RE: Section 601 – Fund Transfers (2019 c 416 s 601(h))

Section 601 (1)(h) of Chapter 416, Laws of 2019 (ESHB 1160) authorizes the department to make transfers between projects if the amount being transferred does not exceed \$250,000 or 10 percent of the total project cost. Furthermore, any transfers made are to be reported quarterly to the Director of Financial Management, and the Chairs of the Legislative Transportation Committees. There have been no transfers administratively approved in the July 1, 2019, through September 30, 2019, timeframe.

Additionally, with the closure of the 2017-19 biennium many projects need to reappropriate unspent planned expenditures from 2017-19 to the current 2019-21 biennium. While these re-appropriations are included in the agency's 2020 Supplemental Budget Request as submitted to OFM, we are seeking OFM's approval to continue project delivery using unspent prior biennium funds. This approval is required prior to legislative action on the supplemental budget in order to keep projects moving through delivery.

Included, as an attachment to this request, is a list of the Connecting Washington and Transportation Partnership Account re-appropriations included in the 2020 budget submittal.

Please contact me at (360) 705-7121 or alexanja@wsdot.wa.gov if you have questions or need additional information. Thank you for your consideration.

Sincerely,
