WorkFirst Wage Progression and Returns Report: through first-quarter 2014

Introduction

<u>RCW 74.08.A.411</u> mandates a quarterly report on performance measures for WorkFirst clients twelve months, twenty-four months and thirty-six months after leaving the Temporary Assistance for Needy Families (TANF) program for at least one quarter. Performance measures reported under this requirement are:

- 1. Changes in earnings and in hourly wages.
- 2. Percentage of returns to TANF.

Statutory requirement

<u>RCW 74.08.A.411</u> requires the Department of Social and Health Services to report WorkFirst outcome measures to the Legislature as follows:

The department shall continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in <u>RCW 74.08.A.410</u>. Outcome data regarding job retention and wage progression shall be reported quarterly to appropriate fiscal and policy committees of the legislature for families who leave assistance, measured after twelve months, twenty-four months and thirty-six months. The department shall also report the percent of families who have returned to Temporary Assistance for Needy Families after twelve months, twenty-four months and thirty-six months. The department shall make every effort to maximize vocational training, as allowed by federal and state requirements. [2009 c 85 § 3.]

Performance report

WorkFirst exiters

Beginning with the October 2011 WorkFirst performance report, an exiter is defined as having been off TANF all three months of a quarter, compared to the previous definition that required only one month off TANF. The three-month requirement more clearly identifies true exiters by minimizing instances where a client cycles off TANF for a single month due to circumstances such as late reporting or one-time changes to monthly income. Information on TANF receipt is obtained from the Office of Financial Management's AFARRAYS file.

1

This quarterly WorkFirst performance report provides follow-up data for three groups (cohorts) of TANF exiters. The report uses first-quarter 2014 unemployment insurance wage data (covered employment wages) to provide updates for clients who exited TANF in first-quarter 2011, first-quarter 2012 and first-quarter 2013 (*Figure 1*). Covered employment wage data is available with a sixmonth lag, reflecting employer reporting requirements and data processing time.

For purposes of this report, exiters are defined as TANF clients who:

- Received a TANF grant at least one month during October, November or December (fourth quarter) and
- Did not receive a TANF grant at any time during January, February or March of the following quarter (first quarter).

| Received TANF at least once during: | No TANF all three months (exit quarter) | Cohort name | |
|-------------------------------------|---|-------------|--|
| October-November-December 2010 | January-February-March 2011 | 2011 Q1 | |
| October-November-December 2011 | January-February-March 2012 | 2012 Q1 | |
| October-November-December 2012 | January-February-March 2013 | 2013 Q1 | |

Median quarterly earnings and percentage increase in earnings

Figure 2 shows inflation-adjusted median quarterly earnings for exiters. Earnings progressions are shown in Figure 3. Earnings progression is measured as change in total quarterly earnings over one, two or three years. Earnings are a more accurate reflection of true progression than are hourly wages because quarterly earnings reflect both an individual's hourly wage and any changes between part-and full-time work.

Not all TANF exiters will have reported earnings in the exit and follow-up quarters. These individuals may not have worked during the quarter or may have worked in a job not covered by unemployment insurance. Exiters who had missing or no earnings are excluded from the calculations. All earnings prior to 2014 are adjusted to real dollars using the 2013 annual average CPI-W as a base year.

Figure 2. Median quarterly earnings for adult TANF exiters (2013 CPI-W dollars)

Washington state, first-quarter 2011 through first-quarter 2013

| TANF cohort | Number exiting TANF in cohort Q1 | Quarter of exit | After 12 months | After 24 months | After 36 months |
|-------------|--|------------------------|--------------------|--------------------|--------------------|
| 2011 Q1 | 13,157 ¹ | \$3,262 | \$3,858 | \$4,125 | \$4,429 |
| | | n = 5,007 ² | n = 4,703 | n = 4,831 | n = 4,648 |
| 2012 Q1 | 11,837 | \$3,365 | \$3,894 | \$4,212 | n/a³ |
| | | n = 4,534 | n = 4,492 | n = 4,341 | n/a |
| 2013 Q1 | 11,416 | \$3,370 | \$3,912 | n/a | n/a |
| | | n = 4,636 | n = 4,305 | n/a | n/a |

¹The first-quarter 2011 TANF cohort is defined as those on TANF at least one month during fourth-quarter 2010 and off TANF all three months of first-quarter 2011.

Median hourly wage rates

The hourly wage rate was obtained by dividing quarterly earnings by hours worked in the quarter. While employers report both quarterly earnings and hours worked to the unemployment insurance program, the hours data are incomplete or, in some cases, inaccurate. Records with missing hours were deleted from the calculations. Hourly wage rates greater than \$50 per hour or less than \$5 per hour were dropped, since these rates most likely reflected employer reporting errors. *Figure 4* displays inflation-adjusted, median hourly wage rates for TANF exiters.

²The number of TANF exiters who had earnings from covered employment during the quarter is shown as "n."

³Information not yet available is shown as "n/a."

²Information not yet available is shown as "n/a."

Washington state, first-quarter 2011 through first-quarter 2013

Source: Employment Security Department/LMPA, Unemployment Insurance Data Warehouse Wage Tables; Washington State Office of Financial Management, AFARRAYS file

| TANF cohort | Quarter of exit | After 12 months | After 24 months | After 36 months | |
|-------------|------------------------|-----------------|-----------------|-----------------|--|
| 2011 Q1 | \$10.37 | \$10.75 | \$11.18 | \$11.52 | |
| | n = 4,787 ¹ | n = 4,563 | n = 4,733 | n = 4,528 | |
| 2012 Q1 | \$10.30 | \$10.88 | \$11.46 | n/a² | |
| | n = 4,368 | n = 4,398 | n = 4,243 | n/a | |
| 2013 Q1 | \$10.40 | \$11.21 | n/a | n/a | |
| | n = 4,531 | n = 4,194 | n/a | n/a | |

¹The number of TANF exiters for whom an hourly wage rate could be calculated (both earnings and hours worked were present in the quarterly covered employment data) is shown as "n."

WorkFirst return rate

Figure 5 shows the return rate for exiters twelve, twenty-four and thirty-six months after leaving WorkFirst.
