BRIEF DESCRIPTION: Expanding the property tax exemption for new and rehabilitated multiple-unit dwellings in urban growth areas.
AN ACT Relating to expanding the property tax exemption for new and rehabilitated multiple-unit dwellings in urban growth areas; amending RCW 84.14.007, 84.14.010, 84.14.020, 84.14.040, 84.14.060, and 84.14.100; and creating a new section.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. Sec. 1. (1) This section is the tax preference performance statement for the tax preferences contained in section 4, chapter . . ., Laws of 2020 (section 4 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to: (a) Incentivize developers to construct or rehabilitate multifamily housing; (b) Incentivize local governments and multifamily housing owners to maintain or expand existing income-restricted unit stock that have been incentivized through the tax exemption provided under chapter
84.14 RCW via new authority to renew the property tax abatement in exchange for continued or additional affordability; and

(c) Further encourage multifamily construction in cities and certain unincorporated urban growth areas by expanding access to the multifamily tax exemption program to a broader set of jurisdictions.

(4) It is the legislature's intent to provide the value of new housing construction, conversion, and rehabilitation improvements qualifying under chapter 84.14 RCW an exemption from ad valorem property taxation for eight to twelve years or more, as provided for in RCW 84.14.020, in order to provide incentives to developers to construct or rehabilitate multifamily housing thereby increasing the number of affordable housing units, or preserving the state's stock of income-restricted units, for low-income to moderate-income residents in certain urban growth areas.

(5) The legislature intends to extend the expiration date of the tax preferences in section 4, chapter ... Laws of 2020 (section 4 of this act), if a review finds that:

(a) Projects receiving an initial eight-year or twelve-year exemption regularly enter into subsequent twelve-year extensions in exchange for continued or increased income restrictions on affordable units; and

(b) At least twenty percent of the new housing is developed and occupied by households earning:

   (i) At or below eighty percent of the area median income, at the time of occupancy, adjusted for family size for the city or county in which the project is located; or

   (ii) Where the housing is intended exclusively for owner occupancy, up to one hundred fifteen percent of the area median income, at the time of sale, adjusted for family size for the city or county in which the project is located.

(6) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee must refer to the annual reports compiled by the department of commerce under RCW 84.14.100 and may refer to data provided by counties or cities in which persons are utilizing the preferences, the office of financial management, the department of commerce, the United States department of housing and urban development, and any other data sources, as needed by the joint legislative audit and review committee.
Sec. 2. RCW 84.14.007 and 2014 c 96 s 2 are each amended to read as follows:

It is the purpose of this chapter to encourage increased residential opportunities, including affordable housing opportunities, in residential targeted areas of cities (that are required to plan or choose to plan under the growth management act within urban centers) where the governing authority of the affected city has found there is insufficient housing opportunities, including affordable housing opportunities. It is further the purpose of this chapter to stimulate the construction of new multifamily housing and the rehabilitation of existing vacant and underutilized buildings for multifamily housing in (urban centers) residential targeted areas having insufficient housing opportunities that will increase and improve residential opportunities, including affordable housing opportunities (within these urban centers). To achieve these purposes, this chapter provides for special valuations in (residentially deficient urban centers) designated residential targeted areas for eligible improvements associated with multiunit housing, which includes affordable housing. It is an additional purpose of this chapter to allow unincorporated areas of (rural) counties that are within urban growth areas to stimulate housing opportunities (and for certain counties to stimulate housing opportunities near college campuses), to incentivize redevelopment of areas in urban growth areas to promote transit supportive densities and more efficient land use, and to promote dense, transit-oriented, walkable college communities near college campuses.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a residential targeted area.
if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

In the case of multiunit housing intended exclusively for owner occupancy, the minimum requirement of this subsection (6) may be satisfied solely through housing affordable to moderate-income households.

(7) After designation of a residential targeted area, the governing authority must notify the county assessor's office of the county in which the residential targeted area is located and the department of commerce of the intention to offer the tax exemption provided under this chapter with a projected fiscal impact and potential expiration date.
Sec. 6. RCW 84.14.060 and 2014 c 96 s 5 are each amended to read as follows:

(ii) For projects applying for the exemption under RCW 84.14.020(1)(a)(ii)(B), the analysis must additionally assess the proposed rent levels for income-restricted units at the time of issuance of the exemption compared to fair market rents in similar areas. If income-restricted rent levels do not result in rents lower than the fair market rent, the project may not receive an exemption under RCW 84.14.020(1)(a)(ii)(B), but may apply for an exemption under RCW 84.14.020(1)(a)(ii)(A).

(4) An application may not be approved after July 1, 2007, if any part of the proposed project site is within a campus facilities master plan, except as provided in RCW 84.14.040(1)(d).
