Consistency required in administration of statutes applicable to runaway youth, at-risk youth, and families in conflict: RCW 43.20A.770.

RCW 74.13.010 Declaration of purpose. The purpose of this chapter is to safeguard, protect, and contribute to the welfare of the children of the state, through a comprehensive and coordinated program of child welfare services provided by both the department and agencies providing for: Social services and facilities for children who require guidance, care, control, protection, treatment, or rehabilitation; setting of standards for social services and facilities for children; cooperation with public and voluntary agencies, organizations, and citizen groups in the development and coordination of programs and activities in behalf of children; and promotion of community conditions and resources that help parents to discharge their responsibilities for the care, development, and well-being of their children. [2018 c 284 s 34; 2009 c 520 s 49; 1965 c 30 s 2.]

RCW 74.13.013 Finding—Accreditation of children's services. The legislature finds that accreditation of children's services by an independent entity can significantly improve the quality of services provided to children and families. Accreditation involves an ongoing

commitment to meeting nationally recognized standards of practice in child welfare and holds organizations accountable for achieving improved outcomes for children.

Accreditation is a structured process designed to facilitate organizational change and improvement within individual local offices. Standards require improved case management, documentation, internal case management practices, and accountability. Accreditation requires the establishment of clear communication with biological parents, foster and adoptive parents, providers, the courts, and members of the community. [2001 c 265 s 1.]

RCW 74.13.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Case management" means convening family meetings, developing, revising, and monitoring implementation of any case plan or individual service and safety plan, coordinating and monitoring services needed by the child and family, caseworker-child visits, family visits, and the assumption of court-related duties, excluding legal representation, including preparing court reports, attending judicial hearings and permanency hearings, and ensuring that the child is progressing toward permanency within state and federal mandates, including the Indian child welfare act.

(2) "Certificate of parental improvement" means a certificate issued under RCW 74.13.720 to an individual who has a founded finding of physical abuse or negligent treatment or maltreatment, or a court finding that the individual's child was dependent as a result of a finding that the individual abused or neglected their child pursuant to RCW 13.34.030(6)(b).

(3) "Child" means:

(a) A person less than eighteen years of age; or

(b) A person age eighteen to twenty-one years who is eligible to receive the extended foster care services authorized under RCW 74.13.031.

(4) "Child protective services" has the same meaning as in RCW 26.44.020.

(5) "Child welfare services" means social services including voluntary and in-home services, out-of-home care, case management, and adoption services which strengthen, supplement, or substitute for, parental care and supervision for the purpose of:

(a) Preventing or remedying, or assisting in the solution of problems which may result in families in conflict, or the neglect, abuse, exploitation, or criminal behavior of children;

(b) Protecting and caring for dependent, abused, or neglected children;

(c) Assisting children who are in conflict with their parents, and assisting parents who are in conflict with their children, with services designed to resolve such conflicts;

(d) Protecting and promoting the welfare of children, including the strengthening of their own homes where possible, or, where needed;

(e) Providing adequate care of children away from their homes in foster family homes or day care or other child care agencies or facilities.

"Child welfare services" does not include child protection services.

(6) "Child who is a candidate for foster care" means a child who the department identifies as being at imminent risk of entering foster care but who can remain safely in the child's home or in a kinship placement as long as services or programs that are necessary to prevent entry of the child into foster care are provided, and includes but is not limited to a child whose adoption or guardianship arrangement is at risk of a disruption or dissolution that would result in a foster care placement. The term includes a child for whom there is reasonable cause to believe that any of the following circumstances exist:

(a) The child has been abandoned by the parent as defined in RCW 13.34.030 and the child's health, safety, and welfare is seriously endangered as a result;

(b) The child has been abused or neglected as defined in chapter 26.44 RCW and the child's health, safety, and welfare is seriously endangered as a result;

(c) There is no parent capable of meeting the child's needs such that the child is in circumstances that constitute a serious danger to the child's development;

(d) The child is otherwise at imminent risk of harm.

(7) "Department" means the department of children, youth, and families.

(8) "Extended foster care services" means residential and other support services the department is authorized to provide to dependent children. These services include, but are not limited to, placement in licensed, relative, or otherwise approved care, or supervised independent living settings; assistance in meeting basic needs; independent living services; medical assistance; supervised independent living subsidy; and counseling or treatment.

(9) "Family assessment" means a comprehensive assessment of child safety, risk of subsequent child abuse or neglect, and family strengths and needs that is applied to a child abuse or neglect report. Family assessment does not include a determination as to whether child abuse or neglect occurred, but does determine the need for services to address the safety of the child and the risk of subsequent maltreatment.

(10) "Medical condition" means, for the purposes of qualifying for extended foster care services, a physical or mental health condition as documented by any licensed health care provider regulated by a disciplining authority under RCW 18.130.040.

(11) "Nonminor dependent" means any individual age 18 to 21 years who is participating in extended foster care services authorized under RCW 74.13.031.

(12) "Out-of-home care services" means services provided after the shelter care hearing to or for children in out-of-home care, as that term is defined in RCW 13.34.030, and their families, including the recruitment, training, and management of foster parents, the recruitment of adoptive families, and the facilitation of the adoption process, family reunification, independent living, emergency shelter, residential group care, and foster care, including relative placement.

(13) "Performance-based contracting" means the structuring of all aspects of the procurement of services around the purpose of the work to be performed and the desired results with the contract requirements set forth in clear, specific, and objective terms with measurable outcomes. Contracts shall also include provisions that link the performance of the contractor to the level and timing of reimbursement.

(14) "Permanency services" means long-term services provided to secure a child's safety, permanency, and well-being, including foster care services, family reunification services, adoption services, and preparation for independent living services.

(15) "Prevention and family services and programs" means specific mental health prevention and treatment services, substance abuse prevention and treatment services, and in-home parent skill-based programs that qualify for federal funding under the federal family first prevention services act, P.L. 115-123. For purposes of this chapter, prevention and family services and programs are not remedial services or family reunification services as described in RCW 13.34.025(2).

(16) "Primary prevention services" means services which are designed and delivered for the primary purpose of enhancing child and family well-being and are shown, by analysis of outcomes, to reduce the risk to the likelihood of the initial need for child welfare services.

(17) "Secretary" means the secretary of the department.

(18) "Supervised independent living setting" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings. Supervised independent living settings must be approved by the department or the court.

(19) "Supervised independent living subsidy" means a foster care maintenance payment.

(20) "Unsupervised" has the same meaning as in RCW 43.43.830.

(21) "Voluntary placement agreement" has, for the purposes of extended foster care services, the same meaning as in RCW 74.13.336. [2024 c 192 s 4. Findings—2010 c 291: "The legislature finds that, based upon the work of the child welfare transformation design committee established pursuant to 2SHB 2106 during the 2009 legislative session, several narrowly based amendments to that legislation need to be made, mainly for clarifying purposes. The legislature further finds that two deadlines need to be extended by six months, the first to allow the department of social and health services additional time to complete the conversion of its contracts to performance-based contracts and the second to allow the department additional time to gradually transfer existing cases to supervising agencies in the demonstration sites. The legislature finds that the addition of a foster youth on the child welfare transformation design committee will greatly assist the committee in its work.

The legislature recognizes that clarifying language regarding Indian tribes should be added regarding the government-to-government relationship the tribes have with the state. The legislature further recognizes that language is needed regarding the department's ability to receive federal funding based upon the recommendations made by the child welfare transformation design committee." RCW 74.13.021 Developmentally disabled child—Defined.

As used in this chapter, "developmentally disabled child" is a child who has a developmental disability as defined in RCW 71A.10.020 and whose parent, guardian, or legal custodian and with the department mutually agree that services appropriate to the child's needs cannot be provided in the home. [1998 c 229 s 3; 1997 c 386 s 15.]

RCW 74.13.025 Counties may administer and provide services under RCW 13.32A.197—Plan for at-risk youth required. Any county or group of counties may make application to the department in the manner and form prescribed by the department to administer and provide the services established under RCW 13.32A.197. Any such application must include a plan or plans for providing such services to at-risk youth. [2017 3rd sp.s. c 6 s 402; 1998 c 296 s 1.]

Effective date—2017 3rd sp.s. c 6 ss 102, 104-115, 201-227, 301-337, 401-419, 501-513, 801-803, and 805-822: See note following RCW 43.216.025.

Conflict with federal requirements—2017 3rd sp.s. c 6: See RCW 43.216.908.

Findings—Intent—1998 c 296: "The legislature finds it is often necessary for parents to obtain mental health or chemical dependency treatment for their minor children prior to the time the child's condition presents a likelihood of serious harm or the child becomes gravely disabled. The legislature finds that treatment of such conditions is not the equivalent of incarceration or detention, but is a legitimate act of parental discretion, when supported by decisions of credentialed professionals. The legislature finds that, consistent with *Parham v. J.R.*, 442 U.S. 584 (1979), state action is not involved in the determination of a parent and professional person to admit a minor child to treatment and finds this act provides sufficient independent review by the department of social and health services, as a neutral fact finder, to protect the interests of all parties. The legislature intends and recognizes that children affected by the provisions of this act are not children whose mental or substance abuse problems are adequately addressed by chapters *70.96A and 71.34 RCW. Therefore, the legislature finds it is necessary to provide parents a statutory process, other than the petition process provided in chapters *70.96A and 71.34 RCW, to obtain treatment for their minor children without the consent of the children.

The legislature finds that differing standards of admission and review in parent-initiated mental health and chemical dependency treatment for their minor children are necessary and the admission standards and procedures under state involuntary treatment procedures are not adequate to provide safeguards for the safety and well-being of all children. The legislature finds the timeline for admission and reviews under existing law do not provide sufficient opportunities for

assessment of the mental health and chemically dependent status of every minor child and that additional time and different standards will facilitate the likelihood of successful treatment of children who are in need of assistance but unwilling to obtain it voluntarily. The legislature finds there are children whose behavior presents a clear need of medical treatment but is not so extreme as to require immediate state intervention under the state involuntary treatment procedures." [1998 c 296 s 6.]

RCW 74.13.029 Dependency established—Social worker's duty to provide document containing information. Once a dependency is established under chapter 13.34 RCW, the department employee assigned to the case shall provide the dependent child age twelve years and older with a document containing the information described in *RCW 74.13.031(18). The department employee shall explain the contents of the document to the child and direct the child to the department's website for further information. The department employee shall document, in the electronic data system, that this requirement was met. [2019 c 64 s 25; 2011 c 89 s 17; 2009 c 491 s 8.]

RCW 74.13.031 Duties of department—Child welfare services—Children's services advisory committee. (Effective until July 1, 2025.) (1) The department shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, children with disabilities or behavioral health conditions, teens, pregnant and parenting teens, and the department shall annually provide data and information to the governor and the legislature concerning the

department's success in: (a) Placing children with relatives; (b) providing supports to kinship caregivers including guardianship assistance payments; (c) supporting relatives to pass home studies and become licensed caregivers; and (d) meeting the need for nonrelative family foster homes when children cannot be placed with relatives.

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) As provided in RCW 26.44.030, the department may respond to a report of child abuse or neglect by using the family assessment response.

(5) The department shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(6) The department shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department is encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(7) The department shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(8) The department may accept custody of children from parents through a voluntary placement agreement to provide child welfare services. The department may place children with a relative, a suitable person, or a licensed foster home under a voluntary placement agreement. In seeking a placement for a voluntary placement agreement, the department should consider the preferences of the parents and attempt to place with relatives or suitable persons over licensed foster care.

(9) The department shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(10) The department shall have authority to purchase care for children.

(11) The department shall establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(12)(a) The department shall provide continued extended foster care services to eligible youth who request extended foster care. The department shall develop policies and procedures to ensure that dependent youth aged 15 and older are informed of the extended foster care program.

(b) The department shall pursue federal reimbursement, where appropriate, when a youth is:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program;

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment;

(iv) Engaged in employment for eighty hours or more per month; or

(v) Not able to engage in any of the activities described in

(b)(i) through (iv) of this subsection due to a documented medical condition.

(c) To be eligible for extended foster care services, the youth must have been dependent at the time that he or she reached age 18 years. If the dependency case of the youth was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A youth whose dependency case was dismissed by the court may request extended foster care services before reaching age 21 years. Eligible youths may unenroll and reenroll in extended foster care through a voluntary placement agreement an unlimited number of times between ages 18 and 21.

(d) The department shall not create additional eligibility requirements for extended foster care. The department shall develop and implement rules and policies designed to provide age-appropriate social work support for youth in extended foster care through a codesign process that includes those with lived experience in the foster care system.

(e) The department shall make efforts to ensure that extended foster care services maximize medicaid reimbursements. This must include the department ensuring that health and mental health extended

foster care providers participate in medicaid, unless the condition of the extended foster care youth requires specialty care that is not available among participating medicaid providers or there are no participating medicaid providers in the area. The department shall coordinate other services to maximize federal resources and the most cost-efficient delivery of services to extended foster care youth.

(f) The department shall allow eligible youth to reenter the extended foster care program an unlimited number of times through a voluntary placement agreement.

(g) A youth enrolled in extended foster care may elect to receive a licensed foster care placement or may live independently. A youth who is not in a licensed foster care placement is eligible for a monthly supervised independent living subsidy effective the date the youth signs the voluntary placement agreement, agrees to dependency, or informs their social worker that they are living independently, whichever occurs first.

(h) The department shall pursue federal reimbursement, where appropriate, when a youth is residing in an approved supervised independent living setting. If the youth is not residing in an approved supervised independent living setting, the department is to work with the youth to help identify an appropriate living arrangement until the youth is living in a safe location approved by the department or the court. During this time, the department shall continue to pay the monthly supervised independent living subsidy.

(13) The department shall have authority to provide adoption support benefits on behalf of youth ages 18 to 21 years who achieved permanency through adoption at age 16 or older and who meet the criteria described in subsection (12)(b)(i) through (v) of this section.

(14) The department shall have the authority to provide guardianship subsidies on behalf of youth ages 18 to 21 who achieved permanency through guardianship and who meet the criteria described in subsection (12)(b)(i) through (v) of this section.

(15) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age 18 through 20 shall not be referred to the division of child support unless required by federal law.

(16) The department shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200, 43.185C.295, 74.13.035, and 74.13.036, or of this section all services to be provided by the department under subsections (4), (7), and (9) of this section, subject to the limitations of these subsections, may be provided by any program offering such services

funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(17) The department may, within funds appropriated for guardianship subsidies, provide subsidies for eligible guardians who are appointed as guardian of an Indian child by the tribal court of a federally recognized tribe located in Washington state, as defined in RCW 13.38.040. The provision of subsidies shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department provides subsidies. To be eligible, the guardian must either be certified by a department-licensed child-placing agency or licensed by a federally recognized tribe located in Washington state that is a Title IV-E agency, as defined in 45 C.F.R. 1355.20.

(18) Within amounts appropriated for this specific purpose, the department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(19) The department shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-three years of age, who are or have been in the department's care and custody, or who are or were nonminor dependents.

(20) The department shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department is performing the duties and meeting the obligations specified in this section and RCW 74.13.250 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(21)(a) The department shall, within current funding levels, place on its public website a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

(22)(a) The department shall have the authority to purchase legal representation for parents or kinship caregivers, or both, of children who are at risk of being dependent, or who are dependent, to establish or modify a parenting plan under RCW 13.34.155 or chapter 26.09, 26.26A, or 26.26B RCW or secure orders establishing other relevant civil legal relationships authorized by law, when it is necessary for the child's safety, permanence, or well-being. The department's purchase of legal representation for kinship caregivers must be within the department's appropriations. This subsection does not create an entitlement to legal representation purchased by the department and

does not create judicial authority to order the department to purchase legal representation for a parent or kinship caregiver. Such determinations are solely within the department's discretion. The term "kinship caregiver" as used in this section means a caregiver who meets the definition of "kin" in RCW 74.13.600(1), unless the child is an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903. For an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903, the term "kinship caregiver" as used in this section means a caregiver who is an "extended family member" as defined in RCW 13.38.040(8).

(b) The department is encouraged to work with the office of public defense parent representation program and the office of civil legal aid to develop a cost-effective system for providing effective civil legal representation for parents and kinship caregivers if it exercises its authority under this subsection. Intent—2012 c 52: "Since 2006, under a program known as "foster care to 21," the Washington state legislature has provided services to young adults transitioning out of foster care in order for them to enroll in and complete their postsecondary educations. In 2008, the United States congress passed the fostering connections to success and increasing adoptions act of 2008, which allows states to receive a federal match for state dollars expended in supporting youth transitioning out of foster care. In 2011, the Washington state legislature opted to create the "extended foster care program," in order to receive the federal match for youth completing high school. It is the intent of this act to enable the state to receive the federal match to offset costs expended on supporting youth seeking postsecondary education. This act would result in these youth being served under the extended foster care program, for which there is a federal match, instead of the foster care to 21 program, which relies solely on state dollars. It is the intent of the legislature to allow all youth currently enrolled in the foster care to 21 program for the purposes of postsecondary education to remain enrolled until they turn twenty-one, are no longer otherwise eligible, or choose to leave the program. Within three years of June 7, 2012, the "foster care to 21" program will cease to operate, and youth seeking a postsecondary education will be solely served by the extended foster care program." [2012 c 52 s 1.]

Intent—2011 c 330: See note following RCW 13.04.011.

Findings—2011 c 160: "The legislature finds that foster parents are a critical piece of the dependency system. The legislature further finds that the majority of foster parents provide excellent care to children in the dependency system, many of whom have suffered serious damage in their families of origin. It is the legislature's belief that through the selfless dedication of many foster parents that abused and neglected children are able to heal and go on to lead productive lives. The legislature also believes that some foster parents act in ways that are damaging to the children in their care and it is the department of social and health services' responsibility to make sure all children in care are safe. The legislature finds that unannounced visits to caregivers' homes is another method by which the department of social and health services can make sure the children in foster care are safe." Expiration date—2009 c 235 s 4: "Section 4 of this act expires October 1, 2010." [2009 c 235 s 8.]

Findings—Intent—2009 c 235: "(1) The legislature finds that the federal fostering connections to success and increasing adoptions act of 2008 provides important new opportunities for the state to use federal funding to promote permanency and positive outcomes for youth in foster care and for those who age out of the foster care system.

(2) The legislature also finds that research regarding former foster youth is generally sobering. Longitudinal research on the adult functioning of former foster youth indicates a disproportionate likelihood that youth aging out of foster care and those who spent several years in care will experience poor outcomes in a variety of areas, including limited human capital upon which to build economic security; untreated mental or behavioral health problems; involvement in the criminal justice and corrections systems; and early parenthood combined with second-generation child welfare involvement. The legislature further finds that research also demonstrates that access to adequate and appropriate supports during the period of transition from foster care to independence can have significant positive impacts on adult functioning and can improve outcomes relating to educational attainment and postsecondary enrollment; employment and earnings; and reduced rates of teen pregnancies.

(3) The legislature intends to clarify existing authority for foster care services beyond age eighteen and to establish authority for future expansion of housing and other supports for youth aging out of foster care and youth who achieved permanency in later adolescence." [2009 c 235 s 1.]

RCW 74.13.031 Duties of department—Child welfare services—Children's services advisory committee. (Effective July 1, 2025.) (1) The department shall develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, the department shall recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, children with

disabilities or behavioral health conditions, teens, pregnant and parenting teens, and the department shall annually provide data and information to the governor and the legislature concerning the department's success in: (a) Placing children with relatives; (b) providing supports to kinship caregivers including guardianship assistance payments; (c) supporting relatives to pass home studies and become licensed caregivers; and (d) meeting the need for nonrelative family foster homes when children cannot be placed with relatives.

(3) The department shall investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) The department shall make recommendations to the legislature about the types of services that need to be offered to children who have been identified by a state or local agency as being a victim of either sex trafficking or severe forms of trafficking in persons described under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq.

(5) For children identified as victims of sex trafficking and victims of severe forms of trafficking in persons described under the trafficking victims protection act of 2000, 22 U.S.C. Sec. 7101 et seq., the department:

(a) Shall assess and offer services to dependent children as described under RCW 13.34.030; and

(b) May assess and offer services to children who have not been found dependent.

(6) As provided in RCW 26.44.030, the department may respond to a report of child abuse or neglect by using the family assessment response.

(7) The department shall offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(8) The department shall monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. Under this section children in out-of-home care and in-home dependencies and their caregivers shall receive a private and individual face-to-face visit each month. The department shall randomly select no less than ten percent of the caregivers currently providing care to receive one unannounced face-to-face visit in the caregiver's home per year. No caregiver will receive an unannounced visit through the random selection process for two consecutive years. If the caseworker makes a good faith effort to conduct the unannounced visit to a caregiver and is unable to do so, that month's visit to that caregiver need not be unannounced. The department is encouraged to group monthly visits to caregivers by geographic area so that in the event an unannounced visit cannot be completed, the caseworker may

complete other required monthly visits. The department shall use a method of random selection that does not cause a fiscal impact to the department.

The department shall conduct the monthly visits with children and caregivers to whom it is providing child welfare services.

(9) The department shall have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(10) The department may accept custody of children from parents through a voluntary placement agreement to provide child welfare services. The department may place children with a relative, a suitable person, or a licensed foster home under a voluntary placement agreement. In seeking a placement for a voluntary placement agreement, the department should consider the preferences of the parents and attempt to place with relatives or suitable persons over licensed foster care.

(11) The department shall have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(12) The department shall have authority to purchase care for children.

(13) The department shall establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(14)(a) The department shall provide continued extended foster care services to eligible youth who request extended foster care. The department shall develop policies and procedures to ensure that dependent youth aged 15 and older are informed of the extended foster care program.

(b) The department shall pursue federal reimbursement, where appropriate, when a youth is:

(i) Enrolled in a secondary education program or a secondary education equivalency program;

(ii) Enrolled and participating in a postsecondary academic or postsecondary vocational education program;

(iii) Participating in a program or activity designed to promote employment or remove barriers to employment;

(iv) Engaged in employment for eighty hours or more per month; or

(v) Not able to engage in any of the activities described in (b)(i) through (iv) of this subsection due to a documented medical condition.

(c) To be eligible for extended foster care services, the youth must have been dependent at the time that he or she reached age 18 years. If the dependency case of the youth was dismissed pursuant to RCW 13.34.267, he or she may receive extended foster care services

pursuant to a voluntary placement agreement under RCW 74.13.336 or pursuant to an order of dependency issued by the court under RCW 13.34.268. A youth whose dependency case was dismissed by the court may request extended foster care services before reaching age 21 years. Eligible youths may unenroll and reenroll in extended foster care through a voluntary placement agreement an unlimited number of times between ages 18 and 21.

(d) The department shall not create additional eligibility requirements for extended foster care. The department shall develop and implement rules and policies designed to provide age-appropriate social work support for youth in extended foster care through a codesign process that includes those with lived experience in the foster care system.

(e) The department shall make efforts to ensure that extended foster care services maximize medicaid reimbursements. This must include the department ensuring that health and mental health extended foster care providers participate in medicaid, unless the condition of the extended foster care youth requires specialty care that is not available among participating medicaid providers or there are no participating medicaid providers in the area. The department shall coordinate other services to maximize federal resources and the most cost-efficient delivery of services to extended foster care youth.

(f) The department shall allow eligible youth to reenter the extended foster care program an unlimited number of times through a voluntary placement agreement.

(g) A youth enrolled in extended foster care may elect to receive a licensed foster care placement or may live independently. A youth who is not in a licensed foster care placement is eligible for a monthly supervised independent living subsidy effective the date the youth signs the voluntary placement agreement, agrees to dependency, or informs their social worker that they are living independently, whichever occurs first.

(h) The department shall pursue federal reimbursement, where appropriate, when a youth is residing in an approved supervised independent living setting. If the youth is not residing in an approved supervised independent living setting, the department is to work with the youth to help identify an appropriate living arrangement until the youth is living in a safe location approved by the department or the court. During this time, the department shall continue to pay the monthly supervised independent living subsidy.

(15) The department shall have authority to provide adoption support benefits on behalf of youth ages 18 to 21 years who achieved permanency through adoption at age 16 or older and who meet the criteria described in subsection (14)(b)(i) through (v) of this section.

(16) The department shall have the authority to provide guardianship subsidies on behalf of youth ages 18 to 21 who achieved permanency through guardianship and who meet the criteria described in subsection (14)(b)(i) through (v) of this section.

(17) The department shall refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age 18 through 20 shall not be

referred to the division of child support unless required by federal law.

(18) The department shall have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order. The purchase of such care is exempt from the requirements of chapter 74.13B RCW and may be purchased from the federally recognized Indian tribe or tribally licensed child-placing agency, and shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200, 43.185C.295, 74.13.035, and 74.13.036, or of this section all services to be provided by the department under subsections (6), (9), and (11) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(19) The department may, within funds appropriated for guardianship subsidies, provide subsidies for eligible guardians who are appointed as guardian of an Indian child by the tribal court of a federally recognized tribe located in Washington state, as defined in RCW 13.38.040. The provision of subsidies shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department provides subsidies. To be eligible, the guardian must either be certified by a department-licensed child-placing agency or licensed by a federally recognized tribe located in Washington state that is a Title IV-E agency, as defined in 45 C.F.R. 1355.20.

(20) Within amounts appropriated for this specific purpose, the department shall provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(21) The department shall have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-three years of age, who are or have been in the department's care and custody, or who are or were nonminor dependents.

(22) The department shall consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department is performing the duties and meeting the obligations specified in this section and RCW 74.13.250 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(23) (a) The department shall, within current funding levels, place on its public website a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2) (b) (ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative or other suitable person, if appropriate; and

(v) Statutory preference for an out-of-home placement that allows the child to remain in the same school or school district, if practical and in the child's best interests.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

(24)(a) The department shall have the authority to purchase legal representation for parents or kinship caregivers, or both, of children who are at risk of being dependent, or who are dependent, to establish or modify a parenting plan under RCW 13.34.155 or chapter 26.09, 26.26A, or 26.26B RCW or secure orders establishing other relevant civil legal relationships authorized by law, when it is necessary for the child's safety, permanence, or well-being. The department's purchase of legal representation for kinship caregivers must be within the department's appropriations. This subsection does not create an entitlement to legal representation purchased by the department and does not create judicial authority to order the department to purchase legal representation for a parent or kinship caregiver. Such determinations are solely within the department's discretion. The term "kinship caregiver" as used in this section means a caregiver who meets the definition of "kin" in RCW 74.13.600(1), unless the child is an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903. For an Indian child as defined in RCW 13.38.040 and 25 U.S.C. Sec. 1903, the term "kinship caregiver" as used in this section means a caregiver who is an "extended family member" as defined in RCW 13.38.040(8).

(b) The department is encouraged to work with the office of public defense parent representation program and the office of civil legal aid to develop a cost-effective system for providing effective civil legal representation for parents and kinship caregivers if it exercises its authority under this subsection. Intent—2012 c 52: "Since 2006, under a program known as "foster care to 21," the Washington state legislature has provided services to young adults transitioning out of foster care in order for them to enroll in and complete their postsecondary educations. In 2008, the United States congress passed the fostering connections to success and increasing adoptions act of 2008, which allows states to receive a federal match for state dollars expended in supporting youth transitioning out of foster care. In 2011, the Washington state legislature opted to create the "extended foster care program," in order to receive the federal match for youth completing high school. It is the intent of this act to enable the state to receive the federal match to offset costs expended on supporting youth seeking postsecondary education. This act would result in these youth being served under the extended foster care program, for which there is a federal match, instead of the foster care to 21 program, which relies solely on state dollars. It is the intent of the legislature to allow all youth currently enrolled in the foster care to 21 program for the purposes of postsecondary education to remain enrolled until they turn twenty-one, are no longer otherwise eligible, or choose to leave the program. Within three years of June 7, 2012, the "foster care to 21"

program will cease to operate, and youth seeking a postsecondary education will be solely served by the extended foster care program." [2012 c 52 s 1.]

Intent—2011 c 330: See note following RCW 13.04.011.

Findings—2011 c 160: "The legislature finds that foster parents are a critical piece of the dependency system. The legislature further finds that the majority of foster parents provide excellent care to children in the dependency system, many of whom have suffered serious damage in their families of origin. It is the legislature's belief that through the selfless dedication of many foster parents that abused and neglected children are able to heal and go on to lead productive lives. The legislature also believes that some foster parents act in ways that are damaging to the children in their care and it is the department of social and health services' responsibility to make sure all children in care are safe. The legislature finds that unannounced visits to caregivers' homes is another method by which the department of social and health services can make sure the children in foster care are safe." Expiration date—2009 c 235 s 4: "Section 4 of this act expires October 1, 2010." [2009 c 235 s 8.]

Findings—Intent—2009 c 235: "(1) The legislature finds that the federal fostering connections to success and increasing adoptions act of 2008 provides important new opportunities for the state to use federal funding to promote permanency and positive outcomes for youth in foster care and for those who age out of the foster care system.

(2) The legislature also finds that research regarding former foster youth is generally sobering. Longitudinal research on the adult functioning of former foster youth indicates a disproportionate likelihood that youth aging out of foster care and those who spent several years in care will experience poor outcomes in a variety of areas, including limited human capital upon which to build economic security; untreated mental or behavioral health problems; involvement in the criminal justice and corrections systems; and early parenthood combined with second-generation child welfare involvement. The legislature further finds that research also demonstrates that access to adequate and appropriate supports during the period of transition from foster care to independence can have significant positive impacts on adult functioning and can improve outcomes relating to educational attainment and postsecondary enrollment; employment and earnings; and reduced rates of teen pregnancies.

(3) The legislature intends to clarify existing authority for foster care services beyond age eighteen and to establish authority for future expansion of housing and other supports for youth aging out of foster care and youth who achieved permanency in later adolescence." [2009 c 235 s 1.]

- (1) The number, age, and sex of children admitted to custody;

- (5) The ultimate disposition of cases;
- (6) The number of children admitted to custody who ran away from the center and their ultimate disposition, if any;
- (7) Length of stay.

The department may require the provision of additional information and may require each center to provide all such necessary information in a uniform manner.

(1) The petition shall be filed in the juvenile court for the county in which the record or information is located or the county in which the person who is the subject of the record or information resides. The process shall not apply in circumstances where the complainant has the right under Title 13, 26, or 74 RCW to seek resolution of the complaint through judicial review or through an adjudicative proceeding.

Nothing in this section shall be construed to create substantive or procedural rights in any person. Participation in the complaint resolution process shall not entitle any person to an adjudicative proceeding under chapter 34.05 RCW or to superior court review. Participation in the process shall not affect the right of any person to seek other statutorily or constitutionally permitted remedies.

The department shall develop procedures to assure that clients and foster parents are informed of the availability of the complaint resolution process and how to access it. The department shall incorporate information regarding the complaint resolution process into the training for foster parents and department caseworkers.

The department shall compile complaint resolution data including the nature of the complaint and the outcome of the process. [2018 c 284 s 41; 2009 c 520 s 57; 1998 c 245 s 146; 1991 c 340 s 2.]

Intent—1991 c 340: "It is the intent of the legislature to provide timely, thorough, and fair procedures for resolution of grievances of clients, foster parents, and the community resulting from decisions made by the department of social and health services related to programs administered pursuant to this chapter. Grievances should be resolved at the lowest level possible. However, all levels of the department should be accountable and responsible to individuals who are experiencing difficulties with agency services or decisions. It is the intent of the legislature that grievance procedures be made available to individuals who do not have other remedies available through judicial review or adjudicative proceedings." (1) The secretary or his or her designees or delegates shall be the custodian without compensation of such moneys and other funds of any person which may come into the possession of the secretary during the period such person is placed with the department or an entity with which it has entered into a performance-based contract pursuant to chapter 74.13 RCW. As such custodian, the secretary shall have

authority to disburse moneys from the person's funds for the following purposes only and subject to the following limitations:

(a) For such personal needs of such person as the secretary may deem proper and necessary.

(b) Against the amount of public assistance otherwise payable to such person. This includes applying, as reimbursement, any benefits, payments, funds, or accrual paid to or on behalf of said person from any source against the amount of public assistance expended on behalf of said person during the period for which the benefits, payments, funds or accruals were paid.

(2) All funds held by the secretary as custodian may be deposited in a single fund, the receipts and expenditures therefrom to be accurately accounted for by him or her on an individual basis. Whenever, the funds belonging to any one person exceed the sum of five hundred dollars, the secretary may deposit said funds in a savings and loan association account on behalf of that particular person.

(4) The appointment of a guardian for the estate of such person shall terminate the secretary's authority as custodian of said funds upon receipt by the secretary of a certified copy of letters of guardianship. Upon the guardian's request, the secretary shall immediately forward to such guardian any funds of such person remaining in the secretary's possession together with full and final accounting of all receipts and expenditures made therefrom. (2) For the purpose of licensing a relative seeking to be appointed as a guardian and eligible for a guardianship subsidy under this section, the department shall, on a case-by-case basis, and when determined to be in the best interests of the child:

(a) Waive nonsafety licensing standards; and

(b) Apply the list of disqualifying crimes in the adoption and safe families act, unless doing so would compromise the child's safety, or would adversely affect the state's ability to continue to obtain federal funding for child welfare related functions.

(3) Guardianship subsidy agreements shall be designed to promote long-term permanency for the child, and may include provisions for periodic review of the subsidy amount and the needs of the child. [2023 c 221 s 2; 2022 c 127 s 4; 2017 3rd sp.s. c 6 s 404; 2010 c 272 s 12.]

RCW 74.13.065 Out-of-home care—Social study required. (1) The department shall conduct a social study whenever a child is placed in out-of-home care under the supervision of the department. The study shall be conducted prior to placement, or, if it is not feasible to conduct the study prior to placement due to the circumstances of the case, the study shall be conducted as soon as possible following placement.

(2) The social study shall include, but not be limited to, an assessment of the following factors:

(a) The physical and emotional strengths and needs of the child;

(b) Emotional bonds with siblings and the need to maintain regular sibling contacts;

(c) The proximity of the child's placement to the child's family to aid reunification;

(d) The possibility of placement with the child's relatives or extended family;

(e) The racial, ethnic, cultural, and religious background of the child;

(f) The least-restrictive, most family-like placement reasonably available and capable of meeting the child's needs; and

(g) Compliance with RCW 13.34.260 regarding parental preferences for placement of their children. [2018 c 284 s 43; 2009 c 520 s 60; 2002 c 52 s 8; 1995 c 311 s 26.]

Intent—2002 c 52: See note following RCW 13.34.025.

RCW 74.13.070 Moneys in possession of secretary not subject to certain proceedings. None of the moneys or other funds which come into the possession of the secretary under chapter 169, Laws of 1971 ex. sess. shall be subject to execution, levy, attachment, garnishment or other legal process or other operation of any bankruptcy or insolvency law. [1971 ex.s. c 169 s 8.]

RCW 74.13.075 Sexually aggressive youth—Defined—Services—Expenditure of treatment funds—Tribal jurisdiction—Information sharing and confidentiality. (1) For the purposes of funds appropriated for the treatment of sexually aggressive youth, the term "sexually aggressive youth" means those juveniles who:

(a) Have been abused and have committed a sexually aggressive act or other violent act that is sexual in nature; and

(i) Are in the care and custody of the state or a federally recognized Indian tribe located within the state; or

(ii) Are the subject of a proceeding under chapter 13.34 RCW or a child welfare proceeding held before a tribal court located within the state; or

(b) Cannot be detained under the juvenile justice system due to being under age twelve and incompetent to stand trial for acts that could be prosecuted as sex offenses as defined by RCW 9.94A.030 if the juvenile was over twelve years of age, or competent to stand trial if under twelve years of age.

(2) The department may offer appropriate available services and treatment to a sexually aggressive youth and his or her parents or legal guardians as provided in this section and may refer the child and his or her parents to appropriate treatment and services available within the community, regardless of whether the child is the subject of a proceeding under chapter 13.34 RCW.

(3) In expending these funds, the department shall establish in each region a case review committee to review all cases for which the funds are used. In determining whether to use these funds in a particular case, the committee shall consider:

(a) The age of the juvenile;

(b) The extent and type of abuse to which the juvenile has been subjected;

(c) The juvenile's past conduct;

(d) The benefits that can be expected from the treatment;

(e) The cost of the treatment; and

(f) The ability of the juvenile's parent or guardian to pay for the treatment.

(4) The department may provide funds, under this section, for youth in the care and custody of a tribe or through a tribal court, for the treatment of sexually aggressive youth only if: (a) The tribe uses the same or equivalent definitions and standards for determining which youth are sexually aggressive; and (b) the department seeks to recover any federal funds available for the treatment of youth.

(5) A juvenile's status as a sexually aggressive youth, and any protective plan, services, and treatment plans and progress reports provided with these funds are confidential and not subject to public disclosure by the department. This information shall be shared with relevant juvenile care agencies, law enforcement agencies, and schools, but remains confidential and not subject to public disclosure by those agencies. [2009 c 520 s 61; 2009 c 250 s 2; 1994 c 169 s 1. Prior: 1993 c 402 s 3; 1993 c 146 s 1; 1990 c 3 s 305.]

Reviser's note: This section was amended by 2009 c 250 s 2 and by 2009 c 520 s 61, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Finding—2009 c 250: "The legislature finds that children who commit sexually aggressive acts are at risk of repeating such behavior if they and their families do not receive treatment and counseling. This is especially true of children under the age of twelve who are referred to the department of social and health services by a prosecuting attorney pursuant to RCW 26.44.160. To reduce the number of future victims of sexual abuse and to reduce recidivism of children who commit sexually aggressive acts the legislature finds that all such children and their families, including children who are referred by prosecutors pursuant to RCW 26.44.160, be eligible for treatment regardless of whether they are the subject of a proceeding under chapter 13.34 RCW." [2009 c 250 s 1.]

RCW 74.13.077 Sexually aggressive youth—Transfer of surplus funds for treatment. The secretary is authorized to transfer surplus, unused treatment funds from the civil commitment center operated under chapter 71.09 RCW to the division of children and family services to provide treatment services for sexually aggressive youth. [2009 c 520 s 62; 1993 c 402 s 4.]

RCW 74.13.080 Group care placement—Prerequisites for payment. The department shall not make payment for any child in group care placement unless the group home is licensed and the department has the custody of the child and the authority to remove the child in a cooperative manner after at least seventy-two hours notice to the child care provider; such notice may be waived in emergency situations. However, this requirement shall not be construed to prohibit the department from making or mandate the department to make payment for Indian children placed in facilities licensed by federally recognized Indian tribes pursuant to chapter 74.15 RCW. [1987 c 170 s 11; 1982 c 118 s 2.]

RCW 74.13.1051 Foster youth education and plans for the future—Memoranda of understanding among agencies—Transfer of responsibilities from the department—Indicators relating to education outcomes. (1) In order to proactively support foster youth to complete high school, enroll and complete postsecondary education, and successfully implement their own plans for their futures, the department, the student achievement council, and the office of the superintendent of public instruction shall enter into, or revise existing, memoranda of understanding that:

(a) Facilitate student referral, data and information exchange, agency roles and responsibilities, and cooperation and collaboration among state agencies and nongovernmental entities; and

(b) Effectuate the transfer of responsibilities from the department to the office of the superintendent of public instruction with respect to the programs in RCW 28A.300.592, and from the department to the student achievement council with respect to the program in RCW 28B.77.250 in a smooth, expedient, and coordinated fashion.

(2) The student achievement council and the office of the superintendent of public instruction shall establish a set of indicators relating to the outcomes provided in RCW 28A.300.590 and 28A.300.592 to provide consistent services for youth, facilitate transitions among contractors, and support outcome-driven contracts. The student achievement council and the superintendent of public instruction shall collaborate with nongovernmental contractors and the department to develop a list of the most critical indicators, establishing a common set of indicators to be used in the outcome-driven contracts in RCW 28A.300.590 and 28A.300.592. [2020 c 233 s 3; 2017 3rd sp.s. c 6 s 405; 2016 c 71 s 6.]

Findings—Intent—2020 c 233: "(1) The legislature finds that students in foster care, experiencing homelessness, or both, have the lowest high school graduation and postsecondary completion outcomes compared to other student populations. The legislature also finds that these students change schools at significantly higher rates than their general student population peers, and that these changes can disrupt academic progress. The legislature further finds that these students have disproportionate suspension and expulsion rates, and require special education services at much higher rates than other students.

(2) The legislature acknowledges that, as a result, only forty-six percent of Washington students who experienced foster care during high school, and fifty-five percent of students experiencing homelessness, graduated from high school on time in 2018. By comparison, the statewide four-year graduation rate for the class of 2019 was nearly eighty-one percent. Furthermore, students of color are disproportionately represented in the foster care system and in homeless student populations, and their academic outcomes are significantly lower than their white peers. Additionally, students who do not achieve positive education outcomes experience high rates of unemployment, poverty, adult homelessness, and incarceration.

(3) The legislature, therefore, intends to provide the opportunity for an equitable education for students in foster care, experiencing homelessness, or both. In accomplishing this goal, the legislature intends to achieve parity in education outcomes for these students, both in comparison to their general student population peers and throughout the education continuum of prekindergarten to postsecondary education.

(4) In 2018 the legislature directed the department of children, youth, and families and other entities in chapter 299, Laws of 2018, to convene a work group focused on students in foster care and students experiencing homelessness. The legislature resolves to continue this work group to improve education outcomes for these students." [2020 c 233 s 1.]

Findings—Intent—2024 c 328: See note following RCW 13.34.050.

FOSTER CARE

RCW 74.13.250 Preservice training—Foster parents. (1)

Preservice training is recognized as a valuable tool to reduce placement disruptions, the length of time children are in care, and foster parent turnover rates. Preservice training also assists potential foster parents in making their final decisions about foster parenting and assists social service agencies in obtaining information about whether to approve potential foster parents.

(2) Foster parent preservice training shall include information about the potential impact of placement on foster children; social service agency administrative processes; the requirements, responsibilities, expectations, and skills needed to be a foster parent; attachment, separation, and loss issues faced by birth parents, foster children, and foster parents; child management and discipline; birth family relationships; information on the limits of the adoption support program as provided in RCW 74.13A.020(4); and helping children leave foster care. Preservice training shall assist applicants in making informed decisions about whether they want to be foster parents. Preservice training shall be designed to enable the agency to assess the ability, readiness, and appropriateness of families to be foster parents. As a decision tool, effective preservice training provides potential foster parents with enough information to make an appropriate decision, affords potential foster parents an opportunity to discuss their decision with others and consider its implications for their family, clarifies foster family expectations, presents a realistic picture of what foster parenting involves, and allows potential foster parents to consider and explore the different types of children they might serve.

(3) Foster parents shall complete preservice training before the issuance of a foster care license, except that the department may, on a case by case basis, issue a written waiver that allows the foster parent to complete the training after licensure, so long as the training is completed within ninety days following licensure.

(4) All components of the foster parent preservice training shall be made available online. The department shall allow individuals to complete as much online preservice training as is practicable while requiring that some preservice training be completed in person. [2018 c 20 s 1. Prior: 2009 c 520 s 71; 2009 c 491 s 10; 1990 c 284 s 2.]

Finding—1990 c 284: "The legislature finds that the foster care system plays an important role in preserving families and giving consistent and nurturing care to children placed in its care. The legislature further finds that foster parents play an integral and important role in the system and particularly in the child's chances

for the earliest possible reunification with his or her family." [1990 c 284 s 1.]

Effective date—1990 c 284: "This act shall take effect July 1, 1990, however the secretary may immediately take any steps necessary to ensure implementation of section 17 of this act on July 1, 1990." [1990 c 284 s 27.]

RCW 74.13.260 On-site monitoring program. Regular on-site monitoring of foster homes to assure quality care improves care provided to children in family foster care. An on-site monitoring program shall be established by the department to assure quality care and regularly identify problem areas. Monitoring shall be done by the department on a random sample basis of no less than ten percent of the total licensed family foster homes licensed by the department on July 1 of each year. [1998 c 245 s 148; 1990 c 284 s 4.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

RCW 74.13.270 Respite care. (1) The legislature recognizes the need for temporary short-term relief for foster parents who care for children with emotional, mental, or physical disabilities. For purposes of this section, respite care means appropriate, temporary, short-term care for these foster children placed with licensed foster parents. The purpose of this care is to give the foster parents temporary relief from the stresses associated with the care of these foster children. The department shall design a program of respite care that will minimize disruptions to the child and will serve foster parents within these priorities, based on input from foster parents, foster parent associations, and reliable research if available.

(2) (a) For the purposes of this section, and subject to funding appropriated specifically for this purpose, short-term support shall include case aides who provide temporary assistance to foster parents as needed with the overall goal of supporting the parental efforts of the foster parents except that this assistance shall not include overnight assistance. The department shall contract with nonprofit community-based organizations in each region to establish a statewide pool of individuals to provide the support described in this subsection. These individuals shall be employees or volunteers with the nonprofit community-based organization and shall have the appropriate training, background checks, and qualifications as determined by the department. Short-term support as described in this subsection shall be available to all licensed foster parents in the state as funding is available and shall be phased in by geographic region. To obtain the assistance of a case aide for this purpose, the foster parent may request the services from the nonprofit community-based organization and the nonprofit community-based organization may offer assistance to licensed foster families. If the requests for the short-term support provided in this subsection exceed the funding available, the nonprofit community-based organization shall have discretion to determine the assignment of case aides. The nonprofit community-based organization shall report all short-term support provided under this subsection to the department.

(b) Costs associated with case aides as described in this subsection shall not be included in the forecast.

(c) Pursuant to RCW 41.06.142, performance-based contracting under (a) of this subsection is expressly mandated by the legislature and is not subject to the processes set forth in RCW 41.06.142. [2024 c 156 s 1; 2019 c 470 s 29; 2017 3rd sp.s. c 20 s 1; 1990 c 284 s 8.]

Construction—Competitive procurement process and contract provisions—2017 3rd sp.s. c 20: "Pursuant to RCW 41.06.142(3), the competitive procurement process and contract provisions in this act are expressly mandated by the legislature and are not subject to the processes of RCW 41.06.142 (1), (4), and (5)." [2017 3rd sp.s. c 20 s 19.]

Conflict with federal requirements and Indian Child Welfare Act of 1978—2017 3rd sp.s. c 20: "If any part of this act is found to be in conflict with P.L. 95-608 Indian Child Welfare Act of 1978 or federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements of P.L. 95-608 Indian Child Welfare Act of 1978 and federal requirements that are a necessary condition to the receipt of federal funds by the state." [2017 3rd sp.s. c 20 s 23.]

RCW 74.13.287 Intent—Infant, foster family health. The legislature intends to establish a policy with the goal of ensuring that the health and well-being of both infants in foster care and the families providing for their care are protected. [2004 c 40 s 1.]

RCW 74.13.288 Blood-borne pathogens—Testing. The department of health shall develop recommendations concerning evidence-based practices for testing for blood-borne pathogens of children under one year of age who have been placed in out-of-home care and shall identify the specific pathogens for which testing is recommended. [2009 c 520 s 75; 2004 c 40 s 2.]

RCW 74.13.289 Blood-borne pathogens—Client information—Training. (1) Upon any placement, the department shall inform each out-of-home care provider if the child to be placed in that provider's care is infected with a blood-borne pathogen, and shall identify the specific blood-borne pathogen for which the child was tested if known by the department.

(2) All out-of-home care providers licensed by the department shall receive training related to blood-borne pathogens, including prevention, transmission, infection control, treatment, testing, and confidentiality.

(3) Any disclosure of information related to HIV must be in accordance with RCW 70.02.220.

(4) The department of health shall identify by rule the term "blood-borne pathogen" as used in this section. [2018 c 284 s 48; 2013 c 200 s 29; 2009 c 520 s 76; 2004 c 40 s 3.]

Effective date—2013 c 200: See note following RCW 70.02.010.

RCW 74.13.290 Fewest possible placements for children—Preferred placements. (1) To provide stability to children in out-of-home care, placement selection shall be made with a view toward the fewest possible placements for each child. If possible, the initial placement shall be viewed as the only placement for the child. Pursuant to RCW 13.34.060 and 13.34.130, placement of the child with a relative or other suitable person is the preferred option. The use of short-term interim placements of thirty days or less to protect the child's health or safety while the placement of choice is being arranged is not a violation of this principle.

(2) If a child has been previously placed in out-of-home care and is subsequently returned to out-of-home care, and the department cannot locate an appropriate and available relative or other suitable person, the preferred placement for the child is in a foster family home where the child previously was placed, if the following conditions are met:

(a) The foster family home is available and willing to care for the child;

(b) The foster family is appropriate and able to meet the child's needs; and

(c) The placement is in the best interest of the child. [2009 c 482 s 1; 1990 c 284 s 11.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

RCW 74.13.300 Notification of proposed placement changes. (1) Whenever a child has been placed in a foster family home by the department and the child has thereafter resided in the home for at least ninety consecutive days, the department shall notify the foster family at least five days prior to moving the child to another placement, unless:

(a) A court order has been entered requiring an immediate change in placement;

(b) The child is being returned home;

(c) The child's safety is in jeopardy; or

(d) The child is residing in a receiving home or a group home.

(2) If the child has resided in a foster family home for less than ninety days or if, due to one or more of the circumstances in subsection (1) of this section, it is not possible to give five days' notification, the department shall notify the foster family of proposed placement changes as soon as reasonably possible.

(3) This section is intended solely to assist in minimizing disruption to the child in changing foster care placements. Nothing in this section shall be construed to require that a court hearing be held prior to changing a child's foster care placement nor to create any substantive custody rights in the foster parents. [2018 c 284 s 49; 2009 c 520 s 77; 1990 c 284 s 12.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

RCW 74.13.310 Foster parent training. Adequate foster parent training has been identified as directly associated with increasing the length of time foster parents are willing to provide foster care and reducing the number of placement disruptions for children. Placement disruptions can be harmful to children by denying them consistent and nurturing support. Foster parents have expressed the desire to receive training in addition to the foster parent training currently offered. Foster parents who care for more demanding children, such as children with severe disabilities, would especially benefit from additional training. The department shall develop additional training for foster parents that focuses on skills to assist foster parents in caring for children with disabilities. [2020 c 274 s 62; 2018 c 284 s 50; 2009 c 520 s 78; 1990 c 284 s 13.]

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

RCW 74.13.315 Child care for foster parents attending meetings or training. The department may provide child care for all foster parents who are required to attend department-sponsored meetings or training sessions. If the department does not provide such child care, the department, where feasible, shall conduct the activities covered by this section in the foster parent's home or other location acceptable to the foster parent. [2018 c 284 s 51; 2009 c 520 s 79; 1997 c 272 s 6.]

Effective date—1997 c 272: See note following RCW 74.13.031.

RCW 74.13.325 Foster care and adoptive home recruitment program. Within available resources, the department shall increase the number of adoptive and foster families available to accept children through an intensive recruitment and retention program. [2018 c 284 s 52; 2009 c 520 s 81; 1997 c 272 s 3.]

Effective date—1997 c 272: See note following RCW 74.13.031.

RCW 74.13.330 Responsibilities of foster parents. Foster parents are responsible for the protection, care, supervision, and nurturing of the child in placement. As an integral part of the foster care team, foster parents shall, if appropriate and they desire to: Participate in the development of the service plan for the child and the child's family; assist in family visitation, including monitoring; model effective parenting behavior for the natural family; and be available to help with the child's transition back to the natural family. [2007 c 410 s 7; 1990 c 284 s 23.]

Short title—2007 c 410: See note following RCW 13.34.138.

Finding—Effective date—1990 c 284: See notes following RCW 74.13.250.

RCW 74.13.332 Rights of foster parents. Foster parents have the right to be free of coercion, discrimination, and reprisal in serving foster children, including the right to voice grievances about treatment furnished or not furnished to the foster child. [2001 c 318 s 1.]

(b) The foster parent has caused to be instituted any proceedings under or related to Title 13 RCW;

(c) The foster parent has testified or is about to testify in any proceedings under or related to Title 13 RCW;

(d) The foster parent has advocated for services on behalf of the foster child;

(e) The foster parent has sought to adopt a foster child in the foster parent's care; or

(f) The foster parent has discussed or consulted with anyone concerning the foster parent's rights under this chapter or chapter 74.15 or 13.34 RCW, may file a complaint with the office of the family and children's ombuds.

(2) The ombuds may investigate the allegations of retaliation. The ombuds shall have access to all relevant information and resources held by or within the department by which to conduct the investigation. Upon the conclusion of its investigation, the ombuds shall provide its findings in written form to the department.

The department shall develop procedures for responding to recommendations of the office of the family and children's ombuds as a result of any and all complaints filed by foster parents under RCW 74.13.333. [2018 c 284 s 54; 2013 c 23 s 207; 2009 c 520 s 83; 2004 c 181 s 2.]

RCW 74.13.335 Foster care—Reimbursement—Property damage.

Within available funds and subject to such conditions and limitations as may be established by the department or by the legislature in the omnibus appropriations act, the department shall reimburse foster parents for property damaged or destroyed by foster children placed in their care. The department shall establish by rule a maximum amount that may be reimbursed for each occurrence. The department shall reimburse the foster parent for the replacement value of any property covered by this section. If the damaged or destroyed property is covered and reimbursed under an insurance policy, the department shall reimburse foster parents for the amount of the deductible associated with the insurance claim, up to the limit per occurrence as established by the department. Intent—1999 c 338: "The legislature recognizes that Washington state is experiencing a significant shortage of quality foster homes and that the majority of children entering the system are difficult to place due to their complex needs. The legislature intends to provide additional assistance to those families willing to serve as foster parents." [1999 c 338 s 1.]

(b) The court, after holding the dependency case open pursuant to RCW 13.34.267(1), has dismissed the case because the youth became ineligible for extended foster care services.

(2)(a) Upon a request for extended foster care services by a youth pursuant to subsection (1) of this section, a determination that the youth is eligible for extended foster care services, and the completion of a voluntary placement agreement, the department shall provide extended foster care services to the youth.

(3) A youth may enter into a voluntary placement agreement for extended foster care services. A youth becomes eligible for extended foster care services as of the date the youth either signs an extended foster care agreement or voluntary placement agreement or turns 18, whichever occurs later. This program design must include stakeholder engagement from impacted communities. Subject to appropriations for this specific purpose, the department shall make incentive payments to qualifying youth in addition to the supervised independent living subsidy, beginning by July 1, 2025.

(6) "Voluntary placement agreement," for the purposes of this section, means a written voluntary agreement by a youth who agrees to participate in extended foster care. [2024 c 192 s 6; 2018 c 34 s 4; 2013 c 332 s 5.]

(1) It is the policy of the state of Washington that, whenever practical and in the best interest of the child, children who are the subject of a dependency proceeding shall remain enrolled in their schools of origin.

(2) For the purposes of this section, "children who are the subject of a dependency proceeding" means a child or youth who is located in Washington state and the subject of a shelter care or dependency order pursuant to chapter 13.34 RCW, and "school of origin" means the school in which a child is enrolled at the time of placement in foster care. If a child's foster care placement changes, the school of origin must be considered the school in which the child is enrolled at the time of the placement change. [2022 c 78 s 8; 2003 c 112 s 2.]

Findings—Intent—2003 c 112: "The legislature finds that the educational attainment of children in foster care is significantly lower than that of children not in foster care. The legislature finds that many factors influence educational outcomes for children in

foster care, including the disruption of the educational process because of repeatedly changing schools.

The legislature recognizes the importance of educational stability for foster children, and encourages the ongoing efforts of the department of social and health services and the office of the superintendent of public instruction to improve educational attainment of children in foster care. It is the intent of the legislature that efforts continue such as the recruitment of foster homes in school districts with high rates of foster care placements, the development and dissemination of informational materials regarding the challenges faced by children in foster care, and the expansion to other school districts of best practices identified in pilot projects." [2003 c 112 s 1.]

RCW 74.13.560 Educational continuity—Protocol development. (1)

The administrative regions of the department shall, in collaboration with school districts within their region as required by RCW 28A.225.360, develop protocols specifying specific strategies for communication, coordination, and collaboration regarding the status and progress of children in out-of-home care placed in the region, and children in the region who are the subject of a dependency proceeding. The purpose of the protocols is to maximize the educational continuity and achievement for the children. The protocols must include methods to assure effective sharing of information, consistent with RCW 28A.225.330.

(2) The protocols required by this section must also include protocols for making best interest determinations for students in out-of-home care, and children who are the subject of a dependency proceeding that comply with RCW 28A.225.350. The protocols for making best interest determinations must be implemented before changing the school placement of a student.

(3) For the purposes of this section, "children who are the subject of a dependency proceeding" means a child or youth who is located in Washington state and the subject of a shelter care or dependency order pursuant to chapter 13.34 RCW, and "out-of-home care" has the same meaning as in RCW 13.34.030. RCW 74.13.570 Oversight committee—Duties. (1) The department shall establish an oversight committee composed of staff from the office of the superintendent of public instruction, the student achievement council, foster youth, former foster youth, foster parents, and advocacy agencies to develop strategies for maintaining foster children in the schools they were attending at the time they entered foster care and to promote opportunities for foster youth to participate in postsecondary education or training.

(2) The duties of the oversight committee shall include, but are not limited to:

(a) Developing strategies for school-based recruitment of foster homes;

(b) Monitoring the progress of current pilot projects that assist foster children to continue attending the schools they were attending at the time they entered foster care;

(c) Overseeing the expansion of the number of pilot projects;

(d) Promoting the use of best practices, throughout the state, demonstrated by the pilot projects and other programs relating to maintaining foster children in the schools they were attending at the time they entered foster care;

(e) Informing the legislature of the status of efforts to maintain foster children in the schools they were attending at the time they entered foster care;

(f) Assessing the scope and nature of statewide need among current and former foster youth for assistance to pursue and participate in postsecondary education or training opportunities;

(g) Identifying available sources of funding available in the state for services to former foster youth to pursue and participate in postsecondary education or training opportunities;

(h) Reviewing the effectiveness of activities in the state to support former foster youth to pursue and participate in postsecondary education or training opportunities;

(i) Identifying new activities, or existing activities that should be modified or expanded, to best meet statewide needs; and

(j) Reviewing on an ongoing basis the progress toward improving educational and vocational outcomes for foster youth. [2018 c 58 s 58; 2012 c 229 s 594; 2005 c 93 s 2; 2003 c 112 s 4.]

Effective date—2012 c 229 ss 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 28B.77.005.

Findings—Intent—2005 c 93: "(1) The legislature finds that:

(a) The majority of foster youth fail to thrive in our educational system and, relative to nonfoster youth, disproportionately few enroll in college or other postsecondary training programs. As a result, former foster youth generally have poor employment and life satisfaction outcomes; and

(b) Low expectations, lack of information, fragmented support services, and financial hardship are the most frequently cited reasons for failure of foster youth to pursue postsecondary education or training. Initiatives have been undertaken at both the state and community levels in Washington to improve outcomes for foster youth in transition to independence; however, these initiatives are often not coordinated to complement one another.

(2) The legislature intends to encourage and support foster youth to pursue postsecondary education or training opportunities. A coordination committee that provides statewide planning and oversight of related efforts will improve the effectiveness of both current and future initiatives to improve postsecondary educational outcomes for foster youth. In addition, the state can provide financial support to former foster youth pursuing higher education or training by setting aside portions of the state need grant and the state work-study programs specifically for foster youth." RCW 74.13.590 Tasks to be performed based on available resources. The department shall perform the tasks provided in RCW 74.13.550 through 74.13.580 based on available resources. [2018 c 284 s 60; 2009 c 520 s 89; 2003 c 112 s 6.]

RCW 74.13.600 Kinship caregivers—Definition—Placement of children with kin a priority—Strategies. (1) For the purposes of this section, "kin" means persons eighteen years of age or older to whom the child is related by blood, adoption, or marriage, including marriages that have been dissolved, and means: (a) Any person denoted by the prefix "grand" or "great"; (b) sibling, whether full, half, or step; (c) uncle or aunt; (d) nephew or niece; or (e) first cousin.

(2) The department shall plan, design, and implement strategies to prioritize the placement of children with willing and able kin when out-of-home placement is required.

These strategies must include at least the following:

(a) Development of standardized, statewide procedures to be used when searching for kin of children prior to out-of-home placement. The procedures must include a requirement that documentation be maintained in the child's case record that identifies kin, and documentation that identifies the assessment criteria and procedures that were followed during all kin searches. The procedures must be used when a child is placed in out-of-home care under authority of chapter 13.34 RCW, when a petition is filed under RCW 13.32A.140, or when a child is placed under a voluntary placement agreement. To assist with implementation of the procedures, the department shall request that the juvenile court require parents to disclose to the department all contact information for available and appropriate kin within two weeks of an entered order. For placements under signed voluntary agreements, the department shall encourage the parents to disclose to the department all contact information for available and appropriate kin within two weeks of the date the parent signs the voluntary placement agreement.

(b) Development of procedures for conducting active outreach efforts to identify and locate kin during all searches. The procedures must include at least the following elements:

(i) Reasonable efforts to interview known kin, friends, teachers, and other identified community members who may have knowledge of the child's kin, within sixty days of the child entering out-of-home care;

(ii) Increased use of those procedures determined by research to be the most effective methods of promoting reunification efforts, permanency planning, and placement decisions;

(iii) Contacts with kin identified through outreach efforts and interviews under this subsection as part of permanency planning activities and change of placement discussions;

(iv) Establishment of a process for ongoing contact with kin who express interest in being considered as a placement resource for the child; and

(v) A requirement that when the decision is made to not place the child with any kin, the department provides documentation as part of the child's individual service and safety plan that clearly identifies the rationale for the decision and corrective action or actions the kin must take to be considered as a viable placement option.

(3) Nothing in this section shall be construed to create an entitlement to services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or the child or family is not eligible for such services. [2018 c 284 s 61; 2009 c 520 s 90; 2003 c 284 s 1.]

RCW 74.13.621 Kinship care oversight committee. (1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood, marriage, or adoption, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more programs or services would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;

(b) Monitor and provide consultation on the implementation of recommendations contained in the 2002 kinship care report, including but not limited to the recommendations relating to legal and respite care services and resources;

(c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign;

(d) Assist with developing future recommendations on kinship care issues; and

(e) Coordinate with the kinship care legal aid coordinator to develop, expand, and deliver training materials designed to help pro bono and low bono attorneys provide legal advice and assistance to kinship caregivers on matters that relate to their ability to meet physical, mental, social, educational, and other needs of children and youth in their care.

(2) The department shall consult with the oversight committee on its efforts to better collaborate and coordinate services to benefit kinship care families.

(3) The oversight committee must consist of a minimum of thirty percent kinship caregivers, who shall represent a diversity of kinship families. Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et

seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(4) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(5) The kinship care oversight committee shall update the legislature and governor annually on committee activities, with each update due by December 1st. RCW 74.13.631 Students subject to a dependency proceeding—School placement options. (1) Consistent with the provisions for making best interest determinations established in RCW 28A.225.350 and 74.13.560, the department shall provide students who are the subject of a dependency proceeding with the opportunity to remain enrolled in their school of origin, unless the safety of the student is jeopardized, or a relative or other suitable person placement approved by the department is secured for the student, or it is determined not to be in the student's best interest. If the parties in the dependency case disagree regarding which school the student should be enrolled in, the student may remain enrolled in the school of origin until the disagreement is resolved in court, unless the department determines that the student is in immediate danger by remaining enrolled in the school of origin.

(2) Unless otherwise directed by the court, the educational responsibilities of the department for preschool and school-aged students residing in out-of-home care are the following:

(a) To collaboratively discuss and document school placement options and plan necessary school transfers during the family team decision-making meeting;

(b) To notify the receiving school and the school of origin that a youth residing in foster care is transferring schools;

(c) To request and secure missing academic records or medical records required for school enrollment within ten business days;

(d) To document the request and receipt of academic records in the individual service and safety plan;

(e) To pay any unpaid fees or fines due by the student to the school or school district;

(f) To notify all legal parties when a school disruption occurs; and

(g) To document factors that contributed to any school disruptions.

(3) The requirements of the department in subsections (1) and (2) of this section apply also for children who are the subject of a dependency proceeding.

(4) For the purposes of this section, "students who are the subject of a dependency proceeding" means a child or youth who is located in Washington state and the subject of a shelter care or dependency order pursuant to chapter 13.34 RCW. [2022 c 78 s 10; 2018 c 139 s 5; 2013 c 182 s 6.]

RCW 74.13.632 School-aged youth in out-of-home care—Educational experiences and progress—Reports. (1) A university-based child welfare research entity shall include in its reporting the educational experiences and progress of students in out-of-home care with the department. This data must be disaggregated in the smallest units allowable by law that do not identify an individual student, in order to learn which of the department's offices and school districts are experiencing the greatest success and challenges in achieving quality educational outcomes with students in out-of-home care with the department.

(2) By January 1, 2015 and annually thereafter, the university-based child welfare research entity must submit a report to the legislature. To the extent possible, the report should include, but is not limited to, information on the following measures for a youth who is a dependent pursuant to chapter 13.34 RCW:

(a) Aggregate scores from the Washington state kindergarten readiness assessment;

(b) Aggregate scores from the third grade statewide student assessment in reading;

(c) Number of youth graduating from high school with a documented plan for postsecondary education, employment, or military service;

(d) Number of youth completing one year of postsecondary education, the equivalent of first-year student credits, or achieving a postsecondary certificate; and

(e) Number of youth who complete an associate or bachelor's degree.

(3) The report must identify strengths and weaknesses in practice and recommend to the legislature strategy and needed resources for improvement. [2018 c 58 s 48; 2013 c 182 s 7.]

Effective date—2018 c 58: See note following RCW 28A.655.080.

RCW 74.13.640 Child fatality reviews. (1)(a) The department shall conduct a child fatality review in the event of a fatality suspected to be caused by child abuse or neglect of any minor who is in the care of the department or receiving services described in this chapter or who has been in the care of the department or received services described in this chapter within one year preceding the minor's death.

(b) The department shall consult with the office of the family and children's ombuds to determine if a child fatality review should be conducted in any case in which it cannot be determined whether the child's death is the result of suspected child abuse or neglect.

(c) The department shall ensure that the fatality review team is made up of individuals who had no previous involvement in the case, including individuals whose professional expertise is pertinent to the dynamics of the case.

(d) Upon conclusion of a child fatality review required pursuant to this section, the department shall within one hundred eighty days following the fatality issue a report on the results of the review, unless an extension has been granted by the governor. Reports must be distributed to the appropriate committees of the legislature, and the department shall create a public website where all child fatality review reports required under this section must be posted and maintained. A child fatality review report completed pursuant to this section is subject to public disclosure and must be posted on the public website, except that confidential information may be redacted by the department consistent with the requirements of RCW 13.50.100, 68.50.105, 74.13.500 through 74.13.525, chapter 42.56 RCW, and other applicable state and federal laws.

(e) The department shall develop and implement procedures to carry out the requirements of this section.

(2)(a) In the event of a near fatality of a child who is in the care of or receiving services described in this chapter from the department or who has been in the care of or received services described in this chapter from the department within one year preceding the near fatality, the department shall promptly notify the office of the family and children's ombuds. The department may conduct a review of the near fatality at its discretion or at the request of the office of the family and children's ombuds.

(b) In the event of a near fatality of a child who is in the care of or receiving services described in this chapter from the department or who has been in the care of or received services described in this chapter from the department within three months preceding the near fatality, or was the subject of an investigation by the department for possible abuse or neglect, the department shall promptly notify the office of the family and children's ombuds and the department shall conduct a review of the near fatality.

(c) "Near fatality" means an act that, as certified by a physician, places the child in serious or critical condition.

(3) In any review of a child fatality or near fatality in which the child was placed with or received services from an agency pursuant to a contract with the department, the department and the fatality review team shall have access to all records and files regarding the child or otherwise relevant to the review that have been produced or retained by the agency.

(4)(a) A child fatality or near fatality review completed pursuant to this section is subject to discovery in a civil or administrative proceeding, but may not be admitted into evidence or

otherwise used in a civil or administrative proceeding except pursuant to this section.

(b) A department employee responsible for conducting a child fatality or near fatality review, or member of a child fatality or near fatality review team, may not be examined in a civil or administrative proceeding regarding (i) the work of the child fatality or near fatality review team, (ii) the incident under review, (iii) his or her statements, deliberations, thoughts, analyses, or impressions relating to the work of the child fatality or near fatality review team or the incident under review, or (iv) the statements, deliberations, thoughts, analyses, or impressions of any other member of the child fatality or near fatality review team, or any person who provided information to the child fatality or near fatality review team, relating to the work of the child fatality or near fatality review team or the incident under review.

(c) Documents prepared by or for a child fatality or near fatality review team are inadmissible and may not be used in a civil or administrative proceeding, except that any document that exists before its use or consideration in a child fatality or near fatality review, or that is created independently of such review, does not become inadmissible merely because it is reviewed or used by a child fatality or near fatality review team. A person is not unavailable as a witness merely because the person has been interviewed by or has provided a statement for a child fatality or near fatality review, but if called as a witness, a person may not be examined regarding the person's interactions with the child fatality or near fatality review including, without limitation, whether the person was interviewed during such review, the questions that were asked during such review, and the answers that the person provided during such review. This section may not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(d) The restrictions set forth in this section do not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with a minor's death or near fatality reviewed by a child fatality or near fatality review team. Short title—2015 c 298: See note following RCW 26.44.290.

RCW 74.13.650 Foster parent critical support and retention program. A foster parent critical support and retention program is established to retain foster parents who care for sexually reactive children, physically assaultive children, or children with other high-risk behaviors, as defined in RCW 74.13.280. Services shall consist of short-term therapeutic and educational interventions to support the stability of the placement. The department shall enter into performance-based contracts with agencies to provide this program. [2018 c 284 s 63; 2009 c 520 s 92; 2007 c 220 s 7; 2006 c 353 s 2.]

Findings—2006 c 353: "The legislature finds that:

(1) Foster parents are able to successfully maintain placements of sexually reactive children, physically assaultive children, or

children with other high-risk behaviors when they are provided with proper training and support. Lack of support contributes to placement disruptions and multiple moves between foster homes.

(2) Young children who have experienced repeated early abuse and trauma are at high risk for behavior later in life that is sexually deviant, if left untreated. Placement with a well-trained, prepared, and supported foster family can break this cycle." [2006 c 353 s 1.]

RCW 74.13.660 Foster parent critical support and retention program—Availability, assessment, training, referral. Under the foster parent critical support and retention program, foster parents who care for sexually reactive children, physically assaultive children, or children with other high-risk behaviors, as defined in RCW 74.13.280, shall receive:

(1) Availability at any time of the day or night to address specific concerns related to the identified child;

(2) Assessment of risk and development of a safety and supervision plan;

(3) Home-based foster parent training utilizing evidence-based models; and

(4) Referral to relevant community services and training provided by the local department office or community agencies. [2018 c 58 s 57; 2007 c 220 s 8; 2006 c 353 s 3.]

RCW 74.13.670 Care provider immunity for allegation of failure to supervise a sexually reactive, physically assaultive, or physically aggressive youth—Conditions. (1) A care provider may not be found to have abused or neglected a child under chapter 26.44 RCW or be denied a license pursuant to chapter 74.15 RCW and RCW 74.13.031 for any allegations of failure to supervise in which:

(a) The allegations arise from the child's conduct that is substantially similar to prior behavior of the child, and:

(i) The child is a sexually reactive youth, exhibits high-risk behaviors, or is physically assaultive or physically aggressive as defined in RCW 74.13.280, and this information and the child's prior behavior was not disclosed to the care provider as required by RCW 74.13.280; and

(ii) The care provider did not know or have reason to know that the child needed supervision as a sexually reactive or physically assaultive or physically aggressive youth, or because of a documented history of high-risk behaviors, as a result of the care provider's involvement with or independent knowledge of the child or training and experience; or

(b) The child was not within the reasonable control of the care provider at the time of the incident that is the subject of the allegation, and the care provider was acting in good faith and did not know or have reason to know that reasonable control or supervision of the child was necessary to prevent harm or risk of harm to the child or other persons.

(2) Allegations of child abuse or neglect that meet the provisions of this section shall be designated as "unfounded" as defined in RCW 26.44.020. [2009 c 520 s 93; 2007 c 220 s 5.]

RCW 74.13.680 Foster care to twenty-one program—Termination.

(1) Within amounts appropriated for this specific purpose, the department shall continue to operate the state-funded foster care to twenty-one program for three years after June 7, 2012, at which point the program shall cease to operate.

(2) The department shall not have the authority to enroll any new youth under this program after June 7, 2012, and shall only serve eligible youth enrolled prior to that date.

(3) The purpose of the foster care to twenty-one program is to serve youth ages eighteen to twenty-one who are enrolled and participating in a postsecondary academic or postsecondary vocational program.

(4) A youth participating in this program may, within amounts appropriated for this specific purpose, continue to receive placement services until the youth reaches his or her twenty-first birthday or is no longer enrolled in and participating in a postsecondary program, whichever is earlier. [2012 c 52 s 3; 2011 c 330 s 8.]

Intent—2012 c 52: See note following RCW 74.13.031.

Intent—2011 c 330: See note following RCW 13.04.011.

RCW 74.13.690 Child welfare measurements. (1) A university-based child welfare research entity and the department, in collaboration with other stakeholders, shall develop measurements in the areas of safety, permanency, and well-being, using existing and available data. Measurements must be calculated from data used in the routine work of the state agencies' data and information technology departments. Any new record linkage or data-matching activities required in fulfillment of this section may be performed by the research entity pursuant to agreements developed under subsection (6) of this section.

(2) For the purposes of this section, "state agencies" means any agency or subagency providing data used in the integrated client database maintained by the research and data analysis division of the department. Any exchange of data must be in accordance with applicable federal and state law.

(3) All measurements must use a methodology accepted by the scientific community. All measurements must address any disproportionate racial and ethnic inequality. The initial measurements must be developed by December 1, 2013.

(4) The measurements may not require the state agencies to revise their data collection systems, and may not require the state agencies to provide individually identifiable information.

(5) The state agencies shall provide the research entity with all measurement data related to the measurements developed under this section at least quarterly beginning July 1, 2014. The research entity shall make any nonidentifiable data publicly available. The research entity shall report on the data to the legislature and the governor annually starting December 31, 2014.

(6) By January 1, 2014, the state agencies shall execute agreements with the research entity to enable sharing of data pursuant to RCW 42.48.020 sufficient to comply with this section.

(7) The fact that the research entity has chosen to use a specific measure, use a specific baseline, or compare any measure to a baseline is not admissible as evidence of negligence by the department in a civil action. [2013 c 205 s 2.]

Findings—Reports—2013 c 205: "(1) The legislature recognizes that the goals of the child welfare system are to protect the safety, permanence, and well-being of the children it serves. The legislature further recognizes the importance of maintaining publicly accessible data that tracks the performance of the child welfare system, leading to transparency and public understanding of the system.

(2) The legislature believes it is important to measure safety, permanence, and well-being such that the public and the legislature may understand how the child welfare system is performing. This information will also serve the legislature in determining priorities for investment of public dollars as well as need for substantive legislative changes to facilitate improvement.

(3) The reports to the legislature under section 2 of this act will be used to provide feedback to the department of social and health services. The agencies referenced in section 2 of this act will not disclose individually identifiable private information except as allowable under federal and state law." [2013 c 205 s 1.]

RCW 74.13.695 Validated tool to assess care needs. The office of innovation, alignment, and accountability must develop a single validated tool to assess the care needs of foster children. Once the validated tool is available for use on a statewide basis, the department of children, youth, and families must use the tool for assessing the care needs of foster children, including but not limited to whether the department should provide foster children with behavioral rehabilitation services. The department must notify the caseload forecast council, the office of financial management, and the appropriate fiscal committees of the legislature when it begins statewide use of the validated tool. [2018 c 208 s 3.]

RCW 74.13.700 Denial or delay of licensure or approval of unsupervised access to children. (1) In determining the character, suitability, and competence of an individual, the department may not:

(a) Deny or delay a license or approval of unsupervised access to children to an individual solely because of a crime or civil infraction involving the individual or entity revealed in the background check process that does not fall within the categories of disqualifying crimes described in the adoption and safe families act of 1997 or does not relate directly to child safety, permanence, or well-being;

(b) Deny or delay a license or approval of unsupervised access to children to an individual solely because of a founded finding of physical abuse or negligent treatment or maltreatment by the applicant or solely because the applicant's child was found by a court to be dependent as a result of a finding that the parent abused or neglected the child pursuant to RCW 13.34.030(6)(b) when that founded finding or

court finding is accompanied by a certificate of parental improvement as defined in this chapter related to the same incident; or

(c) Delay the issuance of a license or approval of unsupervised access to children by requiring the individual to obtain records relating to a crime or civil infraction revealed in the background check process that does not fall within the categories of disqualifying crimes described in the adoption and safe families act of 1997 or does not relate directly to child safety, permanence, or well-being.

(2) If the department determines that an individual does not possess the character, suitability, or competence to provide care or have unsupervised access to a child, it must provide the reasons for its decision in writing with copies of the records or documents related to its decision to the individual within ten days of making the decision.

(3) For purposes of this section, "individual" means a relative as defined in RCW 74.15.020(2)(a), an "other suitable person" under chapter 13.34 RCW, a person pursuing licensing as a foster parent, or a person employed or seeking employment by a business or organization licensed by the department or with whom the department has a contract to provide care, supervision, case management, or treatment of children in the care of the department. "Individual" does not include long-term care workers defined in RCW 74.39A.009 whose background checks are conducted as provided in RCW 74.39A.056.

(4) The department or its officers, agents, or employees may not be held civilly liable based upon its decision to grant or deny unsupervised access to children if the background information it relied upon at the time the decision was made did not indicate that child safety, permanence, or well-being would be a concern. [2020 c 270 s 3; 2014 c 88 s 4; 2013 c 162 s 2.]

Effective date—2020 c 270: See note following RCW 74.13.720.

Findings—2013 c 162: "The legislature recognizes that the goals of the child welfare system are the safety, permanence, and well-being of the children it serves. The legislature further recognizes the importance of background checks conducted by the department of social and health services to assess an individual's character, suitability, and competence to determine whether an individual is appropriate to be provided a license under chapter 74.13 RCW or have unsupervised access to children. The legislature does not intend to change the current secretary of social and health services' list of crimes and negative actions. However, the legislature believes that either an unreasonable delay in a determination of whether to approve or deny a license under chapter 74.13 RCW or unsupervised access to children, when such unreasonable delay or denial is based solely on a crime or civil infraction not directly related to child safety, is not appropriate and is not in the best interest of the children being served by the child welfare system." [2013 c 162 s 1.]

Rules—2013 c 162: "The department of social and health services shall adopt all necessary rules to implement this act." [2013 c 162 s 8.]

RCW 74.13.705 Background checks—Out-of-state requests—Fees.

The department shall charge a fee to process a request made by a person in another state for an individual's child abuse or neglect history in this state or other background history on the individual possessed by the department. All proceeds from the fees collected must go directly to aiding the cost associated with the department conducting background checks. [2013 c 162 s 3.]

Findings—Rules—2013 c 162: See notes following RCW 74.13.700.

RCW 74.13.710 Out-of-home care—Childhood activities—Prudent parent standard. (1) For the purposes of this section, "caregiver" means a person with whom a child is placed in out-of-home care, or a designated official for a group care facility licensed by the department.

(2) This section applies to all caregivers providing for children in out-of-home care.

(3) Caregivers have the authority to provide or withhold permission without prior approval of the caseworker, department, or court to allow a child in their care to participate in normal childhood activities based on a reasonable and prudent parent standard.

(a) Normal childhood activities include, but are not limited to, extracurricular, enrichment, and social activities, and may include overnight activities outside the direct supervision of the caregiver for periods of over twenty-four hours and up to seventy-two hours.

(b) The reasonable and prudent parent standard means the standard of care used by a caregiver in determining whether to allow a child in his or her care to participate in extracurricular, enrichment, and social activities. This standard is characterized by careful and thoughtful parental decision making that is intended to maintain a child's health, safety, and best interest while encouraging the child's emotional and developmental growth.

(4) Any authorization provided under this section must comply with provisions included in an existing safety plan established by the department or court order.

(5) (a) Caseworkers shall discuss the child's interest in and pursuit of normal childhood activities in their monthly health and safety visits and describe the child's participation in normal childhood activities in the individual service and safety plan.

(b) Caseworkers shall also review a child's interest in and pursuit of normal childhood activities during monthly meetings with parents. Caseworkers shall communicate the opinions of parents regarding their child's participation in normal childhood activities so that the parents' wishes may be appropriately considered.

(6) Neither the caregiver nor the department may be held liable for injuries to the child that occur as a result of authority granted in this section unless the action or inaction of the caregiver or the department resulting in injury constitutes willful or wanton misconduct.

(7) This section does not remove or limit any existing liability protection afforded by law. [2014 c 104 s 1.]

(2) The external organization or organizations contracted to implement and operate the family connections program shall implement and operate the family connections program in one or more locations west of the crest of the Cascade mountains, and one or more locations east of the crest of the Cascade mountains.

- (d) A parent ally;
- (e) An office of public defense social worker;
- (f) The court; or

(4) After receiving a referral, the family connections program shall determine whether an in-person meeting between a parent of a child found to be dependent pursuant to chapter 13.34 RCW and in out-of-home care and the individual with whom the child is placed is appropriate. If the family connections program determines that such a meeting is appropriate, the family connections program shall then determine whether:

(a) The parent of a child found to be dependent pursuant to chapter 13.34 RCW and in out-of-home care and the individual with whom the child is placed are willing to participate in an in-person meeting; and

(b) Safety concerns exist such that an in-person meeting should not occur.

(5) If the family connections program determines that an in-person meeting should occur following the analysis required by subsection (4) of this section, the family connections program shall provide a referral to the family connections program team. The family connections program team shall include a parent ally and an experienced caregiver. After receiving a referral, the family connections program team shall:

(a) Ensure that the parent ally contact the parent to prepare for an in-person meeting between the parent and caregiver;

(b) Ensure that the experienced caregiver contact the caregiver to prepare for an in-person meeting between the parent and caregiver;

(c) Convene an in-person meeting between the parent and caregiver; and

(d) Provide ongoing support to the parent and caregiver following the in-person meeting.

(6) If the family connections program determines that an in-person meeting should not occur following the analysis required under subsection (4) of this section, the family connections program team shall facilitate the exchange of information between the parent and caregiver in an appropriate manner that does not include an in-person

meeting. The format of this exchange of information may include written messages, phone calls, or videoconferencing. The family connections program shall routinely reevaluate whether an in-person meeting should occur using the analysis required under subsection (4) of this section.

(7) The department shall collect data and measure outcomes for families engaging in the family connections program. By September 1, 2021, and in compliance with RCW 43.01.036, the department shall submit a report to the relevant committees of the legislature that details:

(i) An individual who is or has received a foster family home license pursuant to chapter 74.15 RCW or an equivalent license from another state; or
(ii) An individual who cared for a child who was removed from his or her parent pursuant to chapter 13.34 RCW and who has a kin relationship to that child pursuant to RCW 74.13.600.
(b) "Parent ally" has the same meaning as provided in RCW 2.70.060. [2023 c 138 s 1; 2021 c 334 s 990; 2020 c 33 s 2.]

Effective date—2023 c 138: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect June 30, 2023." [2023 c 138 s 2.]

Conflict with federal requirements—Effective date—2021 c 334: See notes following RCW 43.79.555.

Intent—2020 c 33: "(1) The legislature recognizes that the department of children, youth, and families is working to change the culture of foster care and transition to a prevention-based child welfare system. The family first prevention services act will help facilitate this transition by allowing states to use federal funds for preventative services.

(2) To successfully prevent future child abuse and neglect from occurring, and minimize the impact of removal, the department should help facilitate relationships between foster families and birth parents through creation of the family connections program to strengthen families and prevent future child trauma. The legislature intends that the family connections program will put the child first, work to reduce family trauma, and support the child by helping adults learn, share, and work on understanding how best to support the child together.

(3) All services provided by the family connections program should supplement the current responsibilities and services provided by the department of children, youth, and families to families, and the family connections program is not intended to assume any responsibilities currently held by the department of children, youth, and families." [2020 c 33 s 1.]
