11 ~~officer must terminate the vehicular pursuit if any of the~~

13 ~~(2) A pursuing officer shall comply));~~

14 (e) The pursuing officer and supervising officer comply with any  
15 agency procedures for designating the primary pursuit vehicle and  
16 determining the appropriate number of vehicles permitted to  
17 participate in the vehicular pursuit ((and comply));

18 (f) The supervising officer, the pursuing officer, or dispatcher  
19 notifies other law enforcement agencies or surrounding jurisdictions  
20 that may be impacted by the vehicular pursuit or called upon to  
21 assist with the vehicular pursuit, and the pursuing officer and  
22 supervising officer comply with any agency procedures for  
23 coordinating operations with other jurisdictions, including available  
24 tribal police departments when applicable;

25 (g) The pursuing officer is able to directly communicate with  
26 other officers engaging in the pursuit, the supervising officer, and  
27 the dispatch agency, such as being on a common radio channel or  
28 having other direct means of communication;

29 (h) As soon as practicable after initiating a vehicular pursuit,  
30 the pursuing officer, supervising officer, or responsible agency  
31 develops a plan to end the pursuit through the use of available  
32 pursuit intervention options, such as the use of the pursuit  
33 intervention technique, deployment of spike strips or other tire  
34 deflation devices, or other department-authorized pursuit  
35 intervention tactics; and

36 (i) The pursuing officer has completed an emergency vehicle  
37 operator's course, has completed updated emergency vehicle operator  
38 training in the previous two years, and is certified in at least one  
39 pursuit intervention option.

1       (2) A vehicular pursuit not meeting the requirements under  
2 subsection (1) of this section must be terminated.

3       (3) A peace officer may not fire a weapon upon a moving vehicle  
4 unless necessary to protect against an imminent threat of serious  
5 physical harm resulting from the operator's or a passenger's use of a  
6 deadly weapon. For the purposes of this subsection, a vehicle is not  
7 considered a deadly weapon unless the operator is using the vehicle  
8 as a deadly weapon and no other reasonable means to avoid potential  
9 serious harm are immediately available to the officer.

10       (4) For purposes of this section, "vehicular pursuit" means an  
11 attempt by a uniformed peace officer in a vehicle equipped with  
12 emergency lights and a siren to stop a moving vehicle where the  
13 operator of the moving vehicle appears to be aware that the officer  
14 is signaling the operator to stop the vehicle and the operator of the  
15 moving vehicle appears to be willfully resisting or ignoring the  
16 officer's attempt to stop the vehicle by increasing vehicle speed,  
17 making evasive maneuvers, or operating the vehicle in a reckless  
18 manner that endangers the safety of the community or the officer.

19       NEW SECTION.     **Sec. 2.** This act is necessary for the immediate  
20 preservation of the public peace, health, or safety, or support of  
21 the state government and its existing public institutions, and takes  
22 effect immediately."

23       Correct the title.

EFFECT: (1) Removes the intent section. Removes all amendatory  
provisions pertaining to the standard for use of force by peace  
officers.

      (2) Modifies the restrictions on vehicular pursuits by: Limiting  
the authority to engage in pursuits to when there is reasonable  
suspicion that a person in the vehicle has committed or is committing  
a violent offense, escape offense, or driving under the influence  
offense (rather than reasonable suspicion that a person in the  
vehicle has committed or is committing any criminal offense where the  
public safety risks of failing to apprehend or identify the person  
are considered to be greater than the safety risks of the vehicular  
pursuit under the circumstances, as provided in the underlying bill);  
and prohibiting pursuits unless a person in the vehicle poses a  
threat of serious injury or death to another person, (rather than  
poses a public safety risk, as provided in the underlying bill, or an  
imminent threat to the safety of others, as provided in current law).

      (3) Modifies the supervisory requirements for vehicular pursuits  
by: Requiring the pursuing officer to notify a supervising officer  
immediately upon initiating a pursuit (rather than requiring the  
pursuing officer to receive authorization to continue the pursuit  
from a supervising officer, as provided in the underlying bill);

requiring supervisory oversight of the pursuit (rather than supervisory control of the pursuit, as provided in current law and the underlying bill); and removing current law alternatives for when a supervisor is not on duty, thereby requiring supervisory oversight in all pursuits.

(4) Adds the following requirements for engaging in a vehicular pursuit: Requires the supervising officer, the pursuing officer, or dispatcher to notify other law enforcement agencies or surrounding jurisdictions that may be impacted by the vehicular pursuit or called upon to assist with the vehicular pursuit; requires the pursuing officer to be able to directly communicate with other officers engaging in the pursuit, the supervising officer, and the dispatch agency, such as being on a common radio channel or having other direct means of communication; requires the pursuing officer, supervising officer, or responsible agency, as soon as practicable after initiating a vehicular pursuit, to develop a plan to end the pursuit through the use of available pursuit intervention options, such as the use of the pursuit intervention technique, deployment of spike strips or other tire deflation devices, or other department-authorized pursuit intervention tactics; and specifies that the pursuing officer must have completed an emergency vehicle operator's course, have completed updated emergency vehicle operator training in the previous two years, and be certified in at least one pursuit intervention option.
