WAC 308-61-026 Definitions—Registered tow truck operator. (1)

"Affidavit of sale" - that document prescribed by the department and given to the successful bidder by the operator. The affidavit must state that the sale was conducted properly pursuant to chapter 46.55 RCW and must be notarized. The affidavit may be submitted to the department with an application for certificate of title or may be used as a title document by a licensed auto wrecker, hulk hauler or scrap processor.

(2) "Secure area" - a place of safety for vehicle storage and in an area completely enclosed by a fence of sufficient height and con-

struction to prevent access by the general public, with a gate which can be locked. The fence must be at least six feet high with at least two strands of barbed wire along the top, for a total combined height of eight feet or more. Concertina wire may be substituted for the two strands of barbed wire. The fencing requirement may be waived by the department where, due to the topography or zoning, a fence would be impracticable and the storage area is secure without a fence. Storage within an enclosed building will be considered secure and does not require a waiver. When a licensee has operator registrations under more than one name and owns or leases a common secure area, the areas for each operator registration must be segregated by a six-foot fence which will not require barbed wire. When two or more operators with different ownership share a secured area, those respective areas must be segregated by an eight-foot fence as described above.

Wherever practicable secure storage areas will be located on improved property which is graded and illuminated at night for the safe keeping of stored vehicles.

(3) "Abandoned vehicle report" - is that document, prescribed by the department, by which the operator is to report to the department their possession of an abandoned vehicle.

(4) "Notice of custody and sale" - is that document, prescribed by the department, and sent by the operator to the registered owner, legal owner (lien holder), lessor and lessee giving notice of the amount of the operator's lien for services, place and time of public auction if the vehicle is not redeemed, and of the operator's right to seek a deficiency against the last registered owner.

(5) "Registered tow truck operator's business location" - is a location at which records and files necessary to conduct the business are kept, and where the operator can normally be contacted by the public.

(2) A current listing of the towing and storage rates of the operator on a form prescribed by the department.

(2) Additional secure areas for vehicle storage - additional storage locations may be operated under one registration. No additional bond or insurance will be required for such premises so long as each is covered by the bond and insurance.

(6) An insurer must notify the department at least 10 days prior to cancellation of a policy. Following receipt of such notification the department must notify the registered tow truck operator by ordinary mail of the effective date of the insurance cancellation and that cancellation of the required insurance cancels the operator's registration pursuant to RCW 46.55.030 (3)(b). This notice to the operator shall not affect the cancellation of the registration.

(7) For purposes of RCW 46.55.220, it shall not be necessary to hold a hearing to refuse a registration unless such a hearing is requested.

WAC 308-61-158 Storage of vehicles. How must the registered tow truck operator handle stored vehicles?

(1) Handling and returning vehicles in substantially the same condition means that vehicles are to be handled with care so that their value is not diminished. The operator must not remove parts or equipment which are affixed to the vehicle.

(2) A vehicle being held for storage by agreement or being held under police authority, other than a suspended license impound, or pursuant to a writ or court order shall not be considered abandoned, nor shall it be processed as such. Any storage fees accrued while under agreement or under police hold, other than a suspended license impound, or pursuant to a writ or court order, shall not be included in the abandoned vehicle lien. Upon the expiration of a storage agreement, the lifting of a police hold other than a suspended license impound, or when the writ or court order is no longer in effect, the operator must begin the unauthorized abandoned vehicle processing, including the notification to vehicle owners by first class mail within twenty-four hours.

(3) When vehicles are stored pursuant to a writ or court order, the operator must keep evidence of the inception and termination dates of the writ or court order in the vehicle transaction file.

(4) When a vehicle is being held pursuant to a suspended license impound, and the vehicle is not redeemed even after the payment of a security deposit, and upon expiration of the hold, the operator must send the notice provided in RCW 46.55.110(2) and schedule its auction accordingly.

The form shall also contain the RTTO company's name, street address, city, state and zip code where the personal belongings will be stored, the requestor's name and signature, and the date the request form was signed.

(1) Where a timely request has been made for a district or municipal court hearing and where the vehicle owner has failed to redeem the vehicle, the abandoned vehicle procedural requirements may be followed, but the sale of the vehicle at public auction must not take place until after the court has disposed of the request.

(2) The administrative hearings officer, provided in RCW 46.55.240 (1)(d), shall mean a hearings officer authorized by ordinance or resolution of a city, town or county for the purpose of conducting hearings on disputed vehicle impound cases.

WAC 308-61-175 Procedures for selling vehicles. How should a registered tow truck operator properly identify a vehicle in its custody and prepare for a vehicle auction?

(1) For purposes of advertising the sale of abandoned vehicles the vehicle identification number must be used if no license plates are on the vehicle.

(2) If a vehicle in the custody of an operator is not identifiable, including no license plates or registration, the operator must conduct an examination of the vehicle only to determine its make, model, year and vehicle identification number which must be included on the abandoned vehicle report to the department.

(3) If the department cannot provide owner information on a vehicle after the operator submits an abandoned vehicle report, the operator may then inspect the vehicle as permitted in RCW 46.55.100(5) to determine whether owner information is within the vehicle.

(4) Upon inspection of the vehicle as provided in subsection (3) of this section the operator may return the original abandoned vehicle report with additional information from the inspection of the vehicle to assist the department in providing owner information.

(5) The department may require an inspection by the appropriate law enforcement agency to verify the vehicle identification number of an unidentified vehicle. All such information must be reported to the department, which will communicate with such other states as may be necessary to determine whether the registered and legal owner information is available for the vehicle.

(6) After all reasonable efforts to obtain the owner information have proved unsuccessful, the vehicle may be disposed of in accordance with all procedures except that the notification to the registered and legal owners by certified or registered mail may be omitted. A record of all steps taken to locate the owner(s) of the vehicle must be kept by the operator for a period of three years.

(7) If the operator elects to bid at auction, that bid must be disclosed as such, and must not merely be an effort to set a minimum for other bids. If an operator is the successful bidder and the bid

exceeds the lien for towing and storage, the surplus funds must be remitted to the department just as in any other sale. The operator cannot elect to retain a vehicle at auction because the operator feels that the bidding is insufficient.

(8) The public viewing period required in RCW 46.55.130(1) must be held at all times during daylight hours.

(9) Auctions may be held on Saturdays or Sundays which are not legal holidays.

(10) Three days prior to any vehicle auction, tow companies must fax a listing of all vehicles, including year, make, model, and vehicle identification number, to their Washington state patrol business inspector. If there are any changes to the list, an updated/amended list must also be faxed to the Washington state patrol inspector.
