

WSDA Agricultural Viability

Ongoing Work

With legislature's help, WSDA has made significant investments to improve agricultural resilience and viability in Washington State.

WSDA Investments include:

- Strengthening local food systems:
 - Farm to School Purchasing Grant
 - Local Food Purchase Assistance
 - Underrepresented Farmers and Ranchers Report
- International market collaborations
- Pest and disease – invasive species eradication
- Climate Resilience
 - Climate Resilience Plan for Washington Agriculture
 - Saving Tomorrow's Agriculture Resources (STAR)
- Land access and availability - Vacant Lands Analysis

WSDA Agricultural Viability

Timeline – Agricultural Viability Study

WSDA Review and Analysis

***Underway*

WSDA is currently reviewing and synthesizing existing information and data, including WSU IMPACT Center's report.

Interim Report

December 2025

Highlight the strengths, weaknesses, opportunities and threats within Washington's agricultural system.

WSDA Agricultural Viability Report

June 2026

Comprehensive analysis of Washington's agricultural industry with a focus on increasing the resilience of Washington agriculture.
