WAC 314-20-095 What are the requirements for contract production between microbreweries? This section clarifies the language for contract production found in RCW 66.24.244. For the purposes of this section, contract production is when one microbrewer, referred to as the "contractor," produces and packages beer for another microbrewer, referred to as the "contractee." This beer is referred to as the "product."

(1) The contractee is the product owner. As such, the contractee may distribute and retail the product.

(2) The contractor is required to physically transport all contracted product to the contractee. The contractor is not allowed to distribute or retail the product.

(3) The contractor must submit a copy of the contract to the board prior to production. Any changes in the contract must also be submitted to the board prior to subsequent production. The board may require additional information.

(4) The contractor is required to obtain federal label approval, and the contractee is required to obtain state label approval.

(5) State taxes listed under RCW 66.24.290.

(a) The contractor is not responsible for the taxes.

(b) The contractee is responsible for the taxes when the contractee is acting as its own distributor or retailer for the product.

(c) When the contractee uses a distributor to distribute the product, then the distributor is responsible for the taxes.

(6) Maintaining qualification as a microbrewery. Each microbrewery, whether in the capacity of a contractor or contractee, is allowed to produce under sixty thousand barrels of total product per year. Total product, in this instance, includes product (a) owned and produced by the microbrewery; (b) owned by the microbrewery but produced by another microbrewery; and (c) produced by the microbrewery on behalf of another microbrewery.

(7) Reporting and recordkeeping.

(a) The contractor must include the product produced when it reports its monthly production to the board.

(b) The contractee must include the sale of the product when it submits its monthly sales report to the board. The board may also require the contractee to include the product when the contractee reports its monthly production to the board.

(c) The contractor's and the contractee's recordkeeping documents must include the product information for each contract. The information must show the quantities produced.

WAC 314-20-100 Beer suppliers and distributors. RCW 66.28.180 requires beer distributors and suppliers to maintain all current and prior price lists at its liquor licensed location.

(1) **Definitions** - For the purposes of this chapter:

(a) A "price list" means a declaration of the prices at which any and all brands of beer and any and all packages within a brand are to be sold by the person maintaining the list. Distributors must maintain a price list showing all such prices for sales to retailers. Each manufacturer functioning as a distributor must maintain a price list showing all such prices for sales to retailers as well as showing such prices for sales to distributors. The price list will contain the wholesale prices at which any and all brands of beer sold by the supplier or distributor shall be available to retailers within the state.

(b) A "beer supplier" means a microbrewery, domestic brewery, certificate of approval holder, beer importer, beer distributor acting as the first United States importer, or a distributor selling beer to another distributor.

(c) A "beer distributor" means a distributor selling to a retailer, a domestic brewery acting as a distributor, a microbrewery acting as a distributor, or a certificate of approval holder with a direct shipping to Washington retailer endorsement selling beer of its own production to a retailer.

(d) Third-party delivery is prohibited.

(2) **Products and price lists** - If a beer supplier or distributor lists selected items on which prices are temporarily reduced, these prices must clearly reflect all items and the selling price. All products must be made available to all retail licensees to the extent it is reasonably practical to do so and all retail licensees must be given reasonable notice of all prices and price changes.

(3) **Distributor changes**

(a) The following guidelines apply when a beer supplier makes a distributor change outside of the regular distributor appointment timelines. The supplier must notify the board in writing that they

wish to change their current distributor and appoint a new distributor to be effective immediately.

(b) A beer supplier must notify the board if any of the contracts or agreements listed in this rule are revised or terminated by either party.

(4) **Price lists for new distributors** - When the board issues a new beer distributor license, the licensee must have a price list available.

(5) **Accommodation sales** - The provisions of this rule do not apply when a beer distributor makes an accommodation sale to another beer distributor and this sale is made at a selling price that does not exceed the laid-in cost of the beer being sold. Accommodation sales may only be made when the distributor purchasing the beer is an appointed distributor of the supplier, when the distributor is an authorized purchaser of the brand and product being sold, and when the supplying distributor is appointed by the supplier.
