

WAC 132J-126-110 Amnesty. (1) Green River College values the health, safety, and wellness of those in our college community. Students are encouraged to report crimes, share concerns, and seek medical attention for themselves or others in need.

(2) A student conduct officer may elect to not initiate disciplinary action against a student who, while in the course of helping another person seek medical or other emergency assistance, admits to a possible policy violation under this student conduct code, provided that any such violations did not and do not place the health or safety of any other person at risk.

(3) A student conduct officer may elect to not initiate disciplinary action against a student who, while in the course of reporting violence, sexual harassment, or a crime in progress, admits to personal consumption of alcohol or drugs at or near the time of the incident, provided that any such use did not place the health or safety of any other person at risk.

(4) While policy violations cannot be overlooked, the college may elect to offer educational options or referrals, rather than initiating disciplinary action against students who report crimes, serve as witnesses, or seek medical attention as described in this section.

(5) This amnesty policy may not apply to students who repeatedly violate college policies in regard to alcohol, drugs, or other prohibited conduct.
