No

If yes, did you receive any compensation?

No

Board and commission meetings are held during the day. Are you able to come prepared and actively participate in day meetings?

Yes

Why do you want to serve on this board or commission?

The work of the WSAC is vital, perhaps more than ever before, as we continue to seek ways to help all education sectors in our state acheive our attainment goals.

All adults in Washington, ages 25–44, will have a high school diploma or equivalent.

At least 70 percent of Washington adults, ages 25–44, will have a postsecondary credential.

I am incredibly proud of the work that the Council has been a part of during my first term. I believe that we are more focused on the mission now than we were 3 years ago. The WSAC's mission is to:

- 1. Lead statewide strategic planning to improve educational coordination and transitions.
- 2. Support Washingtonians through the administration of financial aid, a college savings plan, and support services.
- 3. Advocate for the economic, social, and civic benefits of postsecondary education.

However, the work simply is not done yet. The attainment goals are lofty, and there is much work that needs to be done to reach them - but I believe in them. And I believe in our state.

Together we will reach our goal. I want to continue to work for my state through the WSAC to see these goals come to fruition.
