HB 1614 - H COMM AMD

By Committee on Regulated Substances & Gaming

1 On page 4, line 17, after "cannabis" strike "under this
2 subsection" and insert "in compliance with this section"

3 On page 6, beginning on line 1, after "(e)" strike all material
4 through "stored" on line 2 and insert "Plants must be grown within a
5 locked or secured closet, room, greenhouse, or other enclosed area
6 that is equipped with a lock or other security device that allows
7 access only by an authorized person"

EFFECT: (1) Specifies that the production, possession, delivery, and acquisition of plants or cannabis capable of being processed into cannabis products "in compliance with this section" may not form the basis of a seizure or forfeiture action, instead of specifying that the production, possession, delivery, and acquisition of plants or cannabis capable of being processed into cannabis products "under this subsection" may not form the basis of a seizure or forfeiture action.

(2) Specifies that cannabis plants must be grown within a locked or secured closet, room, greenhouse, or other enclosed area that is equipped with a lock or other security device that allows access only by an authorized person. Removes proposed language that says nothing in the proposed requirements mandates how or where home-produced cannabis must be stored.
