# The Broadband Delivery CHALLENGE

## Solutions

- USF
- State block grants from federal agencies
- Mapping to define areas
- Rallying communities to engage in conversation
- Policies supporting state broadband legislative directive
- Public-Private Partnership Cooperative model

# 1. Maximize Federal & Private Sector Funding

---

- Barriers to public entity participation in federal funding opportunities
- Centralize data gathering and mapping
- Local Broadband Action Teams
- Identify and develop shovel-ready projects
- Matching Funds
- Tribal infrastructure funds matching program
- Considerations for Tribal Sovereignty and Private Investment
- Pilot funding model for early investment in planning stage
- Access to low income access programs
- Address barriers to private sector network expansion

## 2. Scalable, FutureProof Networks

---

- Change the speed discussion from asymmetrical to symmetrical to fulfil 2028 directives
- Under promise-over deliver advertised speeds
- Form official state broadband advisory committee for oversight, accountability and participation in state broadband office strategy and planning
- Structure broadband governance in state and local government to strengthen alignment between authority, accountability and resources

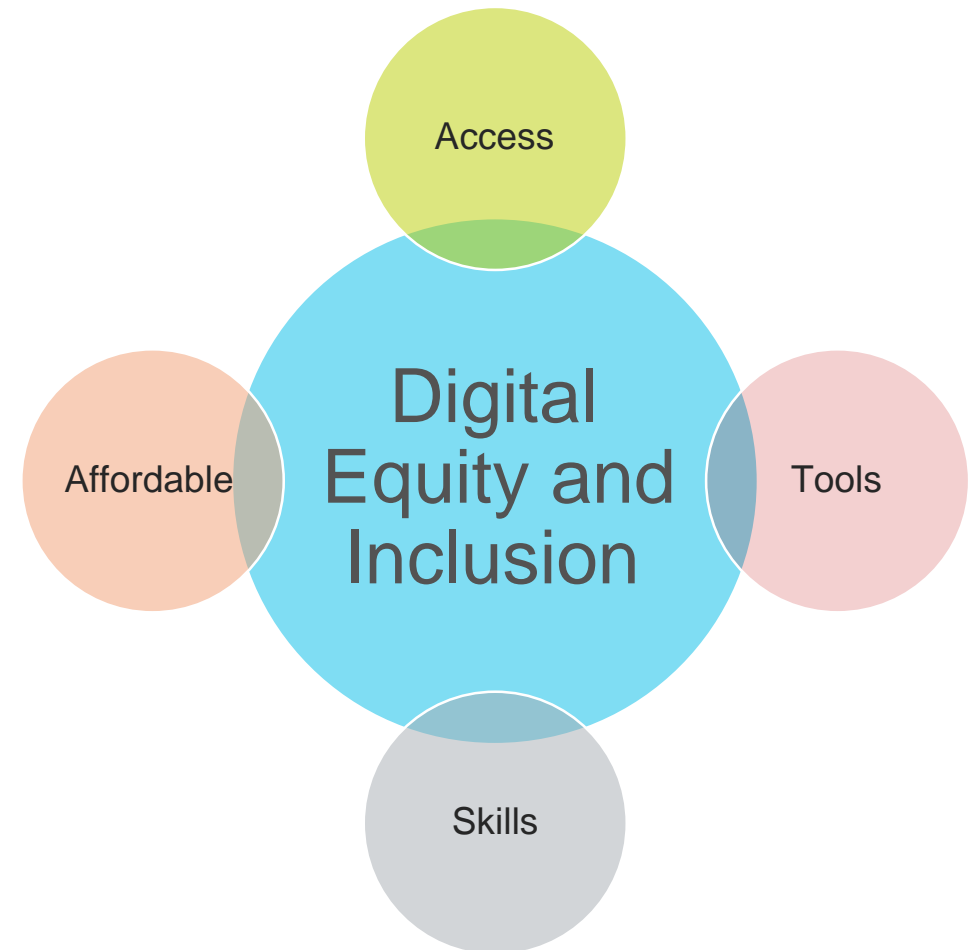

# 3. Address the Last Mile Issue

---

- Anchor Plus-1 to leverage connectivity in surrounding community
- Feasibility of public use IRUs through Public-Private Partnerships
- Dig-smart climb-smart policy at the community level
- .09 local broadband discretionary fund enhancement
- Support a technology agnostic approach for last mile infrastructure deployment
- Subsidy program to ensure sustainability of last mile delivery services
- Maximize utilization of existing assets including dark fiber, backhaul, mobile, etc.
- Data privacy law for providers

# 4. Support Digital Equity and Inclusion

- **Policy guidance and centralized coordination with statewide DEI initiatives:** *Poverty Reduction Work Group, Human Centered Design Committee, DSHS, DOH, ESDACT, Digital Equity Taskforce, Remote Learning Taskforce, OSPI, Seattle Digital Equity, All In Washington, Washington State University, Washington State Library | SOS, DigitaNavigators*
- **Facilitate access to low income programs**
- **DEI planning via local Broadband Action Teams**
- **Universal service mechanisms to ensure affordability**
- **Digital equity implementation grants, outreach, staff**
- **State WiFi hotspots program expansion**

# Emerging Technologies

---

# Next Steps

---

How you can help - action items:

- Visit [broadband.wa.gov](http://broadband.wa.gov) and take the State Broadband Access and Speed Survey
- Shovel ready projects identified and brought to the attention of WSBO
- Matching funds for federal opportunities
- Feasibility and technical assistance

“What gets  
measured gets  
done!”  
Thank you.
