The Department of Social and Health Services does not discriminate and provides equal access to its programs and services for all persons without regard to race, color, gender, religion, creed, marital status, national origin, sexual orientation, age, veteran’s status, or the presence of any physical, sensory or mental disability.

TTY/VCO users may also call Washington Relay Service by dialing 711.

Executive Summary: Washington Connection Benefit Portal

This is the eighth annual report in fulfillment of [RCW 74.04.225](#) for FY 2018. The 2010 Washington State Legislature enacted legislation “Engrossed Second Substitute House Bill 2782” to strengthen existing efforts of state agencies and partners by implementing an online benefit portal. The goal was to streamline and expand online public access to a broad array of state, federal and local services and benefits.

Successfully implemented in December 2010 and enhanced quarterly thereafter, the [Washington Connection](#) benefit portal received national recognition through the 2012 Bright Ideas Award from the Ash Center at Harvard’s John F. Kennedy School of Government.

As the portal expands each year, more assistance programs become accessible for families and individuals to explore or apply online. Evidence shows that an integrated approach critically offers families and individuals in need more streamlined access to multiple services that could prevent further crises. Ongoing enhancements also offer better features to improve their experience online.

Active marketing and outreach have helped increase awareness and online usage of the portal. Regular cross-agency communications are essential in sharing the latest information. As of July 2018, over 202,000 households have created their Washington Connection Client Benefit Accounts to renew their benefits or update information online, which is an increase of 14.4% since July 2017 (*See Figure 1*).

Background

As required by the Legislature, the Department of Social and Health Services (DSHS) deployed an integrated approach in providing online access to services and benefits as well as employment, training and education programs. Through strong partnerships with government agencies, community partners, community colleges, and non-profit organizations, Washington Connection continues to fulfill this requirement.

Washington Connection shares information about a wide variety of benefits and services, offers customers the option to apply for or renew services online (*See Figure 2*), and provides a pre-screening process with referral links to additional services for which the applicant might be eligible (*See Figure 3*). These features were designed to remove barriers for families and individuals so they can successfully navigate the website and seek the services they need.

Community Partnerships

Washington Connection provides tools and resources for community partners that can help their customers apply for and renew benefits online. These tools include the online secure partner registration, Partner Account, and the “Client Search” feature. Resources include online tutorials, training webinars, marketing materials, newsletters, and consultations. Currently there are over 770 registered community partners throughout the state, working to improve local residents’ access to services and benefits (*See Figure 4 and Figure 5*).

Governance

The Secretary of the Department of Social and Health Services (DSHS) serves as the executive sponsor of the Washington Connection Advisory Committee. The Advisory Committee comprises representatives from community-based organizations, state agencies, tribes, higher education, and the Health Benefit Exchange (*See Figure 6*). While the Advisory Committee guides the direction of Washington Connection’s long-term goals and objectives, DSHS is responsible for daily operations of the portal, functionality enhancement, partnership development, public outreach, and data analysis.

Strategic Plan

The Advisory Committee approved the 2016-2018 Washington Connection Strategic Plan in January 2016 (*See Figure 7*), and received updates on initiatives related to these four strategic goals: (1) increase online access to a wide range of services and benefits; (2) improve functionality and usability for online users; (3) expand community partnerships; and (4) strengthen support for community partners. The 2019-2021 Strategic Plan will be available by January 2019.

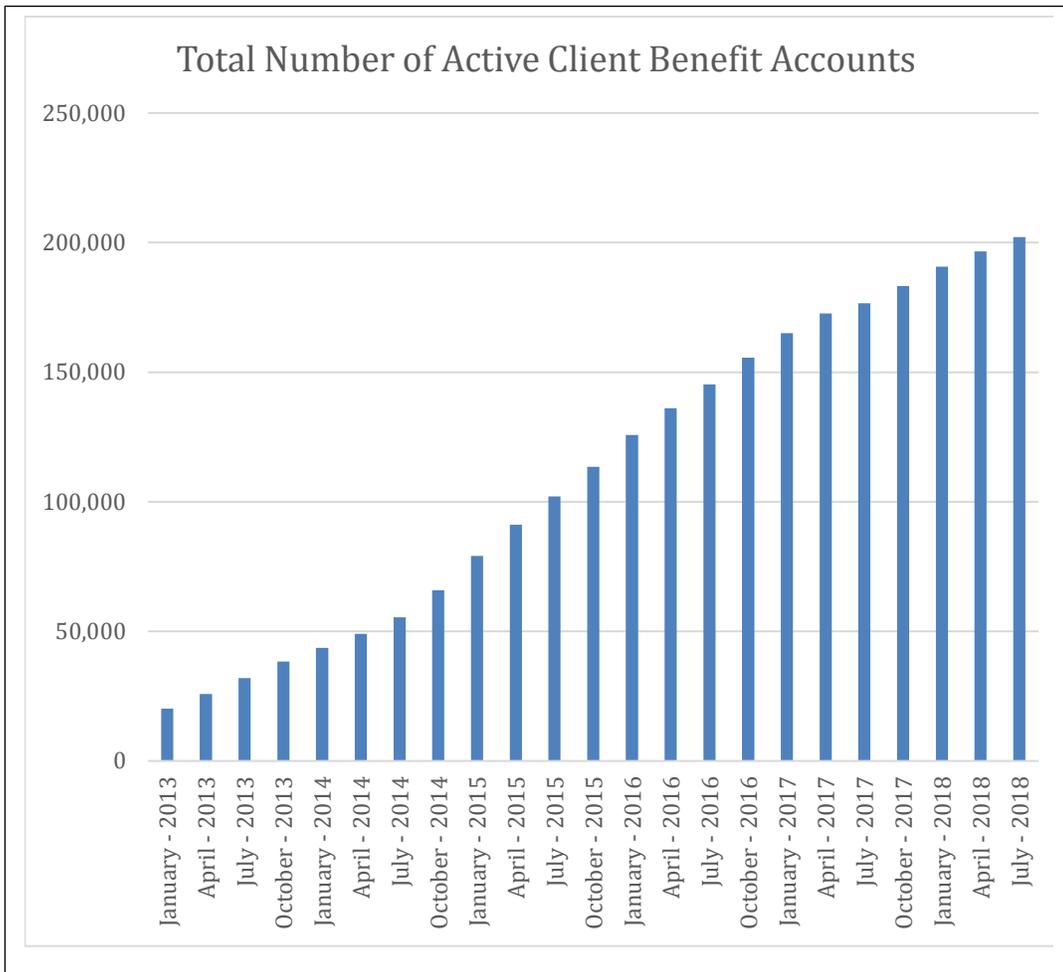

Figures

Additional update information is available in the following figures:

1. Total Number of Active Client Benefit Accounts
2. Benefit Programs Available through Online Application
3. Referral Links Available through Pre-screening Process
4. Number of Community Partners by Organization Type
5. Number of Community Partners by County
6. Advisory Committee Membership in 2018
7. 2016-2018 Washington Connection Strategic Plan

Figure 1: Total Number of Active Client Benefit Accounts

The number of active Client Benefit Accounts in the past six years continues to increase as more and more individuals and families are using this online feature to monitor their benefit history, renew services, or update information. The Client Benefit Account provides clients with streamlined access to continued services without interruption as long as the clients remain eligible.

Figure 7: 2016-2018 Washington Connection Strategic Plan

Goal 1: Increase online access to a wide range of services and benefits

Key Measure: Number of Active Client Benefit Accounts

Results*: Increased from 125,738 (January 2016) to 201,327 (July 2018); about 17% increase per year

Objectives	Strategies
A. Add more services to online application to increase awareness of resources available	➤ Add “Start Next Quarter” program to Washington Connection online application**
B. Increase access to Medicaid from Washington Connection to decrease number of uninsured	<ul style="list-style-type: none"> ➤ Add the new “Tailored Support for Older Adults” program to online application** ➤ Add “Crime Victims Compensation Program” to prescreening process**
C. Add more referral links to prescreening and online application	➤ Identify opportunities to add more referral links as appropriate** (ongoing)

Goal 2: Improve functionality and usability for online users

Key Measure: Number of Active Client Benefit Accounts

Results*: Increased from 125,738 (January 2016) to 201,327 (July 2018); about 17% increase per year

Objectives	Strategies
A. Make it easier for applicant to complete online application, eligibility renewal, and change report for multiple programs	➤ Implement prefilled eligibility renewal and change report with known client information (under review)
B. Make it easier for applicants and partners to create their SAW account, Client Benefit Account, and Partner Account	➤ Enable WACON to receive SAW account update information from Washington Technology Solutions**
C. Provide instant assistance to applicants by online Live Chat or telephone	<ul style="list-style-type: none"> ➤ Reach out to selected clients and help them create Client Benefit Accounts** (ongoing) ➤ Assess available resources and capability to set up Live Chat function (under review)

* Data Source: Cognos Data Report for Washington Connection.

** These initiatives have been completed.

Goal 3: Expand community partnerships

Key Measure: Percent of Assisting Agencies that have submittal activities each month

Results*: Increased from 18.78% (2016 annual average) to 26.33% (2018 annual average as of June 30, 2018)

Objectives	Strategies
A. Increase partnerships with Department of Corrections (DOC) and Community Corrections Agencies	<ul style="list-style-type: none"> ➤ Enable online application submissions by DOC personnel with Assisting Agency status** ➤ Identify Community Corrections agencies that are interested in becoming Washington Connection partners** (ongoing)
B. Increase partnerships with Tribal organizations	<ul style="list-style-type: none"> ➤ Collaborate with Tribal organizations to develop partnerships and identify ways to remove barriers to services** (ongoing)
C. Increase partnerships with agencies that serve elderly population	<ul style="list-style-type: none"> ➤ Collaborate with agencies serving elderly to develop partnerships and identify ways to remove barriers to services** (ongoing)

Goal 4: Strengthen support for community partners

Key Measure: Percent of Assisting Agencies that have submittal activities each month

Results*: Increased from 18.78% (2016 annual average) to 26.33% (2018 annual average as of June 30, 2018)

Objectives	Strategies
A. Expand support to include partners of Basic Food Employment and Training program, Resource to Initiate Successful Employment program, and Employment Pipeline program	<ul style="list-style-type: none"> ➤ Share information about these programs with our community partners** (ongoing) ➤ Collaborate with these programs to share Washington Connection information with their partners** (ongoing) ➤ Share Employment Pipeline event flyers with area partners** (ongoing) ➤ Place links to these programs on various locations on Washington Connection “Find Services” page (under review)
B. Improve current training structure and communication practices to better support community partners	<ul style="list-style-type: none"> ➤ Engage partners periodically and support their new staff for partnership sustainability** (ongoing) ➤ Establish an ongoing communication plan** (ongoing)

* Data Source: Cognos Data Report for Washington Connection.

** These initiatives have been completed
