

WAC 480-54-040 Contractors for survey and make-ready work. (1)

An owner should make available and keep up-to-date a reasonably sufficient list of contractors it authorizes to perform surveys and make-ready work in the communications space on its poles in cases where the owner has failed to meet deadlines specified in WAC 480-54-030.

(2) If a requester hires a contractor for purposes specified in WAC 480-54-030, the requester must choose a contractor included on the owner's list of authorized contractors. If the owner does not maintain such a list, the requester may choose a contractor without the owner's approval of that choice.

(3) A requester that hires a contractor for survey or make-ready work must provide the owner with prior written notice identifying and providing the contact information for the contractor and must provide a reasonable opportunity for an owner representative to accompany and consult with the contractor and the requester.

(4) Subject to commission review in a complaint proceeding, the consulting representative of an owner may make final determinations, on a nondiscriminatory basis, on the attachment capacity of any pole and on issues of safety, reliability, and generally applicable engineering principles.
