

WAC 173-186-150 Post-spill review and documentation procedures.

Rail plan holders are required to conduct post-spill review procedures to review both the effectiveness of the plan and make plan improvements. Debriefs with ecology and other participating agencies and organizations may be appropriate if unified command has been established during a spill, and are required when significant plan updates are identified or significant lessons can be recorded and implemented.

[Statutory Authority: RCW 90.56.210. WSR 16-18-052 (Order 15-14), § 173-186-150, filed 8/31/16, effective 10/1/16.]
