(36) "Separation from service" occurs when a person has terminated all employment with an employer. Separation from service or employment does not occur, and if claimed by an employer or employee may be a violation of RCW 41.40.055, when an employee and employer have a written or oral agreement to resume employment with the same employer following termination. Mere expressions or inquiries about postretirement employment by an employer or employee that do not constitute a commitment to reemploy the employee after retirement are not an agreement under this subsection.

(37)(a) "Service" for plan 1 members, except as provided in RCW 41.40.088, means periods of employment in an eligible position or positions for one or more employers rendered to any employer for which compensation is paid, and includes time spent in office as an elected or appointed official of an employer. Compensation earnable earned in full time work for 70 hours or more in any given calendar month shall constitute one service credit month except as provided in RCW 41.40.088. Compensation earnable earned for less than 70 hours in any calendar month shall constitute one-quarter service credit month of service except as provided in RCW 41.40.088. Only service credit months and one-quarter service credit months shall be counted in the computation of any retirement allowance or other benefit provided for in this chapter. Any fraction of a year of service shall be taken into account in the computation of such retirement allowance or benefits. Time spent in standby status, whether compensated or not, is not service.

(i) Service by a state employee officially assigned by the state on a temporary basis to assist another public agency, shall be considered as service as a state employee: PROVIDED, That service to any other public agency shall not be considered service as a state employee if such service has been used to establish benefits in any other public retirement system.

(ii) An individual shall receive no more than a total of 12 service credit months of service during any calendar year. If an individual is employed in an eligible position by one or more employers the individual shall receive no more than one service credit month during any calendar month in which multiple service for seventy or more hours is rendered.

(iii) A school district employee may count up to 45 days of sick leave as creditable service solely for the purpose of determining eligibility to retire under RCW 41.40.180 as authorized by RCW 28A.400.300. For purposes of plan 1 "forty-five days" as used in RCW 28A.400.300 is equal to two service credit months. Use of less than 45 days of sick leave is creditable as allowed under this subsection as follows:

(A) Less than 22 days equals one-quarter service credit month;

(B) 22 days equals one service credit month;

(C) More than 22 days but less than 45 days equals one and one-quarter service credit month.

(iv) Reduction efforts such as furloughs, reduced work hours, mandatory leave without pay, temporary layoffs, or other similar situations as contemplated by subsection (6)(c)(iii) of this section do not result in a reduction in service credit that otherwise would have been earned for that month of work, and the member shall receive

the full service credit for the hours that were scheduled to be worked before the reduction.

(b) "Service" for plan 2 and plan 3 members, means periods of employment by a member in an eligible position or positions for one or more employers for which compensation earnable is paid. Compensation earnable earned for 90 or more hours in any calendar month shall constitute one service credit month except as provided in RCW 41.40.088. Compensation earnable earned for at least 70 hours but less than 90 hours in any calendar month shall constitute one-half service credit month of service. Compensation earnable earned for less than 70 hours in any calendar month shall constitute one-quarter service credit month of service. Time spent in standby status, whether compensated or not, is not service.

Any fraction of a year of service shall be taken into account in the computation of such retirement allowance or benefits.

(i) Service in any state elective position shall be deemed to be full time service, except that persons serving in state elective positions who are members of the Washington school employees' retirement system, teachers' retirement system, public safety employees' retirement system, or law enforcement officers' and firefighters' retirement system at the time of election or appointment to such position may elect to continue membership in the Washington school employees' retirement system, teachers' retirement system, public safety employees' retirement system, or law enforcement officers' and firefighters' retirement system.

(ii) A member shall receive a total of not more than 12 service credit months of service for such calendar year. If an individual is employed in an eligible position by one or more employers the individual shall receive no more than one service credit month during any calendar month in which multiple service for ninety or more hours is rendered.

(iii) Up to 45 days of sick leave may be creditable as service solely for the purpose of determining eligibility to retire under RCW 41.40.180 as authorized by RCW 28A.400.300. For purposes of plan 2 and plan 3 "forty-five days" as used in RCW 28A.400.300 is equal to two service credit months. Use of less than 45 days of sick leave is creditable as allowed under this subsection as follows:

(A) Less than 11 days equals one-quarter service credit month;

(B) 11 or more days but less than 22 days equals one-half service credit month;

(C) 22 days equals one service credit month;

(D) More than 22 days but less than 33 days equals one and one-quarter service credit month;

(E) 33 or more days but less than 45 days equals one and one-half service credit month.

(iv) Reduction efforts such as furloughs, reduced work hours, mandatory leave without pay, temporary layoffs, or other similar situations as contemplated by subsection (6)(c)(iii) of this section do not result in a reduction in service credit that otherwise would have been earned for that month of work, and the member shall receive the full service credit for the hours that were scheduled to be worked before the reduction.

(38) "Service credit month" means a month or an accumulation of months of service credit which is equal to one.

(39) "Service credit year" means an accumulation of months of service credit which is equal to one when divided by twelve.

(40) "State actuary" or "actuary" means the person appointed pursuant to RCW 44.44.010(2).

(41) "State elective position" means any position held by any person elected or appointed to statewide office or elected or appointed as a member of the legislature.

(42) "State treasurer" means the treasurer of the state of Washington.

(43) "Totally incapacitated for duty" means total inability to perform the duties of a member's employment or office or any other work for which the member is qualified by training or experience. RCW 41.40.023 Membership. Membership in the retirement system shall consist of all regularly compensated employees and appointive

and elective officials of employers, as defined in this chapter, with the following exceptions:

(1) Persons in ineligible positions;

(2) Employees of the legislature except the officers thereof elected by the members of the senate and the house and legislative committees, unless membership of such employees be authorized by the said committee;

(3) (a) Persons holding elective offices or persons appointed directly by the governor: PROVIDED, That such persons shall have the option of applying for membership during such periods of employment: AND PROVIDED FURTHER, That any persons holding or who have held elective offices or persons appointed by the governor who are members in the retirement system and who have, prior to becoming such members, previously held an elective office, and did not at the start of such initial or successive terms of office exercise their option to become members, may apply for membership to be effective during such term or terms of office, and shall be allowed to establish the service credit applicable to such term or terms of office upon payment of the employee contributions therefor by the employee with interest as determined by the director and employer contributions therefor by the employer or employee with interest as determined by the director: AND PROVIDED FURTHER, That all contributions with interest submitted by the employee under this subsection shall be placed in the employee's individual account in the employee's savings fund and be treated as any other contribution made by the employee, with the exception that any contributions submitted by the employee in payment of the employer's obligation, together with the interest the director may apply to the employer's contribution, shall not be considered part of the member's annuity for any purpose except withdrawal of contributions;

(b) A member holding elective office who has elected to apply for membership pursuant to (a) of this subsection and who later wishes to be eligible for a retirement allowance shall have the option of ending his or her membership in the retirement system. A member wishing to end his or her membership under this subsection must file, on a form supplied by the department, a statement indicating that the member agrees to irrevocably abandon any claim for service for future periods served as an elected official. A member who receives more than fifteen thousand dollars per year in compensation for his or her elective service, adjusted annually for inflation by the director, is not eligible for the option provided by this subsection (3) (b);

(4) Employees holding membership in, or receiving pension benefits under, any retirement plan operated wholly or in part by an agency of the state or political subdivision thereof, or who are by reason of their current employment contributing to or otherwise establishing the right to receive benefits from any such retirement plan except as follows:

(a) In any case where the retirement system has in existence an agreement with another retirement system in connection with exchange of service credit or an agreement whereby members can retain service credit in more than one system, such an employee shall be allowed membership rights should the agreement so provide;

(b) An employee shall be allowed membership if otherwise eligible while receiving survivor's benefits;

(c) An employee shall not either before or after June 7, 1984, be excluded from membership or denied service credit pursuant to this subsection solely on account of: (i) Membership in the plan created

under chapter 2.14 RCW; or (ii) enrollment under the relief and compensation provisions or the pension provisions of the volunteer firefighters' relief and pension principal fund or the reserve officers' relief and pension principal fund under chapter 41.24 RCW;

(d) Except as provided in RCW 41.40.109, on or after July 25, 1999, an employee shall not be excluded from membership or denied service credit pursuant to this subsection solely on account of participation in a defined contribution pension plan qualified under section 401 of the internal revenue code;

(e) Employees who have been reported in the retirement system prior to July 25, 1999, and who participated during the same period of time in a defined contribution pension plan qualified under section 401 of the internal revenue code and operated wholly or in part by the employer, shall not be excluded from previous retirement system membership and service credit on account of such participation;

(5) Patient and inmate help in state charitable, penal, and correctional institutions;

(12) Retirement system retirees: PROVIDED, That following reemployment in an eligible position, a retiree may elect to prospectively become a member of the retirement system if otherwise eligible;

(13) Persons employed by or appointed or elected as an official of a first-class city that has its own retirement system: PROVIDED, That any member elected or appointed to an elective office on or after April 1, 1971, shall have the option of continuing as a member of this system in lieu of becoming a member of the city system. A member who elects to continue as a member of this system shall pay the appropriate member contributions and the city shall pay the employer contributions at the rates prescribed by this chapter. The city shall also transfer to this system all of such member's accumulated contributions together with such further amounts as necessary to equal all employee and employer contributions which would have been paid into this system on account of such service with the city and thereupon the member shall be granted credit for all such service. Any city that becomes an employer as defined in RCW 41.40.010(13) as the result of an individual's election under this subsection shall not be required to have all employees covered for retirement under the provisions of this chapter. Nothing in this subsection shall prohibit a city of the first class with its own retirement system from: (a)

Transferring all of its current employees to the retirement system established under this chapter, or (b) allowing newly hired employees the option of continuing coverage under the retirement system established by this chapter.

Notwithstanding any other provision of this chapter, persons transferring from employment with a first-class city of over four hundred thousand population that has its own retirement system to employment with the state department of agriculture may elect to remain within the retirement system of such city and the state shall pay the employer contributions for such persons at like rates as prescribed for employers of other members of such system;

(14) Employees who (a) are not citizens of the United States, (b) do not reside in the United States, and (c) perform duties outside of the United States;

(15) Employees who (a) are not citizens of the United States, (b) are not covered by chapter 41.48 RCW, (c) are not excluded from membership under this chapter or chapter 41.04 RCW, (d) are residents of this state, and (e) make an irrevocable election to be excluded from membership, in writing, which is submitted to the director within thirty days after employment in an eligible position;

(16) Employees who are citizens of the United States and who reside and perform duties for an employer outside of the United States: PROVIDED, That unless otherwise excluded under this chapter or chapter 41.04 RCW, the employee may apply for membership (a) within thirty days after employment in an eligible position and membership service credit shall be granted from the first day of membership service, and (b) after this thirty-day period, but membership service credit shall be granted only if payment is made for the noncredited membership service under RCW 41.50.165(2), otherwise service shall be from the date of application;

(17) The city manager or chief administrative officer of a city or town, other than a retiree, who serves at the pleasure of an appointing authority: PROVIDED, That such persons shall have the option of applying for membership within thirty days from date of their appointment to such positions. Persons serving in such positions as of April 4, 1986, shall continue to be members in the retirement system unless they notify the director in writing prior to December 31, 1986, of their desire to withdraw from membership in the retirement system. A member who withdraws from membership in the system under this section shall receive a refund of the member's accumulated contributions.

Persons serving in such positions who have not opted for membership within the specified thirty days, may do so by paying the amount required under RCW 41.50.165(2) for the period from the date of their appointment to the date of acceptance into membership;

(18) Persons serving as: (a) The chief administrative officer of a public utility district as defined in RCW 54.16.100; (b) the chief administrative officer of a port district formed under chapter 53.04 RCW; or (c) the chief administrative officer of a county who serves at the pleasure of an appointing authority: PROVIDED, That such persons shall have the option of applying for membership within thirty days from the date of their appointment to such positions. Persons serving in such positions as of July 25, 1999, shall continue to be members in the retirement system unless they notify the director in writing prior to December 31, 1999, of their desire to withdraw from membership in the retirement system. A member who withdraws from membership in the system under this section shall receive a refund of the member's

accumulated contributions upon termination of employment or as otherwise consistent with the plan's tax qualification status as defined in internal revenue code section 401.

Persons serving in such positions who have not opted for membership within the specified thirty days, may do so at a later date by paying the amount required under RCW 41.50.165(2) for the period from the date of their appointment to the date of acceptance into membership;

(19) Persons enrolled in state-approved apprenticeship programs, authorized under chapter 49.04 RCW, and who are employed by local governments to earn hours to complete such apprenticeship programs, if the employee is a member of a union-sponsored retirement plan and is making contributions to such a retirement plan or if the employee is a member of a Taft-Hartley retirement plan;

(20) Beginning on July 22, 2001, persons employed exclusively as trainers or trainees in resident apprentice training programs operated by housing authorities authorized under chapter 35.82 RCW, (a) if the trainer or trainee is a member of a union-sponsored retirement plan and is making contributions to such a retirement plan or (b) if the employee is a member of a Taft-Hartley retirement plan;

(21) Employees who are removed from membership under RCW 41.40.823 or 41.40.633;

(22) Persons employed as the state director of fire protection under RCW 43.43.938 who were previously members of the law enforcement officers' and firefighters' retirement system plan 2 under chapter 41.26 RCW may continue as a member of the law enforcement officers' and firefighters' retirement system in lieu of becoming a member of this system; and

(23) Persons hired on or after June 6, 2024, employed by a public transportation benefit area as defined in RCW 36.57A.010 as part-time bus drivers serving naval shipyards if the employee is simultaneously employed on a full-time basis with an employer of the federal government and is making contributions to the federal employees' retirement system. Intent—1999 c 286: "It is the intent of the legislature that retirement benefits represent a valuable element of the total compensation and benefits employees receive for their service. The value of these benefits is contained in the retirement income and cost-of-living adjustments provided to employees who remain in public

service until retirement. For the majority of public employees, this requires membership in the public employees' retirement system.

The legislature recognizes, however, that certain occupations display a pattern of interstate mobility which requires retirement benefits which are highly portable. Incumbents in these occupations gain little value from membership in the public employees' retirement system. In order to remove any barrier to employing qualified personnel in positions with high mobility, membership in the retirement system should be optional in those occupations." [1999 c 286 s 1.]

(1)(a) If a retiree enters employment with an employer sooner than one calendar month after his or her accrual date, the retiree's monthly retirement allowance will be reduced by five and one-half percent for every eight hours worked during that month. This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred sixty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2)(a) A retiree from plan 1, plan 2, or plan 3 who has satisfied the break in employment requirement of subsection (1) of this section may work up to eight hundred sixty-seven hours per calendar year in an eligible position, as defined in RCW 41.32.010, 41.35.010, 41.37.010, or 41.40.010, or as a firefighter or law enforcement officer, as defined in RCW 41.26.030, or in a position covered by annuity and retirement income plans offered by institutions of higher education pursuant to RCW 28B.10.400, without suspension of his or her benefit.

Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible in accordance with RCW 41.40.180. However, if the right to retire is exercised to become effective before the member has rendered two uninterrupted years of service, the retirement formula and survivor options the member had at the time of the member's previous retirement shall be reinstated.

Except as qualified by RCW 41.40.023, for employers that were admitted into the retirement system before July 23, 1995, membership service may be established for the employer's former employees who are active members of the system if the member or member's former employer pays an amount equal to the employer and member contributions which would have been paid to the retirement system on account of such service to the retirement system. Payment shall be made prior to the retirement of such member.

Payments submitted by the member under this section shall be placed in the member's individual account in the members' savings fund and be treated as any other contribution made by the member, with the

exception that the contributions submitted by the member in payment of the employer's obligation, together with the interest the director may apply to the employer's contribution, shall be excluded from the calculation of the member's annuity in the event the member selects a benefit with an annuity option. RCW 41.40.057 Establishment of service credit—Current and former employees—Employers admitted after July 23, 1995. (1) This section applies to the establishment of membership service with employers admitted to the retirement system after July 23, 1995.

(2) For current employees, membership service may be established for periods of employment with an employer prior to the employer's admission into the retirement system by making the payments required by this section.

(a) Option A: The employer makes all the required payments within fifteen years from the date of the employer's admission.

(b) Option B: The employer makes a portion of the required payments and the member pays the balance. The employer shall not be required to make its payments until the member has made his or her payments. Each member shall have the option to purchase the membership service.

(c) Option C: The member makes all of the required payments. Each member shall have the option to purchase the membership service.

All payments under options B and C of this subsection must be completed within five years from the date of the employer's admission, or prior to the retirement of the member, whichever occurs sooner. A member may not receive membership service credit under option B or C of this subsection until all required payments have been made.

(3) An employer shall not be required to purchase membership service under option A or B for periods of employment for which the employer made contributions to a qualified retirement plan as defined by 26 U.S.C. Sec. 401(a), if the contributions plus interest accrued cannot be transferred to the retirement system. If the employer does not purchase the membership credit under this subsection, the member may purchase the membership service under subsection (2)(c) of this section.

(4) A former employee who is an active member of the system and is not covered by subsection (2) of this section may establish membership service by making the required payments under subsection (2)(c) of this section prior to the retirement of the member.

(5) All payments made by the member under this section shall be placed in the member's individual account in the members' savings fund or the member's account for those members entering plan 3. [2000 c 247 s 105; 1995 c 286 s 3.]

(a) Transfer to this retirement system all service currently credited under chapter 41.44 RCW;

(b) Reestablish and transfer to this retirement system all service which was previously credited under chapter 41.44 RCW but which was canceled by discontinuance of service and withdrawal of accumulated contributions as provided in RCW 41.44.190. The service may be reestablished and transferred only upon payment by the member to the employees' savings fund of this retirement system of the amount withdrawn plus interest thereon from the date of withdrawal until the date of payment at a rate determined by the director. No additional payments are required for service credit described in this subsection if already established under this chapter; and

(c) Establish service credit for the initial period of employment not to exceed six months, prior to establishing membership under chapter 41.44 RCW, upon payment in full by the member of the total employer's contribution to the benefit account fund of this retirement system that would have been made under this chapter when the initial service was rendered. The payment shall be based on the first month's compensation earnable as a member of the statewide city employees' retirement system and as defined in *RCW 41.44.030(13). However, a person who has established service credit under **RCW 41.40.010(13) (c) or (d) shall not establish additional credit under this subsection nor may anyone who establishes credit under this subsection establish any additional credit under **RCW 41.40.010(13) (c) or (d). No additional payments are required for service credit described in this subsection if already established under this chapter.

(2) (a) In the case of a member of this retirement system who is employed by an employer on July 26, 1987, the written election required by subsection (1) of this section must be filed and the payments required by subsection (1) (b) and (c) of this section must be completed in full within one year after July 26, 1987.

(b) In the case of a former member of this retirement system who is not employed by an employer on July 26, 1987, the written election must be filed and the payments must be completed in full within one year after reemployment by an employer.

(c) In the case of a retiree receiving a retirement allowance from this retirement system on July 26, 1987, or any person having vested rights as described in RCW 41.40.150 (4), the written election may be filed and the payments may be completed at any time.

(3) Upon receipt of the written election and payments required by subsection (1) of this section from any retiree described in subsection (2) of this section, the department shall recompute the retiree's allowance in accordance with this section and shall pay any additional benefit resulting from such recomputation retroactively to the date of retirement from the system governed by this chapter.

(4) Any person who was a member of the statewide city employees' retirement system under chapter 41.44 RCW and also became a member of this retirement system, and did not make the election under subsection (1) of this section because he or she was not a member of this retirement system prior to July 27, 1987, or did not meet the time limitations of subsection (2) (a) or (b) of this section, may elect to do any of the following:

This payment must be made prior to retirement, subject to rules adopted by the department.

(3) From January 1, 2009, through June 30, 2009, the following members may apply to the department to increase their benefit multiplier by an additional one and one-half percent per year of service for the period in which they served as a justice or judge:

(a) Active members of plan 1 or plan 2 who are not currently employed as a supreme court justice, court of appeals judge, or superior court judge, and who have past service as a supreme court justice, court of appeals judge, or superior court judge; and

(b) Inactive vested members of plan 1 or plan 2 who have separated, have not yet retired, and who have past service as a supreme court justice, court of appeals judge, or superior court judge.

A member eligible under this subsection may purchase the higher benefit multiplier for all or part of the member's prior judicial service beginning with the most recent judicial service. The member shall pay, for the applicable period of service, the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier as determined by the director.

(4) Subject to rules adopted by the department, a member applying to increase the member's benefit multiplier under this section may pay all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by

the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law. RCW 41.40.127 Additional benefit for district or municipal court judges—One-time irrevocable election. (1) Between January 1, 2007, and December 31, 2007, a member of plan 1 or plan 2 employed as a district court judge or municipal court judge may make a one-time irrevocable election, filed in writing with the member's employer and the department, to accrue an additional benefit equal to one and one-half percent of average final compensation for each year of future service credit from the date of the election.

(2) A member who made the election under subsection (1) of this section may apply, at the time of filing a written application for retirement with the department, to the department to increase the member's benefit multiplier by one and one-half percent per year of service for the period in which the member served as a judge prior to the election. The member may purchase, beginning with the most recent judicial service, the higher benefit multiplier for that portion of the member's prior judicial service for which the higher benefit multiplier was not previously purchased, and that would ensure that the member has no more than a seventy-five percent of average final compensation benefit. The member shall pay five percent of the salary earned for each month of service for which the higher benefit multiplier is being purchased, plus five and one-half percent interest applied from the dates that the service was earned. The purchase price shall not exceed the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier. This payment must be made prior to retirement, subject to rules adopted by the department.

(3) From January 1, 2009, through June 30, 2009, the following members may apply to the department to increase their benefit multiplier by an additional one and one-half percent per year of service for the period in which they served as a justice or judge:

(a) Active members of plan 1 or plan 2 who are not currently employed as a district court judge or municipal court judge, and who have past service as a district court judge or municipal court judge; and

(b) Inactive vested members of plan 1 or plan 2 who have separated, have not yet retired, and who have past service as a district court judge or municipal court judge.

A member eligible under this subsection may purchase the higher benefit multiplier for all or part of the member's prior judicial service beginning with the most recent judicial service. The member shall pay, for the applicable period of service, the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier as determined by the director.

(4) Subject to rules adopted by the department, a member applying to increase the member's benefit multiplier under this section may pay

all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law. (3) Subject to rules adopted by the department, a member purchasing an annuity under this section must pay all of the cost with an eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan.

(a) The department shall adopt rules to ensure that all eligible rollovers and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law.

Legislative findings—Intent—1986 c 317: "The legislature finds that in the past public employees and teachers who had terminated employment, withdrawn their retirement contributions, and subsequently returned to public employment or teaching either did not receive proper notification of the procedure to reinstate their withdrawn contributions or they did not fully understand the limitation on such reinstatement. In 1973, the legislature recognized this fact and provided an extraordinary reinstatement period for such employees. Further in 1983, the legislature established clear notification procedures for the proper notification of the reinstatement policy for all such returning employees. Therefore, it is the intent of this 1986 act to provide one last opportunity for reinstatement of withdrawn

contributions to those who may have not been properly informed or misunderstood the reinstatement procedure." [1986 c 317 s 1.]

RCW 41.40.188 Retirement allowance—Options—Retirement allowance adjustment—Court-approved property settlement. (1) Upon retirement for service as prescribed in RCW 41.40.180 or retirement for disability under RCW 41.40.210 or 41.40.230, a member shall elect to have the retirement allowance paid pursuant to one of the following options calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member's life. However, if the retiree dies before the total of the retirement allowance paid to such retiree equals the amount of such retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be

continued throughout the life of and paid to a person nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(c) A member may elect to include the benefit provided under RCW 41.40.640 along with the retirement options available under this section. This retirement allowance option shall be calculated so as to be actuarially equivalent to the options offered under this subsection.

(2)(a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) and (c) of this subsection. If a member is married and both the member and the member's spouse do not give written consent to an option under this section, the department shall pay a joint and fifty percent survivor benefit calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) and (c) of this subsection.

(b) Written consent from a spouse or domestic partner is not required if a member who is married or a domestic partner selects a joint and survivor option under subsection (1)(b) of this section and names the member's spouse or domestic partner as the survivor beneficiary.

(c) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal consent provisions of (a) of this subsection do not apply.

(3)(a) Any member who retired before January 1, 1996, and who elected to receive a reduced retirement allowance under subsection (1)(b) or (2) of this section is entitled to receive a retirement allowance adjusted in accordance with (b) of this subsection, if they meet the following conditions:

(i) The retiree's designated beneficiary predeceases or has predeceased the retiree; and

(ii) The retiree provides to the department proper proof of the designated beneficiary's death.

(b) The retirement allowance payable to the retiree, as of July 1, 1998, or the date of the designated beneficiary's death, whichever comes last, shall be increased by the percentage derived in (c) of this subsection.

(c) The percentage increase shall be derived by the following:

(i) One hundred percent multiplied by the result of (c)(ii) of this subsection converted to a percent;

(ii) Subtract one from the reciprocal of the appropriate joint and survivor option factor;

(iii) The joint and survivor option factor shall be from the table in effect as of July 1, 1998.

(d) The adjustment under (b) of this subsection shall accrue from the beginning of the month following the date of the designated beneficiary's death or from July 1, 1998, whichever comes last.

(4) No later than July 1, 2001, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a) (i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse from a postretirement marriage as a survivor during a one-year period beginning one year after the date of the postretirement marriage provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a) (i) of this subsection shall have one year to designate their spouse as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a nonspouse as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

(5) No later than July 1, 2003, the department shall adopt rules to permit:

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member who meets the length of service requirements of RCW 41.40.180(1) and the member's divorcing spouse be divided into two separate benefits payable over the life of each spouse.

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried at the time of retirement remains subject to the spousal consent requirements of subsection (2) of this section. Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse shall be eligible to commence receiving their separate benefit upon reaching the age provided in RCW 41.40.180(1) and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse if the nonmember ex spouse was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (4) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

Both the retired member and the nonmember divorced spouse shall be eligible to commence receiving their separate benefits upon filing a copy of the dissolution order with the department in accordance with RCW 41.50.670.

(c) The separate single life benefits of the member and the nonmember ex spouse are not (i) subject to the minimum benefit provisions of RCW 41.40.1984, or (ii) the minimum benefit annual increase amount eligibility provisions of RCW 41.40.197(2) (b).

(d) The department may make an additional charge or adjustment if necessary to ensure that the separate benefits provided under this subsection are actuarially equivalent to the benefits payable prior to the decree of dissolution. RCW 41.40.189 Retirement allowance—Adjustment eligibility. (1)

A retiree who receives state-funded long-term care services on or after June 1, 1998, is not eligible for the increase provided by section 8, chapter 340, Laws of 1998, if the increase would make the retiree ineligible for state-funded long-term care services. For the purposes of this section "state-funded long-term care services" means a state-funded adult family home, adult residential care, assisted living, enhanced adult residential care, in-home care, or nursing home service, as defined in RCW 74.39A.009, for which the retiree is required to contribute all income other than a specified amount reserved for the retiree's personal maintenance needs. Retirees who are subject to this section shall notify the department in writing. The department has no affirmative duty to identify retirees who are subject to this subsection.

(2) This section applies to all payments under section 8, chapter 340, Laws of 1998, made on or after May 17, 1999, regardless of the date of retirement. [1999 c 362 s 3.]

Effective date—1999 c 362 s 3: "Section 3 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 17, 1999]." [1999 c 362 s 4.]

RCW 41.40.190 Retirement allowance—In lieu of allowance provided in RCW 41.40.185. In lieu of the retirement allowance provided in RCW 41.40.185, an individual employed on or before April 25, 1973 may, after complying with RCW 41.40.180 or 41.40.210, make an irrevocable election to receive the retirement allowance provided by this section which shall consist of:

(1) An annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of his or her retirement; and

(2) A basic service pension of one hundred dollars per annum; and

(4) A prior service pension which shall be equal to one-seventieth of his or her average final compensation for each year or fraction of a year of prior service not to exceed thirty years credited to his or her service accounts. In no event shall any

In the event that the retirement allowance as to such member provided by subdivisions (1), (2), (3), and (4) hereof shall amount to less than the aforesaid minimum retirement allowance, the basic service pension of the member shall be increased from one hundred dollars to a sum sufficient to make a retirement allowance of the applicable minimum amount.

(5) Notwithstanding the provisions of subsections (1) through (4) of this section, the retirement allowance payable for service where a member was elected or appointed pursuant to Articles II or III of the Constitution of the state of Washington or RCW 48.02.010 and the implementing statutes shall be a combined pension and annuity. Said retirement allowance shall be equal to three percent of the average final compensation for each year of such service. Any member covered by this subsection who upon retirement has served ten or more years shall receive a retirement allowance of at least one thousand two hundred dollars per annum; such member who has served fifteen or more years shall receive a retirement allowance of at least one thousand eight hundred dollars per annum; and such member who has served twenty or more years shall receive a retirement allowance of at least two thousand four hundred dollars per annum: PROVIDED, That the initial retirement allowance of a member retiring only under the provisions of this subsection shall not exceed the average final compensation upon which the retirement allowance is based. The minimum benefits provided in this subsection shall apply to all retired members or to the surviving spouse of deceased members who were elected under the provisions of Article II of the Washington state Constitution.

(6) Unless payment shall be made under RCW 41.40.270, a joint and one hundred percent survivor benefit under RCW 41.40.188 shall automatically be given effect as if selected for the benefit of the surviving spouse upon the death in service, or while on authorized leave of absence for a period not to exceed one hundred and twenty days from the date of payroll separation, of any member who is qualified for a service retirement allowance or has completed ten years of service at the time of death, except that if the member is not then qualified for a service retirement allowance, such option II benefit shall be based upon the actuarial equivalent of the sum necessary to pay the accrued regular retirement allowance commencing when the deceased member would have first qualified for a service retirement allowance. RCW 41.40.270 Death before retirement or within sixty days following application for disability retirement—Military service—Payment of contributions to nominee, surviving spouse, or legal representative—Waiver of payment, effect—Benefits. (1) Except as specified in subsection (4) of this section, should a member die before the date of retirement the amount of the accumulated contributions standing to the member's credit in the employees' savings fund, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, at the time of death:

RCW 41.40.625 Lump sum retirement allowance—Reentry—Conditions for reinstatement of service. (1) On or after June 10, 1982, the director may pay a member eligible to receive a retirement allowance or the member's beneficiary, subject to the provisions of subsection (5) of this section, a lump sum payment in lieu of a monthly benefit if the initial monthly benefit computed in accordance with RCW 41.40.620 would be less than fifty dollars. The lump sum payment shall be the greater of the actuarial equivalent of the monthly benefits or an amount equal to the individual's accumulated contributions plus accrued interest.

(2) A retiree or a beneficiary, subject to the provisions of subsection (5) of this section, who is receiving a regular monthly benefit of less than fifty dollars may request, in writing, to convert from a monthly benefit to a lump sum payment. If the director approves the conversion, the calculation of the actuarial equivalent of the total estimated regular benefit will be computed based on the beneficiary's age at the time the benefit initially accrued. The lump sum payment will be reduced to reflect any payments received on or after the initial benefit accrual date.

(3) Persons covered under the provisions of subsection (1) of this section may upon returning to member status reinstate all previous service by depositing the lump sum payment received, with

interest as computed by the director, within two years of returning to service or prior to re-retiring, whichever comes first. In computing the amount due, the director shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(4) If a member fails to meet the time limitations under subsection (3) of this section, reinstatement of all previous service will occur if the member pays the amount required under RCW 41.50.165(2). The amount, however, shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(5) Only persons entitled to or receiving a service retirement allowance under RCW 41.40.620 or an earned disability allowance under RCW 41.40.670 qualify for participation under this section.

(6) It is the intent of the legislature that any member who receives a settlement under this section shall be deemed to be retired from this system. [1994 c 197 s 27; 1991 c 35 s 98; 1982 c 144 s 3.]

RCW 41.40.640 Post-retirement cost-of-living. Beginning July 1, 1979, and every year thereafter, the department shall determine the following information for each retired member or beneficiary whose retirement allowance has been in effect for at least one year:

(2) The index for the calendar year prior to the effective date of the retirement allowance, to be known as "index A";

RCW 41.40.660 Options for payment of retirement allowances—Retirement allowance adjustment—Court-approved property settlement.

(1) Upon retirement for service as prescribed in RCW 41.40.630 or retirement for disability under RCW 41.40.670, a member shall elect to have the retirement allowance paid pursuant to one of the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member's life. However, if the retiree dies before the total of the retirement allowance paid to such retiree equals the amount of such retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons,

trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a person nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2) (a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) and (c) of this subsection. If a member is married and both the member and the member's spouse do not give written consent to an option under this section, the department shall pay a joint and fifty percent survivor benefit calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) and (c) of this subsection.

(b) Written consent from a spouse or domestic partner is not required if a member who is married or a domestic partner selects a joint and survivor option under subsection (1)(b) of this section and names the member's spouse or domestic partner as the survivor beneficiary.

(c) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal consent provisions of (a) of this subsection do not apply.

(3) (a) Any member who retired before January 1, 1996, and who elected to receive a reduced retirement allowance under subsection (1)(b) or (2) of this section is entitled to receive a retirement allowance adjusted in accordance with (b) of this subsection, if they meet the following conditions:

(i) The retiree's designated beneficiary predeceases or has predeceased the retiree; and

(ii) The retiree provides to the department proper proof of the designated beneficiary's death.

(b) The retirement allowance payable to the retiree, as of July 1, 1998, or the date of the designated beneficiary's death, whichever comes last, shall be increased by the percentage derived in (c) of this subsection.

(c) The percentage increase shall be derived by the following:

(i) One hundred percent multiplied by the result of (c)(ii) of this subsection converted to a percent;

(ii) Subtract one from the reciprocal of the appropriate joint and survivor option factor;

(iii) The joint and survivor option factor shall be from the table in effect as of July 1, 1998.

(d) The adjustment under (b) of this subsection shall accrue from the beginning of the month following the date of the designated beneficiary's death or from July 1, 1998, whichever comes last.

(4) No later than July 1, 2001, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a) (i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse from a postretirement marriage as a survivor during a one-year period beginning one year after the date of the postretirement marriage provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a) (i) of this subsection shall have one year to designate their spouse as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a nonspouse as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

(5) No later than July 1, 2003, the department shall adopt rules to permit:

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member who meets the length of service requirements of RCW 41.40.720 and the member's divorcing spouse be divided into two separate benefits payable over the life of each spouse.

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried at the time of retirement remains subject to the spousal consent requirements of subsection (2) of this section. Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse shall be eligible to commence receiving their separate benefit upon reaching the age provided in RCW 41.40.630(1) and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse if the nonmember ex spouse was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (4) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

Both the retired member and the nonmember divorced spouse shall be eligible to commence receiving their separate benefits upon filing a copy of the dissolution order with the department in accordance with RCW 41.50.670.

(c) The department may make an additional charge or adjustment if necessary to ensure that the separate benefits provided under this subsection are actuarially equivalent to the benefits payable prior to the decree of dissolution.

(6) Beginning on the date that the state receives a determination from the federal internal revenue service that this subsection (6) conforms with federal law, retirees have up to ninety calendar days after the receipt of their first retirement allowance to change their survivor election under subsections (1) and (2) of this section. If a member changes the member's survivor election under this subsection the change is effective the first of the following month and is prospective only. (1) A member who is on a paid leave of absence authorized by a member's employer shall continue to receive service credit as provided for under the provisions of RCW 41.40.610 through 41.40.740.

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The compensation earnable reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if:

(a) The member makes both the plan 2 employer and member contributions plus interest as determined by the department for the period of the authorized leave of absence within five years of resumption of service or prior to retirement whichever comes sooner; or

(b) If not within five years of resumption of service but prior to retirement, pay the amount required under RCW 41.50.165(2).

The contributions required under (a) of this subsection shall be based on the average of the member's compensation earnable at both the time the authorized leave of absence was granted and the time the member resumed employment.

(4) A member who leaves the employ of an employer to enter the uniformed services of the United States shall be entitled to retirement system service credit for up to five years of military service. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

(a) The member qualifies for service credit under this subsection if:

(i) Within ninety days of the member's honorable discharge from the uniformed services of the United States, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the uniformed services; and

(ii) The member makes the employee contributions required under RCW 41.45.061 and 41.45.067 within five years of resumption of service or prior to retirement, whichever comes sooner; or

(iii) Prior to retirement and not within ninety days of the member's honorable discharge or five years of resumption of service the member pays the amount required under RCW 41.50.165(2); or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service in a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(b) Upon receipt of member contributions under (a)(ii), (d)(iii), or (e)(iii) of this subsection, or adequate proof under (a)(iv), (d)(iv), or (e)(iv) of this subsection, the department shall establish the member's service credit and shall bill the employer for its contribution required under RCW 41.45.060, 41.45.061, and 41.45.067 for the period of military service, plus interest as determined by the department.

(c) The contributions required under (a)(ii), (d)(iii), or (e)(iii) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(d) The surviving spouse or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;

(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iii) Pays the employee contributions required under chapter 41.45 RCW within five years of the date of death or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to the distribution of any benefit, provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. If the deceased member made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005, the surviving spouse or eligible child or children may, prior to the distribution of any benefit and on a form provided by the department, request a refund of the funds standing to the deceased member's credit for up to five years of such service, and this amount shall be paid to the surviving spouse or eligible child or children. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(e) A member who leaves the employ of an employer to enter the uniformed services of the United States and becomes totally incapacitated for continued employment by an employer while serving in the uniformed services is entitled to retirement system service credit under this subsection up to the date of discharge from the uniformed services if:

(i) The member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while serving in the uniformed services;

Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. (2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The earnable compensation reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if:

(a) The member makes the contribution on behalf of the employer, plus interest, as determined by the department; and

(b) The member makes the employee contribution, plus interest, as determined by the department, to the defined contribution portion.

The contributions required shall be based on the average of the member's earnable compensation at both the time the authorized leave of absence was granted and the time the member resumed employment.

(4) A member who leaves the employ of an employer to enter the uniformed services of the United States shall be entitled to retirement system service credit for up to five years of military service if within ninety days of the member's honorable discharge from the uniformed services of the United States, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the uniformed services. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

The department shall establish the member's service credit and shall bill the employer for its contribution required under RCW 41.45.060 and 41.45.067 for the period of military service, plus

interest as determined by the department. Service credit under this subsection may be obtained only if the member makes the employee contribution to the defined contribution portion as determined by the department, or prior to retirement, the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

The contributions required shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(a) The surviving spouse or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;

(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iv) Prior to the distribution of any benefit, provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. If the deceased member made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005, the surviving spouse or eligible child or children may, prior to the distribution of any benefit and on a form provided by the department, request a refund of the funds standing to the deceased member's credit for up to five years of such service, and this amount shall be paid to the surviving spouse or children. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(b) A member who leaves the employ of an employer to enter the uniformed services of the United States and becomes totally incapacitated for continued employment by an employer while serving in the uniformed services is entitled to retirement system service credit under this subsection up to the date of discharge from the uniformed services if:

(i) The member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while serving in the uniformed services;

(ii) The member provides to the director proof of honorable discharge from the uniformed services; and

(iii) The member pays the employee contributions required under this subsection within five years of the director's determination of total disability or prior to the distribution of any benefit, whichever comes first; or

- (1) The original dollar amount of the retirement allowance;
- (2) The index for the calendar year prior to the effective date of the retirement allowance, to be known as "index A";
- (3) The index for the calendar year prior to the date of determination, to be known as "index B"; and

The value of the ratio obtained shall be the annual adjustment to the original retirement allowance and shall be applied beginning with the July payment. In no event, however, shall the annual adjustment:

- (a) Produce a retirement allowance which is lower than the original retirement allowance;
- (b) Exceed three percent in the initial annual adjustment; or
- (c) Differ from the previous year's annual adjustment by more than three percent.

For the purposes of this section, "index" means, for any calendar year, that year's average consumer price index—Seattle, Washington area for urban wage earners and clerical workers, all items, compiled by the bureau of labor statistics, United States department of labor. [2000 c 247 s 313.]

RCW 41.40.845 Options for payment of retirement allowances—Court-approved property settlement. (1) Upon retirement for service as prescribed in RCW 41.40.820 or retirement for disability under RCW 41.40.825, a member shall elect to have the retirement allowance paid pursuant to one of the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout such member's life. Upon the death of the member, the member's benefits shall cease.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a person nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2) (a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) and (c) of this subsection. If a member is married and both the member and the member's spouse do not give written consent to an option under this section, the department shall pay a joint and fifty percent survivor benefit calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) and (c) of this subsection.

(b) Written consent from a spouse or domestic partner is not required if a member who is married or a domestic partner selects a joint and survivor option under subsection (1)(b) of this section and names the member's spouse or domestic partner as the survivor beneficiary.

(c) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal consent provisions of (a) of this subsection do not apply.

(3) No later than July 1, 2002, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a) (i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse from a postretirement marriage as a survivor during a one-year period beginning one year after the date of the postretirement marriage provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage prior to the effective date of the rules adopted under this section and satisfies the conditions of (a) (i) of this subsection shall have one year to designate their spouse as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a nonspouse as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

(4) No later than July 1, 2003, the department shall adopt rules to permit:

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member who meets the length of service requirements of RCW 41.40.820(1) and the member's divorcing spouse be divided into two separate benefits payable over the life of each spouse.

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried at the time of retirement remains subject to the spousal consent requirements of subsection (2) of this section. Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse shall be eligible to commence receiving their separate benefit upon reaching the age provided in RCW 41.40.820(1) and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse if the nonmember ex spouse was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (3) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

Both the retired member and the nonmember divorced spouse shall be eligible to commence receiving their separate benefits upon filing a copy of the dissolution order with the department in accordance with RCW 41.50.670.

(c) The department may make an additional charge or adjustment if necessary to ensure that the separate benefits provided under this subsection are actuarially equivalent to the benefits payable prior to the decree of dissolution.

(5) Beginning on the date that the state receives a determination from the federal internal revenue service that this subsection (5) conforms with federal law, retirees have up to ninety calendar days after the receipt of their first retirement allowance to change their survivor election under subsections (1) and (2) of this section. If a member changes the member's survivor election under this subsection the change is effective the first of the following month and is prospective only. [2020 c 161 s 7; 2019 c 102 s 9; 2003 c 294 s 9; 2002 c 158 s 14; 2000 c 247 s 314.]

RCW 41.40.850 Suspension of retirement allowance upon reemployment—Exception—Reinstatement. (1) Except as provided in RCW 41.40.037, no retiree under the provisions of plan 3 shall be eligible to receive such retiree's monthly retirement allowance if he or she is employed in an eligible position as defined in RCW 41.40.010, 41.32.010, 41.35.010, or 41.37.010, or as a law enforcement officer or firefighter as defined in RCW 41.26.030, except that a retiree who ends his or her membership in the retirement system pursuant to RCW 41.40.023(3)(b) is not subject to this section if the retiree's only employment is as an elective official of a city or town.

(2) If a retiree's benefits have been suspended under this section, his or her benefits shall be reinstated when the retiree terminates the employment that caused his or her benefits to be suspended. Upon reinstatement, the retiree's benefits shall be actuarially recomputed pursuant to the rules adopted by the department.

(3) The department shall adopt rules implementing this section. [2005 c 327 s 9; 2000 c 247 s 315.]

RCW 41.40.870 Discontinuing judicial retirement account plan contributions—Additional benefit—One-time irrevocable election—Justices and judges. (1) Between January 1, 2007, and December 31, 2007, a member of plan 3 employed as a supreme court justice, court of

appeals judge, or superior court judge may make a one-time irrevocable election, filed in writing with the member's employer, the department, and the administrative office of the courts, to accrue an additional plan 3 defined benefit equal to six-tenths percent of average final compensation for each year of future service credit from the date of the election in lieu of future employer contributions to the judicial retirement account plan under chapter 2.14 RCW.

(2) A member who made the election under subsection (1) of this section may apply, at the time of filing a written application for retirement with the department, to the department to increase the member's benefit multiplier by six-tenths percent per year of service for the period in which the member served as a justice or judge prior to the election. The member may purchase, beginning with the most recent judicial service, the higher benefit multiplier for that portion of the member's prior judicial service for which the higher benefit multiplier was not previously purchased, and that would ensure that the member has no more than a thirty-seven and one-half percent of average final compensation benefit. The member shall pay two and one-half percent of the salary earned for each month of service for which the higher benefit multiplier is being purchased, plus five and one-half percent interest applied from the dates that the service was earned. The purchase price shall not exceed the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier. This payment must be made prior to retirement, subject to rules adopted by the department.

(3) From January 1, 2009, through June 30, 2009, the following members may apply to the department to increase their benefit multiplier by an additional six-tenths percent per year of service for the period in which they served as a justice or judge:

(a) Active members of plan 3 who are not currently employed as a supreme court justice, court of appeals judge, or superior court judge, and who have past service as a supreme court justice, court of appeals judge, or superior court judge; and

(b) Inactive vested members of plan 3 who have separated, have not yet retired, and who have past service as a supreme court justice, court of appeals judge, or superior court judge.

A member eligible under this subsection may purchase the higher benefit multiplier for all or part of the member's prior judicial service beginning with the most recent judicial service. The member shall pay, for the applicable period of service, the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier as determined by the director.

(4) Subject to rules adopted by the department, a member applying to increase the member's benefit multiplier under this section may pay all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law.

(5) A member who chooses to make the election under subsection (1) of this section shall contribute a minimum of seven and one-half

percent of pay to the member's defined contribution account. [2008 c 300 s 3; 2007 c 123 s 3; 2006 c 189 s 8.]

Effective date—2006 c 189: See note following RCW 2.14.115.

(2) A member who made the election under subsection (1) of this section may apply, at the time of filing a written application for retirement with the department, to the department to increase the member's benefit multiplier by six-tenths percent per year of service for the period in which the member served as a judge prior to the election. The member may purchase, beginning with the most recent judicial service, the higher benefit multiplier for that portion of the member's prior judicial service for which the higher benefit multiplier was not previously purchased, and that would ensure that the member has no more than a thirty-seven and one-half percent of average final compensation benefit. The member shall pay two and one-half percent of the salary earned for each month of service for which the higher benefit multiplier is being purchased, plus five and one-half percent interest applied from the dates that the service was earned. The purchase price shall not exceed the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier. This payment must be made prior to retirement, subject to rules adopted by the department.

(3) From January 1, 2009, through June 30, 2009, the following members may apply to the department to increase their benefit multiplier by an additional six-tenths percent per year of service for the period in which they served as a justice or judge:

(a) Active members of plan 3 who are not currently employed as a district court judge or municipal court judge, and who have past service as a district court judge or municipal court judge; and

(b) Inactive vested members of plan 3 who have separated, have not yet retired, and who have past service as a district court judge or municipal court judge.

A member eligible under this subsection may purchase the higher benefit multiplier for all or part of the member's prior judicial service beginning with the most recent judicial service. The member shall pay, for the applicable period of service, the actuarially equivalent value of the increase in the member's benefit resulting from the increase in the benefit multiplier as determined by the director.

(4) Subject to rules adopted by the department, a member applying to increase the member's benefit multiplier under this section may pay all or part of the cost with a lump sum payment, eligible rollover, direct rollover, or trustee-to-trustee transfer from an eligible retirement plan. The department shall adopt rules to ensure that all lump sum payments, rollovers, and transfers comply with the requirements of the internal revenue code and regulations adopted by

the internal revenue service. The rules adopted by the department may condition the acceptance of a rollover or transfer from another plan on the receipt of information necessary to enable the department to determine the eligibility of any transferred funds for tax-free rollover treatment or other treatment under federal income tax law.

(5) A member who chooses to make the election under subsection (1) of this section shall contribute a minimum of seven and one-half percent of pay to the member's defined contribution account. [2008 c 300 s 4; 2007 c 123 s 4; 2006 c 189 s 9.]
