

WAC 365-230-134 Abatement worker and project designers. (1) To become certified by the department as an abatement worker or project designer, pursuant to the certification of individuals section of these rules, an individual must:

(a) Successfully complete an accredited course in the appropriate discipline and receive a course completion certificate from an accredited training program.

(b) Meet or exceed the following additional experience and/or education requirements:

(i) Abatement workers. No additional experience and/or education requirements.

(ii) Project designers.

(A) Successful completion of an accredited training course for supervisors; and

(B) Successful completion of an accredited training course for project designers; and

(C) Bachelor's degree in engineering, architecture, or a related profession, and one year of experience in building construction and design or a related field; or

(D) Four years experience in building construction and design or a related field.

(2) After successfully completing the appropriate training and application requirements as described in these rules, an individual shall be certified by the department.

(3) To maintain certification, an individual must be recertified as described in the recertification section of these rules.

(4) Certification shall be nontransferable.
