WAC 222-12-0404  *Cooperation for effective alternate planning.*
The department will work cooperatively with associations representing
the interests of large and small forest landowners to develop more ef-
ficient alternate planning guidance and processes. In pursuing greater
efficiency and technical assistance, the department will consider:

1. Successful alternate plans, and small forest landowner alter-
nate management strategies and processes that can be used by other
small forest landowners as examples of the plan development and appro-
val process;
2. Auditing and monitoring results;
3. Maintaining a list of technical experts available to landown-
ers in preparing such plans; and
4. Partnerships between the department and organizations sup-
porting forest land stewardship principles.
