

WAC 230-05-128 Renew your license in a timely manner. (1) You must renew online, unless you have received a waiver as outlined in this chapter and allow enough time to:

(a) Print the license prior to midnight before the license expires; or

(b) Have us print the license and mail it to you so you receive it before your license expires.

(2) If you have a waiver and are not renewing your license online, you must ensure a properly completed renewal application and all applicable license fees are received at our administrative office in Lacey at least fifteen days before the expiration date on the license.

(3) If you do not submit a properly completed renewal application and all fees and your license expires, you must immediately stop the gambling activity covered by your license.

(4) If your license expires, you must submit an application and you must not operate any gambling activity until a new license is issued.
