

WAC 296-17A-4302 Classification 4302.

4302-14 Custom meat cutting

Applies to establishments engaged in operating custom meat cutting shops. This classification primarily caters to customers who bring in an animal carcass (usually from a farm or hunt) for processing. Customers generally fill out a cut and wrap list which indicates how they want the meat cut such as steaks, flank, roasts, ribs, fillets, or hamburger, and how they want the product wrapped such as 3 steaks to a package, 5 pound roasts, 2 pound packages of hamburger, etc. Once the order has been filled to a customer's specifications, meat is stored in a freezer locker until the customer picks up the product. Custom meat cutting shops may also smoke meats and offer custom cut inspected meats (meaning inspected by USDA officials) for sale as locker packages or by the pound. It is also common for these establishments to sell related grocery items such as butter, eggs or milk. Tools and equipment include, but are not limited to, knives, razors, meat chippers, cleavers and hand carts.

This classification excludes establishments primarily engaged in custom meat cutting *including farm kill operations* which are to be reported separately in classification 4302-15; establishments engaged in farm kill operations *only* which are to be reported separately in classification 4302-16; packing house operations and slaughterhouse operations which are to be reported separately in classification 4301; establishments engaged in the retail sale of meat and poultry dealers which are to be reported separately in classification 3303; and wholesale meat dealers which are to be reported separately in classification 3304.

Customers generally fill out a cut and wrap list which indicates how they want the meat cut such as steaks, flank, roasts, ribs, fillets, hamburger, etc., and how they want the product wrapped such as 3 steaks to a package, 5 pound roasts, and 2 pound packages of hamburger. Once the order has been filled to a customer's specifications, meat is stored in a refrigerated locker until the customer picks up the product. It is also common for these establishments to sell related grocery items such as butter, eggs or milk. Tools and equipment include, but are not limited to, knives, razors, meat chippers, cleavers and hand carts. *Farm kill operations* are usually performed with the use of a mobile kill truck. This classification excludes establishments engaged in custom meat cutting-in shop *only (no farm kill)* which are to be reported separately in classification 4302-14 and farm kill *only* operations (mobile butchering) which are to be reported separately in classification 4302-16.
