

WAC 110-145-2770 First-aid and CPR training. (1) All personnel, except nondirect care staff and nondirect care volunteers, must be certified in basic standard first aid and age-appropriate CPR within the first 90 calendar days of working in the facility.

(2) The first-aid and CPR training must be approved by the department and accredited according to nationally recognized standards, and:

(a) First-aid training may be completed in person or online; and

(b) CPR training must be completed in person.

(3) At least one staff counted in the staff-to-child ratio must have current certification in basic standard first aid and age-appropriate CPR.
