Commencing not less than five years before the due date of such bonds, they shall determine the number of equal annual levies necessary to retire such bonds at maturity, and annually thereafter levy an assessment sufficient to liquidate all of said bonds by maturity. Such levies for interest and redemption of the bonds shall be added to the annual cost of the maintenance of the diking or drainage system of said district. The bonds shall be redeemed and paid in their numerical order, beginning with bond No. 1 and continuing until all of said bonds are paid. The treasurer's call for presentation and redemption of such bonds shall state the number of the bond or bonds so called. Thirty days after the first publication of said notice of the treasurer calling any of said bonds by their numbers, such bonds shall cease to bear interest, and the notice of call shall so state. **RCW 85.07.130 Civil action to strike land from assessment roll—**  
**Costs.** Whenever any piece of land in any diking or drainage district in this state shall cease to be susceptible to benefit from the diking and/or drainage improvement of such district, the owner thereof may bring civil action in the superior court of the county wherein such property is situated, against the board of commissioners of such district in their official capacity, to have such property stricken from the assessment roll for such district. The procedure shall be that of other civil actions, except no judgment for costs shall be entered against such district in such proceedings. [1935 c 102 s 1; RRS s 4360-1. Formerly RCW 85.04.180.]

**RCW 85.07.140 Civil action to strike land from assessment roll—**  
**Court decree—Subsequent restoration to rolls, procedure.** If the court is satisfied that the status of said property has changed so that it is no longer susceptible to benefit from the improvement of such district and should be removed from the assessment roll thereof, and it be established that all benefits assessed against said lands up to the date of trial have been paid, such court may enter a decree striking such land from the assessment roll of said district, and it shall not be subject to future assessment for benefits or maintenance by such district, unless, thereafter, it is again brought into such districts by the proceedings provided by law to extend the district or include benefited property which is not assessed. Nothing herein shall prevent such property from being again brought into said district in the manner provided by law generally for the inclusion of benefited property, if it appear at a future date that said property will receive benefits from the improvement in such district. Upon entry of such decree of the court a certified copy thereof shall be filed in the office of the auditor of such county wherein the property is situated, and upon receipt thereof, he or she shall correct the assessment roll of said district accordingly and strike the property therefrom. [2013 c 23 s 407; 1935 c 102 s 2; RRS s 4360-2. Formerly RCW 85.04.185.]

(2) If the commissioners of any drainage or diking district determine that repair or maintenance is required on any drainage

facilities, including dikes and dams, ditches, and drains and outlets, that are on land owned by or under the jurisdiction of the department of transportation, they may give notice in writing to the department requesting that the department make the necessary repair or maintenance pursuant to the department's obligations under RCW 47.01.260. If the specified repair or maintenance is not conducted by the department within fourteen days upon receipt of the notice, the district commissioners may independently make the repair or maintenance. The department shall then reimburse the district for all reasonable costs incurred by the district associated with the repair or maintenance.

(3) The provisions of this section shall be construed as cumulative and shall not derogate from any other powers authorized by law for such districts. [2006 c 368 s 1; 1963 c 96 s 1.]
