## About this report

This Performance-Based Incentives and Recognition Report is produced by the State Human Resources Division at the Office of Financial Management. Engrossed Substitute House Bill 2049, which was signed into law in 2009 and codified in RCW 41.06.133(4), mandates the production of this annual report.

This report presents information for permanent and nonpermanent employees in executive branch agencies only. It does not include data for higher education institutions or the judicial or legislative branch agencies.

Data is presented on a fiscal year basis (July 1 through June 30) unless otherwise noted. This report focuses on fiscal year 2022, with comparison to the previous fiscal year, where applicable. The source of the data is the Human Resource Management System, or HRMS, which is the central personnel and payroll system for state agencies. Slight head count variations may occur because HRMS data may be affected by retroactive updates or other adjustments.

# Executive summary

## Background

[RCW 41.06.133\(4\)](#) directs the Office of Financial Management, in cooperation with state agencies, to report annually to the governor and the Legislature the following information:

- **Number of state employees:** The number of classified employees, including Washington Management Service, the number of exempt employees and the change compared to the previous report. The remainder of the report refers to exempt employees who serve at the pleasure of the appointing authority as “at-will.” At-will employees are exempt from civil service provisions and not covered under a collective bargaining agreement or similar provision.
- **Performance-based incentives and recognition:** The number of bonuses and performance-based incentives awarded to state agency employees, the base wages of those employees and the cost of each recognition or incentive awarded.

For purposes of this report, bonuses and performance-based incentives include cash awards or lump-sum payments that appointing authorities have discretion to grant to employees in recognition of special job performance, outstanding achievements or special accomplishments. Such payments do not become a permanent addition to base pay.

## Summary

### Number of state employees

The executive branch head count decreased from 67,027 to 66,085 employees in fiscal year 2022. Of that 942 head count decrease, approximately:

- 90.8% were classified employees
- 9.2% were at-will employees

Head count comparisons by agency are in [Section A](#) of this report.

### Performance-based incentives and recognition

The awards are reported by various agencies as listed in [Section B](#) of this report. The total number of awards for 2022 is 5,840 from 37 agencies, totaling \$331,874.53. The total amount of awards represented .005% of the state’s \$6.6 billion annual payroll and benefits costs (excluding higher education institutions).

## **Recognition awards under RCW 41.60.150**

Under this statute, agencies may recognize employees, either individually or as a class. Recognition awards may not exceed \$200 in value per award. These awards are the most common type of award granted to employees for outstanding achievements, safety, recruitment referrals, performance or longevity, or for employee suggestion evaluators and implementers.

# Section A: State Workforce Head Count by Agency

## Types of employment

State employees are either “classified” or “at-will.” Classified employees are subject to the civil service law, Chapter 41.06 RCW, or similar statutory provisions. At-will employees are those who are exempt from civil service provisions and serve at the pleasure of the appointing authority. They are not covered under a collective bargaining agreement or similar provision.

## Classified employees

Classified employees compose the majority of the executive branch workforce and are covered predominantly by collective bargaining agreements. Washington Management Service employees are included in the classified service. The majority of WMS employees are managers of people; the balance are high-level program and policy experts as defined in RCW 41.06.022.

## At-will employees

At-will employees compose 4.6% of the workforce and include nonmanagerial and managerial positions. Examples of nonmanagerial at-will employees are seasonal workers and executive support staff. Examples of at-will managers are elected and appointed officials and agency senior managers.

## Overview

	Classified workforce			At-will workforce			Total classified & at-will
	Classified employees	Classified WMS	Total classified	At-will non-mgrs.	At-will mgrs.	Total at-will	
<b>2021</b>	59,287	4,636	<b>63,923</b>	2,215	889	<b>3,104</b>	<b>67,027</b>
<b>2022</b>	58,166	4,902	<b>63,068</b>	2,102	915	<b>3,017</b>	<b>66,085</b>

For the purposes of this report, non-classified employees who are exempt from civil service law but still covered under a bargaining agreement are included in the classified employee counts (approximately 3,509 in fiscal year 2022). These are mainly the Department of Transportation’s ferry workers and Washington State Patrol’s commissioned officers and troopers. In 2019, the Legislature granted assistant attorneys general the right to collectively bargain under the Personnel Services Reform Act. Beginning in fiscal year 2021, the assistant attorneys’ generals and managing assistant attorney generals in the Attorney General’s Office are now represented and included in the classified employee counts. In previous reports, including the 2021 data above, the approximately 600+ staff were included in the At Will workforce count.

The executive branch workforce decreased by 1.9% from the previous fiscal year. At the end of fiscal year 2022, the workforce was:

- 88.0% classified
- 7.4% classified WMS
- 4.6% at-will

Employees identified as “manager” by the employing agency represent 7.5% of the executive branch workforce. This includes at-will employees, elected officials, agency directors, classified Washington General Service, or WGS managers, and classified WMS managers.

The following pages of Section A contain data on the state workforce head count by agency.

## Section B: Performance-Based Incentives and Recognition

There is no clear definition in law or rule of the terms “performance-based incentives” and “bonuses.” For purposes of this report, OFM interprets these terms to include cash awards or lump-sum payments that appointing authorities have discretion to grant to employees in recognition of special job performance, outstanding achievements or special accomplishments. Such payments do not become a permanent addition to base pay.

Legislation enacted in February 2009 prohibited any wage or salary increase for all exempt and WMS employees for one year. Substitute Senate Bill 6382 (RCW 41.06.070) enacted in 2010 continued the prohibition on wage and salary increases and, with Substitute House Bill 2998 (RCW 41.06.070), placed moratoriums on most types of monetary recognition awards between February 15, 2010, and June 30, 2011. This moratorium was extended through June 30, 2013, with Engrossed Substitute Senate Bill 5860 (RCW 41.06.070). The moratorium continued through June 2016, at which time OFM discontinued performance pay. This resulted in a repeal of performance recognition pay rules. The following rules were repealed in August 2017:

- WAC 357-28-295 and WAC 357-28-300 Who may provide performance recognition pay to employees.
- WAC 357-28-300 Is there a limit to the amount an employee can receive for performance recognition pay.
- WAC 357-58-135 Who can provide lump sum performance recognition payment to employees.
- WAC 357-58-140 Is there a limit to the amount an employee can receive for performance recognition pay.

Performance-based incentives and recognition awards trends for the past 10 years are as follows:

Fiscal year	Total awards	Total cost
2013	38	\$4,799
2014	185	\$39,929
2015	276	\$56,607
2016	573	\$56,607
2017	929	\$136,394
2018	1,092	\$113,844
2019	2,184	\$165,557
2020	1,976	\$167,268
2021	5,509	\$274,696
2022	5,840	\$331,875

## Summary of Awards Granted by Award Type

The authority to provide the following awards can be found in both statute and rule. In addition, collective bargaining agreements for Washington State Patrol troopers provide for specific recognition awards.
