to negotiate with incumbent and prospective carriers. Plan Administrators Inc., then presents the findings and recommendations to the North Kitsap Benefits Committee. The committee members thoroughly compare and discuss both the benefits offered and respective costs for each insurance carrier. The most competitive offerings are then voted upon and the decision to remain with the incumbent or make a change to a new carrier is agreed upon. North Kitsap has also requested proposals for incentive based wellness programs to help entice district employees and their families become more accountable for their overall health. In the long term, this will reduce the overall cost of healthcare. North Kitsap has not yet found a vendor</p>
	<b>Customer Service</b>	<p>The primary focus of the North Kitsap Benefits Committee is educating employees about their benefit plans; what is covered, how to access it, and how to appropriately use the benefits. This education encourages cost-saving activities such as using generic drugs over brand name drugs, utilizing mail order for maintenance prescriptions and using urgent care facilities instead of the emergency room when appropriate. In addition to cost savings, this education also reduces claim issues thus improving the overall opinion of the benefit programs as employees maximize the benefits of their plan. Regarding billing, eligibility or claims issues, Plan Administrators Inc., acts as an intermediary working directly between the employee/patient and the respective carrier. Plan Administrators Inc., assists individuals by providing quick and effective resolution to a claim which reduces the administrative burden to the North Kitsap administration and payroll staff</p>

	<b>Part-Time Employee Coverage Protection</b>	Not Applicable. North Kitsap abides by current State and Federal regulations regarding providing access to K-12 employees.
	<b>Premium Differential Reduction</b>	The WEA/Premera Association plans provide set rates for all districts throughout the State. These association plans do not allow districts to participate in the rating or have a say in how premiums are weighted. North Kitsap must rely on the association to fully adopt this mandate. For non-association carriers, the option to weigh premiums by increasing the employee only premiums and reducing the employee family premiums is a discussion topic for the upcoming renewal. The benefit committee will review the pricing options and work to reduce the rate differential between employee only and employee family rates. North Kitsap's primary concern regarding weighing the non-association plan premiums is this cost shifting while lowering the cost for the employee and family will increase the cost for the employee only coverage. This factor could make the employee only rate too expensive, thus making it an unrealistic medical offering
<b>North Mason School District</b>	<b>Administrative Cost Reduction</b>	there are no additional admin costs

North Thurston Public Schools	Part-Time Employee Coverage Protection	BENEFITS OFFERED TO ALL PART-TIME STAFF MIN 20 HRS PER WEEK
	Premium Differential Reduction	UNDER THE WEA TIER STRUCTURE
	Administrative Cost Reduction	The District utilizes Propel Insurance services to leverage both health care value and reduced administrative costs which are less than the overhead necessary to manage these programs within the district
	Cost Savings	Shifts in co-pay amounts and deductibles were made to increase patient self-assessment to determine health care needs and consider more affordable options while maintaining a safety net for catastrophic events. The District offers HSA Qualified High Deductible Health Plan so that employees may cover family members at lower premium amount
	Customer Service	Each year, we review our current plan offerings, particularly our health plans to ensure they are meeting our employees' needs. The District conducted two benefit surveys this past year and three benefit fairs. In addition we have available the Benefits website. The website contains information for all benefit plans; benefits cost estimator, forms and links to insurance carriers. In cooperation with our bargaining groups through the Employee Advisory Committee, we meet quarterly to review various
	Part-Time Employee Coverage Protection	The District maintains an eligibility threshold of 20 hours/week (minimum) which exceed the new federal standard for access to health care, and also exceeds the access provided in many other school districts.
	Premium Differential Reduction	The District has worked with Propel Insurance Brokerage to review Group Health and KPS plans in an effort to keep costs affordable. Group Health and KPS plans in 2012-13 decreased the premium differential between single coverage and full family coverage so that progress toward the state 3:1 goal was made. The District and Propel will continue to analyze various plan options, and potentially implement new plan structures that would make family coverage even more affordable.

Northport School District	<b>Administrative Cost Reduction</b>	Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business.-- including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years.
	<b>Cost Savings</b>	Programs that monitor controlled medical substances to provide protection for members. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective.
	<b>Customer Service</b>	Premera provides a website with access to information about the employee benefits, which includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their other benefits.
	<b>Part-Time Employee Coverage Protection</b>	WEA Select Plans -added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.
	<b>Premium Differential Reduction</b>	WEA Select Plans - Passed on lower increases to dependents than to employee only tiers for the past two years.WEA Select Plans added lower cost options, such as EasyChoice plans that have lower premiums and many first dollar benefits and HDHP plans.
	Northshore School District	<b>Administrative Cost Reduction</b>
<b>Cost Savings</b>		Self Insured. Premiums stay in the program which allows the committee to enhance benefits or stabilize rates.
<b>Customer Service</b>		(1) Used multi bargaining unit health benefits committee as the means to identify employee needs, to identify program areas of weakness or concern, to gauge staff satisfaction and to surface desired changes in coverage. (2) The committee presented to all union and group leaders explaining our 2013 plan identifying changes and impacts to members. (3) The "Employee On-Line" feature of HR/Financial system allows on-line enrollment and visibility of coverages.

<b>Orcas Island School District</b>	<b>Customer Service</b>	The district follows the PEBB Program's guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by the PEBB Program, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependents in PEBB coverage.
	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	The district has been paying for all eligible employees. The employee only pays for the employee contribution and any amount above the state reimbursement rate.
	<b>Premium Differential Reduction</b>	The district pays a composite rate for all eligible employees.
	<b>Administrative Cost Reduction</b>	Our broker has worked with the providers to reduce administrative costs within both our fully-insured and self-insured plans. Premera has implemented "lean" thinking plan that has reduced overall administrative costs from 8.8% in 2005 to 8.8% in 2012.
	<b>Cost Savings</b>	A consumer driven High Deductible Health Plan with an optional Health Savings Account has been offered as of 10/1/2012. The district also uses an interlocal agreement to purchase some benefits at a lower cost across several districts.
	<b>Customer Service</b>	The district has worked to provide improved customer services by: providing a comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information. All of our health plans offer comprehensive nurse line and telephonic customer service and support for all members. All of our plans have a website geared specifically to employees. The websites provide educational information about wellness and their plan benefits.
	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	The district has continued to work with all purchasing/bargaining groups to determine the appropriate eligibility requirement to meet their specific group's benefits needs.
	<b>Premium Differential Reduction</b>	The district has implemented a minimum premium cost for each employee, effectively increasing the employee only cost and reducing the cost for covering dependents. It should be noted that since this tracking was only required as of passage of ESSB 5940 in 2012, the first year our district will have accurate data will be the 2012-13 plan year.

<b>Orting School District</b>	<b>Administrative Cost Reduction</b>	At this time we do not have administrative costs at the District Level. From what we were given in preparation for these answers, WEA states that their admin costs are 6.3%. I do not know if this is correct or what it is based on.
	<b>Cost Savings</b>	Eliminated Premera Plan 1 (Highest Premium) and added HDHP Premera plans for more affordable premiums. Premera has provider contracting which helps lower costs. Premera offers a open drug formulary.
	<b>Customer Service</b>	Our District strives for excellent customer service. We communicate several ways (electronic, mailings, District wide newsletter, etc) to announce plan changes, open enrollment and upcoming health related issues. We will continue to put our employees first in our communication regarding health care. Both Premera and Group Health have websites for members to access their healthcare.

Othello School District	<b>Part-Time Employee Coverage Protection</b>	I do not believe we are protecting access to coverage for K12 employees. Our position is to offer them the best health care plans for the most affordable premiums.
	<b>Premium Differential Reduction</b>	Our District has moved to a 3:1 ratio (PEBB) with administrative/non-rep staff. We are piloting this program and hope to include additional groups next year. WEA have added lower cost plans.
	<b>Administrative Cost Reduction Cost Savings</b>	Review of internal processes to determine areas that can be improved upon for greater efficiency Communication with employees regarding Premera Health educational resources on the Premera webpage; Provide a monthly health news letter; every employee receives the newsletter with their paystub; newsletter provides health, nutrition and fitness tips.
	<b>Customer Service</b>	OSD conducts an annual employee benefit fair; providing opportunity for employees to meet and talk with benefit providers; Opportunity to review current health care coverage to determine if that is the best fit for self and/or family.
	<b>Part-Time Employee Coverage Protection</b>	OSD communicates access to coverage through new employee orientation, as well as the annual employee benefit fair & open enrollment
	<b>Premium Differential Reduction</b>	OSD is working towards determination and implementation of minimum premium charge for each employee participant in pooling;
Palisades School District	<b>Administrative Cost Reduction</b>	We have very low admin cost. We are in the composite group insurance through PEBB and costs are very low
	<b>Cost Savings</b>	Because of our small staff size our options are limited in providing health care cost savings.
	<b>Customer Service</b>	We strive to ensure employees receive information in a timely manner and assist them in whatever they need.

	<b>Customer Service</b>	<p>B. Premera provides a website with access to information about the employee benefits - this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits.</p> <p>C. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction.</p> <p>D. Premera has "Ulysses Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees.</p> <p>E. Premera's "Lean" workshops include Customer Service, Claims and Billing processes which we continue to focus on in order to improve the member experience.</p> <p>F. WEA Select Plans - The dedicated Premera sales team provides year-round servicing and is available to work directly with enrollees or family members who may need additional assistance with their plans. Premera provides an array of services from providing education about the benefits and the plan choices to when a plan change can be made. Premera will work to resolve claim issues for the enrollees as well. This provides additional support to the district as well as direct support to the employees.</p> <p>G. WEA Select Plans - semi-annual newsletters are sent to enrollees to educate them on their plans and access to information to help support decision making and healthier lifestyle decisions.</p> <p>H. WEA - has their own separate claim review process that allows enrollees to go before a board of their peers and have the claim upheld, denied or have an administrative allowance made. Enrollee input has assisted the WEA in developing additional benefits or modifications to their plans.</p>
	<b>Part-Time Employee Coverage Protection</b>	<p>All of our K-12 part-time employee are given coverage options, per collective bargaining agreement.</p> <p>B. WEA Select Plans - when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program.</p> <p>C. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.</p>

<b>Pullman School District</b>	<b>Administrative</b>	We have moved away from providers that have significant administrative fees. We are in the process
	<b>Cost Reduction</b>	of self-insuring dental and vision to save additional administrative fees.
	<b>Cost Savings</b>	Our insurance broker scans the market on a consistent basis for best plans at best price for our employees.
	<b>Customer Service</b>	The process we have developed moves toward compliance with legislative intent and especially when we know what that ultimate intent is. In the meantime, we have made steps to move toward a three to one ratio between individual plan premiums and family plan premiums
	<b>Part-Time</b>	Part time employees are offered Medical and Dental coverage and they may choose any plans
	<b>Employee</b>	including a High Deductible Health Plan in combination with a Health Savings Account (HSA) offering in
	<b>Coverage</b>	October of 2012.
<b>Puyallup School District</b>	<b>Protection</b>	
	<b>Premium</b>	We operate in and require solicitation in a competitive marketplace.
	<b>Differential</b>	
	<b>Reduction</b>	
	<b>Administrative</b>	Since the implementation of ESSB 5940 the district has had to increase administrative, support and technical time. In the coming years, as the requirements stabilize and are better defined, the district
	<b>Cost Reduction</b>	will continue to evaluate time and resources in an effort to reduce administrative costs
	<b>Cost Savings</b>	Eff: 10/1/12 we added a low cost medical plan option for employees that passes the Minimum Value and Affordable test as required by ESSB 5940
<b>Customer Service</b>	We held additional Benefit Depots during open enrollment to assist employees as they make decisions on their health care plans. We have added essential plan summaries and forms to our district's website for employees' convenience	
<b>Part-Time</b>	Our part-time eligibility for medical coverage is 'to work an average no less than 20 hours/week'. This	
<b>Employee</b>	is much lower than the stated requirement of 30 hours/week.	
<b>Coverage</b>		
<b>Protection</b>		
<b>Premium</b>	Eff: 10/1/12 our district adopted a 6:1 out-of-pocket ratio for family vs. individual coverage to comply	
<b>Differential</b>	with ESSB 5940. This 6:1 ratio was changed to 9:1 for two groups who were in bargaining at the time	
<b>Reduction</b>	and insisted on the change.

Quillayute Valley School District	<b>Premium Differential Reduction</b>	THE DISTRICT AGREES TO OFFER THE FOLLOWING HEALTH INSURANCE PLANS: WEA HIGH DEDUCTIBLE HEALTH PLAN, HEALTH SAVINGS ACCOUNT (THIS ACCOUNT WILL BE MADE AVAILABLE BY THE DISTRICT THROUGH THE SAME PROVIDER THAT CURRENTLY SUPPLIES THE SECTION 125 FLEXIBLE SPENDING ACCOUNT AVAILABLE TO BARGAINING UNIT MEMBERS) AND EASY CHOICE PLANS, WITH A NEW RATE STRUCTURE DESIGNED TO REQUIRE AN EMPLOYEE PREMIUM SHARE THAN IS NO GREATER THAN THE PREMIUM SHARE EXPERIENCED BY STATE EMPLOYEES DURING THE STATE
	<b>Administrative Cost Reduction</b>	Our insurance bills do not state the administrative costs but Premera has been a leader in implementing "lean" thinking for over 8 years. The goal is to improve quality and member experience. Premera's administrative costs went from 8.8% in 2005 to 6.3% in 2012
	<b>Cost Savings</b>	Consumer Driven High deductible health plan was an optional HAS Account - offered 10/1/12. No longer offering PPO 1 since it was discontinued on 10/1/12 by Premera. Premera has the highest number of providers "in network" in the state with a rate of 98%. Blue Card-Premera's national "Blue" card network has negotiated discounts that the highest within the state. Use of a purchasing
	<b>Customer Service</b>	Provides benefit information encompassing all benefits, rates and vendor information. Premera has come to our district to cover insurance information in detail. Premera has a website that includes a cost estimator
	<b>Part-Time Employee Coverage Protection</b>	We continue to work with all bargaining groups to determine eligibility requirements to meet their specific groups benefit needs. We have several lower cost options like Easy Choice and the HDHP Plans. Employees in our district receive benefits if they work only 4 hours a day.
	<b>Premium Differential Reduction</b>	We no longer PPO 1 since it was discontinued 10/1/12. This has increased pooling dollars available across all bargaining groups. Started to negotiate with unions to have all employees pay a minimum out of pocket which will effectively increase the employee only cost and reduce the cost of covering a dependent
Quincy School District	<b>Administrative Cost Reduction</b>	The district does not currently contract with an outside administrator
	<b>Cost Savings</b>	Bargaining groups have the option to select either the state plan or Blue Cross options
	<b>Customer Service</b>	District staff attend training opportunities to better understand and administer the benefit plans

	<b>Customer Service</b>	<p>District employees enjoy both a Benefits Website and a Benefits Helpline. The Benefits Website contains information for all the District's benefits plans in one convenient place and is widely accessed by both employees and their family members. It contains summaries, comparisons, calculators, forms, and links to information and resources provided by the insurance carriers. The very popular Benefits Helpline is available for employees and their families when they have questions about their District benefits. During the most recent Open Enrollment period, in a period of 30 workdays, the Benefits Helpline took a large number of phone calls on a wide variety of topics, from the new HSA-qualified HDHP, to LTD claims, vision provider searches, retirement and Medicare. Satisfaction with the Benefits Helpline and website is extremely high.</p> <p>RSD works collaboratively with bargaining groups to support employees with claims and eligibility issues. In addition, when questions about benefits arise, RSD will work with the benefits broker and the IAC to create one-page, easy-to-read newsletters that are specific to the RSD population's needs and concerns.</p> <p>A. The District in concert with our brokers has provided an Employee Benefits website that enables employees to calculate premium cost, access the district's Employee Benefits Guidebook, link to carrier websites, gives carrier phone numbers, includes plan booklets and other carrier information including summaries of benefits.</p> <p>B. Premera provides a website with access to information about the employee benefits - this includes a cost estimator which helps them determine what provider may require less out-of-pocket costs for the enrollee or their family. The website provides educational information about wellness programs and their plan benefits.</p> <p>C. Premera does independent surveys to measure member satisfaction and then puts a focus on making changes to improve satisfaction.</p> <p>D. Premera has "Ulysses Learning" which leads to first call resolution and a higher level of overall satisfaction from enrollees.</p> <p>E. 	<b>Part-Time Employee Coverage Protection</b>	<p>Part-time employees' access to coverage has not changed in recent years. Part-time employees remain eligible for the same benefits as full-time employees when they meet the definition of eligibility under their bargaining agreement. Medical insurance is optional and the district contribution for part-time employees is prorated based on the number of hours worked. Part-time employees can choose to enroll in medical as long as they have sufficient salary each month from which the employee's share of the costs (if applicable) may be deducted from their paycheck. RSD and bargaining groups are aware that for part-time employees working 30 hours per week or more, full implementation of the 3:1 premium sharing as required by ESSB 5940 may subject the district to penalties under the Shared Responsibility Provision of the Affordable Care Act.</p> <p>A. This district currently allows all employees who have a contract or agreement to work access to health benefits regardless of FTE.</p> <p>B. WEA Select Plans - when a full time employee's hours are decreased, Premiera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program.</p> <p>C. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.</p>

	<b>Part-Time Employee Coverage Protection</b>	WEA Select Plans - when a full time employee's hours are decreased, Premera works with the enrollee to review other plan options that allow the individual to remain covered on a medical program. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan.
	<b>Premium Differential Reduction</b>	WEA Select Plans ? Passed on lower increases to dependents than to employee only tiers for the past two years. C. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. D. WEA Select Plans ? used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage.
<b>Richland School District</b>	<b>Administrative Cost Reduction</b>	We are trying to make efforts to administer our plans using the electronic submission and e-mail communication as much as possible.
	<b>Cost Savings</b>	We are trying to encourage employees to participate in annual testing and provide opportunities for things such as flu shots and DTAP vaccinations at various locations throughout the district.
	<b>Customer Service</b>	We are sending communications via e-mail as well as providing written hard copies of all insurance information.
	<b>Part-Time Employee Coverage Protection</b>	We cover all employees at a .5 FTE or more
	<b>Premium Differential Reduction</b>	We are offering lower cost plans that have lower full family coverage costs that employees with families can select.
<b>Ridgefield School District</b>	<b>Administrative Cost Reduction</b>	Administrative costs have increased due to reporting requirements.
	<b>Cost Savings</b>	Wellness programs, bidding carriers
	<b>Customer Service</b>	Benefit fair, insurance committee, meeting one-on-one with employees, website

Ritzville School District	<b>Part-Time Employee Coverage Protection</b>	Sub system is working on ways to track sub time to stay under the 30 hour requirement. All current employees have access to benefits at t pro-rated benefit amount
	<b>Premium Differential Reduction</b>	All the current plans offered have premiums that are not more than 3 times for families as it is for employee only. All employees pay something. High deductible plan offered
	<b>Administrative Cost Reduction</b>	We don't have any admin costs
	<b>Cost Savings</b>	We have researched other insurance carriers and most can't compete with Health Care Authority and its coverage
	<b>Customer Service</b>	We have been very happy with the HCA
	<b>Part-Time Employee Coverage Protection</b>	We prorate the part time coverage by the number of hours they work
Riverside School District	<b>Premium Differential Reduction</b>	With HCA it is very reasonable and everyone pays
	<b>Administrative Cost Reduction</b>	Our district has an interlocal agreement with a neighboring school district in which we share a Human Resource Director. We reduced our payroll staff from five (5) days a week to three (3). <i>We work with an Insurance broker who provides our district with lower cost insurance options.</i>
	<b>Cost Savings</b>	Our district offers two (2) Health Saving Account plans, as well as three (3) low premium insurance plans
	<b>Customer Service</b>	For the past several years, our district has sponsored a health benefit fair that cooresponds with our open enrollment period. During the benefit fair, employees can speak directly to insurance representatives and health officials. Immunizations and health screenings are also provided

	<b>Part-Time Employee Coverage Protection</b>	Our District requested and was provided with additional low premium health plans, as well as two (2) Health Saving Account plans from our current insurance carriers.
	<b>Premium Differential Reduction</b>	Our District requested and was provided with additional low premium health plans, as well as two (2) Health Saving Account plans from our current insurance carriers.
<b>Riverview School District</b>	<b>Administrative Cost Reduction</b>	We have worked with carriers and our consultant to reduce administrative costs within both our fully insured and self insured plans.
	<b>Cost Savings</b>	We have implemented the following steps: consumer driven high deductible health plan with optional health savings accounts offered as of 10/01/2012 and are no longer offering the highest cost Premera PPO 1 plan as an option, since it was discontinued on 10/01/2012 by Premera BC.
	<b>Customer Service</b>	We have worked to provide improved customer services by providing comprehensive employee benefits handbooks that encompass all benefit summaries, rates and vendor contact information, hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits and ensuring that all health plans offered provide comprehensive nurse line
	<b>Part-Time Employee Coverage Protection</b>	We have continued to work with all purchasing / bargaining groups to determine the appropriate eligibility requirements to meet their specific group's benefits needs.
	<b>Premium Differential Reduction</b>	We have implemented minimum premium contributions for all employees, effectively increasing the employee only cost and reducing the cost for covering dependents and are no longer offering the highest cost, Premera PPO 1 plan as an option, since it was discontinued on 10/01/2012 by Premera BC. This change increased pooling dollars available across all bargaining groups.
<b>Rochester School District</b>	<b>Administrative Cost Reduction</b>	Due to the fact that we are not a large district, our administrative costs are minimal. We have one employee who works in this area; however, if he were not working in this area he would still have a full time job so no costs savings would be realized.
	<b>Cost Savings</b>	All insurance plans are bargained through local bargaining agreements. For the current year,

District	Category	Efforts and Achievements
	<b>Customer Service</b>	At the start of each school year, a benefits fair is held in which insurance providers are present and all employees have the ability to ask specific questions. In addition, we work with Propel Insurance to provide a benefits website that summarizes all our benefit information as well as provides newsletters and other health information. Since we are a smaller size district, we have one person managing benefits. He is in constant contact with providers to stay up-to-date with any changes and quickly
	<b>Part-Time Employee Coverage Protection</b>	Most of our employees are part time. Our only requirement is that a person work a minimum of 20 hours per week. In addition, this is something that is bargained through local groups so unions and the district have to be in agreement for any changes or reductions.
	<b>Premium Differential Reduction</b>	We use a pooling method when determining out-of-pocket costs for employees. We have established a minimum premium about for all employees - even if there are enough funds in the pool to fully cover a plan. The minimum premium dollars go back into the pool to be allocated out to those employees with more expensive plans which are generally the full family plans. This is all bargained through local bargaining groups so it is difficult to make large advances in this area.
<b>Roosevelt School District</b>	<b>Administrative Cost Reduction</b>	No administrative expenses incurred.

<b>Royal School District</b>	<b>Administrative Cost Reduction</b>	<p>             Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluation and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business - including the State of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service area.           </p>

	<b>Customer Service</b>	<p>District employees enjoy both a Benefits Website and a Benefits Helpline. The Benefits Website contains information for all the District’s benefits plans in one convenient place and is widely accessed by both employees and their family members. It contains summaries, comparisons, calculators, forms, and links to information and resources provided by the insurance carriers. The very popular Benefits Helpline is available for employees and their families when they have questions about their District benefits. During the most recent Open Enrollment period, in a period of 30 workdays, the Benefits Helpline took more than 1,300 phone calls on a wide variety of topics, from the new HSA-qualified HDHP, to LTD claims, vision provider searches, retirement and Medicare. Satisfaction with the Benefits Helpline and website is extremely high.</p>
	<b>Part-Time Employee Coverage Protection</b>	<p>SPS works collaboratively with bargaining groups to support employees with claims and eligibility issues, and this year has expanded opportunities for new employees to learn about their benefits by scheduling more frequent orientation sessions for newly hired and newly eligible employees. In addition, when questions about benefits arise, SPS works with the benefits administrator to create Benefits Helpline Advisors – one-page, easy-to-read newsletters that are specific to the SPS</p> <p>Part-time employees’ access to coverage has not changed in recent years. Part-time employees remain eligible for the same benefits as full-time employees when they work at least 0.50 FTE for their position. At 0.50 FTE, most employees represented by bargaining groups receive a pro-rated district contribution for their benefits based on their FTE. Benefits eligibility is collectively bargained. SPS and bargaining groups are aware that for part-time employees working 30 hours per week or more, full implementation of the 3:1 premium sharing as required by ESSB 5940 may subject the district to penalties under the Shared Responsibility Provision of the Affordable Care Act.</p>
	<b>Premium Differential Reduction</b>	<p>In addition to efforts in making family coverage more affordable, in 2012 SPS negotiated with Group Health to adjust the premium tiers on the Group Health \$500 Plan to reduce the differential between the employee-only and full family coverage. SPS continues to examine in detail, various proposals to make progress towards a 3:1 premium sharing ratio for employees. SPS and bargaining groups have noted that any drastic changes in premium shares would cause significant changes in employee enrollment and could cause the district to overspend available funding. We intend to consider all</p>

<b>Sequim School District</b>	<b>Administrative Cost Reduction</b>	Premera Blue Cross does not provide the district with a summary of administrative costs so it is not possible to have an impact on those plans.
	<b>Cost Savings</b>	We have implemented the following steps: Consumer Driven High Deductible health plan with an optional Health Savings Account offered as of 10/01/2012; No longer offering the highest cost, Premera PPO 1 Plan as an option, since it was discontinued on 10/01/2012 by Premera BC.
	<b>Customer Service</b>	We have worked to provide improved customer services by: Providing comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information; Hosting an employee benefits fair with time allowing for all employees to learn the most efficient way to access their benefits; Ensuring that all health plans offered provide comprehensive nurse line and
	<b>Part-Time Employee Coverage Protection</b>	All bargaining groups have determined the eligibility requirements for their group. When eligibility hours for benefits are reduced, there is a negative impact on pooling, thus increasing the cost for those employees attempting to purchase coverage for themselves and dependents.
	<b>Premium Differential Reduction</b>	Implemented minimum premium contribution for the majority of employees, and in some instances effectively increasing the employee only cost and reducing the cost for covering dependents; No longer offering the highest cost, Premera PPO 1 Plan as an option, since it was discontinued on 10/01/2012 by Premera BC. This change increased pooling dollars available across some bargaining groups. It should be noted that since this tracking was only required as of passage of ESSB 5940 in 2012, the first year our district will have accurate data will be the 2012-13 plan year.
	<b>Shaw Island School District</b>	<b>Administrative Cost Reduction</b>
<b>Cost Savings</b>		Offered a consumer driven high deductible health plan; use of purchasing consortium to lower costs.
<b>Customer Service</b>		Providing a comprehensive employee benefits handbook.
<b>Part-Time Employee Coverage Protection</b>		We have continued to work with both our purchasing groups to determine appropriate eligibility requirements.

District	Category	Efforts and Achievements
Shelton School District	Premium Differential Reduction	Implemented minimum premium contribution for all employees
	Administrative Cost Reduction	Currently no direct costs are associated to benefit administration within the district.
	Cost Savings	Bargaining groups are doing a competitive process to compare our existing health benefit plan providers with other possible providers to assure that the most cost effective premiums are being offered
	Customer Service	We are working to increase the insurance information available to your employees via links on our staff webpage. We will add links to the benefit providers for the next open enrollment period. All of our current plans have websites that provide educational information to members
Shoreline School District	Part-Time Employee Coverage Protection	Currently, any regular employee working a minimum of 20 hours per week qualifies to receive medical benefits. We offer a range of medical plan options so that part-time employees have an affordable choice.
	Premium Differential Reduction	By having a minimum payment for individuals, more of the district's insurance allotment has been able to be pooled and distributed to those covering full families. We are working on this with the current collective bargaining process.
	Administrative Cost Reduction	Went to all on-line benefit materials.
	Cost Savings	Educating employees individually on ways to save \$ by choosing the best plan for their needs.
	Customer Service	Provide all benefits information on-line.
	Part-Time Employee Coverage Protection	Employees with 3.5 hrs/day are benefit eligible.
	Premium Differential Reduction	Offer family friendly Premiera plans at all different levels of coverage and premiums.

Skamania School District	<b>Administrative Cost Reduction</b>	As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost
	<b>Cost Savings</b>	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment
	<b>Customer Service</b>	We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translation services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a
	<b>Part-Time Employee Coverage Protection</b>	We offer benefits to part time employees who work 20 hours or more per week. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
	<b>Premium Differential Reduction</b>	We are scheduling meetings with BCI Group, our benefits consultant.

The Health Plan includes a comprehensive array of health and wellness promotion and preventive services through our Fit Together program and a best-in-class pharmacy management
	<b>Premium Differential Reduction</b>	We have completed a Memorandum of Understanding with our union representatives to make a good faith effort to comply with ESSB 5940.
	<b>Administrative Cost Reduction</b>	Worked with carriers and our benefits consultant to reduce administrative costs within our fully-insured and self-insured plans.
	<b>Cost Savings</b>	1) High Deductible Health Plan with and optional Health Savings Account offered as of 10/01/12. 2) No longer offering the highest cost plan, Premera PPO 1, discontinued 10/01/2012. 3) Use of purchasing consortium/Interlocal to purchase some benefits at lower cost across several districts.
	<b>Customer Service</b>	1) Hosting annual employee benefits fair with hours allowing all employees to learn the most efficient way to access their benefits. 2) Provides each employee a comprehensive benefits handbook that encompasses all benefit summaries, rates, and vendor contact information. 3) Ensured all health plans offered provide comprehensive nurse line and telephonic customer service /support for all members.
	<b>Part-Time Employee Coverage Protection</b>	Continued to work with benefit purchasing and collective bargaining group to determine appropriate eligibility requirements to meet the needs of their specific groups.
Summit Valley School District	<b>Premium Differential Reduction</b>	1) Implemented a minimum premium cost for each employee. 2) No longer offering the highest cost plan, Premera PPO 1, discontinued 10/01/2012.
	<b>Administrative Cost Reduction</b>	The district does not pay additional administrative expenses.

<b>Sumner School District</b>	<b>Cost Savings</b>	The district contracts with the PEBB Program, whose cost-saving measures include: Managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design. Purchasing coverage for medical tools and procedures that are evidence based. Adopting PEBB's dependent verification eligibility processes, to ensure only eligible family members receive
	<b>Customer Service</b>	The district follows the PEBB Program's guidelines for determining employee eligibility and enrollment procedures to ensure consistency. As required by the PEBB Program, the district is also required to verify eligibility for each employee's dependents through valid documentation before the employer enrolls the dependents in PEBB coverage.
	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	The district offers benefits to all employees.
	<b>Premium Differential Reduction</b>	Premiums are set by the PEBB.
	<b>Administrative Cost Reduction</b>	Current working with WEA on the conversion to electronic records through the AON/Hewitt program.
	<b>Cost Reduction</b>	Don't know if this will reduce costs in the long run, a lot of data clean up his currently increasing work. Should improve as we continue the work
	<b>Cost Savings</b>	Annually compare rates using Propel as the District broker, comparing with offerings through WEA.
	<b>Customer Service</b>	Move employees to different plans/companies. based on rates frequently.
	<b>Customer Service</b>	AON/Hewitt website, with interactive tools for cost comparison, District comparisons have been used for year. Don't know if the new online system will be considered an improvement at the employee level, still haven't fully implemented nor have we gon through an open enrollment season.
<b>Part-Time Employee Coverage Protection</b>	All employees working .50 FTE or greater have full access to coverage, per the CBA. We have no plans on making changes.

	Administrative Cost Reduction	A. Premera has been a leader in implementing "Lean" thinking since 2005. The goal is to be able to improve quality, improve the member experience while eliminating wasted time and work effort, and improving efficiency while lowering expenses. Premera uses this method to continue to evaluate and improve internal/external processes. Other organizations participate in "Lean" workshops so they can incorporate them into their own business. " including the state of Washington, various provider groups, etc. Through Lean Premera has reduced overall administrative costs from 8.8% in 2005 to 6.3% in 2012. WEA's administrative costs have been under 6% for over 10 years. B. BlueCard provides significant savings to Premera employees traveling or residing outside the Premera service

Tacoma School District	<b>Premium Differential Reduction</b>	A. The district has entered into MOU agreements with all employee groups to study an employee only contribution amount to make progress toward reducing insurance premium salary contributions for employees with family coverage. B. WEA Select Plans - Passed on lower increases to dependents than to employee only tiers for the past two years. C. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. D. WEA Select Plans - used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage.
	<b>Administrative Cost Reduction</b>	The administrative costs of the benefits staff are paid by the trust and not the Tacoma School district. The trust works with Mercer, a benefits consultant company to negotiate administrative costs associated with our non-medical plans, such as dental, vision, long term disability, etc.
	<b>Cost Savings</b>	The WEA Select plans offer a financial incentive to our employees who take a Health Risk Assessment survey. This is meant to create a base-line of the health of our members and also to help them recognize what areas of their life need to be improved upon. The Sound Partnership has also established a wellness program that provides incentives to those members who choose to participate. The focus of the program is education, exercise, and the establishment of healthy eating habits.
	<b>Customer Service</b>	The Sound Partnership staff works with our various providers to offer well managed plans that allow our members direct access to us when they have questions or concerns.
	<b>Part-Time Employee Coverage Protection</b>	In the past, the Sound Partnership has work with both the Everett and Yakima districts to preserve the existence of our trusts. Access is determined by our collective bargaining agreements and the decisions of the trustees of the Sound Partnership.
	<b>Premium Differential Reduction</b>	The trustees of the Sound Partnership have always considered the cost of the family unit when determining out of pocket premiums. We never went to a cafeteria style platform that would allow single employees to take home monies that were meant for employee benefits.

Toutle Lake School District	<b>Part-Time Employee Coverage Protection</b>	Regence and Group Health works with part time enrollees reviewing other plan options that allow individuals to be covered on a medical program and added lower cost options.
	<b>Premium Differential Reduction</b>	added lower cost options that lower premiums
	<b>Administrative Cost Reduction</b>	No Administrative cost
	<b>Cost Savings Customer Service</b>	Offered a HSA which is attached to the High Deductible plan Implemented the Aon employee/Admin. Portal for changes and billing. District web-site has benefits manager to look up benefits information.
Trout Lake School District	<b>Part-Time Employee Coverage Protection</b>	By offering Kaiser and Premera with a 10% discount.
	<b>Premium Differential Reduction</b>	First year bargaining groups approved a minimum deduction of \$1.00 for everyone starting September 1, 2012. Still using pooling.
	<b>Administrative Cost Reduction</b>	We have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs. Our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go towards claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost

<b>Tukwila School District</b>	<b>Cost Savings</b>	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment.
	<b>Customer Service</b>	We provide an annual open enrollment group meeting, one on one counseling, a customized website and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 am to 5:00 pm PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls with 92% of calls answered at the point of service. Translations services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web based tools for members for outside of standard business hours which includes a
	<b>Part-Time Employee Coverage Protection</b>	We offer benefits to part time employees who work 20 hours or more per week. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
	<b>Premium Differential Reduction</b>	We have completed a Memorandum of Understanding with our Classified union representatives to make a good faith effort to comply with ESSB 5940. We have opened negotiations with our Certificated union representatives to review existing pooling arrangements and employee only versus employee with dependent coverage.
	<b>Administrative Cost Reduction</b>	we have worked with carriers and our consultant to reduce administrative costs within both our fully-insured and self-insured plans. Please note, that there are some carriers such as Premera Blue Cross that don't provide the district with a summary of administrative costs so it is not possible to have an impact on these plans.
	<b>Cost Savings</b>	we have implemented the following steps: 1. Consumer Driven High Deductible Health Plan with an option Health Savings Account offered as of 10/01/2012. 2. No longer offering the highest cost, Premera PPO 1 Plan as an option, since it was discontinued on 10/01/2012.

<b>Tumwater School District</b>	<b>Customer Service</b>	<p>we have worked to provide improved customer services by:</p> <ol style="list-style-type: none"> <li>1. Providing comprehensive employee benefits handbook that encompasses all benefit summaries, rates, and vendor contact information.</li> <li>2. Hosting an employee benefits fair with hours allowing for all employees to learn the most efficient way to access their benefits.</li> <li>3. Ensuring that all health plans offered provide comprehensive nurse line and telephone customer</li> </ol>
	<b>Part-Time Employee Coverage Protection</b>	<p>we have continued to work with all purchasing / bargaining groups to determine the appropriate eligibility requirements to meet their specific group's benefits needs. This goal is not necessarily consistent with Reducing the Differential between employees covering and not covering dependents above. Simply put, when eligibility for benefits are reduced, there is a negative impact on pooling, thus increasing the cost for those employees attempting to purchase coverage for themselves and</p>
	<b>Premium Differential Reduction</b>	<p>we have done the following:</p> <ol style="list-style-type: none"> <li>1. Implemented minimum contribution for all employees, effectively increasing the employee only cost and reducing the cost for covering dependents.</li> <li>2. No longer offering the highest cost, Premera PPO 1 Plan as an option, since it was discontinued on 10/01/2012 by Premera BC. This change increased pooling dollars available across all bargaining groups.</li> </ol> <p>It should be noted that since this tracking was only required as of passage of ESSB 5940 in 2012, the</p>
	<b>Administrative Cost Reduction</b>	<p>The following factors actually contributed to increased costs for administering health benefits: Plan changes including introduction of the new High Deductible Plan; Increased need for education of staff about plan/law changes; Increased analysis and reporting requirements including OIC requirements; Additional time negotiating with Union groups regarding SB 5940 compliance. WEA/AON Hewitt's introduction of on-line enrollment was intended to reduce administrative costs but actually significantly increased costs due to the time required to review and correct data errors.</p>
	<b>Cost Savings</b>	<p>Due to changes by WEA/Premera, the district stopped offering Premera Plan 1, the plan with the highest premium and richest coverage. This required employees to choose a plan with higher out-of-pocket costs and therefore provided the incentive to use medical services more selectively. As a result some pooling dollars were redistributed for employees with payroll deductions. The premium for dental coverage declined by \$5.10 per month from \$111.05 to \$106.40 giving employees more money</p>

District	Category	Efforts and Achievements
<b>Union Gap School District</b>	<b>Customer Service</b>	Through Premera, the District provided opportunities to staff to schedule on-site biometric screenings. The District publicized Premera's \$50 credit for employees participating in on-line health assessments.
	<b>Part-Time Employee Coverage Protection</b>	The District continues to contribute to health benefit premiums for employees that work 15 or more hours per work. The additional of the High Deductible plan provided a more affordable option for part-time employees.
	<b>Premium Differential Reduction</b>	Premium changes in the Premera medical plan increased at a faster rate for employee only than for family coverage. Example: Premera Plan 2 employee only had a 7.5% increase while family coverage only had a 4.5% increase. Therefore the differential between employee only and family coverage decreased. Example Premera Plan 2 from 226% to 220%.
	<b>Administrative Cost Reduction</b>	We have no inside administrative costs.
	<b>Cost Savings</b>	It's hard to have cost savings when premiums increase each year.
	<b>Customer Service</b>	We meet at the beginning of each year with employees describing plan changes and premium updates; along with changes to all benefits. Representatives from both Premera and Group Health will also meet with staff if they desire.
<b>University Place School District</b>	<b>Part-Time Employee Coverage Protection</b>	Not sure what this means, in our district all employees are eligible for medical benefits.
	<b>Premium Differential Reduction</b>	Both Premera Blue Cross and Group Health are working on reducing the differential between employee-only and family health benefits. District pooling dollars are distributed first to employees covering family members.
	<b>Administrative Cost Reduction</b>	Eliminate wasted time and work effort and improving efficiency
	<b>Cost Savings</b>	Large number of contracted providers, discounts, ensuring that drug cost and care are effective and resources to assist enrollees in healthcare needs.
	<b>Customer Service</b>	School district and medical company websites, enrollee input and Customer Assistance Days.

District	Category	Efforts and Achievements
Valley School District	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	Lower cost options and ability to change plans if hours reduced.
	<b>Administrative Cost Reduction</b>	Lower increases to dependents, lower cost options and dependent audit saving applied to dependent tiers
	<b>Cost Savings</b>	We now have an online system that staff will enroll themselves during open enrollment, eliminating the paper forms, which we will no longer have to track. Invoices are also easier to reconcile given the new billing system Aon Hewitt recently launched. This cuts down on the time it takes to find errors or inconsistencies in billing.
	<b>Customer Service</b>	We had biometric testing available for staff to create a base line for staff. Also, many staff members have opted for lower premiums to save the money monthly since preventive care is covered in all plans.
	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	We had biometric testing available for staff to create a base line for staff. We are also creating a benefit committee and creating a survey for staff to find areas of need.
	<b>Customer Service</b>	Our part time staff are treated like our certificated staff members. Benefit FTE is calculated on the teacher work year, which provides a higher allocation for medical benefits for our part-time staff members.
Vancouver School District	<b>Part-Time Employee Coverage Protection Premium Differential Reduction</b>	We implemented a cost to each staff member of 5% of the premium cost, which in turn creates a larger pool and a lower out of pocket for families
	<b>Administrative Cost Reduction</b>	Administration costs are difficult to reduce considering that ESSB 5940 added additional requirements for districts. New premium structures, new plans, and new data collections require additional staff time.
	<b>Cost Savings</b>	Eliminated Premera Plan 1, which had high costs.
	<b>Customer Service</b>	Our district hosts assistance days where employees can meet with insurance representatives or district benefits staff to ask questions about their benefits. Premera and Kaiser provide a website with access to information about employee benefits. Premera has conducted independent surveys to measure member satisfaction.

Washougal School District	Administrative Cost Reduction	<p>Every year we go out for bids for insurance. We have worked with carriers and our consultant to reduce administrative costs within both our fully-insured and self-insured plans. Kaiser: 2012 initiatives included finding efficiencies across various administrative areas by reducing manual processes and process improvement. Administrative initiatives saved \$9.6M in 2012 and KP Information Technology initiatives saved \$9.7M</p> <p>Kaiser Permanente Northwest (KPNW) has adopted a Lean Six Sigma management system and has been building the capability since 2006. This innovative approach includes National Labor Management Partnership at the frontline level. This system is based on the attributes of high-performing organizations and incorporates features of quality management systems-including Lean, Six Sigma, and the Institute for Healthcare Improvement's Model for Improvement. KPNW currently has a Greenbelt and Blackbelt program for our leaders and entire organization with 15 certified Blackbelts and 45 certified Greenbelts. In addition our National Improvement Institute program has trained over 400 frontline teams. Annual advanced skill training in process improvement is provided to our frontline teams for continuous development of these skill sets.</p> <p>Our Lean Six Sigma Journey continues in 2013 and includes the following:</p> <ul style="list-style-type: none"> <li>o Green Belt Certification Program</li> <li>o Rapid Improvement Event Program</li> <li>o Sponsor/Champion Program</li> <li>o Consultant Development Program</li> <li>o Experiential learning in Lean/Six Sigma tools and approaches for Leaders</li> </ul> <p>A number of managers have become Lean certified through creating systems improvements in scheduling, back office process design, and interdepartmental communication.</p> <p>Our Major focus in 2012 and 2013 has been to improve the service experience by enabling more care inside our own system and by improving access. We were able to achieve breakthrough performance changes in both areas.</p> <p>Specific examples of internalizations that have also improved service are Ventricular Assist Device, Retinal Surgery, Oncology in the Salem area, and Dialysis Access.</p> <p>Premiera has been a leader in implementing Lean thinking since 2005. The goal is to be able to</p>

	<p><b>Cost Savings</b></p>	<p>Every year we go out for bids for insurance. Kaiser: In 2013, we are building on success and momentum from 2012 performance to execute over \$100m in initiatives through internalization, elimination of waste and care transformation.</p> <ul style="list-style-type: none"> <li>o Expanded Onsite Wellness Partnerships</li> <li>o The Drug Utilization Action Team is continuing improvement in pharmaceutical costs by effective and timely conversions to generic products, working with providers to ensure appropriate usage and prescribing patterns, and leveraging lower cost formulary products whenever clinically appropriate. Current work also includes providing unblinded data on physician prescribing patterns by provider name, location, and specialty for specific targeted drugs. Individual physicians have access on a protected website with click-through graphics and comparisons. This initiative saved over \$30M in 2012. Since the inception of this initiative in 2006, it has saved KPNW over \$150M.</li> </ul> <p>We have several advantages inherent to our model which facilitate appropriate clinical and financial incentives to optimally manage specialty care, hospital care, ancillary care, and home health care. Our physician payment model is a combination of salary and variable compensation. The variable compensation is based on achieving key service, access, quality, resource stewardship, and productivity targets. Outcomes are tracked, reported and managed regularly using transparent data. We are able to deliver all of the elements listed within the current Kaiser Permanente delivery system. Our glue is our electronic medical record that is built around the patient with all elements of the delivery system using this singular tool. Our strength is the integration of our delivery system. We are one entity, so we have solved the financial issue around incentives for coordination and cooperation. Northwest Permanente P.C. (NWP) is an integrated medical group that includes Primary Care and Specialty Care together under one organizational umbrella. All providers are salaried with pay for performance incentives which are balanced between Quality/Evidence-Based Medicine, Service, Productivity and Resource Stewardship. This reimbursement model creates appropriate alignment to deliver high-quality affordable care. We do not have an incentive payment model that results in perverse incentives to over-treat and compromise our commitment to evidence based medicine. We not only embed evidence-based guidelines into our electronic medical record, we design our referral process around the proper scope of practice between primary and specialty care. The electronic</p>

District	Category	Efforts and Achievements
<b>West Valley School District (Spokane)</b>	<b>Premium</b>	A.The District offers Easychoice and HDHP Plans to all eligible employee.
	<b>Differential Reduction</b>	B. WEA Select Plans û Passed on lower increases to dependents than to employee only tiers for the past two years. C. WEA Select Plans - added lower cost options, such as the EasyChoice plan that have lower premiums and many first dollar benefits and the HDHP Plan. D. WEA Select Plans û used the projected savings from the dependent eligibility audit to apply toward the dependent tiers to provide additional rate relief for family coverage.
	<b>Administrative Cost Reduction</b>	The District is actively involved with its Health Care Providers to give their input into saving on administrative fees, etc.
	<b>Cost Savings</b>	Again, the District is progressively looking at all avenues of health care cost savings for their employees. The plans selected by the District, Group Health, Premera and the WEA Select plans all are active in looking for savings where they can
	<b>Customer Service</b>	The District wants their employees to have a good experience with their health care choice. All plans carried by the District have website access to their employee benefits, providers available and their field of expertise. The District helps their employees when their is an issue they cannot solve with the carrier
<b>West Valley School District (Yakima)</b>	<b>Part-Time Employee Coverage Protection</b>	All of our employees have the option of taking medical. Again, they have several plans to choose to help them avoid being overpriced out of healthcare.
	<b>Premium Differential Reduction</b>	All plans had lower increases to the additional dependent costs this year. The District has vaious plans available as no one plan is a one-size fits all. The employee has a choice. They like that.
<b>West Valley School District (Yakima)</b>	<b>Administrative Cost Reduction</b>	Insurance plans have gone to an on-line application process thus reducing administrative time in processing of applications.
	<b>Cost Savings</b>	Our district contracts with the PEBB Program, whose cost-saving measures include: Managing the medical plans' prescription-drug costs by promoting generic drug use through a lower-cost benefit design. Purchasing coverage for medical tools and procedures that are evidence based. Adopting dependent verification eligibility processes, to ensure only eligible family members receive benefits. There are also incentives for employees to participate in the Health Managment Program.

White Salmon Valley School District	<b>Administrative Cost Reduction</b>	As we have regularly completed a competitive bid process, and have reviewed and negotiated lower administrative costs, our selected health carrier, Providence Health Plan, has significantly reduced administrative costs over the last few years. We have targeted cost increases closer to CPI, rather than associating administrative cost with medical cost inflation. This has resulted in reduced percentage of premium administrative cost. As such, as much as 90%-91% of premium dollars go toward claims expense costs. Providence is also not required to refund any premiums due to not meeting the MLR (medical loss ratio) requirements of PPACA. We have worked closely with BCI Group, our benefits consultant, to identify benefit design strategies to help meet budget goals and mitigate future cost
	<b>Cost Savings</b>	We have annually negotiated with our health carrier on benefits and rates. This negotiation has successfully reduced the rates. In addition, we have regularly completed a competitive bid process and have been able to use this information in our negotiations. We regularly receive claims data and analyze this to assist with benefit design and cost containment
	<b>Customer Service</b>	We provide an annual open enrollment group meeting, one on one counseling, a customized website, and have a dedicated claims advocate for our employees via BCI Group, our benefit consultant. In addition, Providence Health Plan Customer Service and Claims are located in Beaverton, Oregon with hours of operation from 8:00 a.m. to 5:00 p.m. PST and a toll free 800 number for members. Customer Service Representatives are trained to answer all calls, with 92% of calls answered at the point of service. Translation services are available along with an automated voice response system and call tracking software for real time and historical activity management. The Health Plan has invested heavily in web-based tools for members to use outside of standard business hours, which We offer benefits to part-time employees who work 20 hours or more per week. We will also be compliant with PPACA regulations pertaining to coverage for part-time employees.
	<b>Part-Time Employee Coverage Protection</b>	
	<b>Premium Differential Reduction</b>	We have completed a Memorandum of Understanding with our Classified union representatives to make a good faith effort to comply with ESSB 5940, and have implemented a minimum 1% deduction for Classified members. We have opened negotiations with our Certificated union representatives to review existing pooling arrangements, and employee only versus employee with dependent coverage.

Provider contracting has the highest number of providers in network in the state. The volume of enrollment in Premera assists in negotiating higher discounts locally and nationally (127,000 enrolled in a WEA medical plan). BlueCard Premera's national "Blue" network has negotiated discounts that are the highest within the state and provides significant savings to Premera enrollees who travel or reside outside the Premera service area. Evidence-based medical initiatives that allow Premera to provide efficient and cost-effective care as well as identifying appropriate alternative care based on the member's needs. Real-time access to consumer decision support resources to help enrollees understand and direct their healthcare needs. Provider advisory groups for medical and pharmacy that continually monitor Premera's policies and procedures, and make changes to formularies to ensure they are appropriate and cost and care-efficient. Member 360 dashboard proprietary tool that uses more than just claims to identify members with specific healthcare needs to make sure the enrollee is receiving cost-effective care in an appropriate setting. Plans include copayments for Emergency room services (waived if admitted), copayments for inpatient hospital admissions, and higher copayments for brand name and specialty drugs. Programs that monitor controlled medical substances to provide protection for members. An open drug formulary that provides choice for members and their physicians while being prudent and ensuring the drugs are cost and care effective.</p>
	<b>Customer Service</b>	<p>Yakima School District has worked with all groups to provide training and information to help all employees make educated and informed choices. This includes individual one on one and group meetings</p>

**Column Definitions for the Traceability Matrices**

**Columns from Requirements document**

- A ESSB 5940 section of bill language; otherwise CR103P rule-making order requirement
- B Data Requirement identified in SOW#1 memo from the Health Care Authority (HCA) (reference number from HCA Exhibit D)
- C Rule-making order CR103P language (filed 2.7.13)
- D Language from legislation or data authorized to collect for HCA, or as specified in CR103P rule-making order
- E Data Source — Districts or Carriers
- F Data table identifier for storing data in parent table
- G Data type (for example: narrative, text, currency, mixed, lists, numeric)
- H Reporting Period (calendar year, plan year, annual reporting by month, or snapshot date selected within the reported year)
- I SOW#1 — Health Care Authority (HCA) analysis of HCA requested data elements; SOW#2 — K-12 Carrier feedback regarding data requirements
- J Explanation and Instructions requirements
- K The number of expected discrete values
- L Data Call (DC) reporting section of the data call to districts and carriers; see below for carrier reporting period instructions

**Carrier Data Call (DC) Possible Groupings (Column L)**

- 1 Overall carrier information, annual information
- 2 Carrier innovation features, checklist, annual information
- 3 Plan reserves for plan year ending
- 4 Plan information and plan year summaries, by plan year
- 5 Benefit package annual plan-year reporting.
- 6 Benefit package performance by month within calendar year
- 7 Plan demographics, snapshot — by plan year ending
- 8 District-level reporting, snapshot — by plan year ending
- 9 Large claims by carrier across plans — by plan year ending
