WAC 16-302-850  Land requirements for hemp certification standards. Land requirements for the production of a hemp seed crop are as follows:

1. Hemp crops for foundation and registered classes must not be grown on land which in any of the preceding three years produced a crop of hemp.

2. Hemp crops for certified classes must not be grown on land which:
   a. In the preceding year produced a certified crop of the same variety.
   b. In either of the preceding two years produced a noncertified crop of hemp or a different variety of hemp.

3. Weeds: The presence of broomrape (Orobanche spp.) in hemp crops is cause for declining certified status.
