For the purposes of this section, the size of the employer is based solely on the number of Washington-based employees it employs at the time of the effective date for each subsection. Each Washington-based employee counts as an employee for the purposes of determining the size of the employer regardless of whether that employee works full-time or part-time. An employer classified as employing fewer than fifty employees under RCW 50A.10.030 (8)(c) may rely on that classification for purposes of determining the size of the employer under this section for the following calendar year.
