

WAC 508-12-090 Surface water appropriation procedure—Rights of way. Permits secured through this office do not carry any right of way privileges. Right of way for diversion, storage or transmission facilities must be obtained by the permittee from the owner of the property on which such structure or ditch will be located, or by condemnation proceedings.

[Rule 9, filed 3/23/60. Formerly WAC 134-12-090.]
