**RCW 18.32.002 Findings—Purpose.** The legislature finds that the health and well-being of the people of this state are of paramount importance.

The legislature further finds that the conduct of members of the dental profession licensed to practice dentistry in this state plays a vital role in preserving the health and well-being of the people of the state.

The legislature further finds that requiring continuing dental education for all licensed dentists in the state is an important component of providing high quality dentistry for the people of this state.

The legislature further finds that there is no effective means of handling disciplinary proceedings against members of the dental profession licensed in this state when such proceedings are necessary for the protection of the public health.

Therefore, the legislature declares its intention to exercise the police power of the state to protect the public health, to promote the welfare of the state, and to provide a commission to act as a disciplinary and regulatory body for the members of the dental profession licensed to practice dentistry in this state.

It is the purpose of the commission established in RCW 18.32.0351 to regulate the competency and quality of professional health care providers under its jurisdiction by establishing, monitoring, and enforcing qualifications for licensure, continuing education, consistent standards of practice, continuing competency mechanisms, and discipline. Rules, policies, and procedures developed by the commission must promote the delivery of quality health care to the residents of the state. [1999 c 364 § 1; 1994 sp.s. c 9 § 201.]

**RCW 18.32.005 Regulation of health care professions—Criteria.**

**RCW 18.32.020 Practice of dentistry defined.** A person practices dentistry, within the meaning of this chapter, who (1) represents himself or herself as being able to diagnose, treat, remove stains and concretions from teeth, operate or prescribe for any disease, pain, injury, deficiency, deformity, or physical condition of the human teeth, alveolar process, gums, or jaw, or (2) offers or undertakes by any means or methods to diagnose, treat, remove stains or concretions from teeth, operate or prescribe for any disease, pain, injury, deficiency, deformity, or physical condition of the same, or take impressions of the teeth or jaw, or (3) owns, maintains, or operates an office for the practice of dentistry, or (4) engages in any of the practices included in the curricula of recognized and approved dental schools or colleges, or (5) professes to the public by any method to furnish, supply, construct, reproduce, or repair any prosthetic denture, bridge, appliance, or other structure to be worn in the human mouth.

The fact that a person uses any dental degree, or designation, or any card, device, directory, poster, sign, or other media whereby he or she represents himself or herself to be a dentist, shall be prima facie evidence that such person is engaged in the practice of dentistry.

X-ray diagnosis as to the method of dental practice in which the diagnosis and examination is made of the normal and abnormal structures, parts, or functions of the human teeth, the alveolar process, maxilla, mandible or soft tissues adjacent thereto, is hereby declared to be the practice of dentistry. Any person other than a regularly licensed physician or surgeon who makes any diagnosis or interpretation or explanation, or attempts to diagnose or to make any interpretation or explanation of the registered shadow or shadows of any part of the human teeth, alveolar process, maxilla, mandible or soft tissues adjacent thereto by the use of X-ray is declared to be engaged in the practice of dentistry, medicine, or surgery.

The practice of dentistry includes the performance of any dental or oral and maxillofacial surgery. "Oral and maxillofacial surgery" means the specialty of dentistry that includes the diagnosis and surgical and adjunctive treatment of diseases, injuries, and defects of the hard and soft tissues of the oral and maxillofacial region. **RCW 18.32.195 University of Washington dental school faculty and residents—Licenses.** The commission may, without examination, issue a license to persons who possess the qualifications set forth in this section.

(1) The commission may, upon written request of the dean of the school of dentistry of the University of Washington, issue a license to practice dentistry in this state to persons who have been licensed or otherwise authorized to practice dentistry in another state or country and who have been accepted for employment by the school of dentistry as faculty members. For purposes of this subsection, this means teaching members of the faculty of the school of dentistry of the University of Washington. Such license shall permit the holder thereof to practice dentistry within the confines of the university facilities for a period of one year while he or she is so employed as a faculty member by the school of dentistry of the University of Washington. It shall terminate whenever the holder ceases to be a faculty member. Such license shall permit the holder thereof to practice dentistry only in connection with his or her duties in employment with the school of dentistry of the University of Washington. This limitation shall be stated on the license.

(2) The commission may, upon written request of the dean of the school of dentistry of the University of Washington or the director of a postdoctoral dental residency program approved by the commission, issue a limited license to practice dentistry in this state to university postdoctoral students or residents in dental education or

to postdoctoral residents in a dental residency program approved by the commission. Prior to July 1, 2010, a dental residency program must be accredited by the commission on dental accreditation, or be in the process of obtaining such accreditation, in order to be approved by the commission. On or after July 1, 2010, the dental residency program must be accredited by the commission on dental accreditation in order to be approved by the commission. The license shall permit the resident dentist to provide dental care only in connection with his or her duties as a university postdoctoral dental student or resident or a postdoctoral resident in a program approved by the commission.

(3) The commission may condition the granting of a license under this section with terms the commission deems appropriate. All persons licensed under this section shall be subject to the jurisdiction of the commission to the same extent as other members of the dental profession, in accordance with this chapter, and in addition the licensee may be disciplined by the commission after a hearing has been held in accordance with the provisions set forth in this chapter, and determination by the commission that such licensee has violated any of the restrictions set forth in this section.

(4) Persons applying for licensure pursuant to this section shall pay the application fee determined by the secretary and, in the event the license applied for is issued, a license fee at the rate provided for licenses generally. After review by the commission, licenses issued under this section may be renewed annually if the licensee continues to be employed as a faculty member of the school of dentistry of the University of Washington, or is a university postdoctoral student or resident in dental education, or a postdoctoral resident in a dental residency program approved by the commission, and otherwise meets the requirements of the provisions and conditions deemed appropriate by the commission. Any person who obtains a license pursuant to this section may, without an additional application fee, apply for licensure under this chapter, in which case the applicant shall be subject to examination and the other requirements of this chapter. [2009 c 327 § 1. Prior: 2005 c 454 § 1; 2005 c 164 § 1; 1994 sp.s. c 9 § 218; 1992 c 59 § 1; 1991 c 3 § 69; 1985 c 111 § 1.]

**Effective date—2009 c 327:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 4, 2009]." [2009 c 327 § 2.]

**Effective date—2005 c 454:** "This act takes effect July 1, 2006." [2005 c 454 § 4.]

**RCW 18.32.215 Licensure without examination—Licensed in another state.** (1) An applicant holding a valid license and currently engaged in practice in another state may be granted a license without examination required by this chapter, on the payment of any required fees, if the applicant:

(a) Is a graduate of a dental college, school, or dental department of an institution approved by the commission under RCW 18.32.040(1); or

(b) (i) Has practiced in another state for at least four years;  
and

(ii) Has completed a one-year postdoctoral residency approved by the commission. The residency may have been completed outside Washington.

(2) The commission may also require the applicant to: (a) File with the commission documentation certifying the applicant is licensed to practice in another state; and (b) provide information as the commission deems necessary pertaining to the conditions and criteria of the Uniform Disciplinary Act, chapter 18.130 RCW, and to demonstrate to the commission a knowledge of Washington law pertaining to the practice of dentistry. [2008 c 147 § 1; 2003 c 57 § 2; 1994 sp.s. c 9 § 219; 1989 c 202 § 30.]

**Finding—2003 c 57:** "The legislature finds and declares that access to dental care is severely hampered by a critical and emergent shortage of dental providers in Washington state. Dental disease is an epidemic among poor children, the elderly, the disabled, and anyone who does not have access to adequate dental care. Dental decay is worsening among children under four years of age, with forty-one percent of the state's head start children needing treatment for dental decay. The lack of qualified dentists poses a serious and compelling threat to the oral health of the people of this state.

Shortages are also due to licensing restrictions that have discouraged qualified dentists from coming into this state. Increasing the number of dentists from other states and from military service would enable retiring dentists in this state to sell their practices to other qualified practitioners." [2003 c 57 § 1.]

**RCW 18.32.220 Certificate available for dentists going out-of-state.** Anyone who is a licensed dentist in the state of Washington who desires to change residence to another state or territory, shall, upon application to the secretary and payment of a fee as determined by the secretary under RCW 43.70.250 and 43.70.280, receive a certificate over the signature of the secretary or his or her designee, which shall attest to the facts mentioned in this section, and giving the date upon which the dentist was licensed. [1996 c 191 § 17; 1991 c 3 § 70; 1989 c 202 § 23; 1935 c 112 § 14; RRS § 10031-14. FORMER PART OF SECTION: 1935 c 112 § 15; RRS § 10031-15, now codified as RCW 18.32.225.]

**RCW 18.32.222 Commission report—Foreign-trained dentists—Licensure.** By November 15, 2009, the commission shall report to the governor and the legislature with recommendations for appropriate standards for issuing a license to a foreign-trained dentist. The recommendations shall consider the balance between maintaining assurances that Washington's dental professionals are well-qualified and planning for an adequate supply of dentists to meet the future needs of Washington's diverse urban and rural communities. In addition to considering the use of standards established by accreditation organizations, the recommendations shall consider other options to reduce barriers to licensure. [2008 c 147 § 2.]

**RCW 18.32.226 Community-based sealant programs in schools.** (1) For low-income, rural, and other at-risk populations and in

coordination with local public health jurisdictions and local oral health coalitions, a dental assistant working as of April 19, 2001, under the supervision of a licensed dentist may apply sealants and fluoride varnishes under the general supervision of a dentist in community-based sealant programs carried out in schools without attending the department's school sealant endorsement program.

(2) For low-income, rural, and other at-risk populations and in coordination with local public health jurisdictions and local oral health coalitions, dental assistants who are school sealant endorsed under RCW 43.70.650 may apply sealants and fluoride varnishes under the general supervision of a dentist in community-based sealant programs carried out in schools. **RCW 18.32.665 Advertising—False—Credit terms.** It shall be unlawful for any person, firm, or corporation to publish, directly or indirectly, or circulate any fraudulent, false, or misleading statements within the state of Washington as to the skill or method of practice of any person or operator; or in any way to advertise in

(a) Limiting or imposing requirements on the length of time a dentist spends with a patient or performing dental services, or otherwise placing conditions on the number of patients a dentist must treat in a certain period of time or the number of certain types of procedures a dentist must complete in a certain time period;

(b) Limiting or imposing requirements on the decision of a dentist regarding a course or alternative course of treatment for a patient or the manner in which a course of treatment is carried out by the dentist;

**Finding—Intent—2017 c 320:** "The legislature finds that Washington law should allow dentists to determine, based on their individual circumstances, which dental practice model would allow them to best serve the needs of their patients. Dentists should have the option to contract for administrative support services and dentists should also be able to lease real or personal property in a manner that meets their individual business needs. The legislature intends that these contract decisions must not interfere with the independent clinical judgment of the dentist entering the contract." [2017 c 320 § 1.]

If an entity is responsible for the

continuing treatment of patients, any licensed dentist who is the owner of the entity is considered the attending dentist responsible for ensuring compliance by the entity with this section.

(3) A dental practice owner who is discontinuing a dental practice or moving a dental practice to a new location must comply with the requirements of subsection (1) of this section, or must make reasonable arrangements for the transfer of the patient records of active patients of the dental practice, or copies of the records, to a licensed dentist or professional entity, or at the written request of any patient, transfer of the patient's records, or copies of the records, to the patient. If, in the professional judgment of the dentist or dental laboratory, this identification is not practical, identification shall be provided as follows:

(1) The initials of the patient may be shown alone, if use of the name of the patient is impracticable; or

**\*Reviser's note:** RCW 18.25.210 was recodified as RCW 18.25.0167 by the code reviser April 2018.

**Effective date—2011 c 60:** See RCW 42.17A.919.

**Finding—Intent—Severability—2008 c 134:** See notes following RCW 18.130.020.

**RCW 18.32.775 Disciplinary proceedings—Cost and fee recovery.**

(1) In any disciplinary case pertaining to a dentist where there is a contested hearing, if the commission or its hearing panel makes the finding requisite for, and imposes upon the dentist, a disciplinary sanction or fine under RCW 18.130.160, unless it determines to waive the assessment of a hearing fee, it shall assess against the licensee a partial recovery of the state's hearing expenses as follows:

(a) The partial recovery hearing fee must be:

(i) An amount equal to six thousand dollars for each full hearing day in the proceeding and one-half of that amount for any partial hearing day; and

(ii) A partial recovery of investigative and hearing preparation expenses in an amount as found to be reasonable reimbursement under the circumstances but no more than ten thousand dollars;

(b) Substantiation of investigative and hearing preparation expenses for purposes of (a) of this subsection may be by affidavit or declaration descriptive of efforts expended, which are reviewable in the hearing as would be a cost bill;

(c) The commission or its hearing panel may waive the partial recovery hearing fee if it determines the assessment of the fee (i) would create substantial undue hardship for the dentist, or (ii) in all the circumstances of the case, including the nature of the charges alleged, it would be manifestly unjust to assess the fee. Consideration of the waiver must be applied for and considered during the hearing itself. This may be in advance of the decision related to RCW 18.130.160.

(2) If the dentist seeks judicial review of the disciplinary action and there was a partial recovery hearing fee assessed, then unless the license holder achieves a substantial element of relief, the reviewing trial court or appellate court shall further impose a partial cost recovery fee in the amount of twenty-five thousand dollars at the superior court level, twenty-five thousand dollars at the court of appeals level, and twenty-five thousand dollars at the supreme court level. Application for waiver may be made to the court at each level and must be considered by the court under the standards stated in subsection (1)(c) of this section.

(3) In any disciplinary case pertaining to a dentist where the case is resolved by agreement prior to completion of a contested hearing, the commission shall assess against the dentist a partial recovery of investigative and hearing preparation expenses in an amount as found to be reasonable reimbursement in the circumstances but no more than ten thousand dollars, unless it determines to waive this fee under the standards stated in subsection (1)(c) of this section.

(4) In any stipulated informal disposition of allegations pertaining to a dentist as contemplated under RCW 18.130.172, the potential dollar limit of reimbursement of investigative and processing costs may not exceed two thousand dollars per allegation.

(5) Should the dentist fail to pay any agreed reimbursement or ordered cost recovery under the statute, the commission may seek collection of the amount in the same manner as enforcement of a fine under RCW 18.130.165.

(6) All fee recoveries and reimbursements under this statute must be deposited to the health professions account for the portion of it allocated to the commission. The fee recoveries shall be fully credited in reduction of actual or projected expenditures used to determine dentist license renewal fees.

(7) The authority of the commission under this section is in addition to all of its authorities under RCW 18.130.160, elsewhere in chapter 18.130 RCW, or in this chapter. [2009 c 177 § 1.]

(A) Circumstances under which repeated consultations would not be necessary or appropriate for a patient undergoing a stable, ongoing course of treatment for pain management;

(B) Minimum training and experience that is sufficient to exempt a dentist from the specialty consultation requirement;

(3) The rules adopted under this section do not apply:

(a) To the provision of palliative, hospice, or other end-of-life care; or

(b) To the management of acute pain caused by an injury or a surgical procedure. [2010 c 209 § 2.]

**RCW 18.32.800 Opioid drug prescribing rules—Adoption.** (1) By January 1, 2019, the commission must adopt rules establishing requirements for prescribing opioid drugs. The rules may contain exemptions based on education, training, amount of opioids prescribed, patient panel, and practice environment.

(2) In developing the rules, the commission must consider the agency medical directors' group and centers for disease control guidelines, and may consult with the department of health, the

University of Washington, and the largest professional association of dentists in the state. [2017 c 297 § 3.]
