WAC 246-272A-0265  Record drawings. Upon completion of the new
construction, alteration or repair of the OSS, a complete and detailed
record drawing shall be submitted to both the health officer and the
OSS owner that includes at a minimum the following:

1. Measurements and directions accurate to +/- 1/2 foot, unless
otherwise determined by the local health officer, to assure the fol-
lowing parts of the OSS can be easily located:
   a. All sewage tank openings requiring access;
   b. The ends, and all changes in direction, of installed and
found buried pipes and electrical cables that are part of the OSS; and
   c. Any other OSS component which, in the judgment of the health
officer or the designer, must be accessed for observation, mainte-
nance, or operation;

2. Location and dimensions of reserve area;

3. Record that materials and equipment meet the specifications
contained in the design;

4. Initial settings of electrical or mechanical devices that
must be known to operate the system in the manner intended by the de-
signer or installer; and

5. For proprietary products, manufacturer's standard product
literature, including performance specifications and maintenance rec-
ommendations needed for operation, monitoring, maintenance or repair
of the OSS.
