INTRODUCTION

The Special Commitment Center (SCC) and the transition treatment teams for persons who have court-ordered conditional releases closely monitor the residents' treatment progress and activities. As a result, the persons ordered by the courts to less restrictive alternative settings, including the secure community transition facilities, have not committed a sex offense or other criminal offense. When early warning signs of potential problems occur, consideration is given to take the person into custody and return him to the SCC for evaluation and recommended action to the court of commitment.

This report is submitted in fulfillment of the requirements of RCW 71.09.325(4). The statute directs the Department of Social and Health Services (DSHS) to compile information in writing on all violations of court-ordered conditions of release committed by all civilly committed sex offenders who are living in less restrictive alternative (LRA) settings. In addition, the department is required to report any penalties and actions taken by the department to remove a person from an LRA setting. The report is issued on an annual basis to the Office of Financial Management and the appropriate committees of the legislature.

This report addresses violations that occurred between November 1, 2013 and October 31, 2014. It also provides a status report on any violations that were addressed in a previous annual report but were not resolved before the report was submitted.

DEFINITIONS

For the purpose of this report the following definitions from the SCC policies are used.

- a. **Less Restrictive Alternative (LRA).** Court-ordered treatment in a setting less restrictive than total confinement that satisfies the conditions set forth in RCW 71.09.092. LRAs include private homes, secure community transition facilities (SCTF), and other court-authorized settings including contracted residential settings with twenty-four hour staffing.
- b. **Secure Community Transition Facility (SCTF).** A residential facility for persons conditionally released to a less restrictive alternative, including the SCTF in Pierce County on McNeil Island, the SCTF in King County and any community-based facilities established under Chapter 71.09 RCW and operated by or under contract with DSHS.
- c. **Private Home.** The LRA resident's own home or the home of a family member or other person that the court of commitment has approved as a less restrictive alternative placement.
- d. **General Violation.** Failure to comply with a condition of release set by the court of commitment, by DSHS, or by the Department of Corrections (DOC). A general violation may include a resident's failure to comply with a treatment plan requirement, posting, written instruction or verbal instruction given by an authorized person. A general violation is distinct from a serious violation.
- e. **Serious Violation.** A violation by an LRA resident that includes but is not limited to the commission of any criminal offense; any unlawful use or possession of alcohol or

a controlled substance; or any violation of a court-ordered condition, which targets the individual's documented pattern of offense that increases the risk to public safety. For purposes of this SCC policy, an accumulation of failure to comply with treatment plan requirements or with rules, infractions of rules, or any behavior that, in the judgment of the SCC CEO, represents a risk to public safety may be considered a serious violation.

CURRENT STATUS

During the period November 1, 2013 to October 31, 2014, there were forty persons in court-ordered LRA settings. Seventeen persons resided in private homes, seven were returned to SCC or SCTF – PC for violations of their court orders, two have been returned to their homes and three were unconditionally released.
