WAC 16-328-088  Strawberry planting stock grades and standards—
Tolerances for inspection during or after harvest.  (1) In order to
allow for variations incident to proper grading and packing, not more
than a combined total of ten percent, by count, of the plants in any
lot may fail to meet the requirements of the grades specified in WAC
16-328-083 or 16-328-085.

(2) Individual packages in any lot may vary from the tolerance
specified above in this section, if the average for the entire lot,
based on sample inspection, is within the tolerance.

(3) Strawberry planting stock must be packed in such manner to
retain a fresh condition.
