RCW 15.49.005 Purpose—Rules. The purpose of this chapter is to provide uniformity and consistency in the packaging of agricultural, vegetable, and flower seeds so as to facilitate the interstate movement of seed, to protect consumers, and to provide a dispute-resolution process. The department of agriculture is hereby authorized to adopt rules in accordance with chapter 34.05 RCW to implement this chapter. To the extent possible, the department shall seek to incorporate into the rules provisions from the recommended uniform state seed law in order to attain consistency with other states. [1989 c 354 s 70.]

Effective date—1989 c 354 ss 70-81 and 84-86: "Sections 70 through 81 and 84 through 86 of this act shall take effect January 1, 1990." [1989 c 354 s 88.]

Severability—1989 c 354: See note following RCW 15.36.012.

RCW 15.49.011 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Advertisement" means all representations, other than those on the label, disseminated in any manner or by any means, relating to seed within the scope of this chapter.

(2) "Agricultural seed" includes grass, forage, cereal, oil, fiber, and other kinds of crop seeds commonly recognized within this state as agricultural seeds, lawn seeds, and combinations of such seeds, and may include common and restricted noxious weed seeds but not prohibited noxious weed seeds.

(3) "Blend" means seed consisting of more than one variety of a kind, each in excess of five percent by weight of the whole.

(4) "Bulk seed" means seed distributed in a nonpackage form.

(5) "Business licensing system" means the mechanism established by chapter 19.02 RCW by which business licenses, endorsed for individual state-issued licenses, are issued and renewed using a business license application and a business license expiration date common to each renewable license endorsement.

(6) "Certifying agency" means (a) an agency authorized under the laws of any state, territory, or possession to certify seed officially and which has standards and procedures approved by the United States secretary of agriculture to assure the genetic purity and identity of the seed certified; or (b) an agency of a foreign country determined by the United States secretary of agriculture to adhere to procedures and standards for seed certification comparable to those adhered to generally by seed-certifying agencies under (a) of this subsection.

(7) "Coated seed" means seed that has been treated and has received an application of inert material during the treatment process.

(8) "Conditioning" means drying, cleaning, scarifying, and other operations that could change the purity or germination of the seed and require the seed lot to be retested to determine the label information.

(9) "Dealer" means any person who distributes.

(11) "Director" means the director of the department of agriculture.

(16) "Hard seeds" means seeds that remain hard at the end of the prescribed test period because they have not absorbed water due to an impermeable seed coat.

(17) "Hybrid" means the first generation seed of a cross produced by controlling the pollination and by combining (a) two or more inbred lines; (b) one inbred or a single cross with an open pollinated

variety; or (c) two varieties or species, except open-pollinated varieties of corn (*Zea mays*). The second generation or subsequent generations from such crosses are not regarded as hybrids. Hybrid designations must be treated as variety names.

(30) "Pure seed" means seed exclusive of inert matter and all other seeds not of the seed being considered as determined by methods defined by rule.

(31) "Restricted (secondary) noxious weed seeds" are the seeds of weeds which are objectionable in fields, lawns, and gardens of this state, but which can be controlled by cultural or chemical practices.

(3) The parties shall be equally responsible for the mediator's fees unless otherwise agreed between the parties before retaining the mediator.

(4) The mediator must be selected by mutual agreement of the parties from mediators qualified to conduct mediations under chapter 7.07 RCW. The department when adopting regulations in respect to the seed industry shall consult with affected parties, such as growers, conditioners, and distributors of seed. Any final regulation adopted shall be based upon the requirements and conditions of the industry and shall be for the purpose of promoting the well-being of the purchasers and users of seed as well as the members of the seed industry.

When seed labeling, terms, methods of sampling and analysis, and tolerances are not specifically stated in this chapter or otherwise designated by the department, the department shall, in order to promote uniformity, be guided by officially recognized associations, or regulations under The Federal Seed Act. Upon approval, the department shall issue a seed conditioning permit, for each regular place of business, which shall be conspicuously displayed in the office of such business. The permit shall remain in effect as long as the facilities comply with the department's requirements for such permit. [1981 c 297 s 13; 1969 c 63 s 35.]

Severability—1981 c 297: See note following RCW 15.36.201.

RCW 15.49.360 Records—Maintenance—Availability of records and samples for inspection. The seed labeling registrant whose name appears on the label shall:

The methods of sampling and analysis shall be those adopted by the department from officially recognized sources. The department, in determining for administrative purposes whether seeds are in violation of this chapter, shall be guided by records, and by the official sample obtained and analyzed as provided for in this section. Analysis of an official sample, by the department, shall be accepted as prima facie evidence by any court of competent jurisdiction.

(2) Enter any dealer's or seed labeling registrant's premises at all reasonable times in order to have access to seeds and to records. This includes the determination of the weight of packages and bulk shipments.

(3) Adopt and enforce regulations for certifying seeds, and shall fix and collect fees for such service. Fees authorized under this subsection may be used for services involving breeder seed, foundation seed, registered seed, and certified seed. The director of the department may appoint persons as agents for the purpose of assisting in the certification of seeds.

(4) Adopt and enforce regulations for inspecting, grading, and certifying growing crops of seeds; inspect, grade, and issue certificates upon request; and fix and collect fees for such services.

(5) Make purity, germination and other tests of seed on request, and fix and collect charges for the tests made.

(6) Establish and maintain seed testing facilities, employ qualified persons, establish by rule special assessments as needed, and incur such expenses as may be necessary to carry out the provisions of this chapter.

(7) Adopt a list of the prohibited and restricted noxious weed seeds.

(8) Publish reports of official seed inspections, seed certifications, laboratory statistics, verified violations of this chapter, and other seed branch activities which do not reveal confidential information regarding individual company operations or production.

(9) Deny, suspend, or revoke licenses, permits and certificates provided for in this chapter subsequent to a hearing, subject to the provisions of chapter 34.05 RCW (Administrative Procedure Act) as enacted or hereafter amended, in any case in which the department finds that there has been a failure or refusal to comply with the provisions of this chapter or regulations adopted hereunder. However, a license is not required of a person who distributes seeds only in sealed packages of eight ounces or less, packed by a seed labeling registrant and bearing the name and address of the registrant. Moreover, a license is not required of any grower selling seeds of his or her own production exclusively. Such seed sold by such grower must be properly labeled as provided in this chapter. Each dealer's license costs one hundred twenty-five dollars, must be issued through the business license [licensing] system, must bear the date of issue, must expire on the business licensing [license] expiration date, and must be prominently displayed in each place of business.

(2) Persons custom conditioning and/or custom treating seeds for others for remuneration are considered dealers for the purpose of this chapter.

The department shall release the lot of seed or screenings so withdrawn when said provisions and regulations have been complied with. If compliance is not obtained, the department may bring proceedings for condemnation.
