RCW 43.20A.010 Purpose. The department of social and health services is designed to integrate and coordinate all those activities involving provision of care for individuals who, as a result of their economic, social or health condition, require financial assistance, institutional care, rehabilitation or other social and health services. The department will concern itself with changing social needs, and will expedite the development and implementation of programs designed to achieve its goals. In furtherance of this policy, it is the legislative intent to set forth only the broad outline of the structure of the department, leaving specific details of its internal organization and management to those charged with its administration. RCW 43.20A.350 Committees and councils—Declaration of purpose.

The legislature declares that meaningful citizen involvement with and participation in the planning and programs of the department of social and health services are essential in order that the public may better understand the operations of the department, and the department staff may obtain the views and opinions of concerned and affected citizens. As a result of the creation of the department of social and health services and the resulting restructuring of programs and organization of the department's components, and as a further result of the legislative mandate to the department to organize and deliver services in a manner responsive to changing needs and conditions, it is necessary to provide for flexibility in the formation and functioning of the various committees and councils which presently advise the department, to restructure the present committees and councils, and to provide for new advisory committees and councils, so that all such committees and councils will more appropriately relate to the changing programs and services of the department. [1971 ex.s. c 189 § 1.]

No member shall serve more than two consecutive terms.

(2) Members of such state advisory committees or councils may be paid their travel expenses in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended. The purpose of this authorization is to augment the services presently offered and to achieve pooling of public and nonprofit resources. [1971 ex.s. c 309 § 1.]

RCW 43.20A.405 Purchase of services from public or nonprofit agencies—Vendor rates—Establishment. After obtaining the review and advice of the governor's advisory committee on vendor rates, the secretary shall establish rates of payment for services which are to be purchased: PROVIDED, That the secretary shall afford all interested persons reasonable opportunity to submit data, views, or arguments, and shall consider fully all submissions respecting the proposed rates. Prior to the establishment of such rates, the secretary shall give at least twenty days notice of such intended action by mail to such persons or agencies as have made timely request of the secretary for advance notice of establishment of such vendor rates. Such rates shall not exceed the amounts reasonable and necessary to assure quality services and shall not exceed the costs reasonably assignable to such services pursuant to cost finding and monitoring procedures to be established by the secretary. Information to support such rates of

payment shall be maintained in a form accessible to the public. [1971 ex.s. c 309 § 2.]

RCW 43.20A.410 Purchase of services from public or nonprofit agencies—Factors to be considered. In determining whether services should be purchased from other public or nonprofit agencies, the secretary shall consider:

(1) Whether the particular service or services is available or might be developed.

(2) The probability that program and workload performance standards will be met, by means of the services purchased.

(3) The availability of reasonably adequate cost finding and performance evaluation criteria.

Nothing in RCW 43.20A.400 through 43.20A.430 is to be construed to authorize reduction in state employment in service component areas presently rendering such services. [1971 ex.s. c 309 § 3.]

RCW 43.20A.415 Purchase of services from public or nonprofit agencies—Retention of basic responsibilities by secretary. When, pursuant to RCW 43.20A.400 through 43.20A.430, the secretary elects to purchase a service or services, he or she shall retain continuing basic responsibility for:

(1) Determining the eligibility of individuals for services;

(2) The selection, quality, effectiveness, and execution of a plan or program of services suited to the need of an individual or of a group of individuals; and

RCW 43.20A.425 Purchase of services from public or nonprofit agencies—Qualifications of vendors. [1971 ex.s. c 309 § 6.]

RCW 43.20A.430 Purchase of services from public or nonprofit agencies—Retention of sums to pay departmental costs. The secretary shall, if not otherwise prohibited by law, pursuant to agreement between the department and the agency in each contract, retain from such nonappropriated funds sufficient sums to pay for the department's administrative costs, monitoring and evaluating delivery of services, and such other costs as may be necessary to administer the department's responsibilities under RCW 43.20A.400 through 43.20A.430. [1971 ex.s. c 309 § 7.]

RCW 43.20A.445 State-operated workshops at institutions—Authorized—Standards. The department may establish and operate workshops for the training, habilitation, and rehabilitation of residents of institutions of the department. Products, goods, wares, articles, or merchandise manufactured or produced by the workshops may be sold to governmental agencies or on the open market at fair value. Prior to establishment of new state-operated workshops at institutions, the department shall consider the availability, appropriateness, and relative cost of contracting with and giving first preference to private nonprofit sheltered workshops, as defined in RCW 82.04.385, to provide workshop activities for residents of the institution.

The secretary shall credit the moneys derived from the sale of items from workshops under this section to a revolving fund under the control of the superintendent of the institution or facility where the items were manufactured. These moneys shall be expended for the purchase of supplies and materials for use in the workshop, to provide pay and training incentives for residents, and for other costs of the operation of the workshop. Payment of residents for work performed on workshop projects shall take into account resident productivity in comparison to the productivity of a nondisabled person earning the minimum wage as well as other factors consistent with goals of rehabilitation and treatment. Institutional work training programs shall be operated in accordance with standards required by the department for private vendors for the same or similar service.

Workshop materials and supplies may be purchased through state purchasing or from private vendors. Each institution or facility shall maintain records to demonstrate that purchases are made at the fair market value or best available price. [1983 1st ex.s. c 41 § 20.]

RCW 43.20A.465 Contracted service providers—Disruption or delay by economic or industrial actions. (1) Any contract entered into or renewed by the department with a private contractor for adult care, mental health, addiction, disability support, or youth services must contain an assurance that the contracted services will not be disrupted or delayed by economic or industrial action. The assurance may be provided through the execution of an agreement between the contractor and any labor organization that represents or seeks to represent the employees of the private contractor that perform or will perform the essential services contracted for by the department.

(2) The assurance required under subsection (1) of this section must be a condition of contracting with the department and may be satisfied through one or more of the following contractual commitments made on the part of the contractor through the life of the contract as a condition of receiving or renewing a contract:

(a) An agreement between the contractor and any exclusive representative labor organization representing the employees performing the contracted services that contains a provision prohibiting economic or industrial action on the part of all parties and includes a process for the resolution of disputes between them;

(b) An agreement between the contractor and any labor organization seeking to represent the employees performing the contracted services that includes a provision prohibiting the parties from causing, promoting, or encouraging economic, industrial, or other disruptive activity on the part of the contractor or employees performing services under the contract, and includes a process for resolution of disputes between parties; or

(c) Any other agreement or binding obligation providing assurances equivalent to those specified in (a) and (b) of this subsection that are to be maintained through the life of the contract.

(3) The assurance made to the department must be a binding provision of any contract subject to this section and constitutes a warranty to the department on the part of the contractor.

(4) Failure to maintain the assurance, such that the services contracted by the department are interrupted, shall entitle the department to terminate, suspend, or revoke the contract and make arrangements for the provision of services by other means.

(5) In awarding any contract subject to this section, the department must take into consideration any prior disruptions in the provision of services by the contractor and whether the assurance provided by the contractor pursuant to this section has mitigated the risk of a reoccurrence of the disruptions, if any.

(6) Any contract subject to this section that is awarded or renewed must include a provision providing for reimbursement to the department of the actual costs to the department arising from the inadequacy of the assurance provided by the contractor. [2020 c 201 § 2.]

Intent—Findings—2020 c 201: "The legislature intends to provide the uninterrupted delivery of essential services to its most vulnerable citizens and to provide efficiency and quality in the delivery of such services purchased by the state. The legislature finds that the state's proprietary interest in procuring the services authorized by chapter 43.20A RCW includes providing continuity in the delivery of such services without interruption by its vendors and contractors. The legislature finds that this interest is served by making sure private sector providers contracted by the state have averted or meaningfully mitigated the possibility of service disruptions resulting from labor management disputes and employee unrest.

The legislature finds that the contracts and services subject to chapter 43.20A RCW are essential and, if disrupted, could harm vulnerable members of the community, compromise the efficient delivery of essential state services, and burden taxpayers with additional costs. Thus, the legislature designates the continuity of operations

as a vital procurement goal with respect to services that the state funds to provide these services to the public.

The legislature further finds that by contracting for the provisions of the services rather than providing them directly, the state may negotiate contracts with vendors that are conditioned on meeting this procurement goal insofar as private entities continue to find it commercially advantageous to offer such services to the state on the terms sought by the state." [2020 c 201 § 1.]

RCW 43.20A.550 Federal programs—Rules and regulations—Internal reorganization to meet federal requirements—Statutes to be construed to meet federal law—Conflicting parts deemed inoperative. In furtherance of the policy of the state to cooperate with the federal government in all of the programs under the jurisdiction of the department, such rules and regulations as may become necessary to entitle the state to participate in federal funds may be adopted, unless the same be expressly prohibited by law. Any internal reorganization carried out under the terms of this chapter shall meet federal requirements which are a necessary condition to state receipt of federal funds. Any section or provision of law dealing with the department which may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling this state to receive federal funds for the various programs of the department. If any law dealing with the department is ruled to be in conflict with federal requirements which are a prescribed condition of the allocation of federal funds to the state, or to any departments or agencies thereof, such conflicting part of chapter 18, Laws of 1970 ex. sess. is declared to be inoperative solely to the extent of the conflict. [1979 c 141 § 66; 1970 ex.s. c 18 § 66.]

RCW 43.20A.605 Authority to administer oaths and issue subpoenas—Provisions governing subpoenas. (1) The secretary or a designee shall have full authority to administer oaths and take testimony thereunder, to issue subpoenas requiring the attendance of witnesses before him or her together with all books, memoranda, papers, and other documents, articles or instruments, and to compel the disclosure by such witnesses of all facts known to them relative to the matters under investigation.

(2) Subpoenas issued in adjudicative proceedings are governed by RCW 34.05.588(1).

(3) Subpoenas issued in the conduct of investigations required or authorized by other statutory provisions or necessary in the enforcement of other statutory provisions shall be governed by RCW 34.05.588(2).

(4) When a judicially approved subpoena is required by law, the secretary or designee may apply for and obtain a superior court order approving and authorizing a subpoena in advance of its issuance. The application may be made in the county where the subpoenaed person resides or is found, or in the county where the subpoenaed documents, records, or evidence are located, or in Thurston county. The application must:

(a) State that an order is sought under this section;

(b) Adequately specify the documents, records, evidence, or testimony; and

(c) Include a declaration made under oath that an investigation is being conducted for a lawfully authorized purpose related to an investigation within the department's authority and that the subpoenaed documents, records, evidence, or testimony are reasonably related to an investigation within the department's authority.

(5) When an application under subsection (4) of this section is made to the satisfaction of the court, the court must issue an order approving the subpoena. When a judicially approved subpoena is required by law, an order under this subsection constitutes authority of law for the agency to subpoena the documents, records, evidence, or testimony.

(6) The secretary or designee may seek approval and a court may issue an order under this section without prior notice to any person, including the person to whom the subpoena is directed and the person who is the subject of an investigation. An application for court approval is subject to the fee and process set forth in RCW 36.18.012(3). RCW 43.20A.710 Investigation of conviction records or pending charges of state employees and individual providers. (1) The secretary shall investigate the conviction records, pending charges and disciplinary board final decisions of:

(a) Any current employee or applicant seeking or being considered for any position with the department who will or may have unsupervised access to children, vulnerable adults, or individuals with mental illness or developmental disabilities. This includes, but is not limited to, positions conducting comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(b) Individual providers as defined in RCW 74.39A.240 and providers who are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW; and

(c) Individuals or businesses or organizations for the care, supervision, case management, or treatment of children, persons with developmental disabilities, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW.

(2) The secretary shall require a fingerprint-based background check through both the Washington state patrol and the federal bureau of investigation as provided in RCW 43.43.837. Unless otherwise authorized by law, the secretary shall use the information solely for the purpose of determining the character, suitability, and competence of the applicant.

(3) Except as provided in subsection (4) of this section, an individual provider or home care agency provider who has resided in the state less than three years before applying for employment involving unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must be fingerprinted for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110. However, this subsection does not supersede RCW 74.15.030(2).

(4) Long-term care workers, as defined in RCW 74.39A.009, who are hired after January 7, 2012, are subject to background checks under RCW 74.39A.056, except that the department may require a background check at any time under RCW 43.43.837. For the purposes of this subsection, "background check" includes, but is not limited to, a fingerprint check submitted for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation.

(5) An individual provider or home care agency provider hired to provide in-home care for and having unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must have no conviction for a disqualifying crime under RCW 43.43.830 and 43.43.842. An individual or home care agency provider must also have no conviction for a crime relating to drugs as defined in RCW 43.43.830. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110.

(6) The secretary shall provide the results of the state background check on long-term care workers, including individual providers, to the persons hiring them or to their legal guardians, if any, for their determination of the character, suitability, and competence of the applicants. If the person elects to hire or retain an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from having unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, then the

secretary shall deny payment for any subsequent services rendered by the disqualified individual provider.

(7) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(8) Any person whose criminal history would otherwise disqualify the person under this section or RCW 43.43.842, from a position which will or may have unsupervised access to children, vulnerable adults, or persons with mental illness or developmental disabilities shall not be automatically disqualified if:

(a) The department of social and health services reviewed the person's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002 and determined that such person could remain in a position covered by this section;

(b) The conviction is no longer automatically disqualifying pursuant to RCW 43.20A.715;

(c) The applicant has received a certificate of restoration of opportunity for the convictions pursuant to RCW 9.97.020, and the department of social and health services has not disqualified the applicant based on character, competence, and suitability review; or

(d) The conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

(9) The department may not consider any founded finding of physical abuse or negligent treatment or maltreatment of a child made pursuant to chapter 26.44 RCW that is accompanied by a certificate of parental improvement or dependency as a result of a finding of abuse or neglect pursuant to chapter 13.34 RCW that is accompanied by a certificate of parental improvement when evaluating an applicant or employee's character, competency, and suitability pursuant to any background check authorized or required by this chapter, RCW 74.39A.056 or 43.43.832, or any of the rules adopted thereunder. RCW 43.20A.711 Receipt and use of criminal history information.

The secretary is authorized to receive criminal history record information that includes nonconviction data for any purpose associated with an investigation under chapter 74.04 RCW. Dissemination or use of nonconviction data for purposes other than that authorized in this section is prohibited. [2008 c 74 § 4.]

Finding—2008 c 74: See note following RCW 51.04.024.

RCW 43.20A.715 Long-term care worker screening—Limitations on disqualification. (1) Where the department is required to screen a long-term care worker, contracted provider, or licensee through a background check to determine whether the person has a history that would disqualify the person from having unsupervised access to, working with, or providing supervision, care, or treatment to vulnerable adults or children, the department may not automatically disqualify a person on the basis of a criminal record that includes a conviction of any of the following crimes once the specified amount of time has passed for the particular crime:

(a) Selling cannabis to a person under RCW 69.50.401 after three years or more have passed between the most recent conviction and the date the background check is processed;

(b) Theft in the first degree under RCW 9A.56.030 after 10 years or more have passed between the most recent conviction and the date the background check is processed;

(c) Robbery in the second degree under RCW 9A.56.210 after five years or more have passed between the most recent conviction and the date the background check is processed;

(d) Extortion in the second degree under RCW 9A.56.130 after five years or more have passed between the most recent conviction and the date the background check is processed;

(e) Assault in the second degree under RCW 9A.36.021 after five years or more have passed between the most recent conviction and the date the background check is processed; and

(f) Assault in the third degree under RCW 9A.36.031 after five years or more have passed between the most recent conviction and the date the background check is processed.

(2) The provisions of subsection (1) of this section do not apply where the department is performing background checks for the department of children, youth, and families.

(3) The provisions of subsection (1) of this section do not apply to department employees or applicants for department positions except for positions in the state-operated community residential program.

(4) Notwithstanding subsection (1) of this section, a long-term care worker, contracted provider, or licensee may not provide, or be paid to provide, care to children or vulnerable adults under the medicare or medicaid programs if the worker is excluded from participating in those programs by federal law.

(5) The department, a contracted provider, or a licensee, when conducting a character, competence, and suitability review for the purpose of hiring, licensing, certifying, contracting with, permitting, or continuing to permit a person to be employed in any position caring for or having unsupervised access to vulnerable adults or children, may, in its sole discretion, determine whether to consider any of the convictions identified in subsection (1) of this section. If the department or a consumer directed employer as defined in RCW 74.39A.009 determines that an individual with any of the convictions identified in subsection (1) of this section is qualified to provide services to a department client as an individual provider as defined in RCW 74.39A.240, the department or the consumer directed employer must provide the client, and their guardian if any, with the results of the state background check for their determination of character, suitability, and competence of the individual before the individual begins providing services. The department, a contracted provider, or a licensee, when conducting a character, competence, and suitability review for the purpose of hiring, licensing, certifying, contracting with, permitting, or continuing to permit a person to be employed in any position caring for or having unsupervised access to vulnerable adults or children, has a rebuttable presumption that its exercise of discretion under this section or the refusal to exercise such discretion was appropriate. This subsection does not create a duty for the department to conduct a character, competence, and suitability review.

(6) For the purposes of the section:

(a) "Contracted provider" means a provider, and its employees, contracted with the department or an area agency on aging to provide services to department clients under programs under chapter 74.09, 74.39, 74.39A, or 71A.12 RCW. "Contracted provider" includes area agencies on aging and their subcontractors who provide case management.

(b) "Licensee" means a nonstate facility or setting that is licensed or certified, or has applied to be licensed or certified, by the department and includes the licensee and its employees. [2023 c 470 § 3014; 2021 c 219 § 1.]

Explanatory statement—2023 c 470: See note following RCW 10.99.030.

Rules—2021 c 219: "The department of social and health services and the department of health may adopt rules to implement this act." [2021 c 219 § 8.]

Conflict with federal requirements—2021 c 219: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned."

Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state."

RCW 43.20A.720 Telecommunications devices and services for the hearing and speech impaired—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this section and RCW 43.20A.725.

(1) "Hearing impaired" means those persons who are certified to be deaf, deaf-blind, or hard of hearing, and those persons who are certified to have a hearing disability limiting their access to telecommunications.

(2) "Speech impaired" means persons who are certified to be unable to speak or who are certified to have a speech impairment limiting their access to telecommunications.

(3) "Department" means the department of social and health services.

(4) "Office" means the office of deaf and hard of hearing within the state department of social and health services. [2001 c 210 § 1; 1992 c 144 § 2; 1990 c 89 § 2; 1987 c 304 § 2.]

Legislative findings—1992 c 144: "The legislature finds that the state of Washington has shown national leadership in providing telecommunications access for the hearing impaired and speech impaired communities. The legislature further finds that the federal Americans with Disabilities Act requires states to further enhance telecommunications access for disabled persons and that the state should be positioned to allow this service to be delivered with fairness, flexibility, and efficiency." [1992 c 144 § 1.]

Severability—1992 c 144: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1992 c 144 § 6.]

Legislative finding—1990 c 89: "The legislature finds that provision of telecommunications devices and relay capability for hearing impaired persons is an effective and needed service which should be continued. The legislature further finds that the same devices and relay capability can serve and should be extended to serve speech impaired persons." [1990 c 89 § 1.]

Legislative findings—1987 c 304: "The legislature finds that it is more difficult for hearing impaired people to have access to the telecommunications system than hearing persons. It is imperative that hearing impaired people be able to reach government offices and health, human, and emergency services with the same ease as other taxpayers. Regulations to provide telecommunications devices for the deaf with a relay system will help ensure that the hearing impaired community has equal access to the public accommodations and telecommunications system in the state of Washington in accordance with chapter 49.60 RCW." [1987 c 304 § 1.]

Relation to other telecommunications device systems—1987 c 304: "Nothing in RCW 43.20A.725 and 43.20A.730 is inconsistent with any

telecommunications device systems created by county legislative authorities under RCW 70.54.180. To the extent possible, the office, utilities and transportation commission, the TDD advisory committee, and any other persons or organizations implementing the provisions of RCW 43.20A.725 and 43.20A.730 will use the telecommunications devices already in place and work with county governments in ensuring that no duplication of services occurs." [1987 c 304 § 5.]

Short title—1987 c 304: "This act shall be known as the "Clyde Randolph Ketchum Act"." [1987 c 304 § 6.]

RCW 43.20A.725 Telecommunications devices for the hearing and speech impaired—Program for provision of services and equipment—Rules. Subject to the enactment into law of the 2013 amendments to RCW 82.14B.040 in section 103, chapter 8, Laws of 2013 2nd sp. sess., the 2013 amendments to RCW 82.14B.042 in section 104, chapter 8, Laws of 2013 2nd sp. sess., the 2013 amendments to RCW 82.14B.030 in section 105, chapter 8, Laws of 2013 2nd sp. sess., the 2013 amendments to RCW 82.14B.200 in section 106, chapter 8, Laws of 2013 2nd sp. sess., and the 2013 amendments to RCW 82.08.0289 in section 107, chapter 8, Laws of 2013 2nd sp. sess.:

(1) The department, through the sole authority of the office or its successor organization, must maintain a program whereby an individual of school age or older who possesses a hearing or speech impairment is provided with telecommunications equipment, software, and/or peripheral devices, digital or otherwise, that is determined by the office to be necessary for such a person to access and use telecommunications transmission services effectively.

(2) The department, through the sole authority of the office or its successor organization, must maintain a program where telecommunications relay services of a human or electronic nature will be provided to connect hearing impaired, deaf-blind, or speech impaired persons with persons who do not have a hearing or speech impairment. Such telecommunications relay services must provide the ability for an individual who has a hearing or speech impairment to engage in voice, tactile, or visual communication by wire or radio with a hearing individual in a manner that is functionally equivalent to the ability of an individual who does not have a hearing or speech impairment to communicate using voice or visual communication services by wire or radio subject to subsection (4) (b) of this section.

(3) The telecommunications relay service and equipment distribution program may operate in such a manner as to provide communications transmission opportunities that are capable of incorporating new technologies that have demonstrated benefits consistent with the intent of this chapter and are in the best interests of the citizens of this state.

(4) The office must administer and control the award of money to all parties incurring costs in implementing and maintaining telecommunications services, programs, equipment, and technical support services according to this section. The relay service contract must be awarded to an individual company registered as a telecommunications company by the utilities and transportation commission, to a group of registered telecommunications companies, or to any other company or organization determined by the office as qualified to provide relay services, contingent upon that company or

organization being approved as a registered telecommunications company prior to final contract approval. The relay system providers and telecommunications equipment vendors must be selected on the basis of cost-effectiveness and utility to the greatest extent possible under the program and technical specifications established by the office.

(a) To the extent funds are available for the purposes authorized by this chapter, the office may award contracts for communications and related services and equipment for hearing impaired or speech impaired individuals accessing or receiving services provided by, or contracted for, the department to meet access obligations under Title 2 of the federal Americans with disabilities act or related federal regulations.

(b) The office must perform its duties under this section with the goal of achieving functional equivalency of access to and use of telecommunications services similar to the enjoyment of access to and use of such services experienced by an individual who does not have a hearing or speech impairment only to the extent that funds are available for the purposes authorized by this chapter.

(5) The program must be funded by the legislature by means of a biennial general fund appropriation to the department for the purposes of the program.

(6) The telecommunications relay service program and equipment vendors must provide services and equipment consistent with the requirements of federal law for the operation of both interstate and intrastate telecommunications services for the hearing impaired or speech impaired. The department and the utilities and transportation commission are responsible for ensuring compliance with federal requirements and must provide timely notice to the legislature of any legislation that may be required to accomplish compliance.

(7) The department must adopt rules establishing eligibility criteria, ownership obligations, financial contributions, and a program for distribution to individuals requesting and receiving such telecommunications devices distributed by the office, and other rules necessary to administer programs and services consistent with this chapter. (2) The department of social and health services is responsible for the administration and collection of telephone program excise taxes as provided in this act only with regard to telephone program

excise taxes that are imposed on switched access lines for the current year and the four preceding years which occurred prior to July 1, 2004." [2004 c 254 § 13.]

RCW 43.20A.735 Domestic violence perpetrator programs. Any program that provides domestic violence treatment to perpetrators of domestic violence must be certified by the department of social and health services and meet minimum standards for domestic violence treatment purposes. The department of social and health services shall adopt rules for standards of approval of domestic violence perpetrator programs. The treatment must meet the following minimum qualifications:

(1) All treatment must be based upon a full, complete clinical intake including but not limited to: Current and past violence history; a lethality risk assessment; history of treatment from past domestic violence perpetrator treatment programs; a complete diagnostic evaluation; a substance abuse assessment; criminal history; assessment of cultural issues, learning disabilities, literacy, and special language needs; and a treatment plan that adequately and appropriately addresses the treatment needs of the individual.

(2) To facilitate communication necessary for periodic safety checks and case monitoring, the program must require the perpetrator to sign the following releases:

(a) A release for the program to inform the victim and victim's community and legal advocates that the perpetrator is in treatment with the program, and to provide information, for safety purposes, to the victim and victim's community and legal advocates;

(b) A release to prior and current treatment agencies to provide information on the perpetrator to the program; and

(c) A release for the program to provide information on the perpetrator to relevant legal entities including: Lawyers, courts, parole, probation, child protective services, and child welfare services.

(3) Treatment must be for a minimum treatment period defined by the secretary of the department of social and health services by rule. The weekly treatment sessions must be in a group unless there is a

documented, clinical reason for another modality. Any other therapies, such as individual, marital, or family therapy, substance abuse evaluations or therapy, medication reviews, or psychiatric interviews, may be concomitant with the weekly group treatment sessions described in this section but not a substitute for it.

(4) The treatment must focus primarily on ending the violence, holding the perpetrator accountable for his or her violence, and changing his or her behavior. The treatment must be based on nonvictim-blaming strategies and philosophies and shall include education about the individual, family, and cultural dynamics of domestic violence. If the perpetrator or the victim has a minor child, treatment must specifically include education regarding the effects of domestic violence on children, such as the emotional impacts of domestic violence on children and the long-term consequences that exposure to incidents of domestic violence may have on children.

(5) Satisfactory completion of treatment must be contingent upon the perpetrator meeting specific criteria, defined by rule by the secretary of the department of social and health services, and not just upon the end of a certain period of time or a certain number of sessions.

(6) The program must have policies and procedures for dealing with reoffenses and noncompliance.

(7) All evaluation and treatment services must be provided by, or under the supervision of, qualified personnel.

(8) The secretary of the department of social and health services may adopt rules and establish fees as necessary to implement this section.

(9) The department of social and health services may conduct on-site monitoring visits as part of its plan for certifying domestic violence perpetrator programs and monitoring implementation of the rules adopted by the secretary of the department of social and health services to determine compliance with the minimum qualifications for domestic violence perpetrator programs. The applicant or certified domestic violence perpetrator program shall cooperate fully with the department of social and health services in the monitoring visit and provide all program and management records requested by the department of social and health services to determine the program's compliance with the minimum certification qualifications and rules adopted by the department of social and health services. RCW 43.20A.760 Community and technical college students' eligibility for the Washington basic food program. (1)(a) For the

purposes of community and technical college students' eligibility for the Washington basic food program, the department shall, in consultation with the state board for community and technical colleges, identify educational programs at the community and technical colleges that would meet the requirements of state-approved employment and training programs.

(b) In identifying educational programs, the department must consider science, technology, engineering, and mathematics programs and must be as inclusive as possible of other programs.

(c) The department shall maintain and regularly update a list of identified programs in accordance with 7 C.F.R. Sec. 273.5(b)(11), which provides that a student is eligible for an exemption from eligibility rules if the student's attendance can be described as part of a program to increase the student's employability.

(d) For the purposes of this section, and to the extent allowed by federal law, a student shall be anticipating participation through a work-study program if he or she can reasonably expect or foresee being assigned work-study employment. For the purposes of this subsection: "Anticipation [Anticipating] participation" means a student has received approval of work-study as part of a financial aid package and has yet to receive notice from the institution of higher education that he or she has been denied participation in work-study; and "work-study" means the program created in chapter 28B.12 RCW.

(e) The department shall coordinate with the state board of [for] community and technical colleges and the Washington state student achievement council to identify options that could confer categorical eligibility for students who receive state need grants that are funded through temporary assistance for needy families federal or state maintenance of effort dollars. By January 1, 2020, the department must provide a report to the appropriate committees of the legislature that identifies federal assistance options for state need grant recipients.

(2) If the United States department of agriculture requires federal approval of what constitutes state-approved employment and training programs for the purposes of basic food eligibility, the department shall seek federal approval. [2019 c 407 § 4.]

RCW 43.20A.765 Mental health first aid training for teachers and educational staff. Subject to appropriation for this specific purpose, the department shall provide funds for mental health first aid training targeted at teachers and educational staff. The training will follow the model developed by the department of psychology in Melbourne, Australia. Instruction provided will describe common mental disorders that arise in youth, their possible causes and risk factors, the availability of evidence-based medical, psychological, and alternative treatments, processes for making referrals for behavioral health services, and methods to effectively render assistance in both initial intervention and crisis situations. The department shall collaborate with the office of the superintendent of public instruction to identify sites and methods of instruction that leverage local resources to the extent possible for the purpose of making the mental health first aid training broadly available. [2013 c 197 § 9.]

Finding—Intent—2013 c 197: "(1) The legislature finds that a lack of information about mental health problems among the general public leads to stigmatizing attitudes and prevents people from seeking help early and seeking the best sort of help. It also prevents people from providing support to family members, friends, and colleagues because they might not know what to do. This lack of knowledge about mental health problems limits the initial accessibility of evidence-based treatments and leads to a lack of support for people with a mental disorder from family, friends, and other members of the community.

(2) The focus on training for teachers and educational staff is intended to provide opportunities for early intervention when the first signs of developing mental illness may be recognized in children, teens, and young adults, so that appropriate referrals may be made to evidence-based behavioral health services." RCW 43.20A.790 Homeless families with children—Shelter and housing services. (1) The department shall collaborate with the department of commerce in the development of the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650, which designates the department of commerce as the state agency with primary responsibility for providing shelter and housing services to homeless families with children. In fulfilling its responsibilities to collaborate with the department of commerce pursuant to RCW 43.63A.650, the department shall develop, administer, supervise, and monitor its portion of the plan. The department's portion of the plan shall contain at least the following elements:

- (a) Coordination or linkage of services with shelter and housing;
- (b) Accommodation and addressing the needs of homeless families in the design and administration of department programs;
- (c) Participation of the department's local offices in the identification, assistance, and referral of homeless families; and
- (d) Ongoing monitoring of the efficiency and effectiveness of the plan's design and implementation.

(2) The department shall include community organizations involved in the delivery of services to homeless families with children, and experts in the development and ongoing evaluation of the plan.

(3) The duties under this section shall be implemented within amounts appropriated for that specific purpose by the legislature in the operating and capital budgets. [2023 c 470 § 2034; 1999 c 267 § 2.]

Explanatory statement—2023 c 470: See note following RCW 10.99.030.

Findings—Intent—1999 c 267: "The legislature finds that homelessness for families with children is a serious, widespread problem that has a devastating effect on children, including significant adverse effects upon their growth and development. Planning for and serving the shelter and housing needs of homeless families with children has been and continues to be a responsibility of the *department of community, trade, and economic development. The legislature further finds that the department of social and health services also plays an important role in addressing the service needs of homeless families with children. In order to adequately and effectively address the complex issues confronting homeless families with children, planning for, implementing, and evaluating such services must be a collaborative effort between the *department of community, trade, and economic development and the department of social and health services, other local, state, and federal agencies, and community organizations. It is the intent of the legislature that the *department of community, trade, and economic development and the department of social and health services jointly present the plan to the appropriate committees of the legislature as required in section 3 of this act. It is the intent of the legislature that children should not be placed or retained in the foster care system if family homelessness is the primary reason for placement or the continuation of their placement. It is the further intent of the legislature that services to homeless families with children shall be provided within funds appropriated for that specific purpose by the legislature in the operating and capital budgets. Nothing in this act is intended to prevent the court's review of the plan developed by the department of social and health services and the *department of community, trade, and economic development under *Washington State Coalition for the Homeless v. Department of Social and Health Services*, King County Superior Court No. 91-2-15889-4. However, it is the intent of the legislature that the court's review in that proceeding be confined solely to review of the plan submitted under the order of February 4, 1998. Nothing in sections 1 through 10 of this act is intended to grant the court in this proceeding continuing review over the department of social and health services after July 25, 1999." [1999 c 267 § 1.]

***Reviser's note:** The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Severability—1999 c 267: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1999 c 267 § 25.]
