    <u>EFFECT:</u>   (1) Revises the proposed cannabis home grow
authorization to allow the production and possession of no more than
three mature plants and three immature plants, instead of no more
than six plants.
    (2) Revises the proposed limit on the number of cannabis plants
that may be produced at any one time on the premises of a single
housing unit with multiple residents, to set a limit of seven mature
plants and eight immature plants, instead of 15 plants.
    (3) Revises the proposed class 1 civil infraction so it would
penalize a person who produces and knowingly possesses more than
three mature plants and three immature plants, but fewer than eight
mature plants and eight immature plants, instead of more than six
plants but fewer than 16 plants.

(4) Revises the proposed class C felony so it would apply (or continue to apply) to a person who produces and knowingly possesses eight or more mature cannabis plants and eight or more immature plants, instead of 16 or more cannabis plants.

(5) Revises the proposed changes to real property seizure and forfeiture provisions, so a safe harbor for cannabis possession activities would cease applying if the amount possessed is eight or more mature plants and eight or more immature plants, instead of 16 or more plants.
